This instruction implements the Department of the Air Force (DAF) Policy Directive (DAFPD) 90-60, *Sexual Assault Prevention and Response (SAPR) Program.* This instruction provides directive guidance and procedures for implementing the DAF's SAPR Program. This publication applies to DAF civilian employees (appropriated and non-appropriated); Service members subject to the Uniform Code of Military Justice (UCMJ) in Regular Air Force (RegAF), United States Space Force (USSF), the Air Force Reserve, and the Air National Guard (ANG) under Title 10 United States Code (USC), *Armed Forces*; United States Air Force Academy (USAFA) cadets; and eligible Reserve Officer Training Corps (ROTC) cadets. ANG members in a non-federalized capacity will follow policy set forth by the Chief of the National Guard Bureau (CNGB), consistent with the authorities outlined under Title 32 USC Section 110, *Regulations,* 10 USC § 10503, *Functions of National Guard Bureau: Charter*, and Department of Defense (DoD) Directive (DoDD) 5105.77, *National Guard Bureau (NGB)*. Failure to comply with paragraphs **5.4.1.6.4, 5.5, 5.5.4, 14.4.1, and 14.4.5** constitutes a violation of 10 USC § 892, *Failure to Obey Order or Regulation* (Article 92, UCMJ). Article 92(1) of the UCMJ does not apply to members of the ANG while in Title 32 or state active duty status (that is, activated for state duty under state command), but ANG members may be subject to an equivalent article under a state military justice code. This instruction implements Public Law (PL) 108-375 § 577, *Department of Defense Policy and Procedures on Prevention and Response to Sexual Assaults Involving Members of the Armed Forces,* and is subject to numerous statutory requirements, to include those in the reference list at **Attachment 1.** This instruction requires the collection and maintenance of information protected by the Privacy Act of 1974 authorized by DoD Instruction (DoDI) 5400.11, *DoD Privacy and Civil Liberties Programs*. The applicable System of Record Notices (SORN) are DHRA 06 *Defense Sexual Assault Incident Database (DSAID)* (December 12 2024; 89 FR 104112), DHRA 10

*Defense Sexual Assault Advocate Certification Program (D-SAACP)* (September 23, 2020; 85 FR 59766), DHRA 18 *DoD Sexual Assault Prevention and Response Office Victim Assistance Data Systems* (October 12, 2018; 83 FR 51675), and F036 AF DP G, *Equal Opportunity and Sexual Assault Prevention and Response (SAPR)* (January 22, 2009, 74 FR 4020). These SORNs are available at **http://dpcld.defense.gov/Privacy/SORNs.aspx**. Ensure all records generated as a result of processes prescribed in this publication adhere to Air Force Instruction (AFI) 33-322, *Records Management and Information Governance Program*, and are disposed in accordance with (IAW) the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the office of primary responsibility using the DAF Form 847, *Recommendation for Change of Product.* Route recommended changes on DAF Form 847 from the field through the appropriate functional chain of command to **AF.A1ZSAPR.Office@us.af.mil**. This publication may be supplemented at any level, but all supplements that directly implement this publication must be routed to the office of primary responsibility for coordination and approval, and all major command (MAJCOM) or field command (FLDCOM) level supplements must be further approved by the Human Resource Management Strategic Board prior to certification and approval. The authorities to waive wing, unit, delta, or garrison-level requirements in this publication are identified with a tier number ("T-0, T-1, T-2, T-3") following the compliance statement. All requirements that are not tiered may only be waived by the Integrated Resilience Directorate (AF/A1Z) or by a superior functional authority in coordination with AF/A1Z. Submit requests for waivers through the chain of command to the appropriate tier waiver approval authority or alternately to the publication office of primary responsibility for non-tired compliance items.

## *SUMMARY OF CHANGES*

This document has been substantially revised and needs to be completely reviewed. Major changes include implementing the new sexual assault response workforce (SARW) model (SARWM), changed roles for commanders, and outlining the role of Office of Special Trial Counsel (OSTC). The changes also expand SAPR eligibility to DoD civilians and victims of military sexual harassment, expand victim support options, implement standardized forms, and other updates throughout to meet policy, training, procedural, and database management requirements. This document also adds processes consistent with the Presidential Memorandum, Implementing the *Prison Rape Elimination Act*, dated 17 May 2012. Sexual assaults in DoD confinement facilities involving Service members will be governed by Title 28, Code of Federal Regulations (CFR), Part 115, *Prison Rape Elimination Act National Standards*. Finally, this publication has been reviewed in whole to remove any stigmatizing language related to mental health, substance misuse, and suicide, aligning policies, procedures, and naming conventions consistent with federal laws and DoD policies affecting the SAPR Program.

# Chapter 1

## OVERVIEW, PURPOSE, AND APPLICABILITY

**1.1. Publication Overview.** This publication establishes guidance and procedures for the DAF SAPR Program. The SAPR Program reinforces the DAF's commitment to prevention and response through comprehensive and trauma-informed programming. The development, implementation, and assessment of policies, procedures and initiatives aimed at harmful and problematic behaviors, specifically sexual harassment and sexual assault, work to positively impact individual and force readiness, retention, and combat effectiveness. SAPR response policies and procedures include reporting options and advocacy services for eligible personnel and are designed to empower Airmen and Guardians to engage in help-seeking behaviors. The DAF is committed to targeted and integrated prevention initiatives with continued focus on building individual and community cohesion to promote unmatched warfighter support, advocacy, and recovery assistance. Collective efforts serve as catalysts for attitude and behavior changes, promoting an environment of dignity, mutual respect, trust, and well-being. When sexual harassment or sexual assault does occur, the DAF's goal is to provide exemplary support options through victim reporting, response, advocacy, investigations, and offender accountability processes.

**1.2. Program Purpose.** The DAF SAPR Program is a helping agency committed to providing worldwide access to highly skilled personnel trained and certified to provide trauma-informed, victim-centered, and recovery-oriented support to all eligible victims who experience sexual assault or military sexual harassment. This includes various pathways provided for safety, key resources, and comprehensive approaches to fortify readiness and mission capabilities. The SAPR Program's primary responsibility is to recognize and protect the interests, rights, privacy, and confidentiality of victims.

1.2.1. DoD's "No Wrong Door" policy. The DAF's implementation of DoD's "No Wrong Door" policy is known as Connect to Care (CTC). The SAPR Program is a primary and dedicated response CTC stakeholder, ensuring Airmen and Guardians (military and civilian), specifically those most impacted (e.g., victims), are connected to appropriate care through a warm hand-off process, when appropriate. Utilizing this approach ensures that those individuals seeking help are directly connected to resource and referral agencies in-person, virtually, or telephonically depending on their preference and consent.

1.2.2. To ensure victims' privileged communication, confidentiality, and privacy are not at risk or exposed, protections must be in place within spaces where SAPR is co-located with entities that have differing professional privileges, including other response agencies and the Integrated Primary Prevention (IPP) Workforce (IPPW).

1.2.2.1. Facilities with co-located programs will safeguard such privileges and confidential communications (e.g., SAPR, Family Advocacy Program (FAP), Victims' Counsel (VC), and Religious Support Team) and must include separate and distinct prevention and response offices with appropriate signage (i.e., separate entrance, hallway, floor, or adjacent building).

1.2.2.2. The most important goal of CTC and co-located response programs is to embody a victim-centered approach that is trauma-informed and promotes trust in seeking supportive resources.

1.2.2.3. The IPPW does not offer response or direct victim services and does not provide privileged communication or confidentiality. Therefore, IPPW (or other personnel outside of response agencies and positions) may be compelled by investigative or legal processes to disclose details of interactions or conversations participated in, witnessed, or overheard in co-located facilities.

1.2.3. IPPW personnel (including positions related to or titled Integrated Resilience) will not supervise or assign prevention duties to SAPR personnel at operational or tactical levels. **(T-0)**

**1.3. Program Applicability.** This publication implements the DAF SAPR Program, and SAPR policy compliance is a function of leadership and command. Leaders and commanders, including civilian equivalents in organizations with no military commander, herein referred to as civilian equivalent, will ensure SAPR programs are resourced and capable of implementing statutory requirements and DoD policies without barriers. The DAF will support a culture free of sexual harassment and sexual assault through effective prevention and response efforts that enhance the safety and well-being of all Airmen and Guardians.

1.3.1. This instruction applies to eligible individuals who are victims of sexual assault perpetrated by someone other than a spouse or intimate partner and eligible DAF Service members who experience military sexual harassment. See **Chapter 5** for eligibility **and paragraph 5.3.3.1** for expanded definition of intimate partner.

1.3.2. For this instruction, the term *victim* is used to align with existing DoD and DAF legal and policy standards. The DAF SAPR Program acknowledges that individuals may self-determine what term best fits their experience (e.g., victim, survivor, thriver).

**1.4. The Department of the Air Force Sexual Assault Prevention and Response (SAPR) Policy.** The DAF's mission success depends on Airmen and Guardians having trust in themselves and their leadership to live their values and foster environments free of sexual harassment and sexual assault. With oversight from Deputy Assistant Secretary of the Air Force for Manpower and Reserve Affairs, Office of Health Affairs and Force Resilience (SAF/MRR) in coordination with AF/A1Z, the DAF SAPR Program will:

1.4.1. Implement SAPR policy and procedures to execute a robust response capability and proactive prevention activities. The DAF SAPR mission is to safeguard a lethal fighting force by reducing sexual assault and harassment and empowering survivors through unwavering support. The SAPR Program, in coordination and collaboration with DAF leaders and key stakeholders, will endeavor to enhance mission readiness and reduce, with a goal to eliminate, harmful and problematic behaviors that increase the likelihood of sexual harassment and sexual assault in the DAF.

1.4.2. Ensure that SAPR programs are installation-based and SAPR personnel are in alignment with DoD's SARWM. SAPR positions other than those identified in the SARWM are not authorized in DAF SAPR programs. **(T-0)** While joint base locations (officially designated as such) may retain independent Service SAPR staff, joint environments (not a joint base) are fully supported by the lead Service SAPR Program. The lead Service SAPR Program will provide an initial SAPR response to all sexual assault victims, regardless of Service affiliation. They will coordinate with the appropriate Service SAPR office for Service-specific needs and will provide a warm hand-off to the appropriate personnel as needed. **(T-0)**

1.4.2.1. Ensure all DAF full-time SAPR personnel receive DoD-approved and DAF-specific SAPR training at Air University (AU) by specially designated and trained instructors and be D-SAACP-certified before they will access any case information, provide any direct victim care, attend Case Management Group (CMG) meetings, or engage in any system process or coordination related to victim assistance.

1.4.2.2. Verify that all sexual assault response coordinators (SARC) and SAPR victim advocates (SAPR VA) meet initial and ongoing screening criteria to maintain requirements for SAPR Program appointment and duties IAW DoDI 6495.02 Volume 1, *Adult Sexual Assault Prevention and Response: Program Procedures*, DoDI 6495.03, *Defense Sexual Assault Advocate Certification Program (D-SAACP)*, and **Chapter 4** of this instruction. **(T-0)**

1.4.2.3. Ensure access to trained and certified full-time SAPR personnel providing an immediate sexual assault response capability at all locations, to include at Air Expeditionary Wings (AEW) and other deployed locations, 24 hours a day, 7 days per week. **(T-0)**

1.4.2.4. Ensure victims are treated with dignity and respect and SAPR response services, including response to military sexual harassment, are trauma-informed, victim-focused, and recovery-oriented with timely access to appropriate medical treatment (if eligible), services, and resources.

1.4.2.5. Offer coordinated efforts and resources to direct optimal and safe administration of restricted and unrestricted sexual assault reporting options for eligible DAF personnel and dependents (18 years of age or older), and military sexual harassment advocacy restricted (confidential) and unrestricted reporting options for DAF Service members.

1.4.3. Protect eligible DAF personnel who file a report of military sexual harassment or sexual assault from the act or the threat of retaliation, reprisal, coercion, ostracism, or maltreatment, due to filing such a report.

1.4.4. Ensure all sexual assault victims shall be given priority and treated as emergency cases for medical treatment, even if they are delayed reports because internal injuries or mental health concerns may be exacerbated over time. Individuals not eligible to file an official report may receive limited emergency services or resource and referral information.

1.4.4.1. Commanders and emergency care providers will ensure eligible victims receive emergency healthcare (to include mental health and medical) and the option to receive a Sexual Assault Forensic Exam (SAFE). A signed DD Form 2910, *Victim Reporting Preference Statement*, is not necessary to obtain healthcare (to include mental health and medical); however, it is necessary to receive a SAFE from a military treatment facility (MTF). **(T-0)**

1.4.4.2. A SAFE conducted without filing an official report may be available at civilian medical facilities. Victims will be informed by a SAPR professional that, even if a SAFE is declined, they are encouraged (but not mandated) to receive healthcare (to include mental health and medical) and victim advocacy.

1.4.5. Ensure installation SAPR personnel notify the installation or host Wing or Delta commander and the MAJCOM/FLDCOM SAPR program administrator (SAPR PA) or SAPR program specialist (SAPR PS) within 24 hours of all reported incidents of sexual assault IAW DoDI 6495.02V1, DoDI 6495.02V3, *Sexual Assault Prevention and Response: Retaliation Response for Adult Sexual Assault Cases*, and **Chapter 7** of this instruction. **(T-0)**

1.4.6. Ensure installation SAPR personnel make required notifications to the installation Equal Opportunity (EO) office and installation or host Wing or Delta commander within 24 hours of military sexual harassment advocacy reports IAW **Chapter 14** of this instruction. **(T-1)**

1.4.7. Ensure that all military sexual harassment advocacy reports are entered into the Military Sexual Harassment Advocacy Database (MSHAD) as outlined in **Chapter 14** of this instruction. **(T-1)**

1.4.8. Ensure that all sexual assault reports and SAPR related inquiries (SRI) that are subject to DSAID management requirements are entered into DSAID and eligible adult sexual assault victims can submit an anonymous entry into the Catch a Serial Offender (CATCH) Program database IAW DoDI 6495.02V1 and DoDI 6495.02V3 and **Chapter 6** of this instruction. **(T-0)**

1.4.9. Direct a safety assessment capability to prioritize the well-being of victims and potentially others. Ensure that SARCs and SAPR VAs conduct both initial and ongoing risk screenings, along with comprehensive safety and needs assessments. These efforts should include safety planning for all eligible personnel, regardless if the victim is physically located on the installation or whether they file a restricted or unrestricted report. **(T-0)**

1.4.10. Require SARCs and SAPR VAs to inform victims who reported sexual assault or sought healthcare (medical or mental health) of the opportunity to communicate with a General Officer (GO) or Flag Officer (FO) to discuss related career impacts the victim believes are connected with the sexual assault. **(T-0)**

1.4.11. Implement policies which require commanders, SAPR personnel, and all other associated personnel with information related to individuals who report military sexual harassment, sexual assault, or feedback about the SAPR program to safeguard those individuals' privacy and confidentiality, within the bounds of law, AFI 33-332, *Air Force Privacy and Civil Liberties Program,* and DoDI 5400.11. **(T-0)**

1.4.12. Implement policies that require commanders at all levels to publicize, by all available means (i.e. SAPR reporting posters, commander calls, SAPR training, etc.), how to report allegations of retaliation associated with making a report of sexual assault and sexual harassment, including the availability of support resources outside of an individual's immediate chain of command (e.g., DoD or DAF IG, principal SARC, SARCs, SAPR VAs, DoD Helpline). **(T-0)**

1.4.13. Implement policies which require all commanders and DAF personnel with information about a serious threat to a person (to include a threat to life) to immediately report that information to the Office of Special Investigations (OSI), Security Forces, and/or local law enforcement. **(T-0)**

1.4.14. Implement policies which require commanders and leaders to prohibit the enlistment and/or commissioning of personnel into the DAF who have a qualifying conviction for a sexual assault crime. No waivers are authorized. For additional information, see DAF Manual (DAFMAN) 36-2032, *Military Recruiting and Accessions*.

1.4.15. Retain SAPR records IAW DoDI 6495.02V1, DoDI 6495.02V2*, Sexual Assault Prevention and Response: Education and Training*, DoDI 6495.02V3, AFI 33-322 and all applicable laws. **(T-0)**

## Chapter 2

## ROLES AND RESPONSIBILITIES

**2.1. Total Force Roles and Responsibilities.** Airmen and guardians will strive to eliminate sexual violence by fostering a culture of dignity, mutual respect, trust, and accountability to create environments free of harmful and problematic behaviors that can lead to sexual harassment and sexual assault.

**2.2. Assistant Secretary of the Air Force for Manpower and Reserve Affairs (SAF/MR).** As designated by the Secretary of the Air Force (SecAF), SAF/MR is responsible for oversight and compliance of the DAF SAPR Program for both military and civilian personnel and their adult dependents. Directs response capability and SAPR advocacy services to eligible military personnel who experience incidents of sexual harassment. SAF/MR advocates for DoD policy and legislative changes through the Office of Secretary of Defense (OSD), to promote and sustain the health and wellbeing of Airmen and Guardians. SAF/MR serves as the mandatory coordinator for all formal responses, reports, and requests for information intended for the SecAF, Sister Services, OSD, Congress, or external organizations.

2.2.1. Deputy Assistant Secretary of the Air Force for Manpower and Reserve Affairs, Office of Health Affairs and Force Resilience (SAF/MRR). Provides departmental-level strategic oversight, guidance, and direction for all matters related to the formulation, review, and execution of SAPR policies, programs, and resources impacting the DAF as described in Headquarters Air Force (HAF) Mission Directive (HAFMD) 1-24, *Assistant Secretary of the Air Force (Manpower and Reserve Affairs)*.

2.2.2. Director, Department of the Air Force Equal Opportunity Program (SAF/MRQ). Under the authority and direction of SAF/MR, oversees and implements all aspects of the DAF EO Program, to include strategic level and policy oversight for Equal Employment Opportunity complaint program and Military Equal Opportunity (MEO) program and activities that ensure Airmen and Guardians (military and civilian) have access to timely, fair, and impartial EO services and are equipped with knowledge about and have access to available EO resources. SAF/MRQ is the office of primary responsibility for implementing the DAF's civilian Affirmative Employment Program and Disability Program that promote equal opportunity and identify and eliminate discriminatory practices and policies consistent with federal laws, regulations, and executive orders.

**2.3. The Chief of Staff of the Air Force (CSAF), United States Air Force, and the Chief of Space Operations (CSO), United States Space Force.** Serve as the senior uniformed officers and are responsible for overseeing and providing recommendations to the Secretary of the Air Force (SecAF) on the issue of sexual assault policy matters regarding prevention, response, oversight, standards, training, and program requirements.

**2.4. The Office of the Inspector General (SAF/IG).** Responsible for providing oversight and guidance to OSI IAW DoDI 5505.18, *Investigation of Adult Sexual Assault in the Department of Defense*, DoDI 5505.19, *Military Criminal Investigative Organizations' Special Victim Investigation and Prosecution Capability*, HAFMD 1-20, *Office of the Inspector General,* and Air Force Policy Directive (AFPD) 71-1, *Criminal Investigations and Counterintelligence*. OSI will ensure that a criminal investigation is initiated in response to all allegations of adult sexual assault of which they become aware that occur within their jurisdiction. The allegation(s) must be based on credible information, as defined in DoDI 5505.07, *Titling and Indexing by DoD Law Enforcement Activities*, that a crime has occurred, and has a DoD nexus, as defined in DoDI 5505.03, *Initiation of Investigations by Defense Criminal Investigative Organizations*. OSI will provide AF/A1Z SAPR annual report data to support compilation of annual reports, including DoD Annual Report on Sexual Assault in the Military and DoD Annual Report on Sexual Harassment and Violence at the Military Service Academies.

2.4.1. The OSI Commander is responsible for ensuring all OSI personnel are trained to respond to sexual assault allegations in their first responder capacity and comply with annual and first responder training IAW DoDI 6495.02V1, DoDI 6495.02V2, and DoDI 6495.02V3.

2.4.2. SAF/IG will ensure inspection of the SAPR Program is conducted IAW DAF Instruction (DAFI) 90-302, *The Inspection System of the Department of the Air Force.* Data collected from inspections may be used in official reports as required by Congress, DoD, and DAF, as well as to inform SAPR policy and compliance.

**2.5. General Counsel (SAF/GC).** Responsible for developing and interpreting legal policy and guidance for all aspects of sexual assault policy, as well as other matters related to sexual assault in partnership with Judge Advocate General (AF/JA). Nothing in this paragraph is inconsistent with the authority in HAFMD 1-14, *General Counsel and The Judge Advocate General* (TJAG).

**2.6. Judge Advocate General (AF/JA).** Responsible for developing and interpreting legal policy guidance for all aspects of sexual assault policy, as well as other matters related to sexual assault. AF/JA is also responsible for military justice activities related to this instruction and assists in developing, coordinating, and executing essential procedural guidance for the management of sexual assault cases, prevention, and response. TJAG is responsible for ensuring training for all judge advocates in sexual assault policy and related matters IAW DoDI 6495.02V1 and DoDI 6495.02V2. TJAG is the responsible official for administration of the Victim and Witness Assistance Program (VWAP) and the VC.

**2.7. Office of Special Trial Counsel (OSTC).** An independent legal organization responsible for the investigation and court-martial prosecution of covered offenses under the UCMJ. They provide expert, specialized, independent, and ethical representation of the United States, under the direct civilian control of the SecAF (with no intervening authority), in the investigation and trial-level litigation of covered offenses, as defined by 10 USC § 817, *Jurisdiction of Courts-Martial in General* (Article 17, UCMJ), and other offenses over which the office exercises authority pursuant to 10 USC § 824a, *Special Trial Counsel*, (Article 24a, UCMJ).

**2.8. Surgeon General (AF/SG).** Responsible for required deployment training of Air Force healthcare personnel and providers in support of sexual assault reports. The AF/SG serves as the chief medical advisor of the Air Force and the Space Force and collaborates with the Director, Defense Health Agency, in the implementation of standardized healthcare policies and training

related to sexual assault to ensure effective application on matters pertaining to military health readiness requirements and safety of Airmen and Guardians.

**2.9. Chief of Chaplains (AF/HC).** Responsible for establishing Chaplain Corps policy and procedural guidance for pastoral care in matters related to sexual assault. AF/HC ensures that Chaplains and Religious Affairs Airmen complete all required SAPR training. Chaplains are required members of CMG and Quarterly CMG (QCMG) meetings, and they are optional participants in high-risk response team (HRRT) meetings.

**2.10. The Chief of Air Force Reserve (AF/RE).** Implements SAPR programs for Air Force (AF) Reserve personnel that comply with this instruction and ensures the training of Reserve personnel in SAPR policy and related matters.

**2.11. The Chief of the National Guard Bureau (NGB/CNGB).** Serves as the principal advisor on matters involving non-federalized National Guard Service members and provides liaison, coordination, assistance, and support to the National Guard Joint Force Headquarters-State, IAW DoDD 5105.83, *National Guard Joint Force Headquarters – State (NG JFHQs-State)*, and DoDD 5105.77. The CNGB ensures the development and issuance of guidance, policy, procedures, and approved training on National Guard matters, and the management of the National Guard SAPR Program and sexual harassment complaint process IAW applicable DoD and Service-specific issuances. The Director, ANG supports the CNGB in implementing the National Guard SAPR Program and Sexual Harassment Complaint process for non-Federalized ANG personnel**.**

**2.12. The Deputy Chief of Staff of the Air Force, Logistics, Installations and Mission Support (AF/A4).** AF/A4, through the Directorate of Security Forces (AF/A4S) is responsible for ensuring independent investigators are sufficiently trained to investigate allegations of sexual harassment and other offenses under their purview, referring those outside their purview to OSI, and ensuring all law enforcement personnel are trained to respond to sexual assault allegations in their first responder capacity IAW DoDI 6495.02V1 and DoDI 6495.02V2. IAW DAFI 71-101V1, *Criminal Investigations Program*, Security Forces investigators will not investigate allegations of rape, sexual assault, aggravated sexual contact, and abusive sexual contact and must refer these incidents to OSI.

**2.13. The Deputy Chief of Staff, Manpower, Personnel, and Services (AF/A1), in Collaboration with the Deputy Chief of Space Operations for Personnel (SF/S1).** Oversees Service-level implementation and execution of SAPR policies, guidance, and programs within the DAF including military sexual harassment restricted (confidential) and unrestricted reporting and advocacy to Airmen and Guardians. AF/A1 develops strategic plans, monitors program effectiveness through key performance indicators, and prepares formal responses and reports. Any responses or reports are coordinated with SAF/MR and, when necessary, require concurrence, before submission to the SecAF, OSD, Congress, or external organizations.

**2.14. The Integrated Resilience Directorate (AF/A1Z).** Under the authority and direction of AF/A1, AF/A1Z oversees and implements DAF's SAPR Program, IPP Program, Resilience Program, and Community Action Team (CAT)/Community Action Board (CAB) as described throughout this instruction and DAFI 90-5001, *Integrated Resilience*. AF/A1Z oversees the SAPR program and policy, establishes program and training requirements, and oversees program resources to ensure SAPR program effectiveness. AF/A1Z ensures the SARW is qualified and certified in accordance with SAPRO and statutory requirements, evaluates SAPR program compliance and efficacy, and manages restricted reporting of military sexual harassment to ensure accessibility and confidentiality.

**2.15. Air Force Personnel Center (AFPC), Commander.** AFPC is a field operating agency reporting to AF/A1. AFPC is responsible for executing operational policy which specify the scope of military and civilian personnel functions IAW AFMD 37, *Air Force Personnel Center (AFPC)*.

2.15.1. AFPC Directorate of Military & Family Care (AFPC/DPF). Under the authority and direction of the AFPC commander, provides integrated care and support to active duty, Reserve, Guard, civilians, retirees, and their respective families.

2.15.2. AFPC Integrated Resilience Division (AFPC/DPFZ). Under the authority and direction of the AFPC/DPF, is responsible for coordinating specialized activities supporting integrated resilience and SAPR that fall outside the scope of MAJCOMs, FLDCOMs, and direct reporting units (DRU) or are delegated from the strategic level.

**2.16. Headquarters (HQ) Air Education and Training Command (AETC).** Executes doctrine development, lessons learned, officer accessions, and the military and civilian professional education and training initiative, programs, and/or services as described in AETC Mission Directive 103, *Air University (AU).* HQ AETC is responsible for developing appropriate sexual assault and military sexual harassment educational materials for all levels of accession (with exception of USAFA), technical training, and Professional Military Education (PME) sources in coordination with AFPC/DPFZ. HQ AETC or AFPC/DPFZ will coordinate all new and updated training materials to AF/A1Z for director approval prior to distribution.

**2.17. Commanders of the Combatant Commands (COCOM).** In collaboration with the joint staff and when exercising control over expeditionary forces, will establish appropriate plans and ensure deploying forces maintain an appropriate capability to support the theater commander and provide SAPR services throughout identified area of responsibility (AOR). See **Chapter 12** of this instruction for additional information. DoD Sexual Assault Prevention and Response Office (DoD SAPRO) provides aggregate reports of sexual assault to the COCOMs for their respective AOR on a quarterly basis, or as requested.

**2.18. Major Command (MAJCOM), Field Command (FLDCOM), Direct Reporting Unit (DRU), Field Operating Agency (FOA), and Other Similar Above-Wing or Delta Organization Commanders.** Responsible for implementation and oversight of SAPR programs within their AOR, consistent with DoD and DAF policies. This responsibility will not be delegated below the respective deputy commander.

**2.19. Installation Level Roles and Responsibilities.** Commanders (or civilian equivalents), supervisors, and leaders are responsible for the effectiveness of the SAPR Program throughout their organizations and installation.

2.19.1. DAF Installation or host Wing or Delta commanders will be responsible for operational control (OPCON) of the installation SAPR program as outlined throughout this instruction. Installation or host Wing or Delta commanders will ensure that DAF-trained and D-SAACP-certified full-time SAPR personnel maintain a regular in-person presence in the designated SAPR office and are available to provide an immediate and in-person response capability to support sexual assault and sexual harassment victims, including to tenant organizations.

2.19.2. Commanders (unit, tenant, DRU, geographically separated units, FOA) and civilian equivalents in organizations with no military commander. Promote and implement SAPR policies for programs and activities consistent with laws, regulations, executive orders, directives and DoD and DAF policies. This includes taking proactive steps to respond, prevent, and engage timely accountability processes to deter and eliminate harmful and problematic behaviors that can lead to sexual harassment or sexual assault. At tenant Reserve Wings or organizations, the Reserve Wing leadership works directly with the RegAF installation SARC.

2.19.3. Installation Civilian Personnel Section. Provide technical expertise on civilian personnel matters (i.e., discipline and adverse actions) and facilitate State Criminal History Repository checks for new and existing full-time SAPR personnel who are not entered into Continuous Evaluation as directed in DoDI 6495.03.

## Chapter 3

## SEXUAL ASSAULT RESPONSE WORKFORCE MODEL (SARWM)

**3.1. Overview.** The Independent Review Commission on Sexual Assault in the Military findings recommended fundamental changes to the structure, staffing, competencies, and resourcing of the DoD SARW. In response, OSD assumed responsibility as the SARW Functional Community Manager and developed a standardized framework for a DoD-wide, multi-level SARWM for implementation by Service Secretaries. This model, published in the Deputy Secretary of Defense Memorandum, *Updates to Department of Defense Policies to Enhance Support for Adult Sexual Assault Victims*, dated 19 July 2024, and DoDI 6495.02V1, mandates the deployment of a highly specialized SAPR community of practice to deliver quality victim care and meet current and future workforce needs. The SARWM is comprised of primarily civilians and some military personnel in a static three-tier structure (strategic, operational, and tactical).

3.1.1. The DAF leaders at all levels will:

3.1.1.1. Align SARCs and SAPR VAs to the proper chain of command. Installation-level SAPR personnel will report to and be supervised by the installation principal SARC, who is supervised and rated by the MAJCOM/FLDCOM SAPR PA or SAPR PS. (T-0)

3.1.1.2. Employ a full-time professionalized and competent workforce, with minimal exceptions for collateral duty IAW **Chapter 12**. (T-0)

3.1.1.3. Expedite support for victims on SAPR-related matters and require all SARCs to have direct, immediate, and unimpeded access to commanders, including the installation commander and immediate commanders of Service member victims and subjects. (T-0)

3.1.1.4. Use standardized terms and titles for SARW personnel at all levels and only hire SARW personnel into positions approved by AF/A1Z. (T-0)

3.1.1.5. Require that SAPR funding is explicitly designated and aligned with SAPR Program Element Code and report any deviations (such as utilizing designated SAPR funding for non-SAPR functions) to SAF/MR via AF/A1Z. (T-0)

3.1.1.6. Ensure the principal SARC (or designated SARW personnel) provide independent SAPR advice and guidance to commanders and prohibit commanders from designating other personnel to provide guidance on SAPR Program matters and/or victim assistance. (T-0)

3.1.1.7. Ensure SARW personnel and other responders assist all eligible victims regardless of Service affiliation and that sexual assault victims are given priority and treated as emergency cases. (T-0)

3.1.2. Prevention duties for DAF SARW. The primary role of SAPR personnel is response and victim advocacy, however, SAPR personnel at the operational and tactical level are prevention stakeholders and will participate in sexual assault and integrated primary prevention activities as outlined in DoDI 6400.09, *DoD Policy on Integrated Primary Prevention of Self-Directed Harm and Prohibited Abuse or Harm* and DoDI 6400.11, *DoD Integrated Primary Prevention Policy for Prevention Workforce and Leaders*. SARW personnel:

3.1.2.1. Will complete DoD-approved SPARX Knowledge training Parts 1 and 2 and apply for Department of Defense Credentialing Program for Prevention Personnel (D-CPPP) Level 2 within the first six months of onboarding into a SARW position in addition to completing DAF D-SAACP education and certification requirements (initial or renewal). **(T-0)**

3.1.2.2. Will collaborate with the IPPW and other prevention stakeholders to address prevention activities when tasked by the principal SARC (or applicable supervisory SARW) based on the operational requirements of the installation. SARW personnel, to include principal SARCs, will not perform more than 25 percent of their duties on sexual assault or integrated prevention initiatives. **(T-0)**

3.1.2.3. Are prohibited from assigned additional duties and from performing duties outside of direct SAPR Program support or outside of specified duties in DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, DoDI 6495.03, DoDI 6400.09, and DoDI 6400.11. **(T-0)**

**3.2. Sexual Assault Response Workforce Model (SARWM) – Strategic.** The DAF SAPR Program HQ is at the strategic level and will develop and execute SAPR policy, programs, and plans. Strategic level SAPR offices (SAF/MRR, AF/A1Z, and Quality of Life and Resilience Directorate (SF/S1Q)) will conduct oversight and analyses, ensure DSAID and MSHAD data validation, and carry out Title 10 authorities to staff, train, equip, and resource SAPR personnel under their authority. HQ personnel will maintain OPCON to provide strategic advisement to DAF SAPR programs, including but not limited to SARW operations, mission scope, related tasks, and resource allocation for operational level functions and commands, as well as define activities for supported commands and personnel at the tactical level, to achieve DoD's strategic program objectives. (T-0)

3.2.1. SAF/MRR will:

3.2.1.1. Establish and implement DAF SAPR Program policy IAW applicable statutory requirements, DoD guidance, policies, and procedures. **(T-0)**

3.2.1.2. Provide departmental-level strategic oversight, guidance, and direction to AF/A1Z and SF/S1Q to oversee and implement the SAPR Program as described in this publication. **(T-0)**

3.2.1.3. Coordinate with AF/A1Z and SF/S1Q to approve any requests made to operational or tactical-level staff to serve as a representative or on behalf of the DAF SAPR Program, outside of the staff member's immediate AOR.

3.2.2. AF/A1Z will develop and execute DAF SAPR policy, programs, strategic development, and plans IAW applicable statutory requirements and DoD policies and procedures. AF/A1Z is directly accessible to DAF SARW personnel and will provide policy guidance, maintain operational oversight of program execution, and ensure accountability through SAPR program governance, regular compliance inspections, and track deficiencies and corrective action plans across the DAF. **(T-0)** AF/A1Z will:

3.2.2.1. Work with the DSAID and MSHAD data management analysts to manage data validation for all DAF reporting requirements and ensure SAPR Program data in DSAID **(T-0)** and MSHAD **(T-1)** is complete and accurate.

3.2.2.2. Coordinate with operational SARW to establish Staff Assistance Visit (SAV) leads and ensure SAVs are conducted every two years unless a Unit Effectiveness Inspection has been completed within that timeframe or upon request of installation command or SAPR personnel. **(T-1)**

3.2.2.3. Serve as Management Internal Control Toolset Functional Area Manager to ensure oversight and timely updates to self-assessment checklists for installation commanders, squadron commanders, and installation SARCs. Ensure annual review of SAPR program compliance, track deficiencies, and work with MAJCOM/FLDCOM SAPR PAs to track corrective action plans across the DAF. **(T-0)**

3.2.2.4. Coordinate with SAF/IG and MAJCOM/FLDCOM SAPR personnel for additional amplifying information derived from the annual program inspection results. Installations will conduct inspections IAW DAFI 90-302. **(T-1)**

3.2.2.5. Serve as the HQ CATCH Program SAPR Lead. **(T-0)**

3.2.2.6. Ensure all SARW personnel are properly trained and certified and will manage and track all D-SAACP application, suspension, revocation, and reinstatement processes. **(T-0)**

3.2.2.7. Coordinate with the Program Element Manager to ensure SAPR funding is earmarked as a distinct budget item and oversee annual spend plans and execution reports from operational and tactical programs. **(T-0)**

3.2.2.8. Develop standardized DAF SAPR Program metrics and analyze relevant data to ensure SAPR efforts align with strategies to improve relevant policies, processes, and ensure overall accountability. **(T-0)**

3.2.2.9. Ensure strategic oversight and coordinate with MAJCOM/FLDCOM SAPR PAs and AFPC/DPFZ to fill SAPR military functional assignments and special duties to meet needs of remote and isolated locations, hard-to-fill vacancies, and deployment taskings. **(T-0)**

3.2.2.10. Disseminate DoD and DAF SAPR award criteria to and receive all coordinated and validated DAF submissions from operational SARW. AF/A1Z will work with SAF/MRR and SF/S1Q to review, board, and select DAF award winners. **(T-0)**

3.2.2.11. Ensure AF/A1Z Human Research Protections Program is contacted when SAPR personnel or programs engage the data collection activities involving human subjects beyond the scope of their regular duties (e.g., DSAID). Refer to DoDI 3216.02_DAFI 40-402, *Protection of Human Subjects and Adherence to Ethical Standards in DAF-Conducted and -Supported Research* for more guidance and information on human subject research. **(T-0)**

3.2.2.12. Provide general SAPR Program support to USAFA in coordination with SAF/MRR for Military Service Academy (MSA)-specific needs. **(T-1)**

3.2.2.13. Maintain and routinely review an accessible online repository (i.e., SharePoint) to house all current SAPR Program policy, operational guidance, approved training materials, and templates. **(T-1)**

**3.3. Sexual Assault Response Workforce Model (SARWM) – Operational and Program Support.** Under the guidance of strategic level personnel, operational SAPR Program personnel will implement and oversee response policy, programs, and other activities within their defined areas of responsibility. Operational level SARW in the DAF includes positions designated as SARW at the MAJCOM/FLDCOM and DRU. FOA support functions subordinate to AF/A1 performing field activities beyond the scope of any MAJCOM/FLDCOM may support SAPR program areas, but unless the positions are specifically designated in the SARWM and approved at the strategic SARW level, they are not part of the SARW and do not perform victim assistance or case management roles and functions. Operational level SARW manage resource allocation, execution, and stakeholder collaboration responsibilities to ensure SAPR capability, data integrity, and trend identification. MAJCOM/FLDCOM SARW provide tools, operational guidance and support for day-to-day tactical operations, and advises operational leadership. All MAJCOM/FLDCOM SARW personnel must be on the DoD-approved and DAF classified standard core personnel document (SCPD) published in the SCPD library with appropriate identifier ("SAR WF") for OSD workforce tracking IAW DoDI 6495.02V1. **(T-0)**

3.3.1. Operational Level SARW will:

3.3.1.1. Be responsible for providing accurate, complete, and timely data and other supporting information as necessary and requested by AF/A1Z for higher HQ, DoD, or statutory mandates or requests, including DoD Annual Report on Sexual Assault in the Military. **(T-0)**

3.3.1.2. Monitor operational and tactical SAPR Program policy and budget compliance via annual accounting report provided to AF/A1Z SAPR and SAF/MRR, including itemized budget and execution of SAPR-specific funding. Annual report ensures appropriate utilization and fiscal accountability, availability of SARW-designated funding, and that DAF SAPR Program operational needs are met. **(T-0)**

3.3.1.3. Ensure SAPR feedback, complaints, or allegations against any operational or installation SAPR policy, directive, procedure, program(s), or personnel (including congressional inquiries, DoD and/or DAF senior leaders, or potential high media visibility) are elevated to AF/A1Z within 24 hours of receipt to ensure awareness and accountability. Provide biweekly updates until resolution and a synopsis of the alleged complaint and final resolution, within 72 hours of such, to AF/A1Z. **(T-1)** If the information to be elevated is specific to a SAPR case or person seeking support from the SAPR program, specific details will only be shared with D-SAACP certified strategic SARW personnel and, if no certified staff are available, the person elevating the information will refrain from sharing details that are otherwise protected communication**. (T-0)**

3.3.1.4. Oversee operational DSAID entry compliance and submit HQ requests to grant or revoke DSAID and CATCH Program system access for certified SAPR personnel. **(T-0)**

3.3.1.5. Coordinate with strategic DSAID data management analyst to conduct DSAID data reviews and facilitate corrections. **(T-0)**

3.3.1.6. Provide sourcing recommendations and capability solutions fulfilling DAF SAPR deployment requirements and processes and ensure trained and D-SAACP-certified SAPR personnel deploy IAW PL 112-81 § 584, DoDI 6495.02V1, the SARWM, and this instruction. **(T-0)**

3.3.1.7. Coordinate the facilitation of manning assists (surge capacity) for remote and isolated locations, hard-to-fill locations, or short-term vacancies within installation or MAJCOM/FLDCOM SAPR programs. **(T-1)**

3.3.1.8. Provide routine reports to AF/A1Z related to staffing (vacancies, certifications, inquiries, and investigations), budget, program execution (inspection completion and program compliance), data validation (DSAID, annual report, and ad hoc needs and requests), training completion, and other needs as determined by AF/A1Z.

