SUMMARY OF CHANGES

Changes were made to the publication to realign it with the most recent Child & Youth DAFI. **Attachment 2** was edited to be more closely aligned with DAFI 34-144.

1. Responsibilities.

1.1. Parents/Caretakers

1.1.1. Must care for their children and provide necessary supervision to ensure their safety. Parents and caretakers should rely on common sense and the information and guidance provided in this instruction to decide at what age their children are old enough to be left unsupervised. In determining the appropriate supervision guideline to follow, parents must consider another factor. In addition to the age of the child, remember each child is unique and their emotional and physical capabilities can vary. Your decision should be based on both factors. Refer to guidelines in **Attachment 2.**

1.1.2. Adult supervision is defined as someone who has or assumes responsibility for the child, e.g., parent, guardian, care provider, friend.

1.1.3. With children of multiple ages in the house, it is not the primary job of the eldest child, but of the parent, to ensure supervision of the younger child/children. Parents must follow the set guidelines—the age of the youngest child determines the appropriate guidelines to follow.

1.2. Youth Center. Will provide a certified Babysitting Course mandatory for sitters.

1.3. Sitters.

1.3.1. Before being allowed to baby-sit, the sitter must take Certified Babysitting Course provided by the Youth Center.

1.3.2. Baby-sitting training to include first aid and CPR offered through the Youth Programs or equivalent required.

1.3.3. Must follow the baby-sitting guidelines in **Attachment 2**.

2. Rules for Child/Children Left Unattended in Vehicle.

2.1. Children under the age of 7 years cannot be left unattended in a car without adult supervision. Under no circumstance will any child be left in a vehicle with its motor running or with its keys accessible. Refer to the guidelines in **Attachment 2**.

3. General Rules for Child/Children Left Unattended.

3.1. When children meet age requirements set in **Attachment 2**, they may be left unattended only if there are no emotional or medical conditions and only if the child is comfortable and fully aware of the situation. In all cases, the children must have emergency telephone numbers and a number to locate a parent or designated, responsible adult.:

3.2. Leaving a child unattended inappropriately may constitute the offense of child neglect. Violations may result in Security Forces reports being forwarded to both the unit commander and Family Advocacy Office for action and concurrent notice to Texas Department of Protective and Regularity Services.

3.3. Making Goodfellow AFB a safe place for children is the responsibility of every member of the Goodfellow community. Make sure your decisions about child supervision are safe and responsible.3.3.1. Administer overall 17 TRW Awards Program for 17 TRW/CC.