3.3.2. USAFA Superintendent will confirm all Academy SARW personnel are on AF/A1Z approved core personnel documents and SAPR processes, procedures, and instructions align with DoD and DAF policy guidance to the maximum extent possible. Where Academy policies deviate from DoD or DAF SAPR policies, the Academy will request a waiver from the appropriate DAF office or agency prior to any implementation of policy change and maintain documentation IAW DAFI 36-3501, *United States Air Force Academy Operations*. **(T-0)**

3.3.3. MAJCOM/FLDCOM supervisory SAPR PA (formerly known as SAPR program manager) will:

3.3.3.1. Be responsible for administering MAJCOM/FLDCOM-level SAPR programs, planning, directing, organizing, and exercising control over SAPR programs and personnel assigned to the MAJCOM/FLDCOM.

3.3.3.2. Comply with all eligibility screening requirements and obtain and maintain D-SAACP certification IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction. **(T-0)**

3.3.3.3. Be trained in and understand the confidentiality requirements of and exceptions to restricted reporting and Manual for Courts-Martial (MCM), United States, Military Rule of Evidence (MRE) 514, *Victim Advocacy – Victim Privilege,* 2024 as directed in DoDI 6495.02V1, Enclosure 6. **(T-0)**

3.3.3.4. Be supervised by, rated by, and communicate with the MAJCOM/FLDCOM commander as a part of their special staff and without intermediary. **(T-0)** This structure is essential for ensuring program independence and direct accountability as mandated by DoD, preserves the integrity of the command chain of authority, and ensures direct commander oversight of the SAPR program.

3.3.3.4.1. The SAPR PAs will not be supervised or rated by MAJCOM/FLDCOM A-Staff or S-Staff. **(T-0)**

3.3.3.4.2. The SAPR PA (Director) at USAFA will be supervised by the Superintendent. **(T-1)**

3.3.3.5. Serve as a direct report, the principal advisor and key consultant to the MAJCOM/FLDCOM commander on all matters related to sexual assault prevention and response and military sexual harassment restricted (confidential) and unrestricted reporting and advocacy **(T-0)**

3.3.3.5.1. Develop a written coverage plan, in collaboration with the MAJCOM/FLDCOM commander and supervisory SAPR PS, to ensure 24/7 response and operational capabilities during times of SAPR PA absence, position vacancies, or government shutdown (furlough). Personnel performing SAPR duties and supervision must meet eligibility requirements as outlined in DoDI 6495.02V1, DoDI 6495.03, and **Chapter 4** of this instruction. SAPR Program evaluation specialists (SAPR ES) are prohibited from performing any supervisory duties of SAPR PAs and PSs. **(T-0)**

3.3.3.5.2. Maintain signed written coverage plans, update annually (at a minimum or as necessary, i.e., with leadership or staff turnover), and provide written coverage plans to AF/A1Z upon request. **(T-1)**

3.3.3.6. Exercise administrative control (ADCON) over assigned MAJCOM/FLDCOM supervisory SAPR PS and non-supervisory SAPR ES and as direct supervisor or higher-level reviewer to AOR installation principal SARCs, as applicable for their AOR. **(T-0)**

3.3.3.7. Ensure all regulatory and statutory program compliance. **(T-0).** Provide operational-level subject matter expertise and functional oversight, policy interpretation, and procedure guidance to tactical-level SAPR programs. **(T-0)** Such guidance will address tactical-level execution of duties and other matters, as warranted. The Air Force Reserve Command (AFRC) SAPR PA will work collaboratively with other MAJCOMs/FLDCOMs to ensure coordinated program guidance is provided to all DAF Reserve organizations. (T-1)

3.3.3.8. Accomplish continual evaluation of their functional areas, including installation SAPR programs. Continual evaluation is an accountability and feedback mechanism between process owners and the chain of command, DAF functional oversight agencies and IGs.

3.3.3.8.1. Ensure timely and efficient coordination for AF/A1Z-led inspections of their AOR SAPR programs.

3.3.3.8.2. Directly supervise and support the SAPR ES in conducting and/or supporting wing-led installation SAPR Program inspections.

3.3.3.9. Effectively engage with supported units to identify when a unit is performing well or struggling to accomplish its mission. If a CC or any organization has concerns, a SAV may be requested to evaluate and/or assess the unit to provide additional training, implement policy as needed, or identify resource constraints as outlined in DAFI 90-302. A SAV is not an inspection or audit, but rather an opportunity to train and clarify policy, and should include multiple purposes:

3.3.3.9.1. Planning and clear intent from installation leadership and SAPR personnel and the amount of time required to execute the SAV.

3.3.3.9.2. Program oversight and visibility. Assess location and availability of program and services. A key component of the SAPR Program is raising awareness and education, promoting program options, and coordinating on prevention efforts.

3.3.3.9.3. Mentoring and Support. Address concerns or issues and accompany SAPR personnel on routine engagements where possible. Mentorship is encouraged between senior and newly appointed SAPR personnel, to provide leadership opportunities and shared experience in the field of professional victim advocacy.

3.3.3.9.4. Training and Documentation. Assist with the creation of continuity binders (hard copy or electronic) as a resource, capturing history of program and staff efforts (in alignment with this publication) and DSAID oversight, review, and training. Data integrity is vital to effective SAPR program management and to inform DAF leaders and Congress of program accomplishments and challenges.

3.3.3.9.5. Complete SAV After Action Report template to provide to wing leadership and AF/A1Z.

3.3.3.10. Maintain current roster of installation SAPR personnel and submit a monthly report to AF/A1Z of MAJCOM/FLDCOM and installation SAPR billets, vacancies, personnel training, certification status, and D-SAACP suspensions, revocations, and reinstatements IAW DoDI 6495.03, Section 3. **(T-0)**

3.3.3.10.1. SAPR PAs must verify all new SAPR personnel attend initial DAF training to obtain their D-SAACP certification prior to performing SAPR duties and providing direct victim assistance. SAPR personnel who have not received D-SAACP certification (to include those with National Advocate Credentialing Program certification) will not work independently and must work under the supervision of a principal or supervisory SARC, SAPR PA or SAPR PS. **(T-0)**

3.3.3.10.2. Ensure all installation SARCs and SAPR VAs obtain and maintain D-SAACP certification and complete required continuing education units (CEU) IAW DoDI 6495.03. **(T-0)**

3.3.3.10.3. Ensure notification to AF/A1Z D-SAACP management and policy analyst within 24 hours upon awareness of all allegations, inquiries, or investigations of SAPR personnel, to include suspension of SAPR duties and D-SAACP suspension or revocation. Such notifications will also be documented in the monthly report to AF/A1Z. D-SAACP renewal applications will not be processed until the matter is resolved. **(T-1)**

3.3.3.10.4. Ensure notification to AF/A1Z and HQ DSAID data management analyst (within 72 hours) of any SAPR staffing changes (reassignment, resignation, retirement, promotion, or removal) to change, remove, or deactivate associated accounts (i.e., DSAID, CATCH), as applicable. **(T-1)**

3.3.3.10.5. Maintain appropriate records, to include D-SAACP certification, pertinent appointment letters, and current waivers. **(T-0)**

3.3.3.10.6. Ensure a written coverage plan, in coordination with the installation commander and principal SARCs, to ensure 24/7 SAPR response capabilities during times of SARC absence, position vacancy, or government shutdown. **(T-1).** Coverage plan will include the installation and entire AOR, to include reach back for locations who do not earn full-time DAF SARW manpower. Personnel performing SARC duties must meet eligibility requirements IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction. **(T-0)** Ensure a principal SARC is designated in writing by the installation or host Wing or Delta commander when a location has two or more SARCs.

3.3.3.11. Oversee and monitor all SAPR expedited transfer submissions, highlight delays in expedited transfer timelines or safety issues, verify expedited transfer entry into DSAID, and provide monthly status updates to AF/A1Z. **(T-0)**

3.3.3.12. Ensure accuracy of DSAID data, case entries, and SRI by conducting monthly oversight to ensure data errors are corrected within 30 days as directed by the HQ DSAID data management analyst IAW DoDI 6495.02V1, DoDI 6495.02V3, and this instruction. Document any errors that are not corrected within 30 days in the AF/A1Z quarterly report. **(T-0)**

3.3.3.13. Enter case information into DSAID, in the absence of a principal SARC or SARC, as required by DoDI 6495.02V1 and DoDI 6495.02V3 and installation written coverage plans. **(T-0)**

3.3.3.14. Ensure installation SARCs, in collaboration with SAPR VAs, facilitate annual SAPR training for the Total Force IAW DoDI 6495.02V1, Enclosure 6. **(T-0)** Provide MAJCOM/FLDCOM status of total force annual training (TFAT) completion on a quarterly basis, or as requested by AF/A1Z. **(T-1)**

3.3.3.15. Collaborate with MAJCOM/FLDCOM functional community training points of contact (POC) to provide SAPR policy and program updates and to support facilitation of functional community SAPR-related training, as appropriate or requested.

3.3.3.16. Deliver AF/A1Z director approved pre-command training and document completion to all new officers and DAF civilians who are selected for command, and their senior enlisted leader, prior to filling a command position IAW DoDI 6495.02V2. **(T-0)**

3.3.3.17. Attend initial DAF-approved MAJCOM/FLDCOM SAPR PA training and annual refresher training. **(T-0)**

3.3.3.18. Provide annual refresher training to or coordinate annual refresher training for respective installation SARW personnel, as appropriate. **(T-1)**

3.3.3.19. Conduct a monthly group telephone or virtual conference with all installation principal SARCs, at a minimum and maintain documentation of meeting minutes on the AF/A1Z-approved template to ensure timely program and policy updates are shared and issues can be elevated and reported to AF/A1Z, on a quarterly basis IAW this instruction. **(T-1)**

3.3.3.20. Comply with data calls and other requests, as directed by AF/A1Z, and be responsible for collecting and consolidating data on SARW and SAPR Program implementation and evaluation, and any other measures as requested, from SAPR personnel within their AOR.

3.3.3.21. Ensure SAPR funding is earmarked as a distinct budget with an itemized accounting report for each installation, to capture respective MAJCOM/FLDCOM expenses for SAPR educational and promotional materials, office supplies, training, staff needs, and travel (to include travel expenses related to the initial and annual refresher training requirements) IAW DoDI 6495.02V1. **(T-0)** Provide a spend plan to AF/A1Z by 30 July (or the closest business day before) each year, and itemized account report detailing yearly execution (including installation expenditures and execution) by 15 October (or the closest business day before) for fiscal accountability and oversight. **(T-1)**

3.3.3.22. Represent SAPR and participate in MAJCOM/FLDCOM CAT and CAB meetings and initiatives. **(T-1)**

3.3.3.23. Collaborate and coordinate with the IPPW and other prevention stakeholders on resilience and integrated prevention initiatives and activities, as appropriate, serving as principal SAPR prevention stakeholder, performing no greater than 25 percent of duties in sexual assault and integrated prevention. **(T-0)**

3.3.3.24. Represent the MAJCOM/FLDCOM SAPR Program with a variety of functional area organizations, through special projects, initiatives, meetings, working groups, and other collaborative forums.

3.3.3.25. Ensure deploying SARW personnel attend SARW pre-deployment training prior to deployment. **(T-1)**

3.3.4. MAJCOM/FLDCOM supervisory SAPR PS will:

3.3.4.1. Complement the role of the supervisory SAPR PA for the MAJCOM/FLDCOM SAPR Program. Support the supervisory SAPR PA comprehensively in functional duties on SAPR-related matters, as needed or as requested.

3.3.4.1.1. Be directly supervised by the supervisory SAPR PA **(T-0)**. Supervisory SAPR PS will not be supervised by MAJCOM/FLDCOM A-Staff or S-Staff. **(T-0)**

3.3.4.1.2. Support the administration of MAJCOM/FLDCOM-level installation SAPR programs by planning, directing, organizing, and exercising control over SAPR programs and personnel assigned to the MAJCOM/FLDCOM, including budget and personnel management, data collection and consolidation, development of command-level processes, and provision of policy guidance and interpretation.

3.3.4.1.3. Exercise supervisory and managerial authorities over assigned installation principal SARCs.

3.3.4.1.3.1. In coordination with supervisory SAPR PA, ensure all assigned installation SAPR staff obtain and maintain D-SAACP certification and complete required CEUs IAW DoDI 6495.03. **(T-0)**

3.3.4.1.3.2. Elevate installation SAPR staff issues or complaints to the supervisory SAPR PA, as appropriate.

3.3.4.1.4. Ensure all regulatory and statutory program compliance in coordination with SAPR ES and provide operational-level subject matter expertise and functional oversight, policy interpretation and procedural guidance to tactical-level SAPR programs. Such guidance will address tactical-level execution of duties and other matters, as warranted.

3.3.4.1.5. Serve as an advisor and consultant to the MAJCOM/FLDCOM commander on sexual assault prevention and response and military restricted (confidential) and unrestricted sexual harassment reporting-related matters, as requested.

3.3.4.1.6. Support operational- and tactical-level budget management, as needed or as requested.

3.3.4.2. Comply with all eligibility screening requirements and obtain and maintain D-SAACP certification IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction. **(T-0)**

3.3.4.3. Be trained in and understand the confidentiality requirements of and exceptions to restricted Reporting and MRE 514 MCM, 2024.

3.3.4.4. Attend initial MAJCOM/FLDCOM SAPR PS training and annual refresher training, as directed by this instruction. Support annual refresher training to respective installation SARCs and SAPR VAs, as directed. **(T-1)**

3.3.4.5. Participate in or provide representation for all training and monthly telephone conferences, as requested by supervisory SAPR PA. **(T-1)**

3.3.4.6. Represent the MAJCOM/FLDCOM SAPR Program with a variety of functional area organizations, through special projects, initiatives, meetings, working groups, and other collaborative forums, as requested and appropriate.

3.3.5. MAJCOM/FLDCOM SAPR ES will:

3.3.5.1. Complement the role of the supervisory SAPR PA for the MAJCOM/FLDCOM SAPR Program. Support the supervisory SAPR PA comprehensively in functional duties on SAPR-related matters, as needed or as requested, but does not exercise supervisory or managerial authorities. **(T-0)**

3.3.5.1.1. Be directly supervised by the supervisory SAPR PA. SAPR ES will not be supervised by MAJCOM/FLDCOM A-Staff or S-Staff. **(T-0)**

3.3.5.1.2. Serve as the MAJCOM/FLDCOM inspection and action officer, ensuring that SAPR programs and personnel comply with legal, regulatory and statutory requirements and meet victim needs. In partnership with appropriate stakeholders, establish and maintain inspection calendar to ensure timely, efficient and comprehensive inspection completion across the MAJCOM/FLDCOM AOR. **(T-1)**

3.3.5.1.2.1. Serve as primary POC for timely and efficient coordination and execution of AF/A1Z-led inspections of their AOR SAPR programs. **(T-1)**

3.3.5.1.2.2. As appropriate and in coordination with installation-led inspection POCs, conduct regular installation SAPR Program inspections IAW DAFI 90-302.

3.3.5.1.2.3. As needed, develop assessment procedures, techniques, materials and tools to accomplish extensive evaluation and analyses to ensure program compliance with statutory and regulatory requirements. **(T-1)**

3.3.5.1.3. In support of SAPR PA and SAPR PS(s), provide operational-level subject matter expertise and functional oversight, policy interpretation, and procedural guidance to tactical-level SAPR programs. Such guidance will address tactical-level execution of duties and other matters, as warranted. **(T-0)**

3.3.5.1.4. Serve as an advisor and consultant to the MAJCOM/FLDCOM commander on sexual assault prevention and response and military restricted (confidential) and unrestricted sexual harassment reporting-related matters, as requested. **(T-0)**

3.3.5.2. Comply with all eligibility screening requirements and obtain and maintain D-SAACP certification IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction. **(T-0)**

3.3.5.3. Be trained in and understand the confidentiality requirements of and exceptions to restricted Reporting and MRE 514 MCM, 2024.

3.3.5.4. Attend initial MAJCOM/FLDCOM SAPR ES training and annual refresher training, as directed by AF/A1Z. Support annual refresher training to respective installation SARCs and SAPR VAs, as directed. **(T-1)**

3.3.5.5. Participate in or provide representation for all training and monthly telephone conferences, as requested by supervisory SAPR PA. **(T-1)**

3.3.5.6. Represent the MAJCOM/FLDCOM SAPR Program with a variety of functional area organizations, through special projects, initiatives, meetings, working groups, and other collaborative forums, as requested and appropriate.

**3.4. Sexual Assault Response Workforce Model (SARWM) – Tactical.** Tactical or installation-level SAPR Program personnel conduct the day-to-day administration and execution of the SAPR Program, assist victims with reporting and recovery, advise military leaders, manage personnel performance, collect and input data into DSAID, arrange logistics, and take other steps to accomplish the operational- and strategic-level SAPR Program goals and objectives and ensure resourcing and accessibility of SAPR Program services to installation commands and tenant units. At the tactical level, SAPR Program personnel include civilians and uniformed personnel identified to fulfill victim assistance roles while on deployment, as well as those selected for special assignments. All tactical level SARW personnel must be on the DoD-approved and DAF classified SCPD published in the SCPD library with appropriate identifier “SAR WF” for OSD workforce tracking IAW DoDI 6495.02V1. **(T-0)**

3.4.1. Principal SARC will:

3.4.1.1. Serve as the primary advisor and key consultant to the installation commander (including tenant commands), advising on all SAPR-related matters, to include military restricted (confidential) and Unrestricted sexual harassment reporting and implementation of local SAPR Program and strategy. Be directly supervised by the MAJCOM/FLDCOM SAPR PA or PS. **(T-0)**

3.4.1.2. Be responsible for administering installation SAPR programs, planning, directing, organizing, and exercising control over SAPR Program and personnel assigned to the installation. Ensure all regulatory and statutory program compliance and provide tactical-level subject matter expertise and functional oversight of tactical-level execution of duties, policy interpretation and procedural guidance.

3.4.1.3. Exercise supervisory and managerial authorities over assigned installation SAPR staff.

3.4.1.3.1. Plan work for subordinates and set and adjust priorities, to ensure that subordinate experience, training and abilities are effectively utilized to meet organization and victim needs.

3.4.1.3.2. Ensure all assigned installation SAPR staff obtain and maintain D-SAACP certification and complete required CEUs IAW DoDI 6495.03. **(T-0)**

3.4.1.3.3. Elevate installation SAPR staff issues or complaints to the SAPR PA and/or SAPR PS, as appropriate.

3.4.1.4. Support the SAPR PA and SAPR PS comprehensively in functional duties on SAPR-related matters, as needed or as requested.

3.4.1.5. Represent the installation SAPR Program with a variety of installation and functional area organizations, through special projects, initiatives, meetings, working groups, and other collaborative forums, as requested and appropriate.

3.4.1.6. Meet with new commanders (or civilian equivalents) in within 30 days of taking command to provide one-on-one training IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, DoDI 6400.09, DoDI 6400.11, and this instruction. **(T-0)**

3.4.1.7. Co-chair the CMG and the QCMG. The principal SARC will be the co-chair and all other SARCs assigned to the location will attend the CMG and QCMG. **(T-0)**

3.4.1.8. Oversee case management duties for all cases within their respective AOR. **(T-0)**

3.4.1.9. Oversee the execution of a victim support system that will:

3.4.1.9.1. Ensure the SAPR Program serves as the primary POC for coordination and is contacted immediately for sexual assault victims eligible for SAPR services. Provide continuity of care and case management for all eligible cases reported at the installation. **(T-0) Note:** Intimate partner sexual assault (e.g., when the alleged offender is a current or former spouse, person with whom the victim shares a child in common, a current or former partner with whom the victim shares or has shared a common domicile, or self-identification by the victim as having social relationship of a romantic or intimate nature or emotional connectedness or known by others to be a couple) and child sexual abuse cases are handled by the FAP IAW DoDI 6400.06, *DoD Coordinated Community Response to Domestic Abuse Involving Dod Military and Certain Affiliated Personnel*, and DAFI 40-301, *Family Advocacy Program*.

3.4.1.9.2. Ensure the SAPR Program serves as the primary POC for restricted (confidential) and unrestricted reporting for advocacy services for Service members who experience military sexual harassment. **(T-0)**

3.4.1.9.3. Manage a 24/7, 365-day SAPR response capability for victims of sexual assault and military sexual harassment (advocacy services) within their AOR and IAW legal, DoD and DAF policy.

3.4.1.9.4. Establish a written coverage plan, in coordination with the installation CC and designated MAJCOM/FLDCOM SARW, to ensure 24/7 SAPR response capabilities during times of SARC absence, position vacancy, or government shutdown. **(T-1).** Coverage plan will include the installation and entire AOR, to include reach back for locations who do not earn full-time DAF SARW manpower. Personnel performing SARC duties must meet eligibility requirements IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction.

3.4.1.9.4.1. Ensure SARCs, SAPR VAs, or volunteer victim advocates (VVA) personally answer the SAPR 24/7 response line and make every attempt to answer all calls and not have an answering machine or voicemail act as the primary response mechanism. **(T-1)**. The SARC, SAPR VA, or VVA will respond in person and in a timely manner (preferably within an hour, with consideration to unique local factors). **(T-0)**

3.4.1.9.4.2. Virtual responses may be provided but limited only to locations AF/A1Z has designated as remote or isolated for DAF, at forward operating bases in the AOR, or other extreme circumstances (following discussion with and agreement of SAPR PA or SAPR PS). Locations with justification and need identified will be forwarded to AF/A1Z for review, approval and monitoring. **(T-1)**

3.4.1.9.4.3. Ensure that a regular physical presence is maintained within the installation SAPR office and that installation SAPR staff do not perform their duties in a full telework or remote status.

3.4.1.9.4.4. The principal SARC may perform victim assistance, advocacy services, and case management functions to support the installation, or as needed for a temporary surge capacity or vacancy.

3.4.1.9.5. Prohibit SAPR personnel from using personal devices for communications related to official duties of victim advocacy services, as doing so may result in the unauthorized disclosure of controlled unclassified information (CUI) and risks exploitation of the knowledge and trust derived from the professional relationship as described in the SAPR Professional Code of Ethics on the DD Form 2950, *Department of Defense Sexual Assault Advocate Certification Program (D-SAACP) Application Packet for New Applicants*, and DD Form 2950-1, *Department of Defense Sexual Assault Advocate Certification Program (D-SAACP) Renewal Application Packet*. **(T-0)**

3.4.1.9.6. Ensure case dispositions are completed utilizing the DD Form 3114, *Department of Defense Uniform Command Disposition Report,* or authorized DAF alternative for all unrestricted reports of sexual assault reported to the SAPR office.

3.4.1.9.6.1. The principal SARC will provide case administrative information pertaining to the victim (in addition to the subject's name) on the form and will submit the partially completed DD Form 3114 and DD Form 3114-1, *Safe-to-Report Policy Disposition of Victim's Alleged Collateral Misconduct,* to the installation Staff Judge Advocate (SJA).

3.4.1.9.6.2. The installation SJA will complete all remaining case information, including the case synopsis (e.g., basics of case, unique circumstances, and any adverse action or separation from service) and will provide this form back to the SAPR office. If the local SJA does not have access to the requested information, the SJA will provide assistance to connect with the appropriate legal office to ensure completion of the form IAW DAFI 51-201, *Administration of Military Justice*.

3.4.1.9.6.3. The principal SARC will provide completed forms to the appropriate MAJCOM/FLDCOM SAPR PA or SAPR PS and the DAF Legal Officer (LO) who will enter data into DSAID and provide email verification of DSAID entry to principal SARC. Principal SARCs will then officially close out the case in DSAID if victim is no longer receiving services. **(T-0)**

3.4.1.9.7. Ensure sexual assault reports are entered into and tracked utilizing DSAID. **(T-0)** No other databases, dashboards, or tracking systems (i.e., Excel or Word documents to track cases) are authorized. **(T-0)** The DAF Sexual Assault Reports Dashboard will be utilized to report this information to leadership. **(T-1)**

3.4.1.9.7.1. Provide SAPR-related metrics utilizing the DAF Sexual Assault Reports Dashboard and climate assessment data to provide installation commanders information on aggregate reporting data (i.e., age, sex, reporting, on/off installation, etc.), victim reporting characteristics, and protective and risk factors to enable local sexual assault prevention efforts. **(T-1)**

3.4.1.9.7.2. Installations are prohibited from using DSAID data outside of the DAF Sexual Assault Reports Dashboard. SAPR programs may contact the HQ DSAID data management analyst to obtain requests for information outside of what is available in the dashboard. **(T-1)**

3.4.1.9.8. Develop, manage and present budget to MAJCOM/FLDCOM SAPR PA ensure viability of program, IAW DAFI 64-117*, Government Purchase Card Program,* and DAFMAN 65-605V1, *Budget Guidance and Technical Procedures.* **(T-1)** Provide an itemized budget to MAJCOM/FLDCOM PA to provide to AF/A1Z, for execution oversight and fiscal accountability.

3.4.1.9.9. Serve as the primary POC, in partnership with MAJCOM/FLDCOM and installation POCs, to coordinate and execute timely, efficient and comprehensive program inspections IAW DAFI 90-302.

3.4.1.9.10. Manage and oversee planning, implementation and evaluation of all SAPR activities on the installation.

3.4.1.9.11. Collaborate and coordinate with the IPPW and other prevention stakeholders on resilience and integrated prevention initiatives and activities, as appropriate, serving as principal SAPR prevention stakeholder, performing no greater than 25 percent of duties in sexual assault and integrated prevention. **(T-0)**

3.4.1.9.12. Be responsible for data collection, consolidation, and provision to MAJCOM/FLDCOM PA. MAJCOM/FLDCOM PA will forward data to AF/A1Z in directed format as requested for various topics and needs.

3.4.2. Supervisory SARC will be utilized at high concentration locations. In addition to SARC duties outlined in **paragraph 3.4.3**, this position includes supervisory duties and oversight for SARCs and SAPR VAs in their AOR. The supervisory SARC is a direct report to the installation principal SARC.

3.4.3. SARC (civilian and military) will:

3.4.3.1. Provide overall program management for the installation SAPR Program IAW all applicable law, DoD and DAF policies.

3.4.3.2. Serve as an advisor and consultant to the installation commander (including tenant commands), advising on SAPR-related matters to include military restricted (confidential) and unrestricted sexual harassment reporting, and implementation of local SAPR Program and strategy, in support of and as requested by principal SARC or supervisory SARC.

3.4.3.3. Serve as the primary POC for coordinating appropriate reporting, victim advocacy, and care for eligible sexual assault victims to ensure they receive appropriate, timely, and responsive care. **(T-0)** Serve as a POC for coordinating care for Service members who experience sexual harassment to ensure eligible individuals receive a restricted (confidential) and unrestricted reporting options and appropriate, timely, and responsive victim advocacy services. **(T-0)**

3.4.3.4. Have direct, unimpeded access to the immediate commanders of eligible victim(s) and alleged Service member offender(s) IAW DoDI 6495.02V1. **(T-0)**

3.4.3.5. Be directly supervised by the principal SARC or supervisory SARC.

3.4.3.6. Ensure all eligible sexual assault victims are provided victim assistance, regardless of Service affiliation. **(T-0)**

3.4.3.7. Oversee and facilitate SAPR training and will coordinate with IPPW when training includes two or more prevention topic areas IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, this instruction, or as directed by AFPC/DPFZ.

3.4.3.8. Meet with new commanders (or civilian equivalents) in coordination with the principal SARC within 30 days of taking command to provide one-on-one training IAW DoDI 6495.02V1, DoDI 6495.02V2, and DoDI 6495.02V3, DoDI 6400.09, DoDI 6400.11, and of this instruction. **(T-0)**

3.4.3.9. Facilitate education of command personnel (e.g., commanders or civilian equivalents), deputy commanders, section CCs, first sergeants, chief master sergeants, and civilians) on SAPR Program requirements and victim advocacy services, to include military restricted (confidential) and unrestricted sexual harassment reporting. **(T-0)**

3.4.3.10. Upon request, the SARC will facilitate training on SAPR Program services to military dependents 18 years of age and older in the continental United States (CONUS) and outside the continental United States (OCONUS). **(T-1)** As requested, the SARC will facilitate training on SAPR services to civilian dependents 18 years of age or older who are OCONUS. **(T-1)**

3.4.3.11. Collaborate with civilian (i.e., non-DoD) and military partners, to include Veterans Affairs resources, to establish and execute community programs, activities, and agreements to improve response and support sexual assault victims. Collaboration responsibilities include: **(T-0)**

3.4.3.11.1. Coordinate with the IPPW and other prevention stakeholders on resilience and integrated prevention initiatives and activities.

3.4.3.11.1.1. When risk and protective factors are unique to sexual assault, SARCs will lead prevention efforts in collaboration with IPPW IAW DoDI 6400.11. **(T-0)**

3.4.3.11.1.2. When risk and protective factors are shared across two or more harmful behaviors, IPPW will lead integrated prevention efforts in collaboration with prevention stakeholders. **(T-0)**

3.4.3.11.2. Participate in their respective installation CAT and CAB. Sexual Assault professionals are valued stakeholders in the CAT and part of the coordinated community-level planning and execution of prevention activities. As such, although they will not receive command climate assessments (i.e., Defense Organizational Climate Survey, Defense Organizational Climate Pulse, change of command), they will be privy to the community level command climate assessment interpretations provided to the CAT and any data relevant to sexual harassment or sexual assault. This will assist the CAT with their efforts to form a comprehensive plan and actionable prevention activities on their installation. **(T-1)**

3.4.3.12. Ensure co-location and CTC utilization data and trends are shared with the installation commander during QCMG, CAT, and CAB, as applicable. **(T-1)**

3.4.3.13. Maintain liaison with commanders (or civilian equivalents), designated or appointed healthcare provider (i.e., SAMFE), civilian healthcare providers, OSI or equivalent Military Criminal Investigative Organizations (MCIO), any other DoD law enforcement (e.g., SF), and civilian authorities, as appropriate to facilitate protocols and procedures. **(T-0)**

3.4.3.14. Consult with the servicing legal office, designated or appointed healthcare provider, other healthcare personnel, and law enforcement (or when feasible, civilian law enforcement) to assess the potential impact of state and international laws governing reporting requirements for adult sexual assaults that may affect compliance with the restricted report option, and develop or revise applicable memorandum of understanding (MOU) and memorandum of agreement (MOA), as appropriate, IAW DAFI 51-403, *International Agreements,* and AFI 25-201, *Intra-Service, Intra-Agency, and Inter-Agency Support Agreement Procedures*. **(T-0)**

3.4.3.15. Collaborate with the military health system (MHS), appointed healthcare provider, Command Post, Base Defense Operations Center (BDOC), and law enforcement to establish protocols and procedures directing notification to a SARC or SAPR VA for adult non-intimate partner sexual assaults. **(T-0)**

3.4.3.16. Establish MOU(s) or MOA(s) with Sister Service installations or Services in proximity to the installation, if needed, to ensure a coordinated sexual assault response capability. **(T-0)**

3.4.3.17. Ensure sexual assault, retaliation, and military restricted (confidential) and unrestricted sexual harassment reporting awareness publications and marketing throughout the installation meet the requirements outlined in DoDI 6495.02V1 and DoDI 6495.02V3, this instruction, and other relevant laws and policies to have a consistent message. **(T-0)** This includes coordination and collaboration with the IPPW on IPP initiatives IAW DoDI 6400.11 to ensure consistent messaging and efforts to reinforce positive social norms. **(T-0)**

3.4.3.18. Facilitate the planning and coordination of SAPR public awareness campaigns, including planning events for Sexual Assault Awareness and Prevention Month (SAAPM) in collaboration with local stakeholders, to include IPPW. **(T-0)**

3.4.3.19. Ensure clear and accurate information is available for reporting a sexual assault and military sexual harassment, both restricted and unrestricted reports, at their respective installation(s) and within their AOR. **(T-0)**

3.4.3.20. Provide installation agencies, such as the Command Post and Installation Operators, the SAPR 24/7 local response line and any additional roster(s) for emergency contact information. **(T-0)**. Providing personal home or mobile phone numbers for SARCs or SAPR VAs is prohibited. **(T-1)**

3.4.3.21. Directly support, oversee and mentor SAPR VAs and VVAs who respond to sexual assaults and provide victim advocacy services. VVAs will not be utilized after 30 September 2027. **(T-0)**

3.4.3.21.1. Assign SAPR VA or VVA as soon as possible to a restricted or unrestricted report of a sexual assault **(T-0)** and SAPR VA to military sexual harassment restricted or unrestricted report, as desired and requested by the victim. VVAs will not provide advocacy to military sexual harassment victims. **(T-1)**

3.4.3.21.2. VVAs will not provide advocacy services to a victim within their same unit. **(T-1)**

3.4.3.21.3. Require that a non-clinical safety assessment(s) is conducted by the responding SAPR VA or VVA IAW DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)** Any safety concerns must be immediately reported to the supervisory SARC (when assigned to an installation) and principal SARC. If the principal SARC is unavailable, safety concerns must be immediately reported to the MAJCOM/FLDCOM SAPR PA or PS. **(T-1)**

3.4.3.21.4. Ensure victim service referrals and ongoing victim advocacy support is provided to the victim, including information necessary to make an informed decision on reporting options as outlined in DoDI 6495.02V1 and DoDI 6495.02V3 and of this instruction. This support includes:

3.4.3.21.4.1. Ensure sexual assault victims are given priority and treated as emergency cases at an MTF, even if they are delayed reports IAW DoDI 6310.09, *Health Care Management for Patients Associated with a Sexual Assault*, as internal injuries or mental health issues can be exacerbated over time. The victim is informed that emergency care consists of emergency healthcare (to include mental health and medical) and the offer of a SAFE, which includes both medical forensic care and collection of evidence. **(T-0)**

3.4.3.21.4.2. Consult with military healthcare provider, or other outside healthcare providers (mental health and medical) about victim eligibility for a SAFE. The victim will be advised that if a SAFE is declined by the victim, they will be encouraged (but not mandated) to receive medical and/or mental health care and victim advocacy. **(T-0)**

3.4.3.21.4.3. Prioritize sexual assault victims as emergency cases, regardless of evidence of physical injury, recognizing every minute a victim spends waiting to be examined may cause loss of evidence and undue trauma. Priority treatment as emergency cases includes access to healthcare, coding, medical transfer or evacuation, and complete physical assessment, examination, and treatment of injuries, including immediate emergency interventions IAW DoDI 6495.02V1, Enclosure 7. **(T-0)**

3.4.3.21.4.4. Ensure SAPR VA provides SAPRO's Commander Fact Sheet: *Victim's Commander's Package for Unrestricted Reports* and the Commander's Checklist to the victim's immediate commander, herein known as the Victim's Commander's Package (VCP). With the victim's voluntary consent and agreement of discussion topics, the SAPR VA will complete a collaborative conversation with the victim's commander within 24 hours of a filed unrestricted report of sexual assault. If the commander does not agree with some or all the recommendations, the SARC will collaborate with the victim's commander to consider options and gain approval. If consensus cannot be reached, then the SARC will forward concerns to the next GO in the chain of command for review and appropriate action. At the next monthly CMG, the CMG Chair will confirm a VCP conversation was completed and commander resources were provided for each Unrestricted Report. Installation SAPR programs are prohibited from creating their own written Victim's Commander's Package (VCP) IAW DoDI 6495.02V1, Enclosure 6. **(T-0)**

3.4.3.21.4.5. The SARC will continue to monitor the victim's health and well-being through final disposition of the case. **(T-0)** The SARC will continue support services until the victim indicates support is no longer desired, or the SARC makes this determination based on the victim's lack of response to offers of assistance. **(T-1)**

3.4.3.21.4.6. Facilitate the transfer of services, or provide continuity of care and case management, in the event the victim has a permanent change of station (PCS), is deployed, or redeployed, including expedited transfers IAW DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)**

3.4.3.21.5. The SARC will refer disciplinary and adverse actions against SAPR VAs or VVAs to the installation principal SARC who will coordinate with the MAJCOM/FLDCOM SAPR PA or SAPR PS for appropriate action and notify AF/A1Z immediately if the actions will result in suspended SAPR duties and no more than 3 business days from a decision to suspend or revoke D-SAACP.

3.4.3.22. Be trained and perform victim advocate duties IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, and this instruction. **(T-0)** The DAF recognizes the SARC's authority to perform duties as a SAPR VA, even though the SARC may not be specifically designated in writing as an advocate. **(T-0)** All SARCs (including principal and supervisory) will be included in installation rotation of SAPR 24/7 response line coverage plans to ensure they maintain the skills needed and ability to provide direct victim response and care. MAJCOM/FLDCOM SAPR PAs and PSs will periodically review coverage plans to ensure compliance. **(T-1)**

3.4.3.23. Direct a VVA cadre to include recruiting, training, and scheduling, as necessary to maintain local SAPR response capability. Installation SAPR programs will be required to submit periodic reports to AF/A1Z via MAJCOM/FLDCOM SAPR PA or SAPR PS regarding VVA utilization. AF/A1Z will provide a copy of the report to SF/S1Q. **(T-0)** This VVA report will include, at a minimum, current VVA numbers, ensure appropriate rank (E-6 or above), justification for retention, and the plan to reduce reliance of collateral duty personnel. **(T-1)** SARCs must continue to monitor VVA case assignments as they also work to reduce reliance on VVAs and manage victim's expectations. **(T-0)**

3.4.3.23.1. Facilitate DAF VVA initial and annual refresher training as directed by AF/A1Z and in coordination with AFPC/DPFZ. **(T-1)**

3.4.3.23.2. Interview, in coordination with a SAPR VA, all newly transferred and prospective VVA applicants to determine appropriateness and continued need. The principal SARC is the final approving authority on all transferred VVAs. **(T-1)**

3.4.3.24. Enter all SARC, SAPR VA, and VVA certification, training, and demographic information into DSAID. **(T-0)**

3.4.3.25. Ensure all SAPR personnel documents are kept, either hard copy or electronic, in individual folders IAW Office of Management and Budget (OMB) M-19-21 and AFI 33-322. **(T-1)** The installation principal SARC will secure and maintain any hard copy folders in a secured locked file cabinet in the SAPR office. **(T-1)**

3.4.3.26. Provide the installation or host Wing or Delta commander information to assist in the completion of the 8-Day Incident Report and Commander's Critical Information Requirement (CCIR) report as outlined in DoDI 6495.02V1 and this instruction. **(T-0)** The principal SARC will notify the MAJCOM/FLDCOM SAPR PA or SAPR PS the same duty day for all CCIRs. **(T-1)**

3.4.3.27. Coordinate medical and counseling services between military installations and deployed units related to care for sexual assault victims. **(T-0)**

3.4.3.28. If a SARC is approached by individuals with allegations against each other, each individual will be provided an opportunity to file a report through signature on the DD Form 2910 or DD Form 2910-8, *Reporting Preference Statement for DoD Civilian Employees to Report Adult Sexual Assault Within the SAPR Program*, with the SARC or SAPR VA. In this situation, the SARC will ensure that different SAPR staff are assigned to each individual filing the report. **(T-1)**

3.4.3.29. Immediately notify the supervisory or principal SARC of situations requiring a HRRT. The supervisory or principal SARC will immediately notify the installation or host Wing or Delta commander of the situation. **(T-0)**

3.4.3.30. Perform duties related to the CATCH program IAW DoDI 6495.02V1. **(T-0)**

3.4.3.31. Support development, management, and execution of a SAPR Program budget, as requested.

3.4.3.32. Ensure that government transportation is available to transport victims. **(T-1)**

3.4.4. SAPR VA will:

3.4.4.1. Under a SARC's supervision, serve as the installation's primary sexual assault victim advocate, providing a wide range of essential support, advocacy, and liaison services to eligible military and civilian sexual assault victims and military sexual harassment victims IAW DoDD 6495.01, *Sexual Assault Prevention and Response (SAPR) Program,* DoDI 6495.02V1, DoDI 6495.02V2, and DoDI 6495.02V3.

3.4.4.2. Be trained in and understand confidentiality requirements of restricted report and MRE 514 MCM, 2024 for unrestricted reports. **(T-0)**

3.4.4.3. Be on-call to support 24/7 response capability, reachable, and available to respond timely, but safely, when scheduled for duty and report to the SARC while carrying out sexual assault advocacy responsibilities. **(T-0)** While on-call, SAPR personnel will carry the designated cell phone for the SAPR helpline and answer with a standard professional greeting. Personal cell phone use is prohibited for on-call SAPR response duties. **(T-1)**

3.4.4.4. Provide an immediate in-person response upon receipt of a disclosure of sexual assault.

3.4.4.5. Not respond to a victim, under any circumstances, if under the influence of alcohol or drugs.

3.4.4.6. Conduct non-clinical safety assessments, facilitate trauma-informed care, and provide referrals and non-clinical support to all sexual assault victims and military sexual harassment victims, to include providing information on available options and resources

3.4.4.7. Inform victims of the option for medical treatment, including pregnancy, sexually transmitted infections testing, and a SAFE.

3.4.4.8. Provide victims with necessary information to make informed reporting option decisions as outlined in DoDI 6495.02V1 and DoDI 6495.02V3, Chapter 5, and Chapter 14 of this instruction and facilitate connections to care, centering the victim's preferences.

3.4.4.9. Accompany victims, at the victim's request, to appointments related to the report of sexual assault and military sexual harassment, including MCIO or other law enforcement interviews. Ensure an immediate and coordinated response to the victim during administrative, medical, investigative, and legal procedures, as requested.

3.4.4.10. Provide crisis intervention, as appropriate. Providing counseling, of any kind, is prohibited.

3.4.4.11. Provide the SARC all pertinent documents as required for DSAID and any information necessary to facilitate required notifications as soon as practicable after the report **(T-0)** and no later than the following duty day. **(T-0)**

3.4.4.12. Keep the SARC informed of victim care and maintain current information from case initiation to disposition, to include all referrals.

3.4.4.13. Immediately notify the SARC when a victim is assessed to be in a high-risk situation.

3.4.4.14. Attend the CMG only for cases to which the SAPR VA is assigned. **(T-0)**

3.4.4.15. Be prepared and available to travel, IAW the Joint Travel Regulation (JTR), when requested to provide support, if a victim is traveling for court proceedings related to the sexual assault report. **(T-0)**

3.4.4.16. Inform Service member victims who report a sexual assault or seek mental health treatment for a sexual assault that they have the opportunity to discuss any concerns or issues related to the impact of reporting or seeking treatment on their military career with a GO. **(T-0)**

3.4.4.17. Ensure that they do NOT transport a victim in their privately-owned vehicle. **(T-1)** Transportation is to be acquired individually by the victim or through government transportation. When transporting a victim, a third person may ride in the vehicle with consent from the victim. To preserve the victim's privacy, any third party accompanying while transporting the victim will be D-SAACP-certified SAPR personnel. **(T-1)**

3.4.4.18. Collaborate with the SARC to provide DAF-approved VVA training. This will include the initial training, refresher training, and the 8-hour VVA Orientation for current VVAs that are newly assigned to the installation. Training should include a reminder to VVAs of the sunsetting of the SAPR VVA role on 30 September 2027 and the opportunity to support prevention with the IPPW, if interested. **(T-1)**

3.4.4.19. Be trained to understand and uphold *SAPR Professional Code of Ethics* and act with integrity, treat victims with dignity and compassion, and recognize the interests of the victim as a primary responsibility IAW DoDI 6495.03. **(T-0)**

3.4.4.20. Maintain copies of their own initial and recurring training records, or as assigned by the SARC, to include CEUs as required by DoDI 6495.03. **(T-0)**

3.4.4.21. Establish and maintain relationships, in coordination with the SARC, with local victim support agencies to provide a coordinated and comprehensive support network for sexual assault victims and to promote the enhancement of the SAPR Program. **(T-1)**

3.4.4.22. Assist the SARC with planning, scheduling, and delivery of SAPR training, as needed. **(T-1)**

3.4.5. Collateral duty SAPR personnel (VVA) will:

3.4.5.1. Report directly to the SARC when performing victim advocacy duties; however, no change of rater is initiated. The principal SARC has discretion to decide whether an individual will serve as a VVA based on the needs of that installation and the reduced reliance on VVAs. The principal SARC will consult with the SAPR PA or PS, as needed. **(T-1)**

3.4.5.2. Eligible personnel who are interested in volunteering must complete an interview with the appropriate SARC and SAPR VA, meet screening requirements, successfully complete initial VVA training, and obtain and maintain D-SAACP certification. **(T-0)**

3.4.5.3. Maintain acceptable performance in their non-VVA duties. A record of unacceptable performance by their primary supervisor results in the Service member/employee no longer participating as a VVA until their work is acceptable.

3.4.5.4. After 30 September 2027, VVAs will not provide victim advocacy services, to include taking confidential sexual assault reports, and will not have confidentiality or privileged communications with victims, regardless of D-SAACP certification. Without privilege and confidentiality protections, VVAs may be called as a witness for communications with victims germane to investigative or prosecutorial processes after this sunset date, because victim-victim advocate privilege will not apply. **(T-0)**

3.4.6. Expeditionary victim assistance specialists (EVA) will:

3.4.6.1. Accept official reports of adult sexual assault IAW the guidance throughout this instruction;

3.4.6.2. Provide limited victim assistance while deployed, to include providing referrals, informing victims of their options while deployed, and assisting service members in accessing supportive resources;

3.4.6.3. Address immediate victim assistance and safety needs while working to connect the victims as quickly as possible with a full-time SARC or SAPR VA.

**3.5. Department of the Air Force (DAF) Sexual Assault Response Workforce Model (SARWM) Standardization – Operational and Tactical.** The scope and focus of each SARWM role varies based on position and tier. MAJCOMs/FLDCOMs and installation civilian personnel offices may not modify or change the SAPR SCPD, to include creating developmental PDs or developing new positions outside of DoD- and DAF-authorized billets for the SARW. **(T-0)** An overview of SAPR personnel titles are included in **Table 3.1** below:

**Table 3.1. Operational and Tactical SARW Positions.**

| Tier | Location | SARW Position Title |
|---|---|---|
| Operational | MAJCOM/ FLDCOM | Supervisory SAPR PA |
| | | Supervisory SAPR PS* |
| | | SAPR ES |
| Tactical | Installation | Principal SARC |
| | | Supervisory SARC* |
| | | SARC |
| | | SAPR VA |
| Tactical | Deployed, Expeditionary, or Remote and Isolated | Special Assignment SARC |
| | | Special Duty SAPR VA |
| | | Collateral Duty SAPR VA** |
| * Will be authorized for high-concentration or large population locations.<br>** Will sunset after 30 Sep 2027, except at DAF locations with SARW designation as remote or isolated. DAF locations that are authorized full-time SAPR personnel or have access to Sister Service support are not considered remote or isolated and will not retain collateral duty personnel after 30 Sept 2027. | | |

## Chapter 4

## SEXUAL ASSAULT RESPONSE WORKFORCE (SARW) ELIGIBILITY, SCREENING, AND DEFENSE SEXUAL ASSAULT ADVOCATE CERTIFICATION PROGRAM (D-SAACP)

**4.1. Limiting Career Field Eligibility for Sexual Assault Response Coordinators (SARCs), Sexual Assault Prevention and Response Victim Advocates (SAPR VAs) and Volunteer Victim Advocates (VVAs).** Due to the potential for legal, professional, or community conflicts of interest, the following members will not serve as SARCs, SAPR VAs, or VVAs or be D-SAACP certified: IPPW personnel, True North personnel, individuals on G-series orders, first sergeants, chief master sergeants, Senior Enlisted Leaders, individuals assigned with or working in law enforcement or investigations (including Security Forces and MCIO administrative and training personnel), healthcare personnel (defined in DoDI 6495.02V1 as those who have direct patient care), firefighters, emergency medical technicians, individuals assigned to or working with the Office of the SJA, VC program, Area Defense Counsel, OSTC, EO personnel, Chaplain Corps personnel, and the offices of the Inspector General (IG, IGQ, and IGI). **(T-1)** Full-time SARW personnel who may have potential for conflict due to dual status in a limiting career field will be assessed for eligibility based on unique and specific facts (i.e., serves as a SAPR VA and a Reserve Chaplain). The SARW will receive prevention training and may participate in sexual assault and integrated prevention efforts, however, IPPW and other positions identified as integrated resilience will not perform sexual assault response services or duties, be D-SAACP certified, or supervise SARW personnel. **(T-0)**

**4.2. Requirements for Sexual Assault Response Workforce (SARW) Assignment Eligibility Screening.** SAPR personnel, including VVAs, hold sensitive positions. SARCs will continue to reduce reliance on collateral duty and will eliminate all VVAs and prohibit them from providing direct victim advocacy services for the SAPR Program after 30 September 2027, as directed in the Secretary of Defense Memorandum*, Commencing DoD Actions and Implementation to Address Sexual Assault and Sexual Harassment in the Military,* dated 22 September 2021. **(T-0)** Existing D-SAACP certified VVAs who are not providing direct victim care will have the opportunity to volunteer with the IPPW as effective force multipliers to support IPP activities and culture change efforts (see DAFI 90-5001 for prevention volunteer screening requirements). Screening criteria will be used to determine the assignment eligibility for existing civilian and military members serving with the SAPR Program:

4.2.1. All SAPR personnel must have completed pre-screening Federal Bureau of Investigations (FBI) fingerprint check and Defense Central Index of Investigations (DCII) check or equivalent military records and State Criminal History Repository in collaboration with local security and civilian personnel offices. **(T-0)**

4.2.2. All SAPR personnel must have a favorably adjudicated background investigation (minimum Tier 3) or enrollment in Continuous Evaluation IAW DoDI 6495.02V1 and DoDI 6495.03. SAPR personnel with a favorable determination from a Tier 3 or higher background investigation must be enrolled in Continuous Evaluation as described in DoD Manual (DoDM) 5200.02, *Procedures for the DoD Personnel Security Program (PSP)*. **(T-0)**

4.2.3. MAJCOMs/FLDCOMs will determine if their SAPR positions need additional security clearance requirements, as applicable. **(T-2)**

4.2.4. SAPR personnel must not have a disqualifying condition IAW DoDI 6495.03. **(T-0)** If a candidate indicates a history of D-SAACP, the hiring official should exercise due diligence prior to hiring to ensure that the D-SAACP was in good standing and capable of renewal.

4.2.5. Uniformed personnel may serve in the following DAF SARW positions: special assignment SARC, special assignment SAPR VA, special duty SAPR VA, collateral duty SAPR VA, or expeditionary victim assistance specialist. All DAF SAPR personnel (full-time or collateral duty) must meet the following additional requirements:

4.2.5.1. Military members require a favorable designation on their previous three performance evaluations **(T-1)**:

4.2.5.1.1. Officers: Meets Standards.

4.2.5.1.2. Enlisted: Rating of meets, above average, or clearly exceeds in all categories.

4.2.5.2. No open criminal investigation as an alleged offender. **(T-0)**

4.2.5.3. Never been convicted by a General, Special, or Summary court-martial. **(T-0)**

4.2.5.4. No record of court-martial, non-judicial punishment, or administrative action (Letter of Reprimand, Letter of Admonishment, negative Letter of Counseling, or adverse Record of Individual Counseling) for the last three years that is: **(T-1)**

4.2.5.4.1. Reflecting a lack of character, behavioral, or emotional control.

4.2.5.4.2. Based on unprofessional relationships as defined in AFI 36-2909, *Air Force Professional Relationships and Conduct.* **(T-1)**

4.2.5.5. Never been convicted by a civilian court of a non-traffic offense, misconduct offense, or major misconduct offense, IAW DoDI 1304.26, *Qualification Standards for Enlistment, Appointment, and Induction*. **(T-0)**

4.2.5.6. No annotation of a complaint of sex-related offenses on a performance report IAW AFI 36-2406. **(T-1)**

4.2.5.7. No record of a substantiated complaint against the candidate of reprisal, retaliation, sexual harassment, or abuse of authority within their personnel records. **(T-1)**

4.2.5.8. No additional information from installation SARW, MAJCOM/FLDCOM SARW, or commander that would preclude selection of, deem the individual incompatible with the SAPR Program Code of Ethics, or otherwise indicate the person is unsuitable to serve as a D-SAACP certified member of the SARW. **(T-1)**

4.2.6. Applicants and selectees for AF/A1Z military SAPR billets or positions must possess prior SAPR experience (i.e., previously served as uniformed SARC or VVA). **(T-1)** Social sciences educational background is highly desired.

4.2.7. Screening interviews will be conducted for all uniformed special assignment and special duty candidates. This panel will include the following: principal SARC at the member's current location, principal SARC at applied to/gaining location current and gaining MAJCOM/FLDCOM SAPR PA or SAPR PS, AFPC/DPFZ, and the AF/A1Z D-SAACP management and policy analyst. The gaining MAJCOM/FLDCOM SAPR PA or SAPR PS will support onboarding actions, as needed. SAPR teams will ensure, and AFPC/DPFZ will verify that the selected candidate has no deployment availability code and is world-wide deployable at the time of screening, interviewing, and selection process. **(T-1)** The D-SAACP management and policy analyst will verify that the candidate has met all training and D-SAACP requirements prior to placement in SARW role. **(T-1)**

4.2.7.1. Military SAPR personnel will be strategically recruited, trained, and assigned in order to uphold program standards and provide high-quality response and advocacy to eligible sexual assault victims within the DAF.

4.2.7.1.1. AFPC/DPFZ will work closely with the MAJCOM career field managers and military members to understand requirements for specially assigned military staff to continue to remain competitive and develop professionals, in order to progress in their military careers following a SAPR assignment. **(T-1)**

4.2.7.1.2. MAJCOM/FLDCOM SAPR PAs or principal SARCs will work directly with installation leadership to ensure that specially assigned military staff receive appropriate career growth responsibilities, task opportunities, and mentorship to progress in their military careers following SAPR assignments. **(T-1)** Such oversight and development are vital to the continued recruitment of military personnel into SAPR positions.

4.2.7.1.3. Career field managers coordination will include effective partnership immediately preceding assignment conclusion, to ensure that Service members returning to their primary career fields are being appropriately tracked and prepared for their next assignments.

4.2.7.2. All uniformed SARC applicants will use the standard application and interview formats and documents developed by AFPC/DPFZ and approved by AF/A1Z. Previously approved products must be submitted to AF/A1Z for re-validation and approved annually before continued use. DRU and MAJCOM/FLDCOM SAPR personnel will utilize standardized process and documents to fill all uniformed SARC positions and documents will be retained by AF/A1Z for 2 years after the interview, if not selected, and for 2 years after the individual has vacated the SAPR position, if selected. Application documents of selected personnel will also be maintained locally within their SAPR personnel file. These standardized documents will be made available via the online repository (i.e., SharePoint) within 30 days of publication of this instruction. **(T-1)**

4.2.7.3. Space Force personnel (officer and enlisted) are ineligible to apply for any DAF SAPR military positions, due to their inability to deploy in DAF deployment taskings.

**4.3. Full-Time Sexual Assault Response Workforce (SARW) Eligibility and Requirements.**

4.3.1. All full-time SARW personnel must be a DAF civilian employee or uniformed personnel in authorized special duty or assignment. **(T-0)** Classification professionals and local civilian personnel sections may not modify or change AF/A1Z approved SCPDs or CPDs designated by DoW-approved parenthetical (SAR WF) for tracking and accountability. DAF organizations are prohibited from creating developmental SCPDs, new positions or billets outside of DoD- and DAF-authorized SARW, or realigning SAPR resources (funding or manpower) to fix solvency issues. **(T-0)** Full-time SARW personnel must meet the following grade and position requirements based on their role:

4.3.1.1. All strategic-level SARW must be DAF civilian employees in the appropriate grade of the General Schedule (GS) governed by the mandatory DoD-approved DAF CPD for their SARW role. **(T-0)**

4.3.1.2. All operational SARW must be DAF civilian employees in the appropriate grade of the GS governed by the mandatory DoD-approved DAF SCPD for their SARW role. **(T-0)** USAFA SAPR personnel in positions other than SARCs or SAPR VAs must be DAF civilian employees in the appropriate grade of the GS governed by the mandatory DoD-approved DAF CPD for their SARW role. **(T-0)**

4.3.1.3. All civilian SARCs (including principal and supervisory SARCs) must be DAF civilian employees in the appropriate grade of the GS governed by the mandatory DoD-approved DAF SCPD for their SARW role. **(T-0)**

4.3.1.4. All civilian SAPR VAs must be DAF civilian employees in the appropriate grade of the GS governed by the mandatory DoD-approved DAF SCPD for their SARW role. **(T-0)**

4.3.1.5. Special assignment SARCs will be an O-3 or above. **(T-1)** O-2 candidates may be considered with prior enlisted experience and an approved waiver.

4.3.1.6. Special assignment SAPR VAs will be an O-2 or above. **(T-1)** O-1 candidates may be considered with prior enlisted experience and an approved waiver.

4.3.1.7. Special duty SAPR VAs will be an E-6 or above **(T-0).** They must also be at least 24 years of age. **(T-1)**

4.3.2. Contingent upon complying with required prerequisites (e.g., security clearance, weapons qualification, etc.), civilian SARCs working at an active duty, Reserve, or Guard base must have the installation or host Wing or Delta commander's and MAJCOM/FLDCOM SAPR PA's approval to deploy to ensure adequate coverage is available and in place. **(T-1)**

4.3.3. All SAPR authorizations for officers are identified as a special assignment. All SAPR authorizations for enlisted are identified as a special duty. Uniformed personnel must be released by their career field, meet training requirements, be D-SAACP certified, and be approved by AFPC assignments branch and AF/A1Z to be assigned as a special assignment SARC, special assignment SAPR VA, or special duty SAPR VA. **(T-1)**

4.3.3.1. Special assignment SARCs, once trained and certified, will be required to serve in the SARC capacity for no less than two years. OCONUS special assignment SARCs will be required to serve in the SARC capacity for no less than three years. Short tours are generally 12 months, or IAW DAFI 36-2110, *Total Force Assignments*. **(T-1)** MAJCOMs/FLDCOMs and installations must coordinate any exceptions or modifications to AF/A1Z. **(T-1)**

4.3.3.2. Special assignment SAPR VAs, once trained and certified, will be required to serve in the SAPR VA capacity for no less than two years. OCONUS special assignment SAPR VAs and will be required to serve in the SAPR VA capacity for no less than three years. Short tours are 12 months, if unaccompanied. **(T-1)** Special duty SAPR VAs, once trained and certified, will be required to serve in the SAPR VA capacity for no less than three years. OCONUS special duty SAPR VAs and will be required to serve in the SAPR VA capacity for no less than three years. Short tours are generally 12 months, if unaccompanied, or as outlined in DAFI 36-2110. **(T-1)**

4.3.3.3. Uniformed personnel will not serve as a principal SARC.

4.3.3.4. Special assignment SARCs will serve in both expeditionary deployment taskings and 365-day remote tours. Special assignment SARCs serving in 365-day remote tours will not be tasked for expeditionary deployments. **(T-1)**

4.3.3.5. Special assignment SARCs, special assignment SAPR VAs, and special duty SAPR VAs are worldwide deployable and will deploy to support the AF's commitment to expeditionary missions, ensuring a SAPR Program capability is available in deployed environments. **(T-1)**

4.3.3.6. Special assignment SARCs must complete the approved initial DAF SARC course delivered at AU and be D-SAACP certified. **(T-0)** Special assignment SARCs must work under the supervision of a principal SARC for a minimum of 3 months and demonstrate professional advocacy competencies before deploying. **(T-0)**

4.3.3.7. Special assignment SAPR VAs and special duty SAPR VAs must complete the approved initial DAF SAPR VA course through AU and be D-SAACP certified. **(T-0)** Special assignment SAPR VAs and special duty SAPR VAs must work under the supervision of the principal SARC for a minimum of 3 months and demonstrate professional advocacy competencies before deploying. **(T-0)**

4.3.3.8. The installation or host Wing or Delta commander must endorse and submit fully justified military grade waiver requests through the MAJCOM/FLDCOM deputy commander for endorsement before forwarding to AF/A1Z for review and approval. **(T-1)**

4.3.4. FOAs, DRUs, MAJCOM/FLDCOM, and installations are prohibited from converting civilian or military SAPR billets or creating and cutting SAPR positions without prior coordination through AF/A1Z for SecAF approval. **(T-1)** All conversions must be reviewed and approved by AF/A1Z to ensure strategic SARWM oversight and planning to make certain that DAF has sufficient authorizations to meet the worldwide SAPR deployable mission. **(T-0)**

**4.4. Collateral Duty and Expeditionary Victim Assistance Eligibility and Requirements.**

4.4.1. Collateral duty SAPR VA positions may be designated to supplement the SARW. While this instruction refers to collateral duty SAPR VA positions as VVAs to support communication continuity during the sunsetting phase, any references to collateral duty SAPR VAs in superseding publications apply to VVAs. Only DAF military personnel, AF Reserve or ANG personnel in active status, and DAF civilian appropriated fund employees may serve in collateral duty positions until 30 September 2027. Personnel with limiting career fields as outlined in **paragraph 4.1** of this instruction are ineligible to serve as in collateral duty positions. Reserve personnel assigned to the reserve medical unit may serve in collateral duty positions if they have no direct patient-related duties. **(T-0)** VVAs will not serve in SARC roles. **(T-1)**

4.4.1.1. Civilian (appropriated fund) VVAs must be in the grade of GS-11 or higher. **(T-1)** Civilian VVAs must have their supervisors document their volunteer status and duties, to include hours performing VVA duties, with a PD addendum in their personnel files consistent with current procedures managed by the civilian personnel section. **(T-1)** Civilian VVAs will stop serving in the collateral duty role no later than 30 September 2027 and will not renew their D-SAACP certification. **(T-0)**

4.4.1.2. Enlisted VVAs must be E-6 and above **(T-0)** and at least 24 years of age. Officer VVAs must be O-2 or above. **(T-1)** Officers in the grade of O-1 who were prior enlisted are eligible to serve as VVAs. **(T-1)** All VVAs that hold a current D-SAACP certification outside of AF/A1Z approved SARW roles will be terminated from SARW positions on or before 30 September 2027 with the sunset of VVAs in the SAPR Program. **(T-0)** The final submission cutoff for D-SAACP applications from personnel E-5 and below is 7 August 2026. After this date, the D-SAACP administrator will return any new or renewal applications from this group with the designation "denied due to not meeting rank requirements." Furthermore, all existing D-SAACP certifications granted to E-5 and below personnel will have a fixed expiration date of September 30, 2027, to ensure alignment with the DoW SARW Model implementation timeline. **(T-0)**

4.4.1.3. All collateral duty SARCs who hold a current D-SAACP certification outside of AF/A1Z approved SARW roles will be terminated from SARW positions on or before 30 September 2027 with the sunset of VVAs in the SAPR Program. **(T-0)**

4.4.1.4. VVAs may be used for deployments until the special assignment and special duty capability is established. VVAs may not be appointed into full-time SAPR positions, except when they deploy as SAPR VAs in the AOR and are at least an E-6, trained, and certified. **(T-0)**

4.4.1.5. Any current VVA that does not meet grade or rank requirements may not be exempt and must be removed from the program. **(T-1)** Principal SARCs will remove the Special Experience Identifier (SEI) code for legacy collateral duty SARCs and SAPR VAs by submitting DAF Form 2096, *Classification/On-the-Job Training Action*, to the military personnel section. All collateral duty SARCs and VVAs will have their SEI code removed on or before 30 September 2027. See **Paragraph 13.13.1** for more details. **(T-0)**

4.4.1.6. All collateral duty SAPR VAs (except for EVAs) must attend and successfully complete the foundational SAPR VA course facilitated at AU prior to submitting their D-SAACP application to maintain the same standards, competency, proficiency, and qualifications required for civilian SAPR VAs. **(T-0)**

4.4.2. EVAs are deployed military personnel who are designated to perform limited victim assistance duties until a SARC or SAPR VA is available, or in collaboration with a SARC or SAPR VA. When not deployed, these individuals will not perform victim advocacy duties of the SARW. EVAs must be E-6 or above, complete the DAF-approved EVA course, and obtain D-SAACP prior to performing the duties of an EVA. **(T-0)**

**4.5. Defense Sexual Assault Advocate Certification Program (D-SAACP).** The D-SAACP was established to meet the PL 112-81 § 584 and PL 113-66 § 1725*, Qualifications and selection of Department of Defense sexual assault prevention and response personnel and required availability of Sexual Assault Nurse Examiners,* that required the DoD to institute standardized sexual assault response and professionalize the critical support of SAPR victim advocacy to ensure sexual assault victims are offered the assistance of certified SAPR personnel. It is a requirement to obtain and maintain D-SAACP certification for designated positions in the SARWM as a condition of employment. Only AF/A1Z-approved SARW positions may have D-SAACP certification. Supervisors and appointing authorities will ensure D-SAACP certification is restricted to personnel in AF/A1Z-approved SARW positions. They will further ensure that once an individual departs from a SARW role, their certification is administratively closed, and their certification is not renewed at government expense. An administrative closure does not preclude the individual from reapplying for a D-SAACP certification in the event they transition back to a SARW role at a later date. **(T-0)**

4.5.1. D-SAACP overview. Before providing any direct victim care or having access to SAPR-related case information, all SAPR personnel, to include VVAs and special assignment military personnel, must comply with all eligibility and screening requirements, complete specialized DAF training based on their position, obtain a D-SAACP certification, and be appointed as a SAPR PA, SAPR PS, SAPR ES, SARC, SAPR VA, VVA, or other AF/A1Z-approved SARW position IAW DoDI 6495.02V1, DoDI 6495.03, and this instruction. **(T-0)** Only DoD-approved and DAF-specific foundational SAPR training at AU will be accepted; no other foundational training options will be allowed. National Advocate Credentialing Program certified SAPR personnel may perform SAPR Program functions for up to six months from their start date while awaiting D-SAACP certification, but these functions are limited to training, outreach, and leadership engagement under the direct supervision of a civilian SARC or MAJCOM/FLDCOM SAPR PA or Specialist (SAPR PS). D-SAACP violations will be addressed through AF/A1Z IAW DoDI 6495.03 and this instruction. **(T-0)**

4.5.1.1. SAPR personnel will apply for both initial (using DD Form 2950) and renewal (using DD Form 2950-1) certification through the D-SAACP application. Renewal applications will be submitted before the expiration of their two-year certification, to prevent any lapses of certification. **(T-0)** Beginning in 2023, the D-SAACP Review Committee will hold eight review boards each year and applications will only be considered when received by the deadlines outlined, as outlined at the **https://www.sapr.mil/d-saacp** DoD SAPRO website. Initial or renewal certification will be delayed for identified concerns IAW this instruction.

4.5.1.2. Principal SARCs will review all D-SAACP applications from their installation to ensure accuracy and use of the SARC's official military address. The principal SARC will submit all installation D-SAACP applications to their MAJCOM/FLDCOM PA and the MAJCOM/FLDCOM PA will submit all installation- and operational-level applications to the AF/A1Z D-SAACP management and policy analyst for verification prior to AF/A1Z submitting to the D-SAACP administrator. **(T-1)** SAPR personnel will direct all questions related to D-SAACP applications and process to MAJCOM/FLDCOM SAPR PAs who will forward questions to the D-SAACP management and policy analyst as needed for quality review and oversight. **(T-1)**

4.5.1.3. Once established, SARCs will use the DoD system of record for D-SAACP to maintain completed SAPR training and CEUs for SARW personnel. **(T-0).** Until such time, DAF personnel will refer to the following guidance. AF/A1Z will maintain copies of all D-SAACP applications and certificates for DAF SARW at all levels, including themselves, in an electronic file system for 2 years after separation, retirement, or date of no longer serving in the SAPR role. **(T-1)** SARCs will maintain copies of all D-SAACP applications and certificates for all installation SARW, including themselves, in a locked cabinet or electronically for 2 years after separation, retirement, or date of no longer serving in the SAPR role. **(T-1)** AF/A1Z and SARCs must maintain electronic files IAW the law and DoD and DAF regulations for maintaining personally identifiable information (PII). **(T-1)** SARCs will use DSAID to enter and maintain completed SAPR training and CEUs for SARW. **(T-0)** MAJCOM/FLDCOM and installation SAPR personnel may retain their own documentation for CEUs in addition to these requirements.

4.5.1.4. SAPR VAs and collateral duty personnel that transfer to another location are responsible for informing the losing SARC of the planned transfer. **(T-1)** The SARC will forward the associated D-SAACP documents and CEU certificates and then will transfer the DSAID profile to the gaining SARC. The losing SARC will notify the AF/A1Z D-SAACP management and policy analyst and the gaining SARC of the assignment change for D-SAACP-certified personnel under their purview. **(T-1)** Once an individual has transferred to another installation, the losing SARC is no longer required to maintain their SAPR personnel or VVA file. **(T-1)**

4.5.1.5. When a D-SAACP certified SARW individual certification expires, that individual must immediately cease providing SAPR services IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, and this instruction. The individual will immediately notify their SAPR chain of command and supervisor or appointing authority if certification is expired, to ensure a proper handoff is conducted for continuity of SAPR victim advocacy services.

4.5.1.5.1. If D-SAACP certified personnel have missed eight (8) or more boards or have been out of a SARW role for a minimum of a year, they must re-accomplish the DAF's pre-approved initial training. **(T-0)**

4.5.1.5.2. The D-SAACP prohibits personnel from submitting early renewal applications for future boards and D-SAACP-certified individuals must submit renewal applications during their renewal timeframe. Service-level requests for ad hoc boards will be denied and are prohibited with the implementation of eight (8) renewal boards a year.

4.5.1.6. Request for SAPR records must be made under the Freedom of Information Act process outlined in DoDM 5400.07_ Air Force Manual (AFMAN) 33-302*, Freedom of Information Act Program*. Removal of SAPR files for use outside of official use in the performance of official duties is prohibited. **(T-1)**

4.5.2. D-SAACP education requirements. All SAPR personnel must comply with CEU requirements IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3 and DoDI 6495.03. **(T-0)**

4.5.2.1. To meet the DoD CEU requirements, SARCs and SAPR VAs will comply with **Chapter 13** of this instruction. **(T-0)**

4.5.2.2. SARCs will ensure that CEUs are D-SAACP-approved and meet DoD training requirements as outlined in DoDI 6495.03.

4.5.2.3. May not use training courses used to obtain initial D-SAACP certification (e.g., AU courses, 40-hour VVA) or courses unrelated to victim advocacy or prevention (e.g., facilitator/train-the-trainer courses, TFAT, general ethics) to satisfy CEU requirements. Activities that are not considered training or educational (e.g., participation in run/walk, reading information online, reviewing SAPR policy, volunteering at SAAPM awareness table, facilitating SAPR training) will not count towards D-SAACP CEU course requirements. **(T-0)**

## 4.6. Handling Allegations Against D-SAACP Certified Personnel or Candidates.

4.6.1. Oversight.

4.6.1.1. The commander (MAJCOM/FLDCOM commander or installation or host Wing or Delta commander), supervisor (SAPR PA or SAPR PS), AF/A1Z D-SAACP management and policy analyst, or other appointing authority, hereafter referred to as appointing authorities, will exercise standardized oversight, management, and implementation of suspension of SAPR duties and the suspension or revocation of D-SAACP certifications IAW DoDI 6495.03. **(T-0)** The appointing authority will suspend D-SAACP-certified SARW personnel from performing their respective SAPR duties if an appointing authority receives information that an individual designated in the SARW engaged in activity that is required to be reported IAW DoDI 6495.03, Section 3.6.

4.6.1.2. The appointing authority will work closely with the AF/A1Z D-SAACP management and policy analyst and local civilian personnel services (and AFPC, as appropriate) to ensure that any suspension or revocation processes and actions are aligned and documented IAW DAFI 36-148, *Discipline and Adverse Actions of Civilian Employees*. Any questions regarding the provision of this policy related to the suspension of SAPR duties or the suspension and revocation of D-SAACP should be referred to the AF/A1Z D-SAACP management and policy analyst.

4.6.1.3. MAJCOM/FLDCOM SAPR PAs and PSs, in coordination with the AF/A1Z D-SAACP management and policy analyst, will initiate suspension and revocation actions in the event the individual's direct supervisor or installation Principal SARC, when military personnel, declines to initiate actions to suspend SAPR duties or declines to initiate actions to suspend or revoke a D-SAACP certification when criteria is met for such action. **(T-0)**

4.6.1.4. AF/A1Z, MAJCOM/FLDCOM SAPR PAs, or CCs of MAJCOM/FLDCOMs, DRUs, and FOAs, as appropriate, will initiate suspension and revocation actions for SAPR personnel working at the strategic or operational levels pursuant to processes outlined in DoDI 6495.02V3 and this instruction. **(T-0)**

4.6.2. Suspension of SAPR duties.

4.6.2.1. Prior to investigating an allegation against a SARW personnel, the appointing authority will take administrative action to suspend the assigned duties of a SARW personnel (outlined in **Chapter 3** of this instruction) if information is received that SARW engaged in allegations of disqualifying misconduct, professional misconduct in conflict with the SAPR Code of Ethics, or other applicable cause. **(T-0)** When a D-SAACP certified person or candidate for D-SAACP has had their SAPR duties suspended, they will be prohibited from providing victim assistance, accessing SAPR case information or data, and acting as a representative of the SAPR program while their duties are suspended. **(T-0)** They will be temporarily reassigned to an office performing non-SAPR duties in consultation with the civilian personnel section while the investigation is conducted. **(T-0)** Note: suspension of SAPR duties is not the same as suspended D-SAACP, but is a required initial step prior to investigating allegations that may lead to suspended or revoked D-SAACP.

4.6.2.2. The appointing authority will immediately provide to the D-SAACP-certified individual written notification that an allegation has been received, an investigation has been initiated, and the individual's SAPR role and duties are suspended pending the outcome of the investigation. **(T-0)** The appointing authority will ensure the notification includes that the SAPR personnel will have no contact with victims, victim files, or access to SAPR systems until reinstated by the responsible supervisor or appointing authority. **(T-1)** The individual will sign and date the notification acknowledging suspension of their authority to perform SAPR duties; refusal to sign does not negate the suspension action.

4.6.2.3. The appointing authority will immediately notify AF/A1Z D-SAACP management and policy analyst of the allegations and proposed actions to address the allegations. **(T-0)** The appointing authority will forward documentation of the written notification required by **paragraph 4.6.2.2** to the AF/A1Z D-SAACP management and policy analyst. **(T-1)** The AF/A1Z D-SAACP management and policy analyst will maintain records of all DAF SARW duty suspensions and D-SAACP suspensions and revocations IAW DoDI 5015.02, *DoD Records Management Program*. **(T-0)**

4.6.2.4. The appointing authority will immediately notify the MAJCOM/FLDCOM SAPR PA of the allegations and proposed actions to address the allegations. **(T-1)** MAJCOM/FLDCOM SAPR PAs will assist the installation or host Wing or Delta commander in addressing 24/7 coverage gaps resulting from SAPR personnel being suspended from SAPR duties **(T-1)**

4.6.2.5. AF/A1Z and the DSAID and MSHAD data management analysts will coordinate removal of the individual's access to SAPR systems (DSAID, CATCH, MSHAD) and provide written notification of actions to AF/A1Z D-SAACP management and policy analyst, per established format and timelines. **(T-1)**

4.6.3. Timely investigation.

4.6.3.1. The appointing authority will conduct a timely investigation conducted by an assigned investigator who is independent within their purview IAW DoDI 6495.03. **(T-0)** Informal investigative actions or actions not covered by established DAF procedures are prohibited in response to allegations against SARW personnel covered by this chapter. **(T-0)**

4.6.3.2. The investigation will determine whether any of the suspension or revocation criteria outlined in DoDI 6495.03, Section 3.6.e. (1)-(12) have been met. **(T-0)** Additional DAF suspension and revocation criteria includes:

4.6.3.2.1. Received non-judicial punishment or administrative action (adverse letter of reprimand, negative letter of admonishment, negative letter of counseling, or record of individual counseling). **(T-1)**

4.6.3.2.2. Engaging in conduct reflecting a lack of character or behavioral/emotional control. **(T-1)**

4.6.3.2.3. Violated any disqualifying conditions, as outlined in DoDI 6495.03 and **Chapter 4** of this instruction as determined during a recurring background investigation or CE. **(T-0)**

4.6.3.3. If the SAPR personnel is alleged to have engaged in misconduct that is not a sexual offense, the appointing authority will follow established, formal DAF adverse action or other investigative procedures. **(T-0)**

4.6.3.4. If the SAPR personnel is alleged to have committed a sexual assault or any other offense listed in DoDI 6495.03, the appropriate authority will refer any allegations of criminal misconduct and follow procedures set forth in DoDI 6495.02V1, DoDI 5505.18, and DoDI 5505.03, as appropriate. **(T-0)**

4.6.3.5. If the appointing authority receives information that the individual engaged in activity that is required to be reported pursuant to Security Executive Agent Directive 3 and 4, the appointing authority will follow the procedures set forth in DoDM 5200.02 **(T-0)** Any information reportable under Security Executive Agent Directive 3 must be immediately forwarded through the Defense Information System for Security Portal for consideration and inclusion in the individual's case file. **(T-0)**

4.6.4. Outcomes of investigation.

4.6.4.1. Based on the outcome of the investigation, the appointing authority will consult with the servicing legal office, civilian personnel section, and the AF/A1Z D-SAACP management and policy analyst to determine whether there is enough evidence to support taking action. **(T-0)**

4.6.4.1.1. If sufficient evidence exists to support taking action, the appointing authority will take appropriate action, to include suspension of the D-SAACP certification based on the nexus of the alleged misconduct to the individual's SAPR duties. **(T-0)**

4.6.4.1.2. If the allegations were determined to be unfounded or the suspension of duties done in error, the appointing authority may reinstate SAPR duties after consulting with the servicing legal office, the civilian personnel section, and the AF/A1Z D-SAACP management and policy analyst. **(T-0)** The appointing authority will issue a reinstatement of SAPR duties letter and send a copy to the AF/A1Z D-SAACP management and policy analyst. **(T-1)** The appointing authority cannot reinstate SAPR duties if the person's D-SAACP was suspended or revoked or if there is evidence to support D-SAACP revocation or suspension and those steps have not yet been taken. If the D-SAACP was suspended or revoked, they must follow applicable procedures in DoDI 6495.03 and this instruction related to D-SAACP reinstatement prior to reinstating SAPR duties. **(T-0)**

4.6.4.2. The appointing authority will notify the AF/A1Z D-SAACP management and policy analyst of outcomes and next steps within 24 hours of determination. **(T-1)**

4.6.5. D-SAACP suspension.

4.6.5.1. A D-SAACP suspension is one of two options appointing authorities have when evidence supports revocation or suspension of D-SAACP. The appointing authority will request D-SAACP suspension when there is sufficient evidence of alleged misconduct to warrant suspended D-SAACP**. (T-0)** A D-SAACP suspension is generally meant to be a temporary action that suspends certification until remedial action is complete and the conduct that prompted suspension of duties has been corrected and believed to no longer be an issue. Only the D-SAACP administrator can suspend a D-SAACP certification, and this process will be initiated by the appointing authority's request. **(T-0)**

4.6.5.2. The appointing authority will notify the individual in writing of a decision to suspend a D-SAACP certification. **(T-0)** The appointing authority should use the AF/A1Z-approved template to ensure the notification includes:

4.6.5.2.1. That the SAPR personnel will have no contact with victims, will have no access to SAPR case information, and will not represent the SAPR program; **(T-1)**

4.6.5.2.2. The effective date of the appointing authority's decision; **(T-0)**

4.6.5.2.3. The grounds for the suspension, including specific misconduct, ethical violation, substandard performance, professional or personal impairment, or the reason the appointing authority lost faith and confidence in the D-SAACP-certified individual to perform duties; **(T-0)**

4.6.5.2.4. Instructions for the certified individual to surrender their D-SAACP certificate and wallet identification card to the appointing authority within 24 hours of receipt of the notification letter; **(T-0)**

4.6.5.2.5. Notification of the individual's right to appeal the decision and a description of DAF appeal(s) procedures; **(T-0)**

4.6.5.2.6. The individual's signature and date on the written notification acknowledging suspension of D-SAACP. **(T-0)** Refusal to sign does not negate the suspension action.

4.6.5.3. The appointing authority will provide a copy of the notification letter to the AF/A1Z D-SAACP management and policy analyst as soon as possible and no later than 3 business days from the decision. **(T-0)** The AF/A1Z D-SAACP management and policy analyst will retain the letter IAW DoDI 5015.02. **(T-0)** The appointing authority will provide copies to the respective MAJCOM/FLDCOM SAPR PA and AFPC/DPFZ. **(T-1)**

4.6.5.4. If not already complete, AF/A1Z and the DSAID and MSHAD data management analysts will coordinate removal of the individual's access to SAPR systems (DSAID, CATCH, MSHAD) and provide written notification of actions to AF/A1Z D-SAACP management and policy analyst, per established format and timelines. **(T-1)**

4.6.5.5. The AF/A1Z D-SAACP management and policy analyst will provide the D-SAACP administrator and DoD SAPRO written notification within 5 business days of receipt of the decision to suspend the individual's D-SAACP certification and must include the written report of investigation containing reason(s) for the decision IAW DoDI 6495.03. **(T-0)**

4.6.6. D-SAACP revocation.

4.6.6.1. D-SAACP revocation is the second of two options appointing authorities have when evidence supports revocation or suspension of D-SAACP. When enough evidence exists to support a substantiated violation based on nexus of the misconduct to the individual's SAPR duties, revocation processes will be initiated. **(T-0)** A D-SAACP revocation is generally meant to be a permanent action that will result in the person being removed from the SARW position and ineligible for other positions that require D-SAACP. Only the D-SAACP administrator can revoke a D-SAACP certification, and this process is initiated by the appointing authority's request.

4.6.6.2. The appointing authority will notify the individual in writing of a decision to revoke a D-SAACP certification. **(T-0)** Written notification for revocation must include all suspension procedures (legal and civilian personnel section process and documentation) and the reason(s) for revocation decision outlined in DoDI 6495.03 and this instruction. **(T-0)** The appointing authority should use the AF/A1Z-approved template to ensure the notification includes:

4.6.6.2.1. That the SAPR personnel will have no contact with victims, will have no access to SAPR case information, and will not represent the SAPR program; **(T-1)**

4.6.6.2.2. The effective date of the appointing authority's decision; **(T-0)**

4.6.6.2.3. The grounds for the revocation, including specific misconduct, ethical violation, substandard performance, professional or personal impairment, or the reason the appointing authority lost faith and confidence in the D-SAACP-certified individual to perform duties; **(T-0)**

4.6.6.2.4. Instructions for the certified individual to surrender their D-SAACP certificate and wallet identification card to the appointing authority within 24 hours of receipt of the notification letter, if not already done; **(T-0)**

4.6.6.2.5. Notification of the individual's right to appeal the decision and a description of DAF appeal(s) procedures; **(T-0)**

4.6.6.2.6. The individual's signature and date on the written notification acknowledging revocation of D-SAACP. **(T-0)** Refusal to sign does not negate the revocation action.

4.6.6.3. The appointing authority will provide a copy of the notification letter to the AF/A1Z D-SAACP management and policy analyst as soon as possible and no later than 3 business days from the decision and must include the written report of investigation containing reason(s) for the decision IAW DoDI 6495.03. **(T-0)** The AF/A1Z D-SAACP management and policy analyst will retain the letter IAW DoDI 5015.02. **(T-0)** The appointing authority will provide copies to the respective MAJCOM/FLDCOM SAPR PA and AFPC/DPFZ. **(T-1)**

4.6.6.4. If not already complete, AF/A1Z and the DSAID and MSHAD data management analysts will coordinate removal of the individual's access to SAPR systems (DSAID, CATCH, MSHAD) and provide written notification of actions to AF/A1Z D-SAACP management and policy analyst, per established format and timelines. **(T-1)**

4.6.6.5. The AF/A1Z D-SAACP management and policy analyst will provide the D-SAACP administrator and DoD SAPRO written notification within 5 business days of receipt of the decision to revoke the individual's D-SAACP certification and must include the prior written notification of suspended duties and the written report of investigation containing reason(s) for the decision IAW DoDI 6495.03. **(T-0)**

4.6.6.6. Additionally, the appointing authority will send a final report of investigation resulting in D-SAACP revocation to the servicing security office for the security file to address any derogatory information.

4.6.7. D-SAACP Reinstatement Guidelines.

4.6.7.1. Prior to applying for D-SAACP reinstatement, any allegations, complaints, and related actions for which D-SAACP certification was previously suspended or revoked will be considered by the appointing authority for a determination on whether the individual should resume SAPR personnel duties. **(T-0)**

4.6.7.2. If it is determined that an individual should resume SAPR personnel duties and a SARW personnel's certification has been suspended or revoked for reasons other than administrative error, the appointing authority will provide a reinstatement appointment letter, and reinstatement may be requested by re-applying through the D-SAACP application process with a DD Form 2950-1. **(T-0)**

4.6.7.2.1. AF/A1Z D-SAACP management and policy analyst will provide the appointing authority's reinstatement appointment letter and the individual's DD Form 2950-1 to DoD SAPRO. **(T-0)**

4.6.7.2.2. DoD SAPRO will forward the reinstatement appointment letter with the DD Form 2950-1 to the D-SAACP administrator for review. **(T-0)**

4.6.7.2.3. The D-SAACP administrator will process the request and communicate directly with the applicant about the final disposition of the request for reinstatement. Conditions for reinstatement (e.g., additional training or supervision) may be required on a case-by-case basis. **(T-0)**

4.6.7.2.4. DoD SAPRO will notify AF/A1Z of reinstatements monthly. AF/A1Z will notify the DSAID and MSHAD data management analysts and the SAPR PA of reinstatements so that the individual can regain access to necessary systems.

4.6.7.3. Should a complaint or allegation of misconduct prove unfounded, the individual may be reinstated by submitting a DD Form 2950-1 IAW 6495.03 and this instruction and receiving confirmation of approval. **(T-0)**

4.6.7.4. In instances where a suspension or revocation of D-SAACP certification is due to administrative error, (e.g., Service revoked the wrong applicant), the appointing authority must submit a reinstatement letter to AF/A1Z D-SAACP management and policy analyst who will submit it to the D-SAACP administrator to reinstate the individual and a copy of the letter will be provided to the DSAID and MSHAD data management analysts to update access to SAPR systems. A DD Form 2950-1 is not required in these instances.

## Chapter 5

## SEXUAL ASSAULT REPORTING BARRIERS, CONSIDERATIONS, ELIGIBILITY, AND OPTIONS

**5.1. Barriers to Reporting Sexual Assault.** Commanders and leaders need to be aware of concerns that may deter a victim from reporting a sexual assault. The most common concerns shared by victims include:

5.1.1. Fear of not being believed.

5.1.2. Lack of privacy and confidentiality.

5.1.3. Stigma and shame based on the nature of the crime.

5.1.4. Fear of being reduced (e.g., appearing as weak or incompetent) in the eyes of one's commander (or civilian equivalent) or colleagues.

5.1.5. Fear of disciplinary action due to collateral misconduct.

5.1.6. Fear of re-victimization.

5.1.7. Fear of operational impacts on training status, security clearance, and deployment.

5.1.8. Fear of adverse impact on the unit or mission.

5.1.9. Fear of harassment, retaliation, or reprisal from commanders or colleagues.

**5.2. Safe to Report Policy Overview.** The *Safe-to-Report Policy* implementing PL 116-283 § 539A, *Safe-to-Report Policy Applicable Across the Armed Forces* prescribes the handling of "minor" and "non-minor" alleged collateral misconduct involving a Service member who is the victim of a sexual assault. This policy is intended to encourage victims who may be hesitant to report this crime for fear of negative career impacts or retaliation if there are allegations of minor and non-minor collateral misconduct committed by the victim.

5.2.1. The *Safe-to-Report Policy* is applicable to all Service members including the Air Reserve Component (ARC) and cadets at USAFA. This policy applies to any sexual assault, regardless of to whom the victim discloses the sexual assault and regardless of whether the investigation or prosecution, if any, is handled by military or civilian authorities.

5.2.2. As set out by policy and law, OSTC has exclusive authority over "covered offenses" and may exercise authority over "related offenses" including collateral misconduct allegedly committed by a Service member sexual assault victim. Referrals to OSTC ensure an initial threshold assessment. When OSTC does not exercise authority over the alleged collateral misconduct or when they defer the related covered offense, the commander, in consultation with their SJA, will utilize the analytical framework, criteria, and standard established in the *Safe-to-Report Policy* to assess alleged collateral misconduct against aggravating and mitigating circumstances and address discipline, IAW Enclosure 5 of DoDI 6495.02V1 and DAFI 51-201. **(T-0)**

**5.3. Sexual Assault Reporting Option Eligibility Overview.** Individuals eligible to make unrestricted and restricted reports with the SAPR Program are outlined in DoDD 6495.01, DoDI 6495.02V1 and DoDI 6495.02V3, and this publication. Eligibility criteria include:

5.3.1. Service members (active duty, Guard and Reserve) who were sexual assault victims perpetrated by someone other than the victim's spouse, same sex domestic partner, and/or unmarried intimate partner (see **paragraph 5.3.3.1** for intimate partner criteria).

5.3.1.1. Retirees, separated, and discharged Service members are not eligible to file either a restricted or unrestricted report of sexual assault with the SAPR Program (unless that individual is eligible based on another status, i.e., dependent spouse). However, SAPR personnel can provide a connection to care through the Veterans Administration or local community resources.

5.3.1.2. Service members who were sexual assault victims prior to enlistment or commissioning are eligible to receive SAPR services under either reporting option. SAPR support is available regardless of when or where the sexual assault took place.

5.3.1.3. Prior-to-military-service victimization includes adult sexual assault (including stranger sexual assault and intimate partner sexual assault, if the victim is no longer in the same intimate relationship) and sexual assault that was perpetrated on the military member while he or she was still a child.

5.3.1.4. If reporting a sexual assault that occurred prior to or while not performing active service or inactive training, Guard and Reserve members will be eligible to receive timely access to SAPR advocacy services from a SARC and a SAPR VA and the appropriate non-medical referrals, if requested, in accordance with section 584(a) of the NDAA for FY 2012, as amended by Section 1724 of the NDAA for FY 2014. They also have access to a VC in accordance with 10 U.S.C. section 1044e and are eligible to file a Restricted or Unrestricted Report.

5.3.2. Service members' dependents who are 18 years of age and older, eligible for treatment in the MHS at installations CONUS and OCONUS, and who were sexual assault victims perpetrated by someone other than the victim's spouse, same sex domestic partner, and/or unmarried intimate partner (**see paragraph 5.3.3.1**.).

5.3.3. Adult sexual assault victims who are Service members (or eligible dependents) and are unmarried intimate partners (e.g., "dating") have the option of reporting to SAPR or FAP unless specific criteria are present.

5.3.3.1. Within the context of eligibility for FAP services, an intimate partner is a person who is or has been in a social relationship of romantic or intimate nature by the length of the relationship, the type of relationship, and the frequency of interaction between the victim and alleged abuser, and informed by factors such as previous or ongoing consensual or intimate sexual behaviors, history of dating, expressed interest in ongoing dating, potential for ongoing relationship, self-identification by the victim as intimate partners, emotional connectedness, and familiarity of each other's lives. FAP will manage the sexual assault allegation exclusively when the following criteria exist:

5.3.3.1.1. Domestic abuse or risk of domestic abuse is present;

5.3.3.1.2. The alleged subject is a current or former spouse;

5.3.3.1.3. The alleged subject and victim share a child or children in common;

5.3.3.1.4. The alleged subject and victim share or have shared a common domicile;

5.3.3.1.5. The victim is a military dependent 17 years of age or younger.

5.3.3.2. SAPR and FAP personnel will collaborate with the victim, assess safety, and prioritize victim-centered care and preferences to determine which program will facilitate ongoing support and case management. Refer to DoDI 6495.02V1, DoDI 6400.06, and DAFI 40-301 for additional guidance.

5.3.4. DAF civilian employees, both appropriated and non-appropriated, are eligible to receive limited SAPR services with a signed DD Form 2910-8, *Reporting Preference Statement for DoD Civilian Employees to Report Adult Sexual Assault Within the SAPR Program*. This form is for DAF civilians who do not have another eligibility (i.e., spouse of an Active-Duty member, Traditional Guardsman or Reservist, etc.). Eligible SAPR services are outlined on the DD Form 2910-8. This does not extend medical entitlements they are not already authorized to receive by law or policy. DoD employees of agencies outside of military departments should be connected to care, resources, and referrals to their Workplace Violence Prevention Programs, agency SAPR Program, or community agencies. **(T-0)**

5.3.4.1. During the explanation of services on DD Form 2910-8 **(see Chapter 6)**, the victim who is a DAF civilian employee will be informed that legal representation by the VC program depends upon statutory authorities and will be determined by the VC Division at the time of the request. The victim will be informed that DAF civilian employees are not eligible for non-emergency medical services from the MHS unless the individual reporting is otherwise a beneficiary.

5.3.4.1.1. Emergency care is authorized for certain non-military personnel seeking care in medical treatment facilities as a result of sexual assault. Adults (18 years and older) OCONUS who are not otherwise eligible may receive emergency care when the individual makes an official report and MCIO identifies a DoD nexus as outlined in DoDI 5505.03.

5.3.4.1.2. Limited follow-up medical care directly related to the sexual assault for up to 30 days when clinically appropriate will be provided on a non-reimbursable basis IAW OSW Health Affairs memorandum, *Provision of Healthcare Related to Sexual Assault to Adult Non-Beneficiaries in Outside the Continental United States Locations*, dated June 20, 2025 and pursuant to 10 U.S.C. § 1079b(b) since it enhances knowledge, skills, and abilities of health care providers by preventing degradation of and reinforcing skills.

5.3.4.2. SAPR personnel will inform the victim that DAF civilian employees are not eligible for a PCS to another installation as an expedited transfer. The commander (or civilian equivalent) may work with the victim, SARC, and local civilian personnel office to determine if the individual can be detailed to a different work center to support victim recovery.

5.3.4.3. Adult dependents (18 years of age or older) of civilian employees stationed OCONUS and who are eligible for treatment in the MHS at military installations or facilities OCONUS are eligible for limited SAPR services using the unrestricted reporting option.

5.3.4.4. U.S. citizen DoD contractor personnel and their U.S. citizen employees, when they are authorized to accompany the Armed Forces in a contingency operation OCONUS, are eligible for limited SAPR services using the unrestricted reporting option. Medical services may be provided to contractors covered under DoDI 6495.02V1 and this instruction.

5.3.5. Unless otherwise eligible as a Service member or Tricare beneficiary, the following non-military individuals are only eligible for the unrestricted report option and to receive emergency medical services in the MHS, at no cost:

5.3.5.1. DoD civilian employees' dependents 18 years of age and older when they are stationed or performing duties OCONUS.

5.3.5.2. U.S. citizen DoD contractor personnel when authorized to accompany the Armed Forces in a contingency operation OCONUS and their employees who are U.S. citizens.

5.3.6. Prison Rape Elimination Act (PREA). Service members in DoD confinement facilities may elect an unrestricted report of sexual assault by signing a DD Form 2910 IAW PREA of 2003, PL 108-79 and governed by 28 CFR Part 115.

5.3.6.1. Service member prisoners are not eligible for restricted reporting since all allegations of sexual assault must be investigated IAW PREA. The PREA "Anonymous" reporting option (i.e., when there is no signed DD Form 2910) will be documented as an "open with limited" case in DSAID by the servicing SARC

5.3.6.2. Service members who have been discharged with a DD Form 214, *Certificate of Release or Discharge from Active Duty*, even though potentially still incarcerated, are not eligible for SAPR reporting or victim advocacy services.

5.3.7. Allegations of non-sexual assault in violation of 10 USC § 928, *Assault* (Article 128, UCMJ), are not governed by this instruction.

5.3.7.1. Consult with the servicing legal office, as required, for clarification and guidance concerning whether a report concerns an allegation of sexual assault.

5.3.7.2. Regardless of eligibility to make an official report for SAPR advocacy or support services, anyone may report a sexual assault or other criminal activity to OSI.

**5.4. Sexual Assault Reporting Options.** The DAF is committed to ensuring sexual assault victims are protected, treated with dignity and respect, and provided support, advocacy, and care. To achieve these objectives, the DAF has two sexual assault reporting options: restricted report and unrestricted report. A disclosure of sexual assault is an individual sharing with anyone about a sexual assault incident they experienced. For the purposes of this instruction, an official report of sexual assault with the SAPR Program is 1) a signed DD Form 2910 or DD Form 2910-8 electing a restricted report or unrestricted report reporting option filed with the SAPR personnel or 2) when an OSI (or other MCIO) investigator initiates an investigation (e.g., third party notification, independent investigation or open with limited in DSAID).

5.4.1. Restricted report option.

5.4.1.1. A restricted report allows sexual assault victims to confidentially disclose the assault to specified individuals (e.g., SARC, SAPR VA, or healthcare personnel) and officially elect this option with a signed DD Form 2910 or DD Form 2910-8. The victim may receive medical treatment, including emergency care, counseling, and assignment of a SAPR VA, without triggering an official investigation. This option is intended to remove barriers to healthcare (to include mental health and medical) and support while giving the victim additional time and increased control over the release and management of personal information.

5.4.1.2. The restricted report option is available to eligible victims who did not previously elect to make an unrestricted report with a SARC or SAPR VA by signing a DD Form 2910 or DD Form 2910-8 on the same sexual assault incident, unless they have personally reported their sexual assault incident to law enforcement (including OSI). Victims covered by this instruction are eligible to file sexual assault restricted reports even if:

5.4.1.2.1. The allegation of sexual assault had been inadvertently or previously disclosed to their commander or to other personnel in their chain of command by the victim, suspect, or third party.

5.4.1.2.2. There is an ongoing OSI investigation into the sexual assault incident initiated by a third party and not due to the victim's disclosure to law enforcement.

5.4.1.2.3. The OSI investigation into the sexual assault incident has been initiated, in progress, or closed.

5.4.1.3. Expanded eligibility of the restricted report option for victims does not impact mandatory reporting obligations and required notifications for personnel designated as mandatory reporters. Mandatory reporters must report their knowledge of a sexual assault and immediately notify the SARC and OSI. **(T-0)** As described in DoDI 6495.02V2, mandatory reporters include the following personnel: Commanders, chain of command (includes supervisors, supervisory chain, first sergeants, and senior enlisted leaders in the victim's chain of command), law enforcement (includes OSI and Security Forces both on and off-duty – **see paragraph 5.4.1.3.2** for Law Enforcement Sexual Assault Victim Disclosure Exception) and instructors.

5.4.1.3.1. A victim's communication with another person (e.g., roommate, friend, family member) does not, in and of itself, prevent the victim from later electing to make a restricted report, which is confidential, not anonymous, reporting. SARCs, SAPR VAs, and VVAs will inform victims that sharing information about their sexual assault with individuals other than those with privileged communications may result in the initiation of an independent investigation or third-party disclosure to OSI or OSTC if shared with a mandatory reporter. SARCs and SAPR VAs are prohibited from disclosing information unless an exception to a restricted report applies.

5.4.1.3.1.1. A victim may disclose a sexual assault incident to someone in her or his chain of command without realizing that, as a result of doing so, personnel in the chain of command are still required to immediately notify the commander and OSI. If the victim's chain of command or law enforcement personnel is made aware of a sexual assault, they will immediately contact OSI or OSTC to initiate an investigation and the SARC to provide an overview of available SAPR services. **(T-0)**

5.4.1.3.1.2. In this circumstance, a victim may still elect to file a restricted report because he or she did not directly report the crime to law enforcement or OSI or previously file an unrestricted report on the same sexual assault incident. Electing a restricted report does not preclude the initiation of an investigation into the sexual assault allegations.

5.4.1.3.1.3. A concurrent independent investigation by OSI does not preclude the individual identified as a victim in the matter from being eligible to file a restricted report.

5.4.1.3.1.4. Even though the restricted report does not directly impact the status of any already initiated or ongoing investigation, the restricted report does provide the victim a level of privacy. The victim's commander, once he or she knows of the restricted report status of the victim, will not ask the SARC or SAPR VA any details about the restricted report, nor will the commander seek to speak to the victim about the reported sexual assault incident, unless an exception to restricted report applies IAW DoDI 6495.02V1.

5.4.1.3.1.5. Victims may decline to participate in a sexual assault investigation. The victim's declination to participate has no compulsory effect on the investigative or military justice process and processes may proceed as appropriate and can continue without the victim's participation. However, in situations where a victim's statement is required to identify the alleged subject and/or is essential to the furtherance of the case, the victim's declination to participate may result in the investigation being terminated.

5.4.1.3.1.6. Victims retain eligibility for a restricted report after the independent investigation has closed to access SAPR advocacy services that facilitate access to medical and mental health care, VC, and a safety assessment. In addition, after filing the restricted report, victims receive a copy of the completed DD Form 2910, which they can use with the Department of Veterans Affairs as documentation of their sexual assault report, such as when seeking healthcare services or filing a disability claim.

5.4.1.3.2. DoDI 5505.18, paragraph 3.9.b., establishes the Law Enforcement Sexual Assault Victim Disclosure Exception for law enforcement (military, DoD civilian, and MCIO), which allows certain adult victims to disclose a sexual assault in personal conversations with law enforcement without triggering an investigation. See **Paragraph 5.5.3** of this instruction and DoDI 5505.18, paragraph 3.9.b and Glossary, for more information.

5.4.1.3.3. OSI retains the responsibility to investigate criminal offenses they become aware of from a victim's chain of command or a third-party reporter, IAW DoDI 5505.03 and DoDI 5505.18.

5.4.1.4. Victims choosing not to participate in MCIO investigations initiated upon third-party disclosure or by command (e.g., if a Service member discloses a sex-related offense to a supervisor in the chain of command) may do so by submitting a **Section 540K** *Declination to Participate in the MCIO Investigation* letter (also known as a "Section 540K Declination Letter") IAW DoDI 6495.02V1.

5.4.1.4.1. Victims choosing not to participate in an OSI investigation at any point in time or for various circumstances, will be provided the opportunity to document their decision by completing the Air Force Office of Special Investigations (AFOSI) Form 112, *Air Force Office of Special Investigations Victims Preference Statement*.

5.4.1.4.2. In cases where an alleged subject is identified, military law and policy requires the investigation to continue despite the victim's wishes, to reflect the overarching need of the DAF to promote public safety while also ensuring good order and discipline. **(T-0)**

5.4.1.4.3. Cases involving an alleged subject in a position of authority will be fully investigated in all circumstances, despite a victim filing a **Section 540K** Declination Letter or AFOSI Form 112.

5.4.1.5. A restricted report does not create any additional rights for the victim or alleged offender or constitute a grant of immunity for any actionable conduct by the alleged offender or the victim. **(T-0)**

5.4.1.6. Receiving restricted reports of sexual assault.

5.4.1.6.1. Eligible victims interested in filing a restricted report must complete and sign DD Form 2910, or a DD Form 2910-8 for DAF civilian employees, with a SARC, SAPR VA, or VVA.

5.4.1.6.2. Healthcare personnel and providers (mental health and medical) can receive a disclosure of sexual assault and will coordinate with the SAPR program to facilitate a restricted report to maintain this reporting option. Healthcare personnel and providers will immediately notify the SARC or SAPR VA to facilitate sharing of reporting options (restricted and unrestricted) and all available services and resources so the victim can make an informed decision. The victim's reporting preference will be documented by the SARC or SAPR VA with a signed the DD Form 2910 or signed DD Form 2910-8. SAPR personnel will explain victim advocacy and services are optional and the victim can decline services in whole or in part at any time throughout this process.

5.4.1.6.3. If a disclosure is made to healthcare personnel and providers and it cannot reasonably be determined whether the disclosure is intended to be a restricted report, it will be treated as a restricted report to the greatest extent possible until the SARC can establish the victim's eligibility and intentions through the signed DD Form 2910.

5.4.1.6.4. Improper disclosure of confidential communications under restricted report or improper release of medical information are prohibited and may result in disciplinary action pursuant to the UCMJ or other adverse personnel or administrative actions.

5.4.1.6.5. Chaplains, Religious Affairs Airmen and Guardians, legal assistance attorneys, defense counsel, and VCs entitled to privileged communications cannot take an official restricted report (an official report of sexual assault in the SAPR Program is a signed DD Form 2910 with a SARC or SAPR VA). However, they can maintain confidentiality for a restricted report and will assist with contacting a SARC, SAPR VA, or VVA, with the victim's consent, to ensure that a victim is offered a connection to care for SAPR services if the victim chooses.

5.4.1.7. Victims making restricted reports and electing to participate in the CATCH Program must make the election on the DD Form 2910 or DD Form 2910-8 when the alleged subject is a Service member and receive information for the CATCH Program entry from the SARC or SAPR VA IAW DoDI 6495.02V1 and **Chapter 6** of this instruction.

5.4.1.8. Victims may elect to convert a restricted report to an unrestricted report at any time after the DD Form 2910 or DD Form 2910-8 is signed. SARCs will follow established unrestricted report notification requirements after a victim signs the DD Form 2910 or DD Form 2910-8 to convert the restricted report to an unrestricted report.

5.4.2. Unrestricted report Option.

5.4.2.1. An unrestricted report activates victim support services and accountability (investigative and legal) processes in response to this crime. The SARC will notify the victim's commander within 24 hours of the respective form being signed, the DD Form 2910 or DD Form 2910-8 for DAF civilian employees. . **(T-0)** The victim's commander will immediately notify OSI, providing the victim's name, unit, and preferred contact information, and OSTC **(T-0)** SAPR personnel will facilitate the connection with VC, dependent upon victim preference. SAPR personnel will not provide the DD Form 2910 or DD Form 2910-8 to commanders, OSI, or law enforcement for unrestricted reports of sexual assault.

5.4.2.2. Retaliation allegations related to unrestricted reports of adult sexual assault filed with a DD Form 2910 can be reported to the SAPR office. Retaliation reporters may file an official report of sexual assault-related retaliation with a SARC or SAPR VA through a DD Form 2910-2, *Retaliation Reporting Statement for Unrestricted Sexual Assault Cases*. Only DAF civilian employees who are adult military dependents or part of the ARC (Reservists and National Guard) may report retaliation allegations through DD Form 2910-2. Retaliation reporters can always report retaliation allegations directly to the IG DoD.

5.4.2.3. Receiving unrestricted reports of sexual assault.

5.4.2.4. Any disclosure of sexual assault made by the victim directly to a SARC or SAPR VA with a signed DD Form 2910 electing this option will be considered an unrestricted report. If a victim elects this reporting option, a victim will not have the option to convert from an unrestricted report to a restricted report.

5.4.2.4.1. Victims filing an official unrestricted report through the SAPR Program must do so by signing the DD Form 2910 with the SARC or SAPR VA. Refer to DoDI 6495.02V1 for special circumstances and **Chapter 6** of this instruction for eligibility to participate in the CATCH program under the unrestricted report option.

5.4.2.5. A disclosure of sexual assault made to DoD law enforcement or OSI with no associated DD Form 2910 signed by the victim will be considered an independent investigation or third-party disclosure when sexual assault information is provided by someone other than the victim (e.g., "open with limited" in DSAID).

5.4.2.6. An OSI agent will provide victims, if they have not already received one, a completed DD Form 2701, *Initial Information for Victims and Witnesses of Crime*, which covers victim rights and POCs, to victims with an unrestricted report or independent investigation.

5.4.2.7. When a SARC becomes aware that an alleged subject in one victim's unrestricted report has also been accused of committing an offense against a different victim who has filed a report with the SAPR Program, the SARC will seek immediate guidance from the servicing legal office and will not disclose this to the victims.

5.4.3. If a sexual assault (1) occurs in the workplace, and (2) results in a physical injury, and (3) the victim files an unrestricted report, the principal SARC will contact the installation Safety Office within 48 hours.

5.4.3.1. Dorms, base housing, and base facilities do not qualify as a workplace, unless the individual is employed in the facility and on-duty at the time of the sexual assault. These acts are recorded by Safety personnel IAW DAFI 91-204, *Safety Investigations and Reports*.

5.4.3.2. The principal SARC will ensure the victim's name does not appear on the Occupational Safety and Health Administration (OSHA) Form 300, *Log of Work-Related Injuries and Illnesses*; the term "privacy case" is entered in the space normally used for the employee's name.

5.4.3.3. The Principal SARC or SAPR VA will coordinate with OSI or equivalent MCIO, or other law enforcement agency investigating the unrestricted report, before reporting the incident to the Safety Office.

5.4.3.4. Workplace physical injuries may also be reported by the victim for injury compensation IAW DAFI 91-204.

**5.5. Confidentiality and Privacy of Sexual Assault Reports, Exceptions, and Unauthorized Disclosures of Restricted Reports.** Information regarding restricted reports should only be released to persons authorized to accept restricted reports or as required by law. Information regarding unrestricted reports should only be released to personnel with an official need to know or as authorized by law. Unless authorized by law, regulation, consent of the victim, or when required by other competent authority, commanders and SAPR personnel will not release medical information, regardless of whether a victim elects a restricted report or an unrestricted report and will protect the privacy of victims and details about the sexual assault incident to the extent permitted by law, directive, instruction, and policy. Failure to obey this paragraph constitutes a violation of Article 92(1), UCMJ—failure to obey lawful order or regulation. Article 92(1) of the UCMJ does not apply to members of the ANG while in state active duty status (that is, activated for state duty under state command), but ANG members may be subject to an equivalent article under a state code of military justice and state, county or local laws or statutes.

5.5.1. All communications between the victim and D-SAACP certified SAPR personnel will remain privileged except for the minimum information necessary to make an unrestricted report, specifically the victim's name preferred contact information, and preference for a VC to the victim's immediate commander for the commander's OSI notification requirement. A victim may refuse to disclose or to prevent any disclosure as outlined in DoDI 6495.02V1 and DoDI 6495.02V3 and MRE 514 MCM, 2024.

5.5.2. D-SAACP certified SAPR personnel, or healthcare personnel who receive a restricted report of sexual assault are prohibited from disclosing any covered communications unless an exception exists as outlined in DoDI 6495.02V1 and DoDI 6495.02V3 and in consultation with the servicing legal office. State laws that require disclosure of PII of the adult sexual assault victim or suspect to local or state law enforcement by D-SAACP certified SAPR personnel and DoD healthcare personnel are preempted when a report is made on a DoD installation or in the MHS, except when disclosure of PII is necessary to prevent or mitigate serious and imminent threat to the health or safety of an individual.

5.5.3. Law enforcement sexual assault victim disclosure exception**.** DoDI 5505.18, paragraph 3.9.b, establishes the Law Enforcement Sexual Assault Victim Disclosure Exception for law enforcement (Security Forces Certified Law Enforcement Officers, OPM series 0083 Civilian Police Officers, and MCIO). This exception now allows law enforcement victims to disclose during personal conversations with other law enforcement personnel who are outside of the victim's chain of command or supervisory chain that they were victims of sexual assault without prompting a command notification or the initiation of an investigation. For purposes of this exception, the "supervisory chain" includes formal evaluators, team leads, task force leaders, team chiefs, branch chiefs, and similar positions. Law enforcement victims disclosing sexual assaults under these circumstances may still maintain eligibility for restricted or unrestricted reporting with SAPR. This exception extends to personal conversations where a law enforcement member's adult family member discloses being a sexual assault victim. Law enforcement personnel who are outside of the victim's chain of command and who are outside of the victim's supervisory chain must ask if the victim wants the disclosure to remain private (personal), and if so, no law enforcement reporting or MCIO notification is required, unless the disclosure is made to their supervisory chain, chain of command, required by law, or safety concerns exist. Personnel receiving such disclosures will also encourage the victim to report

the incident to a SARC or SAPR VA, to be informed of reporting options, victim's rights and available services.

5.5.4. Unauthorized disclosures. Unauthorized disclosure of a confidential communication, improper release of medical information, and other violations of DoDI 6495.02V1 and this instruction may result in discipline or administrative action pursuant to the UCMJ.

5.5.4.1. If a SAPR VA, VVA, or healthcare personnel makes an inadvertent, unauthorized disclosure of a confidential communication, the SARC will be notified.

5.5.4.2. SARCs will immediately notify, without revealing any PII, the appropriate supervisor (installation or host Wing or Delta commander or the MAJCOM/FLDCOM SAPR PA or SAPR PS) of any inadvertent unauthorized disclosure of a confidential communication made by a SARC, SAPR VA, or VVA. **(T-0)** MAJCOM/FLDCOM SAPR PAs will notify the AF/A1Z D-SAACP management and policy analyst and document actions on the D-SAACP quarterly report. **(T-1)**

5.5.4.3. The SARC will notify the victim of the inadvertent disclosure and review the process or circumstance that led to the unauthorized disclosure.

5.5.4.4. Unauthorized disclosures have no impact on the status of the restricted report. All restricted report information is still confidential and protected. Unauthorized or inadvertent disclosures made to a commander (or civilian equivalent), supervisor, or law enforcement will result in notification to OSTC and OSI or equivalent MCIO, which may initiate an investigation. **(T-0)** An independent investigation does not automatically convert the restricted report to an unrestricted report.

**5.6. Non-Participating Victim.** For victims choosing either restricted report or unrestricted report and who decline to participate in an investigation, the following guidelines apply:

5.6.1. Disclosure of details regarding the incident will be limited to only personnel who have an official need to know. The victim's decision to decline to participate should be honored by all personnel charged with the investigation or prosecution of sexual assault cases, to include, but not limited to, commanders, DoD law enforcement officials (MCIO), and personnel in the victim's chain of command. If at any time the victim who originally chose the unrestricted report option declines to participate in the investigation or prosecution, that decision will be honored. The victim will be informed by the SARC, SAPR VA, or VC that the investigation may continue regardless of whether the victim participates.

5.6.2. The victim's decision not to participate in the investigation will not affect access to advocacy services provided by SAPR personnel, medical and mental health care, or services from a VC. These services should be made available to all eligible sexual assault victims. VC services will be made available IAW statutory and regulatory guidance as discussed in DAFI 51-207, *Victim and Witness Rights and Procedures*.

5.6.3. If a victim approaches a SARC, SAPR VA, VVA, or healthcare personnel (mental health and medical) and begins to make a report but changes their mind without signing the DD Form 2910 or DD Form 2910-8, the above personnel are not under any obligation or duty to notify OSI, OSTC, or commanders about this disclosure and will not produce a report or disclose any communications. If law enforcement or commanders ask about the report, disclosures can only be made IAW exceptions to MRE 514 MCM, 2024 (for communications to SARW personnel) or MCM, United States, MRE 513, *Psychotherapist—Patient Privilege,* 2024 (for communications to mental health providers) as described in those rules and DoDI 6495.02V1.

5.6.3.1. Eligible victims may consult with a VC or retain private counsel, at their own expense, on a wide variety of military justice process matters, including a desire not to participate in the investigation IAW 10 USC § 1044e, *Special Victims' Counsel for Victims of Sex-Related Offenses,* and DoDI 5505.18.

5.6.3.2. The number of Section 540K Declination Letters or AFOSI Form 112 and reasons for declining participation in the investigation, if known, will be reported in DSAID and may be used to comply with congressional reporting requirements or other requests for information, as appropriate.

5.6.3.3. Victims may decline to participate in a sexual assault investigation IAW DoDI 5505.18. The victim's declination to participate has no compulsory effect on the investigative or military justice process; the investigation or military justice process may proceed as appropriate and can continue without the victim's participation.

5.6.3.4. In situations where the victim's statement is required to identify the alleged subject and/or essential to the furtherance of the case, the victim's declination to participate may result in the investigation being terminated.

5.6.3.5. Cases where a subject has been identified require the investigation to continue IAW military law and policy, despite the victim's wishes. The latter reflects the overarching need in the military not only to promote public safety, but also to ensure good order and discipline within the Force.

**5.7. Section 540K Declination Letter Overview.** Section 540K Declination Letter applies to independent investigations and does not apply to investigations initiated as a result of an unrestricted report. Cases involving an alleged subject in a "position of authority" will be fully investigated in all circumstances, despite a victim filing a Section 540K Declination Letter or AFOSI Form 112.

5.7.1. Assessing a victim's intended level of participation at the outset of an investigation may allow criminal investigators to determine if conditions permit them to respect the victim's documented desire for privacy. If conditions allow an investigation to be terminated based on a victim's declination to participate, then the DAF should accede to the victim's desires, whenever practicable.

5.7.2. Moreover, a victim's declination to participate in an investigation will be fully acknowledged by criminal investigators (i.e., OSI), who will tell the victim that OSI understands the victim's concerns. The OSI acknowledgment will also make it clear to the victim that their decision was considered, explain whether the victim's decision will drive closure of the case, and, in cases where investigation must proceed, OSI should explain to the victim why the case was not closed.

5.7.3. To protect the loss of critical evidence and to protect the privacy of the victim, OSI should, whenever practicable, prioritize other investigative activity associated with the allegation and proceed with investigating the offense consistent with this instruction, without the involvement of the victim, until they have spoken to the victim about their intended level of participation or until OSI has received the victim's declination letter. In addition, whenever practicable, OSI will formulate an investigative protocol that aims to protect the victim's privacy until OSI has spoken with the victim. In situations where the victim intends to decline to participate in the investigation, the Section 540K Declination Letter or AFOSI Form 112 will be the official means by which a victim will document their decision not to participate in an investigation and, if desired, the rationale for the decision, and the victim will then be encouraged to consult with a VC and provide OSI with written notice of his or her decision as soon as possible.

5.7.4. In situations where the victim has met with a SARC or SAPR VA, and even if the victim opts not to file an official report through a DD Form 2910, the SARC or SAPR VA must facilitate a Safety Assessment IAW DoDI 6495.02V1 and notify the victim of the option to have a SAFE, if applicable. The SARC or SAPR VA will inform the victim of the opportunity to submit the suspect's information in the CATCH Program.

5.7.4.1. Regardless of whether the victim filed a DD Form 2910, the SARC or SAPR VA will offer the victim a referral to a VC, if eligible, and recommend that the victim meet with a VC or consult with retained private counsel to fill out the Section 540K Declination Letter or AFOSI Form 112, as desired.

5.7.4.2. If the victim meets with their assigned VC, the VC will address topics as outlined in DoDI 6495.02V1, DoDI 1030.04, *Special Victims' Counsel Programs*, and DAFI 51-207.

5.7.4.3. If the victim does not or declines to consult with a VC or private counsel and informs the assigned OSI investigator that she or he does not want to participate in the investigation, the OSI investigator will give the victim a Section 540K Declination Letter form or AFOSI Form 112 and repeat the recommendation that the victim meet with a VC for assistance with filling out the letter, and the implications associated with doing so. The OSI investigator will also ask the victim if:

5.7.4.3.1. Anyone is influencing or coercing the victim to decline to participate in the investigation.

5.7.4.3.2. Anyone is threatening or retaliating against the victim because of the open sexual assault investigation.

5.7.4.3.3. He or she has any safety concerns related to the investigation of the sexual assault incident.

5.7.5. If the victim submits a **Section 540K** Declination Letter or AFOSI Form 112, the OSI investigator will notify his or her installation-level field supervisor for a decision on whether the investigation should be closed. Such decisions will follow established policy and involve legal coordination, as appropriate.

5.7.5.1. The investigation will be paused pending approval by the OSI installation-level field supervisor. The victim's Section 540K Declination Letter or AFOSI Form 112 and the approval/disapproval to close the case will be documented in the case file with the date and the name of the supervisor.

5.7.5.2. If the OSI installation-level field supervisor approves closing the investigation, OSI will notify the victim or their legal representative that the investigation is closed but can be reopened at any time if the victim changes their mind. OSI documents in the case file that the notification was made to the victim (or his or her designated VC or private counsel) with the date, time, and method of notification.

5.7.5.3. If circumstances do not allow for the termination of the investigation, such as when the identity of the alleged subject is known or investigators have viable leads to discover it, the installation-level field supervisor will disapprove closing the investigation and require investigators to notify the victim of that decision to continue the investigation and the reasons for doing so.

5.7.5.4. In all circumstances, the victim's Section 540K Declination Letter or AFOSI Form 112 will be retained by OSI, as this reflects an investigatory process and not a SAPR advocacy function.

5.7.5.5. If the victim retains a VC or private counsel, the MCIO shall follow similar procedures as described above, but instead direct all communication to the VC, as appropriate.

5.7.5.6. Third-party individuals who disclose information about a sexual assault will not be notified of OSI's decision to honor the victim's request not to participate in the investigation. These disclosures often reflect an individual's concern for the safety of the reported victim, the mission, and for society. However, it is not DoD or DAF's policy to inform a third-party of the status of a criminal investigation when the third-party is not the victim. OSI will inform third parties upon receipt of an allegation that the status or eventual outcome of the investigation will not be shared with them.

5.7.5.7. Criminal investigations will proceed according to established policy and procedure when victims do not submit the Section 540K Declination Letter or AFOSI Form 112. A delay in submission of the letter may jeopardize OSI's ability to close the investigation.

## Chapter 6

## SEXUAL ASSAULT-RELATED FORMS, RETALIATION REPORTING, CATCH PROGRAM, AND SEXUAL ASSAULT PREVENTION AND RESPONSE RELATED INQUIRY (SRI) OPTIONS AND ELIGIBILITY

**6.1. Overview of SAPR DoD Forms.** To standardize and facilitate SAPR Program oversight, the following DoD forms will be used for documentation of various SAPR Program options, victim elections and victim services, CATCH entry, CMG, QCMG, and HRRT. The 2910 series forms will be uploaded by SARCs into DSAID within 48 hours of completion to ensure the protection of any potential PII and to make forms more easily retrievable in one centralized database. **(T-0)** These forms will be retained for 50 years. SAPR personnel will keep all hard copies under double lock and key in the office of the principal SARC. All forms will be destroyed once uploaded into DSAID except for restricted report DD Form 2910s. **(T-0).** Restricted report DD Form 2910s will be uploaded into DSAID and will be retained as physical hard copies IAW the Records Disposition Schedule. **(T-1)**

6.1.1. DD Form 2965, *Defense Sexual Assault Incident Database (DSAID) Data Form*. Used by SAPR personnel for collecting required data for DSAID. The DD Form 2965 is not a permanent form. Creation and use of separate data collection forms is not authorized. The SARC will destroy the DD Form 2965 as outlined in DoDI 6495.02V1 and guidance in DD Form 2965. **(T-0)**

6.1.2. DD Form 2910, *Victim Reporting Preference Statement*. Used by eligible adults to elect a reporting option (restricted report or unrestricted report), file an official report of sexual assault with the SAPR Program, and to capture victim contact information for victims who wish to submit CATCH entries. A disclosure of sexual assault is not an official restricted report or unrestricted report of sexual assault with the SAPR Program without a signed DD Form 2910.

6.1.3. DD Form 2910-1, *Replacement of Lost DD Form 2910, Victim Reporting Preference Statement*. Used if a sexual assault victim requests a copy of a previously filed DD Form 2910, and the original paper or electronic copy cannot be located.

6.1.3.1. Victims may elect to convert their original restricted report option to unrestricted report when completing this form.

6.1.3.2. DD Form 2910-1 will take the place of the original DD Form 2910 and must be uploaded into DSAID. This replacement form cannot be used to replace legacy victim preference statements (i.e., forms before official DD Form 2910 created). Installation SAPR programs will follow the operational guidance provided by AFPC/DPFZ when a victim requests a DD Form 2910-1. **(T-0)**

6.1.4. DD Form 2910-2, *Retaliation Reporting Statement for Unrestricted Sexual Assault Cases.* Retaliation reports related to an existing unrestricted report of sexual assault can be filed with the SAPR Program.

6.1.4.1. Eligible persons include adult sexual assault victims with previously filed unrestricted report, adult sexual assault victim's adult family member (e.g., spouse, son, daughter), witness, bystander who intervened, SARC or SAPR VA on the case, responder, other party to the incident (e.g., friend, coworker). **(T-0)**

6.1.4.2. SARCs and SAPR VAs will inform eligible sexual assault-related retaliation reporters that they may report allegations or seek different avenues for assistance including: VC, SARC at another location (can be facilitated by DoD Safe Helpline), their immediate commander, a commander outside their chain of command, a GO if the retaliation involves an administrative separation or if there has been an impact on their military career, OSI, or IG. **(T-0)**

6.1.5. DD Form 2910-3, *Return of Victim's Personal Property in Restricted Sexual Assault Cases Collected During a Sexual Assault Forensic Examination (SAFE).* The SARC or SAPR VA will use the DD Form 2910-3 to document the restricted report victim's request, describe the personal property requested, and identify the restricted report case number (RRCN), which will ultimately be replaced by the DSAID case generated unique control number, for the restricted report that identifies the SAFE kit in question. This return of personal property request is not applicable for individuals who obtained a SAFE at a civilian facility and whose kit and personal property are maintained by civilian law enforcement. **(T-0)**

6.1.6. DD Form 2910-4, *Catch a Serial Offender (CATCH) Program Explanation and Notification Form for SAPR Related Inquiry (SRI) CATCH Entries.* The SARC or SAPR VA will use the DD Form 2910-4 to document and authorize a method for eligible adult sexual assault victims to be able to submit a CATCH entry without first having to file an official report of sexual assault. **(T-0)**

6.1.6.1. A victim can disclose the sexual assault, but not officially file a report as described in **paragraph 6.3** of this chapter. This disclosure will result in an SRI CATCH entry in DSAID. The SARC or SAPR VA will generate an SRI Control Number, which will be used to provide victims with a CATCH Username and Password to submit their CATCH entry.

6.1.6.2. The SRI Control Number will be placed on the DD Form 2910-4 and uploaded into DSAID for document retention and future access, should there be a CATCH match, and the victim needs to be notified. **(T-0)**

6.1.6.3. The DD Form 2910-4 cannot be uploaded into DSAID for general SRIs that are not CATCH entries.

6.1.7. DD Form 2910-5, *Monthly Case Management Group (CMG) Meeting Notes for the Sexual Assault Prevention and Response Program (SAPR).* The installation CMG Chair and CMG Co-Chair will utilize this checklist form to ensure requirements are met for each case discussed in the CMG.

6.1.7.1. The CMG co-chair, as the notetaker, will capture information discussed, fill out the form, and provide it to the CMG Chair to review, confirm requirements are met, and sign before upload into DSAID.

6.1.7.2. Only one form is filled out per CMG and will be provided to tenant organizations when they are present to discuss cases under their AOR. This is an additional requirement and not a substitute for individual case meeting minutes for each victim in DSAID.

6.1.8. DD Form 2910-6, *Quarterly Case Management Group (QCMG) Meeting Notes for the Sexual Assault Prevention and Response (SAPR) Program*. The QCMG Co-Chair, as the notetaker, will fill out the form, provide it to the QCMG Chair to review, confirm requirements are met, and sign before uploading the form into DSAID. This form incorporates most of the documentation requirements for QCMG minutes and provides fillable areas to identify and track progress for system issues or "No Wrong Door" (CTC) challenges.

6.1.9. DD Form 2910-7, *High-Risk Response Team (HRRT) Meeting Notes for the Sexual Assault Prevention and Response (SAPR) Program*. The CMG Co-Chair, as the notetaker, will utilize pages 1–3 of this form for the first HRRT meeting and the form will be signed when the HRRT is completed. For the subsequent HRRT meetings, page 4, or the *Supplement to the 2910-7 High-Risk Response Team (HRRT) Meeting Notes for the Subsequent HRRT Meetings* will be utilized, and both will be signed by the HRRT Chair (i.e., the victim's immediate commander) and the CMG Co-Chair**.** Uploading the completed form and supplement will cover most meeting minute requirements and, when the HRRT is dissolved, the CMG Chair will sign the original DD Form 2910-7 (not the supplement), along with the HRRT Chair and the CMG Co-Chair.

6.1.10. DD Form 2910-8, *Reporting Preference Statement for DoD Civilian Employees to Report Sexual Assault*. DoD civilian employees who elect to file a report of adult sexual assault through the SAPR Program will use DD Form 2910-8. If the DoD civilian holds a dual status as a DoD civilian and is either 1) an eligible adult dependent, or 2) a Service member actively serving in the Reserve Component, that eligibility status would take precedence and they would use the original DD Form 2910. For cases that do not involve a Service member suspect, the DD Form 2910-8 will be kept in the principal SARC's office under double lock and key for 50 years.

**6.2. Sexual Assault-Related Retaliation for Unrestricted Reports Overview.**

6.2.1. It is DoD and DAF policy to provide an ethical and professional climate intolerant of retaliation associated with reporting sexual assault. SAPR personnel will ensure victims are aware of resources and multiple avenues to report retaliation, reprisal, ostracism, and maltreatment IAW DoDI 6495.02V3 and this instruction. **(T-0)** SARCs, SAPR VAs, and VVAs will discuss the following with victims at initial intake and continually assess for updates throughout the open SAPR report, completing a final assessment prior to case closure:

6.2.1.1. The definition of retaliation as outlined in DoDI 6495.02V3. **(T-0)**

6.2.1.2. Whether a victim has experienced any form of retaliation. **(T-0)**

6.2.1.3. Information to assist the victim with the decision to file a retaliation report, including the requirement to convert a restricted report to an unrestricted report. **(T-0)**

6.2.2. SAPR personnel will not discuss the legal definition or interpretation of retaliation. SAPR Personnel will facilitate the reporting process, assist with filing an official report using the DD Form 2910-2, and describe how to seek or obtain assistance with the legal or investigative process (e.g., referral to VC for legal questions) IAW DoDI 6495.02V3 and this instruction. SARCs or SAPR VAs are the only personnel authorized to assist the retaliation reporter in completing the DD Form 2910-2. **(T-0)**

6.2.2.1. Commanders who receive a DD Form 2910-2 report notification from a SARC will immediately refer the retaliation report to the appropriate MCIO, notify the applicable OSTC, and will not attempt to assess the credibility of the report. Allegations of retaliation for reported misconduct that was committed after 27 December 2023, shall be referred to the OSTC if the alleged offender is subject to the UCMJ. The OSTC has exclusive authority to determine whether the misconduct constitutes a covered offense under its authority. **(T-0)**

6.2.2.2. Retaliation, as defined in 10 USC § 932, *Retaliation* (Article 132, UCMJ), is a covered offense if allegedly committed after 27 December 2023 by someone subject to the UCMJ. **(T-0)**

6.2.2.3. Commanders will refer such retaliation allegations to the OSTC and notify OSI, however, nothing in DoD or DAF policy impedes persons experiencing retaliation from reporting directly to the IG. **(T-0)**

6.2.3. Sexual Assault-Related Retaliation Reporting Eligibility. SAPR personnel will assist the following persons eligible to file a retaliation report related to an unrestricted report of sexual assault using a DD Form 2910-2:

6.2.3.1. Adult sexual assault victim who has or plans to make an unrestricted report.

6.2.3.2. Adult sexual assault victim's adult family member (e.g., spouse, son, daughter).

6.2.3.3. Witness.

6.2.3.4. Bystander (who intervened).

6.2.3.5. SAPR or SAPR VA assigned to the case.

6.2.3.6. Responder.

6.2.3.7. Other individuals associated with the incident (e.g., victim's roommate, friend, or co-worker, who could be perceived as supporting the victim).

6.2.4. DoD civilian employee sexual assault victims who experience retaliation, who are not military dependents or part of the ARC, may report allegations of retaliation using existing civilian employee reporting avenues through civilian personnel sections and the IG. **(T-0)**

6.2.5. When a DD Form 2910-2 is signed, the SARC or SAPR VA will facilitate a safety assessment with all retaliation reporters. The SARC will ensure that the reported retaliation can be directly linked to an unrestricted report previously entered in DSAID and will annotate the DSAID case number on the DD Form 2910-2. **(T-0)** The SARC will upload the signed DD Form 2910-2 into DSAID within 48 hours (may be extended to 96 hours in deployed locations). **(T-0)**

6.2.5.1. If the SARC cannot link the retaliation to an unrestricted report, the SARC will contact the HQ DSAID data management analyst for assistance, to check for cross-Service cases, and to receive the unrestricted report DSAID control number.

6.2.5.1.1. If the DSAID data management analyst cannot directly link the retaliation report to the unrestricted report, the DD Form 2910-2 will not be entered into DSAID and will be destroyed. **(T-1)**

6.2.5.1.2. The SARC will inform the investigative entity (commander, MCIO, IG) that a link to the unrestricted report cannot be established and indicate no further updates to the SARC are necessary since the retaliation will not be tracked by SAPR (e.g., in DSAID or the CMG) and the investigative entity will ensure that notifications are provided to the retaliation reporter directly.

6.2.5.2. If the retaliation reporter chooses not to report and sign DD Form 2910-2, then no information is entered into DSAID or tracked by the SAPR Program. The SARC will ensure the retaliation reporter is aware of the multiple avenues to seek assistance from resources IAW DoDI 6495.02V3, Section 3.2. **(T-0)** The SARC will document the disclosure as an SRI in DSAID within 48 hours (See **paragraph 6.4** of this chapter). **(T-0)**

6.2.5.3. The SARC will follow up one (1) week after the initial meeting with individuals who decline to complete and sign the DD Form 2910-2 to ask if the individual proceeded with making a retaliation report outside of SAPR (i.e., with IG) or if they now want to complete the DD Form 2910-2 and have the case discussed at CMG.

6.2.6. After a victim or retaliation reporter signs the DD Form 2910-2, the SARC will:

6.2.6.1. Notify the retaliation reporter's commander and the CMG Chair of the retaliation report within 24 hours of the retaliation reporter's signature on the DD Form 2910-2.

6.2.6.2. Not make any command notification when the commander is the subject in the retaliation report, or if the SARC is notified (e.g., by the victim, retaliation reporter, OSI or IG) that the retaliation reporter is pursuing action related to allegations with the IG or MCIO.

6.2.6.3. Facilitate the referral of the retaliation report to the appropriate personnel (e.g., command, CMG, commander outside chain of command, OSI or MCIO, or the filing of a reprisal complaint directly with IG).

6.2.7. The SARC will notify the command of the retaliation allegation whether the retaliation reporter consents to have the retaliation discussed at the CMG or not. This is a separate requirement from a command notification when there is a safety issue.

6.2.7.1. If the retaliation reporter has authorized CMG discussion on the signed DD Form 2910-2, the SARC shall notify the CMG chair of the retaliation report using an AF/A1Z-approved template. Oversight of reports will also be conducted at the QCMG (no PII, trends only) meetings and HRRT IAW DD Form 2910-6 and DD Form 2910-7, if needed. **(T-0)** The monthly CMG will track both the victim's unrestricted report and retaliation report and continue to do so whether safety issues are resolved or not and document oversight IAW DoDI 6495.02V3.

6.2.7.2. If the victim filed a DD Form 2910-2 and declined to consent to discuss at the CMG, but reveals to the SARC or SAPR VA that there is a safety issue, then:

6.2.7.2.1. The SARC will immediately report it to the victim's commander.

6.2.7.2.2. When the victim's or the retaliation reporter's commander is the alleged retaliator, the SARC will report the safety issue to the first GO in the victim/reporter's chain of command. The GO will take appropriate action to remove the alleged retaliator from the victim or retaliation reporter's chain of command.

6.2.7.2.3. The victim's commander will take immediate and appropriate action if the commander believes an HRRT should be stood up because of the safety issues arising from the original unrestricted report or subsequent retaliation report and will request the CMG Chair immediately stand up an HRRT. If the CMG Chair is the suspect in the sexual assault or the retaliation, then oversight of the retaliation allegation will be elevated to the first GO in the CMG Chair's chain of command. The SARC who received the DD Form 2910-2 report will contact the GO to elevate the retaliation claim. **(T-0)**

6.2.8. Retaliation reporters can request a copy of their own DD Form 2910-2, which is their official retaliation report. The retaliation reporter cannot receive a copy of the sexual assault report form (DD Form 2910) unless the retaliation reporter is also the sexual assault victim who originally filed the DD Form 2910. **(T-0)**

6.2.9. Retaliation reporters connected to an unrestricted report are not required to first notify the SARC or SAPR VA of their allegations and can provide their allegations directly to an appropriate organization such as the IG, Command, OSI, or equivalent MCIO. **(T-0)**

6.2.10. The SARC will follow procedures IAW DoDI 6495.02V3 regarding retaliation reporters with a signed DD Form 2910-2 regarding allegations of reprisal. **(T-0)** If a sexual assault victim reports retaliation allegations through the DoD IG Hotline for Whistleblower Reprisal Complaints (IG Whistleblower Hotline) or DAF IG, the report will be sent to DoD IG. **(T-0)**

6.2.10.1. The DoD IG will review the allegation to determine if it will investigate the allegation. If the DoD IG decides to conduct the investigation, they will notify the individual who reported the allegation(s) that the allegation will be investigated. **(T-0)**

6.2.10.2. The SARC will request updates from the DoD IG every three months for reprisal investigations handled by the DoD IG to provide the update during the monthly CMG meeting and the SARC will provide the date of the next scheduled DoD IG update for the other CMG meetings. **(T-0)**

6.2.10.2.1. To request status updates, SARCs will e-mail **SAPR-Reprisal@dodig.mil**. **(T-0)**

6.2.10.2.2. If the SARC does not receive an update, the SARC will contact their Service SAPR headquarters, which in turn will contact DoD SAPRO. **(T-0)** DoD SAPRO will facilitate contact with the IG DoD Whistleblower Reprisal Investigations Directorate.

6.2.10.2.3. The IG DoD will provide status updates to the SARC (who requested the update) indicating whether the reprisal investigation is open or closed.

6.2.10.2.4. The IG DoD will contact the SARC when the reprisal investigation is closed.

6.2.11. SARCs and SAPR VAs have an affirmative duty to provide retaliation reporters victim advocacy, to include safety assessments, and facilitate referral of the retaliation allegation to the appropriate authority. Commander roles and responsibilities related to retaliation are outlined in **Chapter 11**. **(T-0)**

**6.3. The Catch a Serial Offender (CATCH) Program Overview.** The CATCH program allows an eligible adult sexual assault victim to submit an anonymous entry into the CATCH database to discover if the suspect related to their incident may have also assaulted other individual(s) (i.e., a potential "match" in the CATCH database). Information uploaded to the CATCH database will be retained for up to 10 years and can be updated at any time to empower victims and help the DoD identify alleged repeat offenders. SARCs will explain the CATCH program and provide a username and password to eligible adult sexual assault victims to gain access to the CATCH website. If an entry matches another within the CATCH system, the victim will be contacted and asked if they want to convert their restricted report to unrestricted (if applicable) and/or participate in the investigation. The victim may decline to participate or opt out of the program at any point, even after a notification of a potential match. The CATCH program is voluntary and there will be no adverse consequences if the victim does not agree to participate. A FAP-related CATCH entry will be made with FAP personnel. Military sexual harassment reports are not eligible for entry into the CATCH program. **(T-0)**

6.3.1. CATCH eligibility. Eligible individuals are outlined in DoDI 6495.02V1. The SARC will offer to eligible victims a referral to a VC who can answer legal questions about the CATCH program. Victims who do NOT want to file an official report of sexual assault (signed DD Form 2910), can file a DD Form 2910-4 to complete an SRI CATCH entry.

6.3.2. SARCs will utilize current documents on DoD SAPRO's website (CATCH Victim Information Sheet that includes instructions and a sample form, CATCH Program Procedures, and SARC Talking Points) to inform eligible victims they have the autonomy to provide as much information as they can remember and are comfortable sharing and will provide a sample CATCH entry form. SARCs will:

6.3.2.1. Gather victim contact information as directed on the DD Form 2910 or DD Form 2910-4.

6.3.2.2. Print out the victim's unique CATCH username and password. For eligible unrestricted reports, SARCs will upload the OSI or MCIO case number when accessing the CATCH website to avoid the victim's unrestricted report from matching against the open investigation.

6.3.2.3. Provide the victim with the instruction sheet for victims submitting CATCH entries. This instruction sheet will include the SARC's contact information. SARCs may not offer to mail paper forms to the victim but may offer the use of SAPR private office space and computer for the victim to log on and complete their CATCH entry. Victims can also complete their entries on their personal cell phone in the SARC's office for privacy, in the event they need another password or they need advocacy support.

6.3.2.4. Explain what information is most useful to MCIOs to identify suspects: suspect name (if known), suspect phone number or social media profile name and the platform they use, suspect rank, date of alleged offense, and location of the alleged assault.

6.3.2.5. Remind the victim to update their contact information if it changes in the future.

6.3.2.6. Remind the victim that they have the capability to print out their CATCH entry, request a printout for their records, or submit as a self-report of their sexual assault experience to support Veterans Affairs Healthcare or disability compensation claims. **(T-0)**

6.3.2.7. If there is a match, the local SARC will conduct an initial call to provide an overview of the confidential notification process and to schedule a virtual or telephonic meeting with the DAF CATCH HQ Notification Team or USAFA CATCH Notification POCs. The SARC will utilize DoD CATCH Talking Points found on DoD SAPRO website. **(T-0)** The SARC may attend the meeting at the victim's request, but the SARC's primary role is to schedule the meeting and offer support to the victim.

6.3.2.7.1. The DAF or USAFA CATCH Notification POC will provide the following to the victim: printed copy of their CATCH entry, whether the match was against one victim or multiple victims (e.g., the number of victims and whether they had CATCH entries or open/closed investigations); whether the victim's CATCH entry matched another CATCH entry or an open or closed MCIO investigation. As a best practice, CATCH HQ Notification POC can provide the victim the year of the other case to which the victim matched and the location of the other case to which the victim matched. The CATCH HQ Notification POC can obtain the year and location information from the CATCH HQ MCIO Lead.

6.3.2.7.2. If a victim filed a restricted report of sexual assault, participation in the CATCH program will not adversely impact the victim's restricted report. However, exceptions to restricted reporting independent of the CATCH program may apply to prevent or lessen a serious and imminent threat to health or safety of the victim or community, to include harm to self or another person. The victim can decide to convert to an unrestricted report by re-signing the DD Form 2910. Then, the investigator is given the victim's name, an investigation is initiated, and the victim and subject's commanders are notified.

6.3.2.7.3. If a victim filed an unrestricted report of sexual assault but did not want to participate in the investigation at the time of making that unrestricted report, the victim can decide to participate provided the identity of their suspect was not disclosed by the victim or uncovered by law enforcement. Then, the investigator is given the victim's name, an investigation is initiated, and the victim and subject's commanders are notified.

6.3.2.7.4. If the victim chooses not to participate after being contacted with a match, they will be asked if they want to be contacted if there is a future match. If they agree, they may be contacted over the next 10 years. If they do not agree, they will not be contacted again. The victim will be provided the option to share the reasons for not participating in the investigation.

6.3.2.7.5. The CATCH notification POC will ensure the victim understands they will be given 30 calendar days to decide whether to participate in the investigation and if they have questions during this time, the HQ CATCH Notification POC will offer a referral to the VC.

6.3.3. SARCs must log on to the CATCH system a minimum of once every 30 days in order to keep their status active. If SARCs are locked out, they must contact their MAJCOM/FLDCOM SAPR PA or SAPR PS and the DSAID and MSHAD data management analysts to provide justification to re-instate access.

**Table 6.1. CATCH Program Eligibility and Reporting Options.**

| | **Current Service Members, to include those assigned to MSAs (e.g., USAFA) and their adult military dependents** | **Former Service Members and their adult military dependents** | **DAF Civilian employees (IAW DoDI 6495.02V1, Enclosure 4)** |
|---|---|---|---|
| **Restricted Report** | Who file or have already filed restricted with DD Form 2910 form | Who have already filed a restricted report with DD Form 2910. | Who file or have already filed restricted with DD Form 2910-8 for eligible suspects listed in 2910-8 |
| | A restricted report will not be converted to an unrestricted report without victim's written permission on revised DD Form 2910 (or 2910-8 for civilians) | | |
| **Unrestricted Report** | Who file or have already filed an unrestricted report with DD Form 2910, and … | Who have already filed an unrestricted report with DD Form 2910, and … | Who have already filed an unrestricted report with DD Form 2910-8 for eligible suspects listed in 2910-8 and… |
| | …the identity of their suspect was not disclosed by the victim or uncovered by law enforcement, to include OSI or MCIO (i.e., third-party report with no suspect identification) | | |
| **No Report to SAPR or LE** | Who do not want to or are not ready to file an official report via DD Form 2910 or law enforcement but do want to submit an entry into CATCH; will have option of an SRI (see **6.4**) DD Form 2910-4 (see **6.1.5.**) to gain access to submit a CATCH entry<br><br>If notified of a potential match, the SRI CATCH entry victim can decide whether to file an unrestricted report or participate in OSI/MCIO investigation | Who make an SRI CATCH entry through the SARC with a DD Form 2910-4 for eligible CATCH suspects (i.e., military offenders)<br>**NOTE: Applicable to former Service members only. | Who make an SRI CATCH entry through the SARC with a DD Form 2910-4 for eligible CATCH suspects listed in DD Form 2910-8 |

| | |
|---|---|
| **If information is from CATCH** | If notified of a potential match, the unrestricted reporting victim can decide whether they want to now participate in the investigation |
| **If information is from unrestricted report** | While CATCH information cannot be used by law enforcement to investigate until there is a match and the victim consents, the information from the original unrestricted report made to law enforcement can still be used by MCIOs for investigative purposes or as otherwise authorized by law |

**6.4. Overview of Sexual Assault Prevention and Response Related Inquiries (SRI).** For victims who choose not to file an official restricted or unrestricted report of sexual assault through a DD Form 2910 or when other individuals request information or assistance related to SAPR, SAPR Program personnel authorized to use DSAID will utilize the "SRI Module" to document these instances, to include USAFA SARCs. **(T-0)** SARCs will make the SRI entries in the DSAID module within 48 hours of the SRI being made to SAPR personnel. In deployed locations, such as designated combat zones that may have internet connectivity issues, the timeframe is extended to 96 hours. **(T-0)** SRI eligibility is determined by the type of SRIs and SRIs are divided into four categories as outlined in DoDI 6495.02V1 and DoDI 6495.02V3:

6.4.1. Sexual assault victim inquiries. This SRI documents inquiries by individuals who alleged a sexual assault occurred (but who chose not to make an official report through a DD Form 2910), the referrals to support services provided to the victim, and the reason(s) why the individual chose not to make an official report, if disclosed. **(T-0)**

6.4.2. Retaliation reporter inquiries. This SRI documents inquiries by individuals alleging he or she experienced retaliation associated with a sexual assault report, but who chose not to make an official report of retaliation through a DD Form 2910-2. Sexual assault-related retaliation can include the following: adult victim with an unrestricted report, adult sexual assault victim's family member (e.g., spouse, child), witness (supervisor, co-worker), bystander (who intervened), SAPR personal assigned to the case, or other responders, such as VC, healthcare personnel, and pastoral care providers (chaplain). **(T-0)**

6.4.3. Persons inquiring about reporting processes or resources. This SRI documents inquiries by individuals associated with a sexual assault or retaliation incident (e.g., witnesses or supervisors, co-workers, friends, and family members of the sexual assault victim or retaliation reporter) who approached SAPR personnel to ask questions about the reporting process or available resources. **(T-0)**

6.4.4. SRI CATCH entries. This SRI documents eligible adult sexual assault victims who wish to submit a CATCH entry without filing an official restricted or unrestricted report (via DD Form 2910). The SARC will obtain SRI DSAID control number and enter it on the DD Form 2910-4. The SARC will use this to generate a CATCH username and password and provide it to the victim to submit their SRI CATCH entries. **(T-0)**

6.4.4.1. This SRI category requires the upload of a DD Form 2910-4, and this form is ONLY used for SRI CATCH entries for sexual assault in the SAPR Program.

6.4.4.2. Sexual harassment allegations are NOT eligible for entry into the CATCH system. **(T-0)**

# Chapter 7

## SEXUAL ASSAULT REPORT NOTIFICATION REQUIREMENTS

**7.1. Requirement to Report Sexual Assault.** Accurate reporting of sexual assaults remains a key component of the SAPR Program. Releasing non-PII to the installation or host Wing or Delta commander is intended to provide immediate situational awareness and general environmental information about the number and type(s) of sexual assault(s) on the installation and is to be used to provide a better understanding of incidents of sexual assault. Commander responsibilities are outlined in **Chapter 11** of this instruction.

**7.2. 24-Hour Notification of Sexual Assault Report.** Within 24 hours of victim signature on DD Form 2910 or a DD Form 2910-8 for a restricted or unrestricted report of sexual assault, the SARC will notify the installation or host Wing or Delta commander and the MAJCOM/FLDCOM SAPR PAs that a sexual assault report was made, providing only non-PII information (without information that could reasonably identify the victim or alleged offender) IAW DoDI 6495.02V1 and this instruction. **(T-0)** This may be extended to 48 hours by the commander in deployed locations. **(T-0)** A SAPR VA will provide notification only if a SARC is unavailable. VVAs will not make any 24-hour notifications. Notification via email is authorized, via AF/A1Z-approved mandatory template. **(T-1)**

7.2.1. Within 24 hours of an unrestricted report of sexual assault, the SARC will contact the victim's commander and provide the victim's name and general location of the incident (if known). A SAPR VA will provide notification utilizing approved template via email only if a SARC is unavailable. If the commander is off station, the notification will be provided to the appointed commander on G-series orders, or the next commander in the chain of command. **(T-1)** The SARC will document this notification in DSAID IAW DoDI 6495.02V1. Notification via email is authorized, via AF/A1Z-approved mandatory template. **(T-1)**

7.2.2. Victims may change their mind and choose not to sign the DD Form 2910. The SARC will not make any notifications, open a restricted or unrestricted report in DSAID, or maintain any records (e.g. declination statements, incident details, and victim demographic information). The SARC will not disclose communications surrounding the report without a signed DD Form 2910. **(T-0)** For individuals choosing not to file an official report of sexual assault through a DD Form 2910, SARCs will utilize the SRI module in DSAID to document these instances within 48 hours (extended to 96 hours in deployed locations that may have connectivity issues) of the SRI. See **paragraph 6.4**. **(T-0)**

**7.3. Notifications to the Sexual Assault Response Coordinator (SARC).**

7.3.1. Healthcare personnel (mental health and medical) will initiate emergency care and treatment of sexual assault victims and immediately notify the SARC, SAPR VA, or VVA without delaying care to the victim IAW AFI 44-102, *Medical Care Management.* **(T-0)** SAPR personnel will make every effort to respond to the healthcare personnel notification in person to offer available reporting options and services to the victim. If an in-person connection cannot be accomplished, SAPR personnel will follow up via the victim's preferred contact method received from healthcare personnel.

7.3.1.1. Healthcare personnel providing healthcare services (or assisting those providing services) to healthcare personnel in their supervisory chain of command presenting as patients who disclose sexual assault are not required to report the incident to law enforcement, OSI, or the victim's commander but must immediately notify the SARC. **(T-0)**

7.3.1.2. The subordinate healthcare personnel victim must present as a patient seeking healthcare services for this exemption. **(T-0)**

7.3.2. Military members or DAF civilian employees, other than mandatory reporters in **paragraph 5.4.1.3.1**, who become aware of an adult sexual assault incident not involving a subordinate in the supervisory chain are encouraged, but not required, to share information about the incident with the installation SARC or encourage the individual to talk to the SAPR office about available services. **(T-0)**

**7.4. Personnel Reliability Program (PRP) Notifications.** A sexual assault victim certified under the PRP program is eligible for both the restricted and unrestricted reporting options. If electing restricted reporting, the victim is required to advise the competent medical authority of any factors that could have an adverse impact on the victim's performance, reliability, or safety while performing PRP duties. **(T-1)** If necessary, the competent medical authority will inform the certifying official that the person in question should be temporarily suspended from PRP status, without revealing that the person is a sexual assault victim, thus preserving the restricted report. **(T-1)**

**7.5. 8-Day Sexual Assault Incident Response Oversight (SAIRO) Report.** Installation or host Wing or Delta commanders will require that an 8-Day SAIRO Report be completed for all unrestricted reports and independent investigations within eight days of report, including incidents occurring prior to service. **(T-0)** For above installation organizations, collaborate with MAJCOM/FLDCOM SAPR PAs for execution IAW DoDI 6495.02V1 and this instruction.

7.5.1. Only one 8-Day SAIRO Report is prepared per incident. The immediate commander, defined as the squadron commander, detachment commander, Defense Health Agency Director or civilian equivalent, in coordination with the SARCs and OSI or equivalent MCIO, will prepare and submit the 8-Day SAIRO Report. Incident data cannot be acquired through a command-directed investigation (CDI). **(T-0)**

7.5.2. The SARC is responsible for providing all victim information for 8-Day SAIRO Reports triggered by an unrestricted report of sexual assault with a signed DD Form 2910 with SAPR. The commander will ask OSI or equivalent MCIO to provide the incident data and investigation information. **(T-1)**

7.5.3. The commander will ask OSI or equivalent MCIO to provide available information for 8-Day SAIRO Reports regarding incidents without a signed DD Form 2910 filed with SAPR. **(T-0)** SARCs will not provide any information or coordinate the 8-Day SAIRO Report for these incidents without a signed DD Form 2910. **(T-0)**

7.5.4. The 8-Day SAIRO Report does not replace, but is in addition to, the SARC's mandatory 24-hour notification to the installation or host Wing or Delta commander of a report of sexual assault. **(T-0)**

7.5.5. The commander will utilize the 8-Day SAIRO Report template approved by AF/A1Z, will not deviate from the information required, and will not include any PII, to include victim photographs. **(T-1)**

7.5.6. Some information may not be available from the SARC or OSI within this timeframe; however, this should not delay reporting. The 8-Day SAIRO Report is initial and final; follow-on reporting is not required. **(T-0)**

7.5.7. The immediate commander and personnel with access to the report will ensure that information regarding the SAIRO Report is only released to personnel with an official need to know IAW Title 5 USC § 552a, *Records Maintained on Individuals* (Privacy Act of 1974) or as authorized by law. **(T-0)** No one will use the information for investigative purposes or in a manner that is likely to discover, disclose, or reveal the identities being protected **(T-0)** The immediate commander will coordinate and submit the 8-Day SAIRO Report as a standalone report via an encrypted, unclassified e-mail to the below identified recipients (without deviation):

7.5.7.1. From the unit commander (e.g., squadron, detachment commanders or civilian equivalent) to the first O-6 (typically group/delta commander) in the victim's (if Service member or DAF civilian employee) and subject's (if Service member) chain of command and the installation SARC. **(T-1)**

7.5.7.2. First O-6 forwards to the installation Commander (if the victim and/or subject are on temporary duty or deployed, notify the installation commander at the incident location) and if different, the victim's (if Service member or DAF civilian employee) and subject's (if Service member) Wing or Delta commander. **(T-1)** For a Reserve victim or subject at a tenant location, the first O-6 will send to the Reserve Wing or Delta commander along with the installation commander. **(T-1)**

7.5.7.3. Victim's (if Service member or DAF civilian employee) and subject's (if Service member) Wing or Delta commander will forward the 8-Day SAIRO Report to the first GO and MAJCOM/FLDCOM SAPR PA in the respective chain of command. **(T-1)** If the subject is the first O-6 or GO in the victim's chain of command designated to receive the 8-Day SAIRO Report, the report is provided to the next highest-ranking commander in the chain of command. The tenant Reserve Wing or Delta commander will forward the report to their Numbered Air Force commander and to the AFRC MAJCOM/FLDCOM SAPR PA. **(T-1)**

7.5.7.4. For USSF, the Delta commander forwards to the Space Base Delta/Space Launch Delta commander, first GO, and FLDCOM SAPR PA in the respective chain of command (if temporary duty or deployed, notify the installation commander at the incident location), and if different, the victim's and subject's (if a Service member) installation commander or Wing/ Space Base Delta/Space Launch Delta commander. **(T-1)**

7.5.8. The commander and personnel with access to the report will ensure that information regarding the 8-Day SAIRO Report is only released to personnel with an official need to know. **(T-0)** No one will use the information for investigative purposes or in a manner that is likely to discover, disclose, or reveal the identities being protected. **(T-0)**

**Table 7.1. Victim - Commanders Required to Complete the SAIRO Report.**

| Victim | Alleged Offender | Unit | Responsibility for SAIRO | Immediate Commander Submits To (Recipients Reference Transmission Guidance for Follow-on Requirements) | Report Length | Trigger for 8-day Time Frame |
|---|---|---|---|---|---|---|
| Service Member | Service Member | Both in Same Unit | Victim's Immediate Commander | Victim's First O-6 & GO/FO Subject's First O-6 & GO/FO Installation SARC | Full Report | Signed DD Form 2910 |
| Service Member | Service Member | In Different Units (Note: Only one SAIRO is prepared) | Victim's Immediate Commander | Victim's First O-6 & GO/FO Subject's First O-6 & GO/FO Installation SARC | Full Report | Signed DD Form 2910 |
| Service Member | Civilian | N/A | Victim's Immediate Commander | Victim's First O-6 & GO/FO Installation SARC | Full Report | Signed DD Form 2910 |
| Service Member | Civilian | N/A | Victim's Immediate Commander | Victim’s First O-6 & GO/FO Installation SARC | Abbreviated Report with: Victim, Subject, Incident Data, and Investigation Information | MCIO notifies Immediate Commander |
| DoD Civilian Employee who is eligible for SAPR services | Civilian | N/A | N/A | N/A | N/A | N/A |

**Table 7.2. Subject - Commanders Required to Complete the SAIRO Report.**

| Victim | Alleged Offender | Unit | Responsibility for SAIRO | Immediate Commander Submits To (Recipients Reference Transmission Guidance for Follow-on Requirements) | Report Length | Trigger for 8-day Time Frame |
|---|---|---|---|---|---|---|
| DoD Civilian Employee, US Citizen DoD Contractor, and Dependents who are eligible for SAPR services | Service Member | N/A | Subject's Immediate Commander | Subject's First O-6 & GO/FO Installation SARC | Abbreviated Report with: Victim, Subject, Incident Data, and Investigation Information | Signed DD Form 2910 |
| Civilian who is not eligible for SAPR services OR Service Member, DoD Civilian Employee, US Citizen DoD Contractor, or Dependents eligible for SAPR Services who has not signed a DD Form 2910 and independent | Service Member | N/A | Subject's Immediate Commander | Subject's First O-6 & GO/FO Installation SARC | Abbreviated Report with: Victim, Subject, Incident Data, and Investigation Information | MCIO notifies Immediate Commander |

| | | | | | | |

**7.6. Commander Critical Information Requirement (CCIR) Report.**

7.6.1. The Wing or Delta commander initiates the CCIR, in coordination with the principal SARC, to provide timely information to senior leadership of sexually based crimes that meet the criteria in **paragraph 7.6.4**. All CCIRs will include the SecAF, Under Secretary of the AF, and SAF/MRR. The Chairman of the Joint Chiefs of Staff (CJCS) will be included when a sexually based, alleged, or confirmed crime meets specific criteria. **(T-0)** Additional notifications will include the following:

7.6.1.1. For sexual assault incidents involving USAF personnel as the victim or subject, include the CSAF, VCSAF, and AF/A1Z.

7.6.1.2. For sexual assault incidents involving USSF personnel as the victim or subject, include the CSO, VSCO, and HQ USSF/S1Q.

7.6.2. The CCIR is a separate report from the 8-Day SAIRO Report and may be accomplished at the same time if the criteria required for a CCIR is known, or submitted later, as the criteria becomes apparent. A CCIR is submitted IAW AFMAN 10-206, *Operational Reporting (OPREP),* current CSAF OPREP-3 Reporting Matrix, Rule 3D and the *Air Force Command and Control Controller Information File* (CIF) 22-006 using an encrypted NIPRNET email to AF Service Watch Cell and copy respective Numbered Air Force (NAF) and MAJCOM/FLDCOM CCs (Air Force Watch organizational email is: **AF.A3.AFWATCH@us.af.mil**). The AF Watch will forward the email to HAF, CSAF, SecAF, and Joint Chiefs of Staff (JCS) leadership. Command posts will not send OPREP-3Bs meeting this rule but will advise commanders on the correct procedure, if applicable. USSF will utilize the Space Force Service Watch Cell, and the Security Forces will forward to CSO (**USSF.S3.SpaceForceWatch@spaceforce.mil**). **(T-1)**

7.6.3. CCIRs are not completed for restricted reports. **(T-0)**

7.6.4. A CCIR must be completed for any incidents involving the following **(T-0)**:

7.6.4.1. An O-6 commander (or civilian equivalent) and above, SARC, SAPR VA, VVA, or any SAPR personnel identified as the alleged offender or victim.

7.6.4.2. Warrants higher level command awareness.

7.6.4.3. An overturned conviction of a sexually based crime.

7.6.4.4. Media attention.

7.6.4.5. Congressional involvement.

7.6.5. The Installation or Wing/Space Base Delta/Space Launch Delta commander will utilize the AF/A1Z-approved unrestricted report of Sexual Assault CCIR Template and will ensure the CCIR does not deviate from the information provided in the template. **(T-1)**

# Chapter 8

## EXPEDITED TRANSFER

**8.1. Expedited Transfer Overview.** An expedited transfer provides Service member (and dependent) victims who file an unrestricted report of sexual assault the option of a temporary or permanent PCS or change of assignment (PCA) to a location where a victim feels comfortable due to experiences of ostracism or retaliation and to support recovery. **(T-0)** Additional details for DAF expedited transfer procedures are outlined in DAFI 36-2110.

8.1.1. This chapter outlines procedures, roles, and responsibilities for Service member victims or Service member's adult military dependent victims who file an unrestricted report of a sexual assault offense through the SAPR Program. Information on expedited transfer requests for victims not eligible for SAPR services is outlined in DAFI 36-2110 and DAFI 51-207.

8.1.1.1. All records of any request, determination, transfer, or other action shall remain protected by the Privacy Act and shared only for official use, consistent with applicable law and regulations. **(T-0)**

8.1.1.2. Any discussions between the victim and the victim's VC and SAPR personnel related to the expedited transfer will be confidential and privileged IAW applicable law and regulations. **(T-0)**

8.1.2. Commanders of ARC members will facilitate all elements of the expedited transfer program for which they have legal authority IAW DoD, DAF, or CNGB policies. **(T-0)** The Wing/Delta commander (or civilian equivalent) will ensure the transfer of members, as soon as practical.

8.1.3. The USAFA Superintendent, in coordination with the Superintendent of the MSA or ROTC program where the cadet requests transfer, will approve a request from a cadet to transfer if the request is based on being the victim of a sexual assault or eligible offense where the cadet has made an unrestricted report, unless there are exceptional circumstances that require denial of the request and IAW DAFI 36-3501. **(T-0)**

8.1.4. An expedited transfer includes, but is not limited to:

8.1.4.1. Temporary or permanent move to a different department, division, or unit within the current command.

8.1.4.2. Temporary or permanent move to a different command within or outside of the current command's geographical area.

8.1.4.3. **(USAF Only)** For ARC victims, transfers or reassignments include provisions to perform inactive duty training, when possible, on different drill weekends or times other than the alleged offender, or provisions to perform inactive duty training with a different unit at the installation to ensure undue burden is not placed on the Service member or their families by a transfer.

8.1.4.4. **(USSF Only)** for victims in non-sustained duty, transfers or reassignments include provisions to perform inactive duty training, when possible, on different at times other than the alleged offender or provisions to perform inactive duty training with a

different unit at the installation to ensure undue burden is not placed on the Service member or their families by a transfer.

8.1.4.5. For adult military dependent victims requesting an expedited transfer, expedited transfer will include the Service member and the Service member's dependents, even if they are geographically separated, with the Service member's and adult military dependent's movement requests taken into consideration (e.g., move dependents expeditiously, delay Service member movement, only dependents be transferred, etc.).

8.1.5. Per DoDI 6495.02V1, approved expedited transfer orders shall also include the Service member's dependents (if accompanied) or military spouse (if the military spouse consents). In most circumstances, transfers to a different installation should be completed within 30 calendar days from the date the transfer is approved. In instances where an approved transfer takes longer than 30 days, written justification from the commander explaining the reason for the delay is required. The Principal SARC will insure the reason for the delay is documented in DSAID and respective CMG individual case meeting minutes. Transfers to a new duty location that do not require a change of station move should be completed within 1 week from the date the transfer is approved. **(T-0)**

8.1.6. When the installation commander is outside the victim or Service member's chain of command, the victim or service member's Wing or Delta commander will courtesy copy the installation commander who serves as the CMG chair on all expedited transfer request decisions. **(T-0)**

**8.2. Expedited Transfer Eligibility.** An expedited transfer is available to active-duty Service members, MSA Cadets, ARC Service members, and their adult dependents (18 years of age and older) who file an unrestricted report of a sexual assault offense, 10 USC § 920, *Rape and Sexual Assault Generally* (Article 120, UCMJ). **(T-0)** See DoDI 6495.02V1, Enclosure 5, paragraph 6 and 7, and **paragraph 8.2.3** of this instruction for ARC guidance.

8.2.1. Adult military dependent sexual assault victims with unrestricted reports of sexual assault are eligible to request expedited transfers through the SAPR Program if the alleged offender is a Service member, if the alleged offender has a military nexus (e.g., adult military dependent, DoD civilian employee, or government contractor personnel), or the alleged sexual assault occurred on a DoD installation or facility.

8.2.2. Non-prior service students in technical training pipelines are eligible to request and be granted an expedited transfer. These members have additional options available to them IAW technical training reclassification procedures outlined in DAFI 36-2110.

8.2.3. **(USAF Only)** ARC victims will work with their supporting personnel organizational component and designated commanders to process expedited transfer requests which provide similar response and support as described in this chapter and IAW DAFI 36-2110.

8.2.4. Victims whose circumstances meet the definition of domestic abuse in DoDI 6400.06 will be supported by FAP.

**8.3. Safety of Airmen and Guardians.** Commanders and personnel with information of a serious threat of harm to a person will immediately report to command and DoD law enforcement authorities (e.g., OSI, appropriate MCIO, SF). **(T-0)** A request to transfer the victim under these circumstances, as opposed to an expedited transfer, is handled IAW DAFI 36-2110 as a Threatened Persons Assignment. **(T-1)**

**8.4. Request Process.** Service member victims and adult military dependent victims shall be informed of the expedited transfer process by the SARC, SAPR VA, or the victim's commander (or civilian equivalent) at the time of the initial report of sexual assault, or as soon as practicable IAW DoDI 6495.02V1 and **Chapter 2** of this instruction. **(T-0)** Cadets will be notified of the MSA or ROTC transfer option IAW DoDI 1322.22.

8.4.1. Victims may request a temporary or permanent unit transfer, such as a PCA or a PCS. The victim's or requesting Service member's commander (or civilian equivalent) shall expeditiously process a transfer request from a unit or installation. **(T-1)** If approved, AFPC will also include the Service member's dependents or military spouse on the transfer orders (as applicable). **(T-1)**

8.4.1.1. When the victim seeking expedited transfer is a Service member, the Service member victim will submit the expedited transfer request to their commander.

8.4.1.2. When the victim seeking expedited transfer is an adult military dependent, the Service member must request the expedited transfer on behalf of their adult military dependent. The requesting service member will submit the request to the Service member's commander (or civilian equivalent).

8.4.1.3. Victims in the ARC will work with their supporting personnel organizational component to process expedited transfer requests which provide similar response and support as described in this chapter.

8.4.1.4. ANG victims will follow expedited transfer processes IAW CNGB issuances regardless of duty status.

8.4.1.5. USAFA cadets will follow the transfer process and procedures set forth in DAFI 36-3501, Attachment 3, standard operating procedures maintained by USAFA Superintendent, and the Tri-Service Agreement with United States Naval Academy (USNA) and United States Military Academy (USMA). **(T-1)**

8.4.1.6. Permanent party assigned to USAFA who make an unrestricted report of sexual assault and want to apply for an expedited transfer will submit the initial request for an expedited transfer to the victim's or requesting Service member's immediate commander utilizing and following the commander procedures provided in this chapter. **(T-1)** The respective Wing commander or equivalent in the victim's chain of command will approve or disapprove the expedited transfer utilizing and following the Wing commander procedures provided in this chapter. **(T-1)**

8.4.1.6.1. First Right to Appeal for USAFA permanent party. If the initial request is denied, the victim may appeal to the Vice Superintendent following the procedures in this chapter. **(T-1)** 8.4.1.6.2. Final Right to Appeal for USAFA permanent party. If the second request is denied, the victim can request a final appeal to the Superintendent of USAFA following the procedures in this chapter. **(T-1)**

8.4.1.7. Per DoDI 6495.02V1, when the alleged offender is the Service member's commander or otherwise in the victim's chain of command, the SARC will inform such victims of the opportunity to go outside the chain of command to report the offense to OSI, other commanding officers or IG. The SARC will inform victims that they can also seek assistance from a legal assistance attorney, the DoD Safe Helpline, or a VC.

8.4.2. Immediate Commander's procedures during the request process. The victim's or requesting Service member's commander (or civilian equivalent) will follow processes outlined in DoDI 6495.02V1 and this instruction to review, make a written recommendation for approval or disapproval to the victim or requesting Service member's Wing or Delta commander, and track requests for expedited transfers.

8.4.2.1. Upon receipt of an expedited transfer request, the victim's or Service member's immediate commander (or civilian equivalent) will immediately notify the SARC of the request via telephone or in-person and will annotate the date and time of this communication in the signed Commander's Memorandum to the victim to verify compliance with DoDI 6495.02V1. **(T-0)** Victims not working with a SARC will be referred to the SARC. **(T-0)**

8.4.2.2. Immediate commanders must provide the servicing SARC a copy of all expedited transfer requests received as soon as practicable, without the SARC having to go through multiple commanders or supervisors. **(T-0)**

8.4.2.3. The victim's or requesting Service member's immediate commander (or civilian equivalent) will prepare the Commander's Memorandum and consider the criteria outlined in DoDI 6495.02V1 and **Paragraph 8.5** of this instruction when providing their recommendation to the victim's Wing or Delta commander for approval or disapproval of the request. **(T-0)** The victim's or requesting Service member's immediate commander (or civilian equivalent) will collaborate with the SARC to obtain the victim's preferred locations (temporary or permanent) and submit the Commander's Memorandum to the victim's Wing or Delta commander within 3 days to ensure the 5-calendar-day deadline is not missed. **(T-1)** The victim's or Service member's Commander must document the date and time the request is received and will provide the servicing SARC a copy of all expedited transfer requests to ensure compliance. **(T-0)**

8.4.2.4. Commanders will directly counsel the Service member to ensure that they are fully informed regarding:

8.4.2.4.1. Reasonably foreseeable career impacts;

8.4.2.4.2. The potential impact of the transfer or reassignment on the investigation and case disposition or the initiation of other adverse action against the suspect;

8.4.2.4.3. The effect on bonus recoupment, if any; and

8.4.2.4.4. Other possible consequences of granting the request.

8.4.3. SARC's Procedures During the Request Process. Once notified of the expedited transfer request, the SARC will immediately:

8.4.3.1. Meet with the eligible victim to provide them with information about the transfer process, including addressing any SAPR questions, IAW DoDI 6495.02V1, Enclosure 5, 6.b., 7.f., and 7.g. **(T-0)**

8.4.3.2. Assist the victim in filing an unrestricted report if a DD Form 2910 is not on file or refer the victim to the appropriate organization IAW DAFI 36-2110 and DAFI 51-207 if not eligible for SAPR services IAW DoDI 6495.02V1 and this instruction.

8.4.3.3. Verify to the victim's or Service member's commander and Wing or Delta commander that the victim has filed an unrestricted report via a DD Form 2910, and that it has been entered into DSAID. The SARC will not provide a copy of the signed DD Form 2910 to the requesting Service member's commander or Wing or Delta commander; verbal communication that a DD Form 2910 was filed is sufficient. **(T-0)**

8.4.3.4. Notify the victim's or requesting Service member's commander (or civilian equivalent) of the pending expedited transfer request and provide guidance on the process, required documentation, and timelines. **(T-1)**

8.4.3.5. Inform the victim's or requesting Service member's commander (or civilian equivalent) of the option to convene an out-of-cycle CMG meeting to discuss the expedited transfer request. **(T-1)** At the commander's request, a CMG will be convened within 48 hours to ensure the 5-calendar-day deadline is not missed. **(T-1)**

8.4.4. Wing or Delta commander's procedures during the request process. The victim's Wing or Delta commander will approve or disapprove the victim's request within 5 calendar days from receipt of the request (includes weekends and holidays). **(T-0)** The Wing or Delta commander may delegate this responsibility to the Wing/Delta deputy commander but will not delegate it further. **(T-1)** The Wing or Delta commander will refer to **paragraph 8.5** when making a determination.

8.4.4.1. The 5-calendar-day timeline begins when the victim's or requesting Service member's commander (or civilian equivalent) receives the request and ends when the signed Commander's Memorandum from the victim's Wing or Delta commander is returned to the victim. **(T-0)**

8.4.4.2. The date the victim's or requesting Service member's commander received the request will be annotated on the Commander's Memorandum to verify compliance with the 5 –calendar-day timeline and provided to the servicing SARC. **(T-1)**

## 8.5. Expedited Transfer Determination Process.

8.5.1. Upon receipt of the signed Commander's Memorandum from the victim's or requesting Service member's commander (or civilian equivalent), the victim's Wing or Delta commander (or civilian equivalent) will approve or deny the expedited transfer request. **(T-1)** Upon determination, the Wing or Delta commander will forward the Commander's Memorandum back to the SARC who will provide it to the victim. **(T-1) Note:** The SARC's receipt of the signed Commander's Memorandum with a determination is sufficient to meet the Wing or Delta commander's written notification to the SARC. The SARC will not maintain a copy of the Commander's Memorandum. The SARC will annotate the commander's determination within DSAID, as the system of record. **(T-0)**

8.5.1.1. The commander will consider the following reasons for the request when making an expedited transfer determination. The commander will ask:

8.5.1.1.1. The service member's reasons for the request;

8.5.1.1.2. The victim's preference of location;

8.5.1.1.3. The nature and circumstances of the offense;

8.5.1.1.4. Whether a temporary transfer would meet the Service member's needs and the operational needs of the unit;

8.5.1.1.5. Training status of the Service member requesting the transfer;

8.5.1.1.6. Availability of positions within other units on the installation;

8.5.1.1.7. Status of the investigation and potential impact on the investigation and future disposition of the offense, after consultation with the investigating MCIOs;

8.5.1.1.8. Location of the suspect;

8.5.1.1.9. Suspect's status (Service member or civilian); and

8.5.1.1.10. Other pertinent circumstances or facts. **(T-0)**

8.5.1.2. The commander will also consider potential transfer of the alleged offender instead of the victim, if appropriate. At a minimum, the Wing or Delta commander will control the alleged offender's access to the victim who made the unrestricted report. **(T-0)** The Wing or Delta commander may delegate this requirement to the Wing/Delta deputy commander but will not delegate it further. **(T-1)**

8.5.1.2.1. The Wing or Delta commander will request and consider the victim's preference regarding whether the alleged offender be transferred instead of the victim. Alleged offender transfer should be considered solely for the purpose of maintaining good order and discipline within the commander's unit, not as a punitive measure against the alleged offender.

8.5.1.2.2. The alleged offender's commander (or civilian equivalent), the victim's or requesting Service member's Wing or Delta commander, and AFPC will coordinate any determination to transfer the alleged offender instead of the victim. **(T-1)** Transfers for alleged offenders are not in the duties and responsibilities of the SARC or SAPR VA.

8.5.1.2.3. Alleged offender reassignments are handled IAW DAFI 36-2110.

8.5.1.3. Commanders will ensure that a PCS following the final disposition of the victim's case is within an appropriate assignment cycle for the victim's career and development and is not used to inappropriately remove from the losing unit a victim who is perceived as problematic.

8.5.2. The Wing or Delta commander shall establish a presumption in favor of transferring a victim who initiated the expedited transfer request following a credible report of sexual assault. **(T-0)** The Wing or Delta commander or the appropriate approving authority will make a credible report determination at the time the expedited request is made after considering the advice of their supporting SJA, or other legal advisor concerned, and the available evidence based on an MCIO investigation's information (if available). When assessing whether there is a credible report as part of the expedited transfer request, the Wing or Delta commander will consider as a factor in their decision that victims who have a history of behavioral problems or alleged collateral misconduct offenses, such as underage drinking, are also those who may be at greatest risk for sexual assault.

8.5.3. If the Wing or Delta commander (or civilian equivalent) disapproves the expedited transfer:

8.5.3.1. The Wing or Delta commander (or civilian equivalent) will annotate a brief explanation for the denial of the request on the Commander's Memorandum and will provide this information to the SARC. **(T-1)** If the expedited transfer is disapproved because there was no credible report, the Wing or Delta commander must provide written documentation of the grounds on which it was disapproved. **(T-0)** A commander can always transfer a victim on other grounds (e.g., on humanitarian grounds), through a process outside of the expedited transfer process.

8.5.3.2. The SARC or SAPR VA will inform the victim of their first right to appeal the expedited transfer denial to the victim's first or next GO in their chain of command. **(T-0)** If the victim does not appeal, the SARC will document the final determination in DSAID and provide all expedited transfer documentation to the victim. **(T-1)**

8.5.4. First Right to Appeal. If the expedited transfer request is disapproved by the commander, the victim or Service member will be given the opportunity to request a review by the first GO in the chain of command, or an Senior Executive Service (SES) equivalent. If a civilian SES equivalent approves the transfer, the SecAF shall process and issue orders for the transfer. When a victim or Service member chooses to appeal the determination, the victim will submit the appeal in writing utilizing the Commander's Memorandum. **(T-1)**

8.5.4.1. The GO must review and provide a decision within 5 calendar days of receipt of an appeal request from the victim. **(T-0)** The timeline will begin when the GO receives the appeal request. **(T-1)** The Commander's Memorandum will annotate the date of receipt, to confirm compliance with the 5 calendar days timeline. **(T-1)**

8.5.4.2. If the GO approves the expedited transfer request, the GO will immediately return the signed Commander's Memorandum to the SARC. **(T-1)** The SARC will provide the signed Commander's Memorandum to the victim, and all parties of the original request will follow the procedures outlined in **paragraph 8.5.6**. **(T-1)** The SARC will inform the Wing or Delta commander (or civilian equivalent) of the GO's decision. **(T-1)**

8.5.4.3. If the GO disapproves the expedited transfer appeal request, the GO will annotate a brief explanation for the denial of the request on the Commander's Memorandum and will provide this information to the SARC. **(T-1)** The SARC will inform the victim of their final right to appeal the expedited transfer denial to their MAJCOM/FLDCOM commander. **(T-1)** If the victim does not appeal, the SARC will document the final determination in DSAID and provide all expedited transfer documentation to the victim. **(T-1)**

8.5.5. Final Right to Appeal. If the victim chooses to appeal the GO's determination, the victim will submit the appeal in writing utilizing the Commander's Memorandum. **(T-1)**

8.5.5.1. The MAJCOM/FLDCOM commander, as the final appeal authority, must review and provide a decision within 5 calendar days of receipt of an appeal request from the victim. This can be delegated to the MAJCOM/FLDCOM deputy commander but not further. The 5-calendar-day timeline ends when the signed Commander's Memorandum from the MAJCOM/FLDCOM commander is returned to the victim with approval/disapproval. **(T-1)** The date of receipt for the review will be annotated on the appeal letter, to verify compliance with the 5-calendar-day timeline. **(T-1)**

8.5.5.2. If the MAJCOM/FLDCOM commander approves the expedited transfer request, the MAJCOM/FLDCOM commander will immediately return the Commander's Memorandum to the SARC. The SARC or SAPR VA will provide the signed Commander's Memorandum to the victim and all parties of the original request will follow the procedures outlined in **paragraph 8.5.6**. **(T-1)**

8.5.5.3. If the MAJCOM/FLDCOM commander disapproves the expedited transfer request, a brief explanation for the denial will be annotated on the Commander's Memorandum. The MAJCOM/FLDCOM commander will send the request back to the Wing or Delta commander who provides it to the SARC. **(T-1)** The SARC will provide the victim the signed Commander's Memorandum with the decision and will document the expedited transfer denial in DSAID. **(T-1)**

8.5.6. If the expedited transfer request is approved:

8.5.6.1. Losing SARC's procedures following Wing or Delta commander approval. The losing SARC will:

8.5.6.1.1. Immediately notify the local OSI, servicing legal office, and VC (when applicable) when a victim's expedited transfer request has been approved. **(T-1)**

8.5.6.1.2. Return the signed Commander's Memorandum and other documents to the victim. The SARC will not maintain a copy of the Commander's Memorandum. The SARC will annotate the commander's approval/disapproval within DSAID, as the system of record. **(T-0)**

8.5.6.1.3. Provide the victim a private workspace with a computer to complete the Virtual Military Personnel Flight (vMPF) application, if necessary. **(T-1)** SAPR personnel are not authorized to complete the vMPF application on behalf of the victim, but may assist with submitting the vMPF application, if requested.

8.5.6.1.4. Enter all expedited transfer requests and outcomes into DSAID within 48 hours of request determination.

8.5.6.1.5. Ensure all fields, including expedited transfer information, are entered into DSAID prior to transferring the case to the gaining SARC. **(T-1)** Losing SARCs are not required to obtain victim consent to transfer the case on the DD Form 2910, IAW DoDI 6495.02V2. **(T-0)**

8.5.6.1.6. Inform MAJCOM/FLDCOM SAPR PAs about all expedited transfer requests within 48 hours of the Wing or Delta commander's decision. **(T-1)**

8.5.6.1.7. Not retain expedited transfer documentation outside of DSAID once the expedited transfer request has been completed. **(T-0)** The complete expedited transfer memo will be provided to the victim for their records.

8.5.6.2. Victim's procedures following Wing or Delta commander approval. The victim will submit an expedited transfer application to the AFPC using vMPF expedited transfer process, with assistance as needed from SAPR personnel or VC. **(T-1)** Additional documents (e.g., Join Spouse or Exceptional Family Member Program letter) may need to be forwarded to AFPC, IAW DAFI 36-2110.

8.5.6.3. Commander's procedures following Wing or Delta commander approval. Once the victim submits the expedited transfer application in vMPF, the victim's or requesting Service member's commander (or civilian equivalent) receives the request in vMPF. The victim's or requesting Service member's commander (or civilian equivalent) will forward the expedited transfer request in vMPF to AFPC. **(T-1)**

8.5.6.3.1. The request is sent through e-coordination to the Total Force Service Center who forwards it to AFPC, Humanitarian and Exceptional Family Member Program Assignments Branch (AFPC/DPFX) for execution of reassignment orders. The Total Force Service Center acts as the liaison between AFPC/DPFX, and the victim approved for an expedited transfer. The Total Force Service Center will implement procedures to process expedited transfers IAW DAFI 36-2110. **(T-1)**

8.5.6.3.2. Once an expedited transfer has been approved in vMPF, the change of assignment is handled IAW DAFI 36-2110.

8.5.6.3.3. In some instances, retraining may be required to accommodate expedited transfer. When retraining is necessary, it is completed IAW DAFMAN 36-2100*, Military Utilization and Classification*. Retraining actions are considered as needed; however, the goal is timely reassignment actions with minimal impact to a Service member's career.

**8.6. Continuity of Victim Care.** To maintain continuity of care after an expedited transfer is approved:

8.6.1. Losing SARC continuity of care procedures. The losing SARC will:

8.6.1.1. Have an out brief meeting with the victim.

8.6.1.2. Inform the victim of the requirement to complete an intake meeting with the gaining SARC, even if continuing services are not sought or legal processes have completed, and explain that the purpose of the intake meeting is to help the victim understand the full range of available support options at the new installation, facilitate access to such support, and help answer any questions the victim may have. **(T-0)**

8.6.1.3. Schedule the intake meeting with the gaining SARC. The losing SARC will provide the victim with the gaining SARC's name and contact information, to include the address of the gaining SARC's office, as well as an appointment date and time. If an intake meeting with the gaining commander is also required (due to ongoing support services or legal processes), the meetings will not occur at the same time without victim's consent. If the victim requests to meet with the commander and the SARC at the same time, the SARCs will inform the victim, in advance, that the communications in a joint meeting will not be privileged under MRE 514 MCM, 2024. **(T-0)**

8.6.1.4. Advise the Service member victim of the requirement to have an intake meeting with the gaining commander, if the Service member victim seeks continued advocacy, legal, or healthcare (medical and mental health) services at the new location, or if the investigation or legal proceeding involving the Service member victim's report is ongoing at the time of the transfer. If the Service member does not continue services and there is no ongoing investigative or legal proceeding, then the intake meeting with the commander is not necessary.

8.6.1.5. Annotate all expedited transfer information and transfer the case in DSAID to the gaining SARC. Losing SARCs are NOT required to obtain victim consent on the DD Form 2910 to transfer the case and will leave Section 8 of the DD Form 2910 blank, since the intake meeting with the gaining SARC is mandatory.

8.6.2. Gaining SARC continuity of care procedures. The gaining SARC will:

8.6.2.1. Follow procedures outlined in DoDI 6495.02V1, Enclosure 5, 6.b.(15), 7 and **Table 2**, to inform and support the victim through the transfer process. **(T-0)** This includes ensuring the facilitation of an intake meeting with the victim, during which the SARC will assess victim safety and explain the full range of support options at the new installation.

8.6.2.2. Update the victim's case in DSAID, consistent with the victim's decision for continued services. **(T-0)**

8.6.2.3. Ensure that the victim's case is reviewed monthly at either the losing or gaining installation's CMG, dependent upon continued services and legal processes and IAW DoDI 6495.02V1**. (T-0)**

8.6.3. Losing commander's continuity of care procedures. The victim's or requesting service member's losing commander will:

8.6.3.1. Notify both the losing SARC and the Service member victim in writing via the Commander's Memorandum when the expedited transfer is approved to ensure continuity of advocacy services and update required data in DSAID.

8.6.3.2. Immediately notify the appropriate personnel assignments entity to begin processing the transfer.

8.6.3.3. Assign personnel to assist Service members with approved expedited transfers with any out-processing required for PCS moves, to include facilitating transportation, as necessary.

8.6.3.4. Advise the Service member victim of the requirement to have an intake meeting with the gaining commander if the Service member victim seeks continued advocacy, legal, or healthcare (medical and mental health) services at the new location, or if the investigation or legal proceeding involving the Service member victim's report is ongoing at the time of the transfer.

8.6.3.5. Notify the victim of the requirement to have a meeting with the losing SARC (and ensure such meeting is scheduled) and an intake meeting with the gaining SARC (to be arranged by the losing SARC). After the intake meeting with the gaining SARC, the victim can decide whether to continue advocacy services at the new location. **(T-0)**

8.6.3.6. Make notification to the victim's or requesting Service member's gaining commander, adhering to information sharing limitations and confidentiality requirements. **(T-0)** Notification from the losing commander to the gaining commander depends on whether there is an open case and continuation of services, IAW DoDI 6495.02V1. When an expedited transfer is approved, the losing commander will NOT inform the gaining commander of the sexual assault incident unless one of the following applies:

8.6.3.6.1. Active criminal investigation;

8.6.3.6.2. Active legal proceeding;

8.6.3.6.3. Ongoing victim healthcare (medical or mental health) needs that are directly related to the sexual assault;

8.6.3.6.4. Ongoing monthly CMG oversight involving the victim; or

8.6.3.6.5. Active SAPR victim support services.

8.6.4. Gaining commander's continuity of care procedures. The victim's or requesting Service member's gaining commander will have an intake meeting with the victim if the victim elects to continue services at the new installation or if legal processes are ongoing at the time of transfer. While adult dependents are not required to meet with commanders, the losing and gaining SARCs will coordinate the transfer of the adult dependent's case and facilitate the required intake meeting with the gaining SARC at the new installation. **(T-0)**

# Chapter 9

# COLLECTION AND PRESERVATION OF EVIDENCE

**9.1. Overview Collection and Proper Handling of Evidence.** For the purposes of the SAPR Program, forensic evidence collection, preservation of evidence, and document retention will be completed IAW DoDI 6495.02V1 and DoDI 5505.18, Section 3, considering the medical condition, needs, requests, and desires of each sexual assault victim covered by this instruction. **(T-0)**

9.1.1. Healthcare providers who are trained to perform SAFEs will perform SAFEs IAW DoDI 6495.02V1, Enclosures 7 and 8; DoDI 6310.09, Section 3; and AFI 44-102, Chapter 11.6. **(T-0)**

9.1.2. SARCs and SAPR VAs are not authorized to collect or handle evidence for either restricted or unrestricted reports. SARCs and SAPR VAs will not collect, assist in the collection, watch, receive, or transport evidence of a sexual assault from a victim. **(T-0)** SARCs and SAPR VAs can offer to accompany the victim to a SAFE.

9.1.3. The SARC will generate the RRCN and must also provide the DSAID case generated unique control number, once available, to the healthcare provider for use in place of the victim's name on restricted report SAFE kits. **(T-0)**

9.1.3.1. The SARC will develop the RRCN using a two-digit year, two-digit month, the first four letters of the installation name, a three-digit numerical sequence, and followed by the letter "R" **(T-0)** For example, "2407RAND001R" represents the report was filed in 2024, during July, at Randolph AFB, is the first report of this sequence, and that the report is restricted.

9.1.3.2. The SARC or SAPR VA will ensure a RRCN and ultimately, the DSAID case generated unique control number are provided to the SAMFE for documentation for any restricted report SAFE kits in lieu of PII. The SARC or SAPR VA will notify OSI that a SAFE kit was conducted, if known.

9.1.4. SAMFEs, Sexual Assault Nurse Examiners, or other identified healthcare providers per established MOU or MOA, will provide the SAFE kit to OSI (or local law enforcement depending on jurisdiction), as soon as reasonably possible but no later than 24 hours after completion. **(T-0)** OSI will log, retain, and store the kit IAW DoDI 6495.02V1, Enclosure 8 and DoDI 5505.18, Section 3. **(T-0)**

9.1.4.1. SAFE kits containing forensic evidence corresponding to both restricted and unrestricted reports in deployed environments will not be held or stored for longer than 5 days in that environment unless unable to transfer to an appropriate location due to operational considerations. **(T-0)**

9.1.4.2. IAW DoDI 6495.02V1, Enclosure 7, paragraph f.(2)(a), victims of sexual assault will be given priority treatment in deployed locations within their AOR to be transported to an appropriate evaluation site, evaluated, treated for injuries, and offered SAPR VA assistance and a SAFE as quickly as possible. **(T-0)**

9.1.5. SARCs will refer victims to medical records to request a copy of the DD Form 2911, *DoD Sexual Assault Forensic Examination (SAFE) Report,* if the SAFE was conducted in the MHS. **(T-1)** For a SAFE completed at civilian facilities, SARCs will assist victims in identifying the process for requesting access to medical records.

**9.2. Handling of Evidence and Release of Personal Property for Unrestricted Reports.**

9.2.1. The SARC or SAPR VA will inform victims of the option to complete a SAFE and will inform OSI as soon as possible when victims elect to complete a SAFE. **(T-0)**

9.2.2. SAMFEs or other healthcare provider per established MOU or MOA, will provide and prepare the SAFE kits IAW DoDI 6495.02V1, Enclosure 8 and AFI 44-102, Chapter 11.6. **(T-0)**

9.2.3. Evidence, to include SAFE kits, will be retained for 10 years from the date of seizure of evidence and until after the conclusion of all legal, adverse action, and administrative proceedings, whichever is later, if under custody and control of the DoD. Personal property in unrestricted reports may be returned before the 10-year period only when:

9.2.3.1. After written evidence disposition is obtained from SJA. **(T-0)**

9.2.3.2. If the allegation is determined to be unfounded (false or baseless), evidence is taken from an alleged subject who is later deemed to be the wrong person (i.e., mistaken identity), or all legal, adverse action, and administrative proceedings related to the allegation have concluded. **(T-0)**

9.2.3.3. The return of personal property request described in this instruction is not applicable for victims covered in this instruction who obtained a SAFE at a civilian facility and whose personal property are maintained by civilian law enforcement. **(T-0)** Victims whose personal property is maintained by civilian law enforcement should contact the civilian facility that performed the SAFE or the civilian law enforcement agency to determine procedures for requesting return of personal property.

9.2.3.4. Personal property items gathered as evidence that are digital or electronic in nature may be returned to the rightful owner if a forensic copy of the evidence has been made. Any such and the copy must be obtained in a forensically sound manner sufficient for command action or prosecution, as appropriate. **(T-0)**

**9.3. Handling of Evidence and Release of Personal Property for Restricted Reports.**

9.3.1. The SARC or SAPR VA will inform victims of the option to complete a SAFE and of any state or local sexual assault reporting requirements that may affect the restricted report. **(T-0)**

9.3.2. SARCs and SAPR VAs will not provide DD Form 2910 or DD Form 2910-8 to OSI or law enforcement for restricted reports of sexual assault. **(T-0)**

9.3.3. SARCs will make every attempt to contact victims at the one-year mark of their restricted report, following the guidelines set forth in DoDI 6495.02V1, Enclosure 8, 5.f.(2). **(T-0)**

9.3.4. If a victim converts their restricted report to an unrestricted report before the expiration of the storage period, the SARC will notify OSI as soon as possible and provide the victim's assigned RRCN and the DSAID case generated unique control number for the restricted report. **(T-0)**

9.3.5. The SARC or SAPR VA will notify victims electing a restricted report that there are procedures to allow for the return of personal property collected during their SAFE. SAPR personnel will use the DD Form 2910-3 to document the victim's request, to describe the personal property to be released, and to document the RRCN and the DSAID case generated unique control number for the restricted report that identifies the SAFE Kit in question. This return of personal property request is not applicable for individuals who obtained a SAFE at a civilian facility and whose kit and personal property are maintained by civilian law enforcement. **(T-0)**

9.3.5.1. The SARC or SAPR VA will ensure victims are informed that the request for the return of personal property may negatively impact a future investigation and prosecution if the victim later decides to convert to an unrestricted report, including information submitted into the CATCH program. **(T-0)**

9.3.5.2. The DD Form 2910-3 will also notify the victim of the CATCH program and, if eligible, the availability for assistance from a VC before filing his or her request for the property return. **(T-0)**

9.3.5.3. The DD Form 2910-3 will contain a notification for OSI evidence custodians notifying them of the policy exemption, so when they discover the name of the victim and/or suspect, an investigation will NOT be initiated. **(T-0)**

9.3.5.4. After the victim signs the DD Form 2910-3, the SARC or SAPR VA will give the victim the original signed form for the victim to provide to the evidence custodian. The victim will also receive a copy to keep for their personal records. The SARC will upload a copy of the DD Form 2910-3 into the DSAID file locker for permanent storage. **(T-0)**

9.3.5.5. OSI will locate the SAFE Kit and arrange for it to be sent to the installation, if stored elsewhere, using appropriate security measures. Once the SAFE Kit is at the victim's location, the OSI supervisory agent and the SARC will arrange for the victim to meet with the evidence custodian to retrieve the personal property in question. **(T-0)**

9.3.5.5.1. The SARC or SAPR VA will instruct the victim to bring the original signed DD Form 2910-3, which may be signed digitally, with them to the meeting with the evidence custodian. If the victim has lost the form, the victim will request a copy from the SARC, who will retrieve it from the DSAID file locker. **(T-0)**

9.3.5.5.2. Evidence custodians will confirm RRCN and the DSAID case generated unique control number, for the restricted report from the DD Form 2910-3 and ask victim to confirm their signature.

9.3.5.5.2.1. If the requested personal property is inside the SAFE Kit, the evidence custodian will open it and provide the victim with the requested personal property. The evidence custodian will insert the original signed DD Form 2910-3 into the SAFE Kit box to account for the release of the item and then reseal the SAFE Kit box. **(T-0)**

9.3.5.5.2.2. If the personal property is not in the SAFE Kit box, but an external evidence bag or container collected as part of the SAFE (e.g., if the forensic examiner collected large clothing item such as jeans that could not fit in the SAFE Kit box), the evidence custodian will not break the SAFE Kit box seal. Instead, the evidence custodian will:

9.3.5.5.2.2.1. Open the external evidence bag or container and provide the victim with the requested personal property. **(T-0)**

9.3.5.5.2.2.2. Insert the original signed DD Form 2910-3 into the external evidence bag or container to account for the release of the item(s), and then reseal the external evidence bag or container IAW established chain of custody procedures. **(T-0)**

9.3.5.5.3. If the personal property is missing or damaged, the victim may consult with his or her VC, if represented, or can ask the SARC for a referral to the VC program, for assistance in addressing this issue. The SARC cannot address evidentiary issues of missing or damaged personal property. **(T-0)**

9.3.5.5.4. The victim can also make additional requests for return of personal property if there are other pieces of personal property that the victim wants returned via additional submissions of DD Form 2910-3. **(T-0)**

9.3.5.6. SAFE kits taken pursuant to a restricted report will be disposed of IAW established OSI procedures, at the end of the 10-year retention period. OSI investigators that dispose of SAFE kits will not initiate an investigation into this matter or report this crime, should they discover the name of the victim and/or alleged subject while disposing of the kit or associated evidence. **(T-0)**

# Chapter 10

## CASE MANAGEMENT GROUP (CMG) AND QUARTERLY CASE MANAGEMENT GROUP (QCMG)

**10.1. Case Management Group (CMG) Purpose.** The CMG is convened to address cohesive emotional, physical, and spiritual care of a victim, in a collaborative environment with the collective goal of facilitating the victim's well-being and recovery. SAPR CMG meetings have three separate and mutually supporting purposes: (1) To ensure safety of victims and retaliation reporters, (2) coordination and tracking of victim services and retaliation reporters' support and referrals for unrestricted reports, and (3) to direct effective response system coordination and appropriate accountability IAW DoDI 6495.02V1, Enclosure 9. **(T-0)**

**10.2. Case Management Group (CMG) Process.** The CMG will meet monthly to review all unrestricted reports of sexual assault via DD Form 2910, independent investigations initiated by OSI, and retaliation allegations related to unrestricted reports via DD Form 2910-2 with retaliation reporter's consent to discuss at the CMG IAW DoDI 6495.02V1 and DoDI 6495.02V3. The CMG will review each case independently, bringing in only those personnel associated with the case. A CMG will not be convened to discuss restricted reports of sexual assault, military sexual harassment reports made to the SAPR Program for advocacy, or for child sexual abuse and unrestricted reports of sexual assault involving intimate partners handled by FAP. **(T-0)** The monthly CMG will be convened in-person. **(T-1)** CMG members who are geographically separated but required to attend may utilize secure means to attend telephonically or virtually.

10.2.1. In a case where there is an investigation initiated by OSI (i.e., "open with limited" in DSAID), OSI will provide case management and updates (at minimum, when they open and when they are closed), and no information is provided by the SARC to the CMG. **(T-0)**

10.2.2. CMGs will convene for the following persons with an unrestricted report of sexual assault perpetrated by someone other than a spouse or intimate partner:

10.2.2.1. Active, Guard, and Reserve DAF Service members, regardless of when or where the sexual assault took place; **(T-0)**

10.2.2.2. Adult military dependents, 18 years of age and older; **(T-0)**

10.2.2.3. DAF civilian employees; **(T-1)**

10.2.2.4. Adult DAF civilian employee dependents, 18 years of age and older, when they are stationed or performing duties OCONUS and eligible for treatment in the MHS; **(T-0)**

10.2.2.5. U.S. citizen DoD contractor personnel and their U.S. citizen employees when they're authorized to accompany the Armed Forces in a contingency operation OCONUS. **(T-0)**

10.2.3. When an adult military or DAF civilian employee dependent is eligible for and makes an unrestricted report of sexual assault, the sponsor's commander (or civilian equivalent) will attend the CMG. **(T-1)**

10.2.4. When there is an expedited transfer and the victim does not seek continued SAPR services after the required intake meeting with the gaining SARC at the new location and there are ongoing investigative or legal proceedings, the CMG responsibility will remain with the original installation's CMG Chair. If the victim wants CMG updates, then the victim's new commander will participate in the CMG and the new commander will provide updates to the victim within 72 hours of the last CMG. **(T-0)**

10.2.5. The CMG Chair will sign DoD's standardized CMG, QCMG, and HRRT forms that serve as checklists and provided by the co-chair who will fill each meeting (**see Chapter 6** and **para 10.10**.**).** The co-chair will upload each form into the appropriate DSAID meeting minutes tab within 48 hours of the form being completed (timeframe extended for 96 hours for deployed locations with connectivity issues or in combat zones). **(T-0)** Individual DSAID case CMG and QCMG meeting minutes will be entered into DSAID by the co-chair within three (3) business days. **(T-1)**

10.2.6. The DD Form 2910-7 for HRRT will be signed by the CMG Chair, the HRRT Chair, and provided by the co-chair who will upload forms within 48 hours (96 for deployed) into DSAID for the first HRRT meeting upon completion. Subsequent HRRT meetings will be documented on the "Supplement to the 2910-7," signed by the HRRT Chair and co-chair, and uploaded into DSAID within 48 hours (96 for deployed) until the HRRT is dissolved. Once dissolved, the CMG Chair, HRRT Chair and the co-chair will sign the original DD Form 2910-7, not the last "Supplement to the 2910-7." **(T-0)**

**10.3. Case Management Group (CMG) Training.** If there are no cases in that month, the CMG will still meet to ensure training, processes, and procedures are complete for system coordination. **(T-0)** The CMG Chair will ensure the CMG members remain current on their annual SAPR training, as well as receive additional SAPR training as described below for their specific role in the CMG. **(T-0)** Training will provide an overview of sexual assault response policies and critical issues annually, including:

10.3.1. Roles and responsibilities of CMG and its members;

10.3.2. Reporting options and MRE 514 MCM, 2024;

10.3.3. Exceptions to restricted reporting and limitations;

10.3.4. Change in victim reporting preference election;

10.3.5. Victim advocacy and support services;

10.3.6. Sensitivity and confidentiality of information discussed in CMG, as well as improper disclosures of covered communications or improper release of CMG information;

10.3.7. Victimology, neurobiology of trauma, counterintuitive behaviors and avoiding victim blaming;

10.3.8. Roles and responsibilities of QCMG and its members; and

10.3.9. Sexual assault-related retaliation reporting roles and responsibilities and the effect of trauma and stress on sexual assault victims and individuals alleging retaliation. **(T-1)**

**10.4. Overview Case Management Group (CMG) Membership and Procedures.** CMG procedures are outlined in DoDI 6495.02V1 and DoDI 6495.02V3, to include DD Forms in **Chapter 6** and for sexual assault-related retaliation allegations reported via DD Form 2910-2.

**(T-0)** CMG primary membership is limited to individuals outlined in DoDI 6495.02V1. **(T-0)** DAF-specific membership is outlined in this chapter, and CMG modifications of designated and senior representatives is prohibited. **(T-1)** Membership in the CMG is meant to support a cross-functional response to sexual assault and does not direct responsibilities or communication that otherwise conflicts with professional responsibilities.

10.4.1. GO CMG participation. CMGs must make accommodations for operational requirements and travel commitments of GOs, to better represent the needs of victims. **(T-0)**

10.4.1.1. SAPR policy requires a GO to attend CMG when they are the immediate commander of a victim of sexual assault. **(T-0)**

10.4.1.2. To facilitate CMG attendance and representation of the victim, GOs with conflicting operational requirements and travel commitments may designate a military staff member at the O-6 level (or above, as appropriate), with prior commander experience, as their alternate to participate at the CMG (i.e., GO representative). **(T-0)**

10.4.1.3. The GO may not designate an individual as the GO representative if the individual is the alleged offender or subject of the retaliation allegation. **(T-0)**

10.4.1.4. Designations as the GO representative will be provided to the CMG Chair in writing, and written designation will be documented in CMG meeting minutes by the SARC. The GO representative is required to closely follow the progress of victims and their cases. This alternate designation does not absolve GOs of their responsibility to provide updates to the victim within 72 hours of the CMG's completion as the victim's commander cannot delegate this responsibility. **(T-0)**

10.4.2. CMG Chair. The CMG Chair will be the installation or host Wing or Delta commander. The installation or host Wing or Delta commander will not delegate this responsibility further than the Wing deputy commander. **(T-0)** The CMG Chair will ensure the appropriate principal of each designated agency is available to attend the CMG and that the responsibility for CMG members to attend CMG meetings will not be delegated. **(T-0)** The CMG Chair will:

10.4.2.1. Ensure CMG members prioritize victim-centered and trauma informed measures to facilitate the victim's needs and to support well-being and recovery from sexual assault.

10.4.2.2. Require effective and timely coordination and collaboration among CMG members at each CMG. **(T-0)**

10.4.2.3. Ensure administration of safety assessments and the protection of the victim's privacy, confidentiality, and recovery progress. **(T-0)**

10.4.2.4. Ensure only individuals with an official "need to know" have the victim's name or any related details of the sexual assault incident. **(T-0)** CMG members are only authorized to share case information with those who have an official "need to know" (i.e., access to information is required to assist in a lawful or authorized function in the performance of official duties) or as authorized by law). Unauthorized disclosure of a confidential communication, improper release of medical information, and other violations of DoDI 6495.02V1 and this instruction may result in discipline or administrative action pursuant to the UCMJ. **(T-0)**

10.4.2.5. Require SARCs and SAPR VAs to actively participate and present verbal updates without disclosing protected communications or violating confidentiality, provide recommendations, and, if needed, the SARC or SAPR VA will affirmatively seek assistance from the CMG Chair or victim's commander. **(T-0)**

10.4.2.5.1. All SARCs assigned to the installation will attend CMGs regardless of whether they have an assigned case being discussed. **(T-0)**

10.4.2.5.2. SAPR VAs and VVAs will only attend CMGs for cases to which they are assigned. **(T-0)**

10.4.2.6. Require an update of the status of each expedited transfer request and Military Protective Order (MPO) documented on DD Form 2873, *Military Protective Order*. **(T-0)** All Expedited Transfers taking longer than 30 calendar days must have documented circumstances for the delay in the CMG minutes, and be reported to the CMG Chair, who must review the circumstances of the delay.

10.4.2.6.1. Require the SARC to inform the CMG of the existence of a Civilian Protective Order (CPO) and its requirements if the victim informed the SARC of an existing CPO. **(T-0)** A CPO shall have the same force and effect on a military installation as such order has within the jurisdiction of the court that issued such order pursuant to 10 USC §1561a, *Civilian Orders of Protection: Force and Effect on Military Installation*s, and PL 107-311 §1561a, *Civilian Orders of Protection: Force and Effect on Military Installation*s.

10.4.2.6.2. Require OSI and/or DoD law enforcement to document, in their investigative file, information provided to CMG regarding protective order(s), to include documentation for ARC personnel in Title 10 status. **(T-0)**

10.4.2.6.3. If the issuing commander's decision is to deny the MPO request, he or she must document in writing the reasons for the denial. Denials of MPO request will go to the installation commander or equivalent command level (in consultation with JA) for the final decision. **(T-0)**

10.4.2.6.4. Ensure the capability to convene a short notice CMG within three days for expedited transfer requests at the victim's commander or host Wing or Delta commander's request. **(T-1)** The CMG will assist the commander (or civilian equivalent) with viable options while balancing the request and unique circumstances of the victim. **(T-1)** The victim's commander (or civilian equivalent) will provide a recommendation to the CMG chair for final decision. **(T-1)** See expedited transfer guidance in **Chapter 8**.

10.4.2.6.5. Track the number of days between a victim's expedited transfer request approval and the date the victim physically departs the losing location or changes duty assignment location. **(T-0)** All Expedited Transfers taking longer than 30 calendar days must have documented circumstances for the delay in the CMG minutes, and be reported to the CMG Chair, who must review the circumstances of the delay

10.4.2.6.6. Direct an HRRT if the expedited transfer delay impacts risk of safety or harm to the victim. **(T-0)**

10.4.2.7. Ensure the servicing legal office provides the disposition of the report of command action to the CMG chair, co-chair, and victim's commander prior to the case being closed during the CMG. **(T-1)**

10.4.2.8. Ensure commanders of Service members who are the subject of a sexual assault allegation provide in writing all disposition data, to include any administrative or judicial action taken, stemming from the sexual assault investigation to OSI (or appropriate MCIO). Information provided by commanders is used to meet DoD requirements for the submission of criminal history data to the Criminal Justice Information System, FBI, and to record the disposition of offenders in DSAID. **(T-0)** Do not remove cases from the CMG agenda until after disposition occurs, regardless of any pre-disposition determination that the alleged conduct did not amount to a sexual assault offense.

10.4.2.9. Require case dispositions, to include cases disposed of by non-judicial proceedings, are communicated to victims of sexual assault, to the extent authorized by law, within 2 business days of the final disposition decision. **(T-0)** The CMG chair will require the DD Form 3114 (or authorized DAF alternative) be submitted for each case disposition within 24 hours and will be entered into DSAID by DAF LO.

10.4.2.10. Confirm members of the Special Victim Investigation and Prosecution, as outlined in DoDI 5505.19, and OSTC are collaborating with local SAPR personnel during all stages of the investigative and military justice process, to ensure an integrated capability to the greatest extent possible. **(T-0)**

10.4.2.11. Ensure all reports of sexual assault-related retaliation are documented on DD Form 2910-2 are reviewed, referred to the appropriate agency, and included on the CMG agenda until the victim's case has reached final disposition or the allegation/complaint has been appropriately resolved. **(T-0)**

10.4.2.12. Ensure that reprisal allegations reviewed at the CMG follow the process and procedures established to obtain updates from the DoD IG IAW DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)**

10.4.3. CMG co-chair. The CMG co-chair will be the principal SARC. When the principal SARC is not available, the supervisory SARC or covering SARC, as identified in **Chapter 3** of this instruction, will co-chair the CMG. **(T-0)** In the absence of a SARC, the SAPR PA or SAPR PS in their chain of command will provide coverage. The SARC will not further delegate this responsibility. SAPR VAs are prohibited from acting as the CMG co-chair. **(T-0)** The CMG co-chair will:

10.4.3.1. Confirm all applicable reports of sexual assault and related retaliation reports are entered into DSAID within 48 hours of the report. In deployed locations with internet connectivity issues, the time frame is extended to 96 hours. **(T-0)**

10.4.3.2. Confirm that the SARC is inputting information into DSAID. **(T-0)**

10.4.3.3. Ensure each victim assigned to SAPR personnel has been informed of SAPR services and that assigned personnel provide a CMG update without violating confidentiality. **(T-0)**

10.4.3.4. Document minutes of monthly CMG meetings (to include attendance and issues discussed) in DSAID. Forms and CMG minutes maintained outside of DSAID are not authorized. Sign in sheets (under double lock and key) and training materials will be retained outside of DSAID. **(T-0)**

10.4.4. Victim's Commander. Victim's immediate or squadron commander (or civilian equivalent) will attend CMG. A higher-ranking officer in the chain of command can attend if, and only if, the immediate commander is off installation on approved leave, temporary duty, or deployment. **(T-0)** The victim's immediate commander (or civilian equivalent in organizations with NO military commander) will:

10.4.4.1. Attend all CMG meetings and provide case updates to the CMG Chair and co-chair. **(T-0)**

10.4.4.2. Provide a CMG update to the victim within 72 hours of the last CMG to ensure timely updates, including status of investigative, legal, or advocacy items IAW PL 104-191, *Health Insurance Portability and Accountability Act of 1996*, also known as HIPAA, and the Privacy Act, and provide confirmation at the next CMG that the update was accomplished. **(T-0)**

10.4.4.2.1. For each victim, the victim's commander will confirm at the CMG that the victim has received a monthly update from the victim's commander of their case within 72 hours of the last CMG, to ensure timely victim updates. **(T-0)**

10.4.4.2.2. The victim's commander cannot delegate this responsibility. **(T-0)**

10.4.4.2.3. Upon the request of the victim, a SARC, SAPR VA, or VC is authorized to provide the update in lieu of the victim's commander. While the victim's commander cannot delegate this responsibility themselves, a victim can request a change if they feel uncomfortable speaking directly with their commander. **(T-0)**

10.4.4.3. Immediately brief the CMG chair if they believe the victim is in a high-risk situation. **(T-0)**

10.4.5. SJA, or installation senior legal representative will attend to provide case updates and case dispositions. **(T-0)**

10.4.6. Victim's assigned VC may attend if the victim requests they do so. Victims may authorize a Victims' Paralegal to attend in the absence of the VC. In situations where the VC is not geographically located with the CMG, the CMG Chair will ensure capability of VC telephonic presence or availability. **(T-0)**

10.4.7. OSI agent or DoD law enforcement with investigative responsibility will attend to provide updates on the investigative status of unrestricted reports, independent investigations discussed during the CMG, and case dispositions. **(T-0)**

10.4.8. Chaplain. Consistent with Title 10 responsibilities, privileged communication requirements, and OSD guidance that chaplains serve as religious professionals first, Chaplain Corps personnel will attend these meetings to further their spiritual support to Airmen and Guardians. **(T-0)** Although Chaplains maintain privileged communication and do not disclose those communications during the CMG, Chaplain presence in these meetings provides them essential situational awareness of potential high-risk situations. This situational awareness furthers spiritual support goals if members involved in a case seeks pastoral care and creates additional response opportunities for Airmen and Guardians who may only choose to disclose to pastoral care providers.

10.4.9. Only those personnel associated with the case will attend for the individual case review IAW DoDI 6495.02V1 and below: **(T-0)**

10.4.9.1. Victim's medical or mental health provider, with the victim's consent. At Reserve standalone installations, the Director of Psychological Health serves as a consultant on mental health issues and will only attend if the victim is utilizing any services provided by the Director of Psychological Health. Victim consent for participation will be documented in individual CMG meeting minutes. **(T-0)**

10.4.9.2. Victim Witness Liaison or VWAP coordinator, if requested by the victim and available. **(T-0)**

10.4.9.3. Joint base, tenant and/or multiple Wing or Delta commanders may be invited to the CMG meeting when a case for a member under their command is discussed. **(T-0)**

10.4.9.4. Installation Command Chief may attend if the CMG Chair requests his or her presence. The CMG Chair will not further delegate. **(T-1)**

10.4.10. The Adjutants General and the Commanding General of the District of Columbia will chair and conduct monthly SAPR CMG meetings to provide case management for all non-Federalized ANG victims who selected an unrestricted report. **(T-1)**

## 10.5. Sexual Assault Retaliation Related to Unrestricted Reports Case Management Group (CMG) Procedures.

10.5.1. The CMG Chair will ask the CMG members every month if the sexual assault victim or individuals eligible to report retaliation associated with the sexual assault incident (see **paragraph 6.2**) have allegations of retaliation (reprisal, coercion, ostracism, maltreatment, and witness intimidation), if they reported through the DD Form 2910-2, and if they consented to having their allegations of retaliation discussed in the CMG meeting IAW DoDI 6495.02V3. **(T-0)** The CMG Chair will confirm for each CMG that all requirements in DoDI 6495.02V1, Enclosure 9, are met and will sign the DD Form 2910-5.

10.5.1.1. If the allegation is initially brought to the attention of the CMG Chair during the CMG, then the CMG Chair, as a commander who receives a retaliation report filed with a DD Form 2910-2, will ensure the DSAID entry by the SARC and immediately refer the matter to the appropriate MCIO. The CMG Chair will not attempt to assess the credibility of the retaliation report. **(T-0)**

10.5.1.2. Even when allegations of retaliation have been referred for investigation, the CMG may be leveraged by the CMG Chair to ascertain what other services or resources have been provided to the retaliation reporter, and whether other referrals are necessary, as appropriate. **(T-0)**

10.5.2. When the alleged retaliator of the individual who signed the DD Form 2910-2 is a member of the CMG, such as the Chair, co-chair, victim's commander, any other mandatory attendee, or the alleged subject's commander, the alleged retaliator's senior leader or GO will provide a replacement to attend the CMG. **(T-0)**

10.5.3. When the retaliation reporter's commander is the alleged perpetrator of the retaliation, then the CMG Chair will designate the commander at the next level of command or the appropriate replacement personnel to provide the retaliation reporter the status update, and the CMG Chair will also invite the designated POC to attend CMG for as long as the retaliation allegation is on the agenda and consent to discuss in the CMG has not been rescinded by the retaliation reporter. **(T-0)**

10.5.4. The CMG Chair will require the CMG co-chair to conduct oversight of CMG meeting activities related to all allegations of retaliation to ensure appropriate support and the administration or re-administration of non-clinical safety assessments when there is an allegation of retaliation. **(T-0)**

10.5.5. DD Form 2910-2 retaliation reporters who have consented to have their retaliation allegation discussed at the CMG will remain on the CMG agenda for status updates until allegations have been appropriately addressed, the retaliation reporter is notified of the outcome, or until the reporter rescinds their consent to discuss their retaliation experience at the CMG. **(T-0)**

10.5.5.1. If a victim or retaliation reporter filed a DD Form 2910-2 and reveals a safety issue but declined to consent to discuss at the CMG, the SARC will immediately report it to the victim's commander. The victim's commander will take immediate and appropriate action, to include standing up an HRRT, if necessary, to address safety issues arising from the original unrestricted report or the retaliation report. The HRRT Chair and CMG Chair must complete and sign the DD Form 2910-7 at the initial HRRT and complete and sign the Supplement to the DD Form 2910-7 for subsequent HRRT meetings.

10.5.5.2. Notification to the retaliation reporter of the outcome will also include informing the reporter that if they believe they are still being retaliated against, new allegations should be reported to the SARC and the SARC will, with the reporter's consent, request new retaliation allegations be added to the CMG agenda to ensure appropriate tracking. **(T-0)**

10.5.5.3. If the unrestricted report of sexual assault reaches disposition prior to the closure of the related retaliation report, the CMG will discuss the retaliation report without discussion of associated unrestricted report. **(T-0)**

10.5.5.4. Ongoing unrestricted report of sexual assault allegations with a retaliation report will continue to remain on the CMG agenda IAW DoDI 6495.02V1, Enclosure 9, even if the retaliation allegations have been resolved. **(T-0)**

10.5.6. The CMG Chair will ensure that, at every CMG, members strictly adhere to existing procedures to discuss, track, and appropriately refer retaliation allegations made by sexual assault victims and others, to include ensuring that reprisal allegations reviewed at the CMG meeting follow the process established to obtain updates from the DoD IG IAW 6495.02V3. However, if the reprisal reporter did not consent to have their reprisal report discussed at the CMG meeting, there will be no request for DoD IG updates. **(T-0)**

10.5.6.1. SARCs will request status updates regarding reprisal cases being investigated by DOD IG every three months until the DoD IG investigation is closed. SARCs will make this request via **SAPR-Reprisal@dodig.mil** 10 business days (Monday through Friday) prior to the designated monthly CMG. The Office of Inspector General of the Department of Defense will provide status updates indicating only whether a case is open or closed and contact the SARC when the reprisal investigation is closed. **(T-0)**

10.5.6.2. If the SARC does not receive an update, the SARC will contact the MAJCOM/FLDCOM SAPR PA to notify AF/A1Z, who will in turn contact DoD SAPRO. DoD SAPRO will facilitate contact with the Office of Inspector General of the Department of Defense Whistleblower Reprisal Investigations Directorate. **(T-0)**

10.5.7. If the retaliation reporter has provided consent on DD Form 2910-2 and the SARC has concerns regarding privileged communications, the SARC will seek guidance from the servicing SJA office prior to any discussion at the CMG meeting. **(T-0)**

10.5.8. Status updates will be provided to retaliation reporters, as follows:

10.5.8.1. For each victim, the victim's commander will confirm at the CMG that the victim has received a monthly update from the victim's commander of their case within 72 hours of the last CMG, to ensure timely victim updates. After each CMG, commanders will provide updates to sexual assault victims on the status of the unrestricted report sexual assault case and retaliation report. The victim's commander will also provide a status update to the victim's family members who filed a retaliation report. **(T-0)**

10.5.8.2. The retaliation reporter's immediate commander who attends the CMG will provide status updates on the retaliation report (filed via the DD Form 2910-2) and investigation (criminal, DoD IG, administrative, or otherwise) to witnesses, bystanders, first responders, SARCs and SAPR VAs, since their retaliation allegations will stay on the CMG agenda until their retaliation investigations are closed or the retaliation allegations have been appropriately addressed, and until the retaliation reporter has been notified of the outcome, or rescinds consent to discuss at the CMG. **(T-0)**

10.5.8.3. If the retaliation reporter's commander is the alleged perpetrator of the retaliation, then the CMG Chair will appoint the commander at the next level of command or the appropriate personnel to provide the retaliation reporter the status update, and the CMG Chair will also invite the designated POC to attend the monthly CMG for as long as the retaliation allegation is on the agenda and consent from the reporter has not been rescinded. **(T-0)**

10.5.9. The CMG Chair will notify the first GO in the chain of command when a DD Form 2910-2 is filed by a retaliation reporter and again when that retaliation case is resolved and no longer on the CMG agenda. **(T-0)** The notification needs to highlight when:

10.5.9.1. The retaliation is reported against someone in the reporter's chain of command or supervisory chain. **(T-0)**

10.5.9.2. The suspect of the sexual assault allegation is the rater, reporting senior, or reviewing officer of the individual filing the unrestricted report DD Form 2910. **(T-0)**

10.5.9.3. An HRRT is stood up for a sexual assault victim who also reported retaliation, and when the HRRT is dissolved (see **paragraph 10.6**). **(T-0)**

**10.6. Sexual Assault High-Risk Response Team (HRRT).**

10.6.1. The CMG chair will immediately stand up a multi-disciplinary HRRT, IAW 6495.02V1, if a victim with an unrestricted report is assessed, through a non-clinical safety assessment, to be at a high-risk of harm from the alleged subject, people associated with the alleged subject, or harm to self. If the victim is believed to be at risk of harm to self, they will immediately receive a clinical evaluation, so as not to delay any necessary care, prior to activation of HRRT. The purpose and responsibility of the HRRT is to continually monitor the victim's safety by assessing danger and developing a plan to manage the situation. **(T-0)**

10.6.2. The HRRT will be chaired by the victim's immediate commander, and at a minimum, include the victim's SARC and SAPR VA, OSI, SJA, and the alleged subject's commander, if appropriate. **(T-0)** Chaplain participation is optional and based on pastoral need; chaplains may attend when their presence is requested by the victim or when the commander determines their pastoral support would be beneficial. The victim's medical or mental health provider may be included, if actively receiving services and will not release any HIPAA-protected healthcare information related to the victim. The responsibility of the HRRT members to attend the HRRT meetings and actively participate will not be delegated. **(T-0)** It is prohibited to invite the alleged subject's commander to the HRRT in cases concerning a victim's possible suicidal ideations or self-harm unless the subject is believed to be involved in triggering suicidal ideations or self-harm. **(T-0)**

10.6.3. The HRRT will make their first report to the installation or host Wing or Delta commander or CMG Chair and co-chair within 24 hours of being activated. A briefing schedule for the CMG Chair and co-chair will be determined but will occur no less than once a week while the victim is in a high-risk status. HRRT assessment will include, but is not limited to, an evaluation IAW DoDI 6495.02V1, Enclosure 9. **(T-0)**

10.6.4. For restricted reports in which a victim is assessed to be high-risk, the SARC will consult with the servicing legal office IAW DoDI 6495.02V1 to determine if the situation qualifies for an exception to restricted report. **(T-0)** If an exception exists, the SARC will follow notification procedures IAW DoDI 6495.02V1 and this instruction for unrestricted reports and will notify the CMG chair immediately so an HRRT can be stood up. **(T-0)**

10.6.5. SARCs shall document HRRT meetings in DSAID and are not authorized to retain documentation outside of DSAID unless otherwise stated in DoDI 6495.02V1. **(T-0)**

**10.7. CMG in the AOR.** Equivalent CMG standards and case oversight will be met in situations where SARCs are not installation-based but instead work within operational and/or deployable organizations. See **Chapter 12.** **(T-0)**

**10.8. CMG Chair Authority of Tenant Commands.** In instances where the installation or host Wing or Delta commander does not possess administrative or operational authority over a tenant commander, the tenant commander is required to adhere to the CMG policy requirements established by DoDI 6495.02V1 and this instruction. **(T-0)** Tenant commanders are:

10.8.1. Charged to address systemic issues brought to their attention related to the care and support of an eligible victim within their command. **(T-0)**

10.8.2. Required to address any allegations of retaliation, reprisal, ostracism, or maltreatment experienced by the victim, victim's family members, witnesses, bystanders (who intervened), SARCs and SAPR VAs, or responders within their command. Allegations of reprisal must be reported to the IG for resolution. **(T-0)**

10.8.3. Required to report to the CMG Chair on status updates until the retaliation investigation is closed, or until the retaliation allegation has been appropriately addressed and the reporter has been notified, or the retaliation reporter rescinds consent to have their report discussed in the CMG. **(T-0)**

**10.9. Quarterly Case Management Group (QCMG).** SAPR QCMG will convene to assess the effectiveness of the response system coordination and ensure appropriate accountability. This is a separate discussion from individual case management oversight at the monthly CMG meetings and no information directly related to unrestricted or restricted reports, specific victims or retaliation reporters will be discussed, to protect victim privacy and confidentiality.

10.9.1. QCMG Process**.** The QCMG will meet on a quarterly basis to identify issues, take action steps to resolve system coordination concerns and increase accountability related to organizational responses to victim and retaliation reporter safety issues (HRRT), and discuss retaliation reporting, timely victim access to healthcare, victim advocacy, legal, spiritual, and other services within the installation and through established agreement with external civilian agencies, timeliness of expedited transfer approvals, resource sharing in joint environments, tenant commander concerns, reporting and service access trends for the installation, identify any barriers or challenges with warm hand-off resources, and share integrated response data and trends, which may include the total number of restricted and unrestricted sexual assault and military sexual harassment reports and referrals IAW DoDI 6495.02V1 and DoDI 6495.02V3.

10.9.2. QCMG Membership and Procedures. Primary membership will include appointed CMG and CTC stakeholders (lead representatives from SAPR, FAP, EO, VWAP, IG, medical and mental healthcare providers, VC, and chaplains) and other relevant personnel invited by the CMG Chair or Co-Chair to foster liaisons and identify challenges and solutions IAW DoDI 6495.02V1. Principal SARCs at Joint Bases will invite Sister Service SARCs and commanders or request attend Sister Service QCMG meetings with commander where DAF is not the lead. **(T-1)**

10.9.2.1. The Principal SARC will report out and share integrated response data and trends as well as monitor risk factors and climate through trend data gathered and provided by the IPPW. **(T-0)** The DAF Sexual Assault Report Dashboard will be used to share reporting data to ensure the risk for accidental disclosure is reduced. **(T-1)**

10.9.2.2. The installation commander will ensure documentation is recorded, uploaded to DSAID, and respond to identified negative trends with appropriate action. **(T-0)**

10.9.2.3. CMG Chair will review minutes and action items at the next quarterly meeting to drive progress and conduct oversight on any open system coordination and accountability issues. The CMG Co-Chair will record the minutes of the quarterly meeting, including all action items assigned by the CMG Chair to address or improve system response. **(T-0)**

**10.10. Case Management Group (CMG) and Quarterly Case Management Group (QCMG) Forms.** To standardize and facilitate SAPR Program oversight of unrestricted reports of adult sexual assault and related retaliation allegations, DAF must use the following designated forms during all CMG and QCMG meetings: DD Form 2910-5, DD Form 2910-6, and DD Form 2910-7 (see **Chapter 6**). **(T-0)** CMG and QCMG meeting minutes will be entered into DSAID within three (3) business. **(T-1)**

# Chapter 11

## COMMAND ACTIONS IN RESPONSE TO SEXUAL ASSAULT

**11.1. Overview Commander (or Civilian Equivalent in Organizations with no Military Commander) Management Procedures Relating to Sexual Assault.** Commanders will retain non-supervisory OPCON with the principal SARC on their Special Staff to actively support and successfully execute SAPR programs. Commanders will be responsible for victims and alleged offenders, as well as the military justice and disciplinary processes for cases under their authority that enable persons to be held appropriately accountable. DAF leaders will ensure both a timely response to individual incidents of sexual assault while also actively working to prevent problematic and harmful behaviors through culture and climate efforts and promoting connections to care (i.e., CTC approach). Commanders will ensure SARCs have direct, unimpeded access to commanders, to include the installation commander, for SAPR-related matters and to expedite support for sexual assault victims. **(T-0)** Installation or Host Wing or Delta Commanders will:

11.1.1. Establish a command climate of sexual assault and sexual harassment prevention and response that is based on mutual respect, trust, and fosters a cohesive environment foundational for mission success and values the contributions of all Total Force personnel.

11.1.2. Ensure commanders, supervisors, and leaders at all levels model healthy skills to foster an ethos of well-being and readiness, encourage proactive help-seeking, and reinforce positive behaviors and social norms that reflect DAF core values IAW DoDI 6400.11. **(T-0)**

11.1.3. Emphasize DoD and DAF policies on military sexual harassment, sexual assault, and the potential legal consequences for those who perpetuate harm or commit such crimes. **(T-0)**

11.1.3.1. Identify and remedy environmental factors specific to any locations that may perpetuate problematic behaviors, harm, or facilitate the commission of sexual harassment or sexual assaults. **(T-0)**

11.1.3.2. Engage timely, consistent, and appropriate accountability processes and discipline actions to address all harmful and problematic behaviors that constitute violations along the continuum of harm and degrade mission effectiveness in an effort to interrupt, deter, and prevent future harm.

11.1.3.3. Ensure that unit commanders (or civilian equivalents) are informed of and comply with requirements that complaints of sex-related offenses and sexual harassment against Airmen and Guardians assigned to their command, regardless of grade, resulting in conviction by court-martial, non-judicial punishment, punitive administrative action, or substantiation of a complaint of sexual harassment are annotated in that Airman or Guardian's performance evaluation, which are filed in their official personnel record IAW AFI 36-2406, *Officer and Enlisted Evaluation Systems*. **(T-0)**

11.1.4. Implement local SAPR programs ensuring that DAF-trained and D-SAACP-certified full-time SAPR personnel maintain a regular presence in the designated SAPR office and are available to provide an immediate and in-person response capability to support sexual assault and sexual harassment victims, including AEW. **(T-0)**

11.1.4.1. Ensure victims receive assistance from the SAPR Program, that they are informed of their rights, and that victims' rights are upheld throughout reporting, investigative, and legal processes. **(T-0)**

11.1.4.2. Ensure all SAPR personnel meet the eligibility and screening requirements to obtain and maintain D-SAACP certification IAW DoDI 6495.03 and **Chapter 4** of this instruction. **(T-0)**

11.1.4.3. Establish and publicize installation SAPR support services availability and reporting options information is posted IAW DoDI 6495.02V1 and DoDI 6495. **(T-0)**

11.1.4.4. Require that the SARC, for all applicable sexual assault reports, notify required personnel and enter information into DSAID IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, and this instruction. **(T-0)**

11.1.5. Ensure unit commanders (or civilian equivalents) immediately refer to OSI, OSTC, and the SARC or SAPR VA any known disclosures or incidents of adult, non-intimate partner sexual assault IAW DoDI 6495.02V1. **(T-0)** For unrestricted report notifications to OSI, the victim's commander will include the victim's name, preferred contact information, and preference for a VC to ensure there is no loss of evidence and a timely investigation.

11.1.6. Confirm that a VCP conversation is completed for each unrestricted report of sexual assault in which the victim voluntarily consents to the recommendations of the VCP, IAW DoDI 6495.02V1, paragraph 4.aq. This process will be applicable upon AF/A1Z-approved release of VCP. **(T-0)**

11.1.7. Ensure an 8-Day SAIRO Report is completed for all unrestricted reports and independent investigations of sexual assault IAW DoDI 6495.02V1 and this instruction. **(T-0)**

11.1.8. Ensure all subordinate commanders (group, squadron, and deputy commanders or civilian equivalents), to include tenant units, receive 8-Day SAIRO Report training from the installation or principal SARC within 30 days of assuming the position. **(T-0)**

11.1.9. Ensure unit commanders (or civilian equivalents) forward victim requests to discuss his or her case to the installation or host Wing or Delta commander within 24 hours of receiving such request, if safety related, or within 72 hours of receiving such request, if related to general case management, career impacts, or career advisement. **(T-0)**

11.1.10. Chair the multi-disciplinary monthly CMG and QCMG. The installation or host Wing or Delta commander may delegate this responsibility but not below the Wing or Delta deputy commander. **(T-0)**

11.1.11. Require principal SARC to serve as the co-chair of the CMG and QCMG. **(T-0)**

11.1.12. Ensure principal SARC participates in the installation CAT and CAB. **(T-1)**

11.1.13. Require implementation of DAF's CTC approach. **(T-0)**

11.1.14. Require commanders (or civilian equivalents) at every level to be trained to recognize and apply understanding on the effect of trauma and stress on individuals who report sexual assault-related retaliation and take appropriate measures to protect reporters. Retaliatory behaviors violate good order and discipline, erode unit cohesion, mission effectiveness, and can deter subsequent reporting of sexual assault incidents. **(T-0)**

11.1.14.1. Require that all supervisors in the victim's chain of command, officer and enlisted, take appropriate measures to protect the victim, family members, witnesses, responders, and bystanders who intervened from retaliation, reprisal, coercion, ostracism, and maltreatment when they become aware of retaliation allegations related to restricted or unrestricted reports of sexual assault, third-party or independent investigations, and restricted (confidential) or unrestricted reports of military sexual harassment. **(T-0)**

11.1.14.2. Require that all alleged sexual assault-related retaliation report procedures are processed IAW DoDI 6495.02V1, DoDI 6495.02V3, and **Chapter 6** of this instruction. **(T-0)**

11.1.14.3. Protect SAPR personnel from coercion, retaliation, ostracism, discrimination, maltreatment, and reprisal related to the execution of their SAPR duties and responsibilities. **(T-0)**

11.1.15. Wing or Delta commanders and the USAFA Superintendent will execute expedited transfer procedures for sexual assault victims IAW 10 USC § 9461, *Policy on Sexual Harassment and Sexual Violence*; DoDI 6495.02V1; DoDI 1322.22, *Military Service Academies*; DAFI 36-2110; DAFI 36-3501, *United States Air Force Academy Operations*; and this instruction. **(T-0)**

11.1.16. Ensure all assigned military and civilian personnel (appropriated and non-appropriated fund) receive SAPR training IAW DoDI 6495.02V1, DoDI 6495.02V2 and this instruction. DoD contractors are highly encouraged to attend. Refer to **Chapter 13** of this instruction for training requirements. **(T-0)**

11.1.17. Ensure the SJA provides a Record of Trial to victims, when eligible, IAW Rule for Courts-Martial 1112(e). **(T-0)**

11.1.18. Ensure the SJA completes final case dispositions utilizing DD Form 3114 or authorized DAF alternative and in coordination with the SARC, for all applicable cases.

11.1.19. Ensure that unit security assistants inform individuals whenever they are required to complete Standard Form (SF) 86, *Questionnaire for National Security Positions*, in connection with an application, investigation, or reinvestigation for a security clearance, that unless the individual has a mental health or other health condition that substantially adversely affects judgement, reliability, or trustworthiness, it is DoD policy to answer "no" to question 21E of the SF 86 if:

11.1.19.1. The individual is a victim of a sexual assault; and

11.1.19.2. The counseling or treatment occurred with respect to an emotional or cognitive disorder or condition strictly in relation to the sexual assault; and

11.1.19.3. The individual's judgment, reliability or trustworthiness is not substantially adversely affected. **(T-0)**

11.1.20. Distribute and consider providing a submission for the DoD SAPRO Liz Blanc Exceptional SARC of the Year Award, DoD Exceptional SAPR VA of the Year Award, and DoD Promoting Excellence in Prevention Award via the MAJCOM/FLDCOM SAPR PA to AF/A1Z and the SF/S1 Quality of Life and Resilience Directorate (SF/S1Q), who will appoint a board and members to review and select the annual award submission. **(T-0)**

11.1.21. Ensure the installation principal SARC has direct and unimpeded contact and access to the immediate commander of the victim or subject, if applicable, for the purpose of this instruction. **(T-0)**

11.1.22. Meet with the principal SARC and contact the SJA within 30 days of taking command, for individual in-person SAPR training. **(T-0)** The training shall include, at minimum, trends brief for unit and AOR, the confidentiality and "official need to know" requirements for both restricted and unrestricted reporting, and the requirements of the 8-day SAIRO Report. The commander (or civilian equivalent) must contact the SJA for training on MRE 514 MCM, 2024. **(T-0)**

11.1.23. Establish a written coverage plan in collaboration with the MAJCOM/FLDCOM SAPR PA or SAPR PS and installation principal SARC to ensure 24/7 SARC response capabilities during times of SARC absence, position vacancies, or government shutdown (furlough). **(T-1)** Personnel performing SAPR duties must meet eligibility requirements as outlined in DoDI 6495.02V1, DoDI 6495.03, and **Chapter 4** of this instruction. **(T-0)** Signed written coverage plans will be maintained by each SAPR PA, updated annually (at a minimum), or as necessary (i.e., with leadership or staff turnover), and must be provided to AF/A1Z upon request. Written plans will include identification of SAPR personnel as mission essential and work with local civilian personnel offices to document on SCPD, as applicable. **(T-1)**

11.1.24. Ensure the location of the SAPR Program is in an area on the installation where all personnel have easy access and that the SAPR office has their own private entryway with controlled foot traffic, to provide as much anonymity as possible. Adequate parking immediately adjacent to the facility is required. **(T-1)** Both the office and the parking should include access for disabled personnel, in compliance with the Americans with Disabilities Act and corresponding regulations. **(T-0)** Surrounding offices and personnel should not have conflicting degrees of professional privilege with respect to confidentiality (e.g., mandatory reporters, command, or prevention personnel; see **Paragraph 1.2.2**.). Where feasible, the SAPR and EO offices should be in close proximity to each other.

11.1.24.1. Ensure each full-time staff member of the SAPR Program is resourced and provided an individual private office, with floor-to-ceiling walls and lockable doors, for privacy to offer confidential consultation or other engagement with victims. **(T-1)** The installation or host Wing or Delta commander must provide private offices with work area space sufficient for a standard-size desk, locking file cabinets for CUI, bookshelves, an office chair, and visitor seating. **(T-1)**

11.1.24.2. Ensure separate spaces for storage of SAPR promotional and educational items; adequate space for training, awareness, and prevention activities; and a private, sound-proof office space (that is not a full-time SAPR staff member's individual office) to house a stand-alone computer for victim use during one-on-one consultations, for victims to file an expedited transfer request, CATCH Program entries, or to communicate with their VC. **(T-0)**

11.1.24.3. Ensure communication equipment and services permit coverage 24 hours a day, 7 days a week, to include office telephones with long distance capability and government-funded cellular phones for each full-time staff member for emergency response, initial contact, and on-going victim support. **(T-0)** SAPR staff are prohibited from using personal devices for communications related to official duties of victim advocacy service provision. **(T-0)**

11.1.24.4. Ensure government transportation is available for the SAPR Program, as required, to transport victims (including those at geographically separated units) to appointments related to their report of sexual assault. SAPR personnel are prohibited from using their personal vehicles to transport victims. **(T-0)**

11.1.25. Ensure all SARW personnel are D-SAACP certified and that all initial SAPR or D-SAACP investigations, suspensions, revocations or respective updates are reported immediately (within 24 hours) by the principal SARC (or designee) through the MAJCOM/FLDCOM SAPR PA to AF/A1Z IAW **chapter 4**. **(T-1)**

11.1.25.1. Delay initial or renewal certification application submissions for individuals who are subjects of an open criminal, IG, EO, or a CDI or formal inquiry relating to compatibility for SAPR, a violation of victim rights or SARC or SAPR VA ethical duties IAW DD Form 2950 and DD Form 2950-1. D-SAACP applications will be held until full adjudication of the investigation and complaint to ensure applicants are suitable candidates for certification. **(T-0)**

11.1.25.2. Principal SARCs will update monthly D-SAACP status reports for MAJCOM/FLDCOM PAs to provide to AF/A1Z. **(T-1)**

11.1.26. Publicize installation SAPR support resources and availability and direct "Reporting Options for Adult Victims of Sexual Assault" and "Reporting Options for Retaliation Related to an unrestricted report of Adult Sexual Assault" are posted in high-traffic locations (i.e., dining facilities, gyms, bathrooms, etc.) and include all pertinent information IAW DoDI 6495.02V1, and DoDI 6495.02V3. **(T-0)** Ensure resource information is current, accurate, and available to the DoD Safe Helpline database, ensuring first responder contact information is provided to the MAJCOM/FLDCOM SAPR PAs on a quarterly basis, or as needed, to update the DoD Safe Helpline. **(T-1)**

11.1.27. Ensure victims receive assistance from the SAPR Program and that they are informed of and given the opportunity to:

11.1.27.1. Go outside the chain of command to report the offense to other commanding officers or IG, including when the alleged offender is the commander or in the victim's chain of command. **(T-0)** Victims shall be informed that they can also seek assistance from the DoD Safe Helpline. **(T-0)**

11.1.27.2. Consult with a VC, legal assistance counsel, and in cases where there may be collateral misconduct, an Area Defense Counsel. **(T-0)**

11.1.27.3. Have a SARC, SAPR VA, VVA (as applicable) and/or a VC present when law enforcement, trial, or defense counsel interviews the victim. **(T-0)**

11.1.28. Consult with SJA, when OSTC does NOT exercise authority over alleged collateral misconduct or they defer such, to determine if application of the Safe-to-Report policy is appropriate. Determine if collateral misconduct is "minor" or "non-minor" utilizing the established analytical framework, criteria, and standards, and document determinations in writing (e.g., why the policy was not used or any adverse action(s) taken). SJAs are responsible to track all such determinations IAW DAFI 51-201. **(T-0)**

11.1.29. Ensure victims of sexual assault are offered standardized and timely healthcare, to include the ability to elect a SAFE IAW DoDI 6310.09, DoDI 6495.02V1, and AFI 44-102. **(T-0)**

11.1.29.1. Defense Health Agency will ensure there is an adequate supply of SAFE kits to meet the needs of sexual assault victims IAW DoDI 6495.02V1. If care is referred to non-MHS providers, then the Wing or Delta commander will ensure that MOA/MOU, IAW AFI 25-201, with the receiving facility are compliant with DoDI 6495.02V1. **(T-0)**

11.1.29.2. Ensure Service members, healthcare providers, and commanders are informed of and understand convalescent leave eligibility for Service members who experience a sexual assault. Service members who seek care following a sexual assault from their primary care provider, the emergency department, or other health care provider, including receiving a sexual assault medical forensic examination, and have an identified medical condition impacting fitness for duty, are eligible for convalescent leave IAW DoDI 1327.06, *Military Leave, Liberty, and Administrative Absence* and DAFI 36-3003, *Military Leave Program.* **(T-0)** Victims of sexual assault who have elected either a restricted or unrestricted report of sexual assault and an identified medical condition resulting from the sexual assault that impacts their fitness for duty may be eligible for convalescent leave. **(T-0)**

11.1.29.2.1. Unit commanders or MTF director (see **paragraph 11.1.29.2.4** for Guard and Reserve) may grant convalescent leave (non-chargeable) to Service members to receive support or allow time for recovery either locally or outside the local area based on a recommendation of a medical or mental health provider or SAMFE when diagnosed with a medical condition and determined not yet fit for duty. Recommendations must preserve the Service member's privacy and reporting option IAW DoDI 6310.09. Requests will be made without jeopardizing the confidentiality of the restricted report and will not disclose the sexual assault in the administration of the convalescent leave. Such leave may be approved to start immediately following the release from a medical facility, completion of a SAFE, or completion of an appointment with a medical or mental health provider after a sexual assault is reported. **(T-0)**

11.1.29.2.2. Convalescent leave that is approved by a unit commander or MTF director may range from 1 day to 30 days. The 30 days may be used intermittently, as needed, and is not required to be taken all at once. The commander or MTF director may approve subsequent convalescent leave once a member has exceeded initial approved 30 days, if needed. **(T-0)** Extending convalescent leave beyond 30 days requires additional medical review and consent and must be approved by an O-5 (or civilian equivalent) or above. Note: During short absences of the unit commander, the commander's designated representative may approve convalescent leave. **(T-3)** There is no cumulative limit on the number of convalescent leave that may be granted utilizing procedures outlined in DAFI 36-3003 and travel entitlements that may be associated with convalescent leave are governed by the JTR. **(T-0)**

11.1.29.2.3. Stating the convalescent leave table and rule by providers or victims on the convalescent leave documentation is not necessary. Disclosing leave table and rule may risk the protection of victim confidentiality and privacy. **(T-1)** A Service member may only be authorized convalescent leave for their own medical condition, not in connection with a medical condition of their dependent or other family member. **(T-0)**

11.1.29.2.4. Reserve and Guard commanders and RMU/GMU commanders or medical designee (i.e., medical provider that is an O-5 or above) may grant convalescent leave to Service members in an applicable and active status IAW DAFI 36-3003. **(T-1)**

11.1.29.2.5. For Service members who are determined not eligible for convalescent leave, health care providers should consider recommending that the Service Member's unit commander grant special liberty for up to 48 hours immediately following the healthcare encounter. Special liberty may be utilized to allow for immediate rest and recovery, until that Service Member can have a follow-up appointment with the appropriate health care providers who may assess any ongoing needs for convalescent leave, as appropriate depending on the Service Member's individual circumstances. **(T-0)**

11.1.29.2.5.1. Healthcare providers recommend that the Service Member's unit commander grant special liberty must follow the policies, procedures and forms outline by Defense Health Agency and DAF. **(T-0)**

11.1.29.2.5.2. Healthcare providers must not disclose that the patient was seen for care associated with a sexual assault. **(T-0)**

11.1.29.2.6. Ensure unit commanders (or civilian equivalents) allow Service members to attend, in a normal duty status during normal duty hours, any scheduled medical or non-medical appointments related to their sexual assault report to support recovery. These activities serve in place of duty and are approved for such personnel. **(T-0)**

**11.2. Commander's Designations and Appointment Requirements.** The installation or host Wing or Delta **Commander** will:

11.2.1. Appoint a POC to serve as a formal liaison between the principal SARC and FAP staff to direct coordination when a sexual assault occurs within a domestic relationship or involves child abuse. **(T-0)** The appointed FAP or civilian domestic resource POC must serve in a similar advocacy role or share similar professional privilege with respect to confidentiality. **(T-1)** If FAP is not available for an ARC, the Reserve Host or tenant Wing or Delta commander will appoint the AFRC Director of Psychological Health or establish an MOU with a civilian resource to ensure appropriate response and system coordination when a sexual assault occurs within a domestic relationship or involves child abuse (DoDI 6495.02V1 and DoDI 6400.06. **(T-0)**

11.2.2. Require MDG commander or MTF director (depending on jurisdiction over the facility) to assign in each MTF, and as an official duty, a healthcare provider to be the resident POC concerning SAPR policy and sexual assault care IAW DoDI 6495.02V1 and AFI 44-102, to include Reserve and Guard medical units. **(T-0)**

11.2.3. Designate and appoint the Line of Duty (LOD) program manager as the Reserve SAPR liaison (RSL) and an alternate RSL, if the commander is a Reserve Wing or Host commander as outlined in DoDI 6495.02V1, Enclosure 5. **(T-0)** The RSL and Alternate RSL will be able to initiate and track LOD determinations in the Electronic Case Tracking (ECT) system. **(T-1)** LOD procedures are conducted IAW DAFI 36-2910, *Line of Duty (LOD) Determination, Medical Continuation (MEDCON), and Incapacitation (INCAP) Pay*. The RSL works closely with the installation SARC to ensure sexual assault victims are treated with dignity and respect throughout the LOD process. **(T-0)**

11.2.3.1. Ensure RSL appointees successfully complete the AFPC/DPFZ-developed RSL training and obtain an orientation for the local SAPR Program, with the installation SARC, to effectively provide responsive, trauma informed, and recovery-oriented services and care to Service members who have experienced sexual assault. **(T-1)** The RSL directs any questions regarding Service members who have experienced sexual assault and elected a restricted or unrestricted report and LOD to HQ AFRC.

11.2.3.2. Each ANG Wing SARC serves as the primary liaison to initiate and complete LODs for restricted reports with the unit LOD POC for Title 32 Service members. Title 10 Wing SARC will coordinate with the Title 32 Wing SARC to ensure continuous coverage for Title 32 Service members following completion of active duty. Each ANG SARC is the POC to ensure unrestricted reports are routed to the Medical Group for initiation and completion of the LOD.

**11.3. Commander's (or Civilian Equivalent in Organizations with no Military Commander) Response to Allegations of Sexual Assault.** Commanders notified of a sexual assault or an informal or formal sexual harassment complaint that involves sexual assault must take immediate steps to ensure a victim's physical safety, emotional security, and medical treatment needs are met. A commander (or civilian equivalent) will refer the matter and immediately notify OSI (or equivalent MCIO), the SARC, and the appropriate OSTC. **(T-0) Commander**s will:

11.3.1. Not conduct an internal CDI on sexual assault allegations (e.g., no referrals to appointed command investigators or inquiry officers) or delay contacting OSTC, OSI, or MCIO while attempting to assess credibility of the report. Immediately refer sexual assault allegations to OSTC, OSI or equivalent MCIO, and the SARC. **(T-0)**

11.3.2. Receive VCP discussion and approve package recommendations (e.g., immediate and ongoing care, safety concerns, or retaliation issues) in writing. IAW DoDI 6495.02V1, paragraph 4.aq, the SAPR VA will prepare the package to be presented by the SARC with voluntary consent from the victim. **(T-0)**

11.3.2.1. Collaborate with the SARC if the commander does not agree with all or some of the recommendations. The SARC will consider other victim-centered options to gain approval.

11.3.2.2. If consensus cannot be reached, the SARC will provide the package to the next GO in the chain of command for review and appropriate action. If approved, the commander will sign and confirm approved VCP at the next monthly CMG. **(T-0)**

11.3.3. Respond appropriately to incidents of sexual assault and utilize the "Commander's Checklist for unrestricted reports" (located on the DoD SAPRO website) to facilitate response to the victim and suspect**. (T-0)**

11.3.4. Ensure understanding and adherence to the expanded restricted report option available to victims who have not personally reported the incident directly to law enforcement or previously filed, with the SAPR office, an official unrestricted report about the same incident. Commanders (to include civilian equivalents in organizations with no military commander or supervisors in the chain of command) will comply with mandated reporting requirements and immediately contact OSI, OSTC, the SARC, and the appropriate installation legal office personnel upon being notified of a sexual assault, regardless of if the sexual assault is in their chain of command. **(T-0)**

11.3.5. Encourage individuals who disclose experiencing a sexual assault to meet with a SARC or SAPR VA and assist with a connection to care at the victim's request. The SARC or SAPR VA will ensure the victim is aware of their respective reporting requirements and ensure the individual understands that the disclosure has no impact on his or her choice to file either reporting option. **(T-0)**

11.3.6. Ensure all related sexual assault information is safeguarded, and the victim's privacy and confidentiality are maintained even when the commander (and personnel in the chain of command) may have knowledge of an official restricted report election. **(T-0)**

11.3.7. Protect sexual assault victims, witnesses, bystanders (who prevent or report a sexual assault), responders, or other parties to the incident from coercion, ostracism, maltreatment, discrimination, reprisal, and retaliation. **(T-0)**

11.3.8. Uphold the right of sexual assault victims, uniformed witnesses, bystanders, and first responders involved in a sexual assault report to discuss career impacts with a GO if they believe there were adverse impacts to their military career because they reported retaliation.

11.3.9. Ensure that a safety assessment will be available to all Service members, adult military dependents, and civilians who are eligible for SAPR services, even if the victim is not physically located on the installation. **(T-0)**

11.3.10. Consider whether a MPO (DD Form 2873) is necessary. **(T-0)** Commanders must execute MPOs IAW DoDI 6495.02V1, Enclosure 5, and DAFI 51-201. **(T-0)**

11.3.11. Be aware of the array of personnel actions that are available and may be appropriate in sexual assault cases. These actions could include, among others: alternate duty locations, modified hours, or alternate assignments within or outside of a unit **(T-1)**, as well as PCA or PCS, to include expedited transfers of the victim or subject, when requested by victims having made an unrestricted report. Upon request for an expedited transfer, the commander will immediately contact the SARC and meet with the member to ensure they are fully informed per **Chapter 8** of this instruction. **(T-0)**

11.3.12. Attend CMG for all unrestricted reports and, if necessary, chair the HRRT, per DoDI 6495.02V1, Enclosure 9 and **Chapter 10** of this instruction. **(T-0)**

11.3.13. Ensure complaints of sex-related offenses against Airmen and Guardians assigned to their command, regardless of grade, which result in conviction by court-martial, non-judicial punishment, or Letters of Reprimand, are annotated in the individual's evaluation (enlisted performance briefs, officer performance briefs, training reports, and/or mandatory letter of evaluations), which is filed in the Airman or Guardian's official personnel record IAW DoDI 6495.02V1, Enclosure 2 and AFI 36-2406. **(T-0)**

11.3.14. Review the history of sex-related offenses as documented in the Service member's record for all permanently assigned Service members IAW DoDI 6495.02V1, Enclosure 2. **(T-0)**

**11.4. Commander's (or Civilian Equivalent in Organizations with no Military Commander) Response to Retaliation.** Commanders will protect sexual assault victims, witnesses, bystanders (who prevent or report a sexual assault), responders, or other parties to the incident from coercion, ostracism, maltreatment, discrimination, reprisal, and retaliation. **(T-0)** Sexual assault victims, uniformed witnesses, bystanders, and first responders involved in a sexual assault report have the right to discuss career impacts with a GO if they believe there were other impacts to their military career because they reported retaliation. **(T-0)**

11.4.1. Upon becoming aware of an allegation of retaliation or reprisal, immediately notify OSTC and confer with the servicing SJA and IG office to ensure the allegations are referred to the appropriate office for evaluation. **(T-0)**

11.4.1.1. Complaints of reprisal are reported to the installation IG and addressed IAW DoDI 6495.02V3 and DAFI 90-301, *Inspector General Complaints Resolution.*

11.4.1.2. Complaints of retaliation, which may include coercion, ostracism, maltreatment, or witness intimidation, may be referred to command or OSI for investigation under UCMJ Article 132. **(T-0)** Commanders who receive a retaliation report filed with a DD Form 2910-2 will:

11.4.1.2.1. Immediately refer the matter to OSI and OSTC (as outlined in DoDI 6495.02V3, Section 1.2., b. (1)) and will not attempt to assess the credibility of the retaliation report. **(T-0)**

11.4.1.2.2. Develop a written plan of action (no PII) to immediately address the retaliation issue (for reported incidents other than reprisal, i.e., ostracism, maltreatment, coercion, and retaliation) and forward to the installation or host Wing or Delta commander, if applicable, to ensure individual and organizational accountability. **(T-1)**

11.4.1.2.3. Document the OSI declination to investigate the retaliation allegation(s) and may proceed to conduct internal CDI after consultation with OSTC and/or the SJA on the retaliation allegations ONLY, not on the original sexual assault. The commander will: **(T-0)**

11.4.1.2.3.1. Consult with the servicing SJA and IG when deciding whether to conduct a CDI for retaliation. If a CDI is recommended, the commander will appoint an individual independent of the unit or organization where the alleged retaliation originated to conduct the investigation of the retaliation allegation. **(T-0)**

11.4.1.2.3.2. Notify OSI investigating the sexual assault prior to commencing a CDI on the retaliation allegation to avoid any impediment to the criminal sexual assault investigation. **(T-0)**

11.4.1.2.3.3. Inform the retaliation reporter and the SARC or SAPR VA of the status of CDIs for retaliation allegations. This requirement is non-delegable and is in addition to the requirement to provide the status to the CMG Chair. **(T-0)**

11.4.1.2.3.4. Provide in writing to the retaliation reporter and the SARC the final disposition, administrative actions, and disciplinary actions taken against Service members suspected of or found accountable for retaliatory behavior, when the CDI concludes. **(T-0)**

11.4.1.2.3.5. Inform the SARC if the CDI is NOT recommended and provide the SARC with the reason an investigation was not initiated for entry into DSAID (e.g., IG or OSI is investigating the allegation). **(T-0)**

**11.5. Commander's (or Civilian Equivalent in Organizations with no Military Commander) CMG compliance.**

11.5.1. Within 72 hours after the CMG, the victim or retaliation reporter's unit commander will ensure the victim or retaliation reporter receives a monthly update regarding current status of any ongoing investigative, medical, legal, or command proceedings, and any other requests made by the victim pertaining to their unrestricted report or retaliation report. **(T-0)** Updates will continue until final sexual assault case disposition or resolution of retaliation report allegation. **(T-0)**

11.5.1.1. The commander ensures that information provided is consistent with any applicable directives governing release of information and is coordinated with the SARC to ensure appropriate updates are entered into DSAID. **(T-0)**

11.5.1.2. At the victim or retaliation reporter's preference, the update can be provided in person, by encrypted email, video teleconference, or telephone. **(T-1)**

11.5.2. Commanders examine all procedures involved in the use of sexual assault information to ensure compliance with DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)**

11.5.3. Commanders will ensure all disclosures of information related to sexual assault incidents in their AOR comply with the provisions of AFI 33-332. **(T-1)**

**11.6. Victim Collateral Misconduct.**

11.6.1. An investigation into the facts and circumstances surrounding an alleged sexual assault may produce evidence that the victim allegedly engaged in misconduct (e.g., underage drinking or other related alcohol offenses, adultery, fraternization, or other violations of certain regulations or orders). Collateral misconduct by a sexual assault victim is a significant barrier to reporting because of the victim's fear of punishment.

11.6.2. OSTC has the option to exercise authority over offenses by a victim involving collateral misconduct when the misconduct is related to a covered offense IAW DAFI 51-201. If OSTC declines to exercise authority or defers victim collateral misconduct to command, commanders must follow the Safe-to-Report Policy (**see paragraph 5.2**). **(T-0)**

11.6.2.1. The Safe-to-Report policy, implementing PL 116-283 § 539A, prescribes the handling of "minor" and "non-minor" alleged collateral misconduct involving a Service member who is the victim of a sexual assault. **(T-0)**

11.6.2.2. The Safe-to-Report policy is intended to increase reporting by victims who may be hesitant to report this crime for fear of negative career impacts or retaliation. Commanders, in consultation with the OSTC or their SJA, will assess alleged collateral misconduct against aggravating and mitigating circumstances and addresses discipline IAW DoDI 6495.02V1, DoDI 6495.02V3, and DAFI 51-201. **(T-0)**

11.6.3. When considering what corrective actions may be appropriate, commanders should balance the objectives of holding members appropriately accountable for their own misconduct with the intent to avoid unnecessary or additional trauma to sexual assault victims and the goal of encouraging sexual assault reporting. Commanders should consult with their servicing OSTC and SJA, IAW DAFI 51-201, prior to taking any action regarding collateral misconduct. **(T-0)**

**11.7. Sexual Assault Case Disposition Authority.** Refer to DAFI 51-201 for more information and guidance on Sexual Assault Case Disposition Authority.

**11.8. Separation Actions Involving Sexual Assault Victims.**

11.8.1. Separation actions involving sexual assault victims are processed IAW DAFI 36-3211, *Military Separations*. **(T-1)**

11.8.2. When a commander recommending administrative or medical separation action is aware, or is made aware by the respondent or others, that the respondent is alleging or has alleged that they were a sexual assault victim, the commander will notify the separation authority that the discharge proceeding involves a sexual assault victim. If the victim alleges the accused is a Service member, the commander must notify OSTC and OSI. When a victim is being discharged for misconduct related to a covered offense under OSTC authority the commander may only carry out the discharge action if OSTC defers, or previously deferred, the victim's misconduct back to command for action. **(T-0)**

11.8.2.1. Commanders will ensure the following statement is included in the recommendation for discharge memorandum: "The respondent, (grade and name), reported being a sexual assault victim." **(T-1)**

11.8.2.2. The commander recommending administrative or medical separation must provide sufficient information to the separation authority concerning the reported assault and the respondent's status to ensure a full and fair consideration of the victim's military service and particular situation. **(T-0)** Commanders should consult with OSI and the servicing legal office for administrative separation guidance regarding the level of information that may be applicable.

11.8.3. An enlisted member or a commissioned officer who made an unrestricted report and is recommended for involuntary separation within one year of final disposition of their sexual assault allegation, can request a review of their administrative or involuntary separation by the first GO in the chain of command. **(T-0)** Additional guidance is outlined in DoDI 1332.14, *Enlisted Administrative Separations*, DoDI 1332.30, *Commissioned Officer Administrative Separations*, DoDI 6495.02V1,DoDI 6495.02V3, and DAFI 36-3211.

11.8.3.1. A Service member requesting this review must submit their written request to the first GO in the separation authority's chain of command before the separation authority approves the member's final separation action. A Service member who submits a timely request will not be separated until the GO conducting the review concurs with the circumstances and grounds for involuntary separation. **(T-0)**

11.8.3.2. Requests submitted after final separation action is complete will not be reviewed by a FO/GO, but the separated member may apply to the DAF Service Discharge Review Board for consideration. **(T-0)**

11.8.4. Before the involuntary separation processes begin, victims who reported a sexual assault or sought mental health treatment for sexual assault, have the opportunity to communicate with the GO regarding issues related to their military career that the victim believes are associated with the sexual assault IAW DoDI 6495.02V1, Enclosure 2. **(T-0)**

## Chapter 12

## SEXUAL ASSAULT PREVENTION AND RESPONSE (SAPR) CAPABILITY FOR REMOTE AND ISOLATED, HARD-TO-FILL, AND THE DEPLOYED ENVIRONMENT

**12.1. SAPR Remote and Isolated locations.** DAF locations that are authorized full-time SAPR Program personnel (SARCs and SAPR VAs) or who have support available from Sister Service personnel at the location are not considered remote or isolated for SAPR purposes and will not retain collateral duty personnel (VVAs) after 30 September 2027. **(T-0)** Although the DAF goal is to completely phase out VVAs, VVAs may be retained at SAPR remote and isolated locations after 30 September 2027.

12.1.1. To determine remote and isolated designation for the DAF SAPR Program, locations must meet the following criteria:

12.1.1.1. No full-time DAF SARC or SAPR VA billets are authorized;

12.1.1.2. More than 50 Airmen or Guardians are at the location;

12.1.1.3. SAPR support from Sister Service personnel is not available or is more than 75 miles one-way or over two hours driving time in normal traffic and fair-weather conditions. **(T-1)**

12.1.2. Eligible victims at locations that are not authorized a full-time SARC or SAPR VA will receive primary crisis response from a Sister Service or a virtual response capability, depending on each location's unique needs. **(T-0)**

12.1.3. A list of locations that are designated as remote or isolated for the DAF SAPR Program is available to SARCs and located on the online repository (i.e., SharePoint).

12.1.4. MAJCOMs/FLDCOMs that have a location that is not on the approved remote or isolated list, may submit additional locations to AF/A1Z for consideration to be added. **(T-1)**

**12.2. Hard-to-Fill locations.** DAF SAPR "hard-to-fill" locations are authorized full-time SARW personnel, unlike remote and isolated. The DAF has defined "hard-to-fill" for SAPR program purposes as locations that meet two or more of the following criteria/indicators:

12.2.1. DAF locations previously deemed as historically hard-to-fill (29 locations);

12.2.2. OCONUS locations;

12.2.3. CONUS locations designated as remote and isolated installation, IAW DoDI 1015.10, *Military Morale, Welfare, and Recreation (MWR) Programs* or DoDI 1015.18, *Assessing and Managing Challenges Associated with Providing Critical Services at Remote and Isolated Military Installations*;

12.2.4. Absence of recruitment/relocation incentives;

12.2.5. Recruitment difficulties (availability of quality candidates, competencies required for the position, employment trends, labor market factors, etc.).

**12.3. Deployment Presence in an Area of Responsibility (AOR).** The DAF will identify currently assigned and D-SAACP-certified installation SAPR personnel for Air Expeditionary Force rotational support for enduring locations and global contingency operations consistent with requirements established by the COCOMs. **(T-0)**

12.3.1. Each AEW must staff at least one SARC and one SAPR VA position IAW PL 112-81 § 584. For deployed locations smaller than an AEW, deployed commanders must provide a sexual assault response capability consistent with the requirements of DoDI 6495.02V1, Enclosures 2, 5, and 6, 6495.02V3, and this instruction. **(T-0)**

12.3.1.1. Sexual assault responses will be available 24 hours/7 days per week. All cases will be treated as an emergent priority, with a timely response based on local conditions. The response will be immediate and in-person whenever available; however, AOR SAPR personnel may provide a virtual/remote response for victims at forward operating bases or who are geographically separated from the AEW. The response must also include providing the victim with information on available options, conducting a non-clinical safety assessment, and facilitating access to healthcare (to include mental health and medical), involving coordination with onsite medical personnel for a SAFE. Priority treatment as emergency cases include activities related to medical transfer or evacuation, complete medical assessments and evaluations, and treatment of injuries, including emergency interventions, as delays may cause undue trauma or loss of evidence. (T-0)

12.3.1.2. Deployed SAPR personnel will comply with all roles and responsibilities outlined in DoDI 6495.02V1, DoDI 6495.02V3, and this instruction, unless otherwise stated. **(T-0)** They will also provide reporting options and advocacy for military sexual harassment victims. **(T-1)**

12.3.1.2.1. VVAs, when serving in the deployed AOR in the role of a SAPR VA, will comply with all SAPR VA roles and responsibilities outlined in DoDI 6495.02V1, DoDI 6495.02V3, and this instruction, except for DSAID access.

12.3.1.2.2. VVAs will not have access to DSAID, even when serving as a SAPR VA in the deployed environment. DSAID access is prohibited for VVAs and will be handled by the SARC. **(T-1)**

12.3.2. For emerging operations, when practical, the MAJCOM SAPR PAs providing AOR oversight should coordinate development of any respective AOR SAPR requirements with the respective A1, AFPC, AFPC/DPFZ, AF/A1Z, and the overseeing COCOM leadership. The DAF has responsibility, in partnership with Sister Services, to ensure theater-wide support to Airmen in small units at potentially isolated sites, and to determine if central or regional management can be effective. **(T-1)** The coordination of support to emerging operations is distinct from enduring locations, which must comply with 12.3.1.

12.3.3. With oversight from AF/A1Z, AFPC/DPFZ will coordinate with AFPC/DP3 to ensure deployment processing requirements and overlap considerations are reviewed and coordinated timely to ensure seamless exchange between outgoing and incoming SARCs and SAPR VAs. **(T-1)**

12.3.4. Designated AOR MAJCOM SAPR PAs will provide functional oversight for implementation of the SAPR Program to ensure a continued response capability exists to support their AOR (i.e., Air Combat Command SAPR PA for AF Central Command and United States Air Forces in Europe SAPR PA for Air Forces Africa). **(T-1)** They will perform duties that include, but are not limited to:

12.3.4.1. Identifying to AF/A1Z locations that require additional SAPR personnel to ensure those locations are sufficiently supported throughout mission fluctuations. **(T-1)** Whenever practical, leverage other existing Service resources. **(T-0)**

12.3.4.2. AOR MAJCOM SAPR PAs will advise AFPC/DPFZ on tasking locations for SARCs and SAPR VAs commensurate with their demonstrated skills and abilities, home station performance, and leadership input. **(T-1)**

12.3.4.3. AFPC/DPFZ will assign SARCs and SAPR VAs to locations commensurate with their demonstrated skills and abilities, home station performance, and leadership input. **(T-1)**

12.3.4.4. AOR MAJCOM SAPR PAs will coordinate with AFPC/DPFZ, as needed, on AOR SAPR issues needing resolution. AFPC/DPFZ will regularly communicate concerns to AF/A1Z. **(T-1)**

12.3.5. Contingent upon complying with required prerequisites (e.g., security clearance, weapons qualifications, medical clearance), civilian SARCs and SAPR VAs must have installation or host Wing or Delta commander (or civilian equivalent) and losing and gaining MAJCOM/FLDCOM SAPR PA approval to volunteer to deploy. Civilian ARC SARCs must have Wing or Delta commander and HQ AFRC or ANG SAPR PA approval to volunteer to deploy. **(T-1)**

12.3.6. Deployed SAPR personnel will:

12.3.6.1. Comply with all eligibility requirements, duties, responsibilities and training as outlined in DoDI 6495.02V1, DoDI 6495.02V2, and DoDI 6495.02V3 DoDI 6495.03, and **Chapter 4** of this instruction, unless otherwise stated. **(T-0)**

12.3.6.2. Identify VVAs, who are D-SAACP certified, in theater and resolve with local command any gaps in this critical element of support. **(T-0)** When practical, coordinate with Sister Service SARCs to resolve gaps in support. For additional support needed, reference **Table 12.1**.

12.3.6.3. Be prohibited from training new VVAs while in theater.

12.3.6.4. Be trained by AOR MAJCOM SAPR PA prior to deployment.

**Table 12.1. SAPR Deployment Roles and Responsibilities.**

| Organization or Position | Responsibilities |
|---|---|
| AF/A1Z | ▪ Receive monthly communications from AFPC/DPFZ regarding AOR updates (e.g., regular meetings, support needed, concerns, questions, etc.)<br>▪ Coordinate communications above AF/A1Z or between Sister Services for gap assistance (Sister Service support) above local level, as needed |
| AFPC/DPFZ | ▪ Source deployers in coordination with AFPC/DP3O<br>▪ Verify sourced and tasked deployers' D-SAACP certification will remain current throughout deployment<br>▪ Conduct monthly meeting to provide operational support and functional oversight to AOR MAJCOM SAPR PAs for deployment needs and AOR oversight<br>▪ Coordinate communications to AF/A1Z for gap assistance (Sister Service support) above local level<br>▪ Communicate with AOR A1 regarding any gaps in support<br>▪ Determine, in coordination with MAJCOM SAPR PAs, tasking locations for incoming SARCs and SAPR VAs<br>▪ Develop and maintain VVA and full-time civilian volunteer deployment application processes |
| AFPC/DP3O | ▪ Task deployers in coordination with AFPC/DPFZ<br>▪ Ensure deployment taskings appropriately include deployment processing requirements (i.e., old line remarks)<br>▪ Monitor the tasks for the upcoming force rotation schedule to ensure the efficient and timely execution of the force management battle rhythm |
| AOR A1 | ▪ Confirm current sexual assault response program authorizations/billets meet requirements, communicate additional personnel needs at designated locations within respective AOR, and coordinate with AFPC/DP3O to establish needed authorizations/billets<br>▪ Communicate with AEW commander regarding any gaps in support |
| AOR MAJCOM SAPR PA | ▪ Provide operational support and functional oversight to SAPR personnel within designated AOR<br>▪ Advise AFPC/DPFZ regarding tasking locations for incoming SARCs and SAPR VAs<br>▪ Identify support needed, concerns, and/or questions and communicate to AFPC/DPFZ during monthly meetings or as required<br>▪ Train incoming deployed SARW prior to their deployment |
| AEW commander (may be delegated to deputy commander, but no further) | ▪ Ensure direct and unimpeded availability to AOR SAPR personnel<br>▪ Ensure and support 24/7 sexual assault response capability in their AOR<br>▪ Confirm current sexual assault response program authorizations/billets meet requirements and communicate additional personnel needs at designated locations within respective AOR |
| Deployed | ▪ Provide 24/7 sexual assault response capability IAW DoDI 6495.02V1, |

| | |
|---|---|
| SARC | DoDI 6495.02V3 and this instruction, within their respective AOR<br>▪ Identify support needed, concerns, and/or questions and communicate to the respective AOR MAJCOM SAPR PA<br>▪ Confirm current sexual assault response program billets meet requirement and communicate additional personnel needs at designated locations within respective AOR<br>▪ Verify incoming replacement and communicate through deployed installation commander and respective AOR MAJCOM SAPR PA, as needed, to identify gaps and vacancies; once replacement is identified, SARC will initiate contact with the incoming SARC |
| Deployed SAPR VA | ▪ Provide 24/7 sexual assault response capability IAW DoDI 6495.02V1, DoDI 6495.02V3, and this instruction<br>▪ Identify support needed, concerns, and/or questions and communicate to deployed installation commander |

**12.4. Deployment Training.**

12.4.1. Home station unit commanders (or civilian equivalents) must ensure deploying members meet all SAPR training requirements prior to deploying. **(T-0)**

12.4.2. Annual SAPR training will not be provided to deployed members while in the AOR. 365 deployers and AOR permanent party personnel will receive annual SAPR training prior to deployment and will complete the current year's annual training once they return from deployment. **(T-1) See Chapter 13** of this instruction for additional information.

12.4.3. Pre-deployment SAPR training (e.g., Newcomers or Right Start) is provided by SAPR personnel within seven days of deployers' after arrival to the deployed location. **(T-0)** The training will ensure deploying personnel are informed of available SAPR personnel and allied responders' contact information (JA, VC, healthcare personnel, law enforcement, HC), location-specific resources, local laws, and customs, and how to access local SAPR 24/7 response hotline and anonymous DoD Safe Helpline worldwide services available 24 hours/7 days a week. **(T-0)**

12.4.4. Post-deployment/reintegration SAPR personnel briefing/training will be conducted and documented by the home station within 30 days of return. **(T-0)** See **Chapter 13** of this instruction for responder training requirements.

**12.5. DAF Combatant Commanders will:**

12.5.1. Ensure a SAPR Program capability is incorporated in operational planning guidance for deployed locations or emerging contingencies with a request for forces. **(T-0)** Include a minimum of one SARC and one SAPR VA for each AEW or equivalent. **(T-0)**

12.5.2. Coordinate efforts and resources, regardless of the location of the sexual assault, to direct optimal administration of restricted and unrestricted report options, with appropriate protection, healthcare (to include mental health and medical) (e.g., forensic exam), counseling, and advocacy. **(T-0)**

12.5.3. Ensure a 24-hour per day, 7 days per week response capability. **(T-0)** Require first responders to respond in a timely manner. **(T-0)** Response times are based on local conditions; however, sexual assault victims are treated as emergency cases. **(T-0)**

12.5.4. Establish procedures to ensure the SARC is notified of every incident of sexual assault on the military installation, regardless of Service oversight, so that a SARC or SAPR VA can respond and offer the victim SAPR services. **(T-0)**

12.5.5. Ensure sexual assault victims in deployed locations within the AOR are transported to the appropriate MHS where a SAFE can be conducted, the victim is evaluated and treated for injuries (if any) and offered SAPR assistance as quickly as possible. **(T-0)**

12.5.6. Ensure appropriate capability to provide experienced and trained SAPR personnel to provide advocacy services, and SAMFEs or other healthcare providers to provide a SAFE to victims and alleged offenders, as needed. **(T-0)** Regardless of reporting status, if appropriate, and with victim consent, victims will be medically evacuated to facilities with required capabilities as soon as possible after making a report. **(T-0)**

12.5.7. Ensure the availability of trained and D-SAACP certified SAPR personnel within the AOR to respond to victims whenever a sexual assault occurs; in locations where SAPR personnel are not immediately physically available (e.g., when deployed for joint expeditionary team taskings, forward operating bases, etc.), a remote/virtual response may be provided. **(T-1)** SAPR personnel will be physically dispatched to the location of the victim as soon as possible following initial notification, if the victim desires an in-person response. Trained SAPR VAs and VVAs will report to the responsible installation AOR SARC when performing advocate duties. **(T-0)**

12.5.8. Provide functional oversight for the SAPR Program in their AOR, may be delegated to the deputy commander. **(T-0)**

# Chapter 13

## SEXUAL ASSAULT PREVENTION AND RESPONSE (SAPR) TRAINING

**13.1. Training Overview.** Delivering consistent and coherent messaging within the DAF generates opportunities to create new and strengthen existing protective factors and a collective resolve to eliminate sexual assault. Through the modernization of prevention and response education to reflect varied learning and communication styles, the DAF will institutionalize an environment of dignity and respect by developing skills which inspire courage and confidence to support warfighters and increase focus on mission readiness. SAPR Program training offers a comprehensive multi-faceted approach by utilizing awareness and prevention education, recognizing and presenting effective victim advocacy, clarifying reporting options and response processes, and promoting force readiness and retention IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, and this instruction. Commanders (or civilian equivalents), supervisors, and managers at all levels will be responsible for ensuring military and civilian personnel are trained on the SAPR Program and services. **(T-0)**

**13.2. Training Development and Oversight.** Under the direction of AF/A1Z, AFPC/DPFZ or other assigned training developers will develop and update training material(s) to meet DoD and DAF-identified SAPR training requirements, objectives, and standards IAW DoDI 6495.02V1, DoDI 6495.02V2, DoDI 6495.02V3, and DoDI 6495.03 (with the exception of non-SARW responder training). **(T-0)** Training developers will provide all new and updated training material to AF/A1Z for coordination to HQ DAF functional subject matter experts (SME) as applicable and obtain final AF/A1Z director approval prior to release or use. Training developers will coordinate any training that contains sexual harassment related content to AFPC/DPPDE, followed by AF/A1Z coordination to SAF/MRQ to ensure compliance with DAFI 36-2710, *Equal Opportunity Program*, and DoDI 1020.03, *Harassment Prevention and Response in the Armed Forces*. Once AF/A1Z Director approves training, it cannot be modified without HQ coordination and re-approval. **(T-1)**

13.2.1. Responder functional communities (defined in **paragraph 13.12.1**) must submit training curricula to AFPC/DPFZ and AF/A1Z for AF/A1Z director approval every two years or when updated, whichever comes first. **(T-1)**

13.2.1.1. AF/A1Z will collaborate with SAF/MRR to task functional communities to submit curricula for AFPC/DPFZ review and AF/A1Z director approval. HQ DAF functionals will review current training requirements to ensure their communities are prepared to respond to a sexual assault and report training completion metrics annually to AFPC/DPFZ and AF/A1Z. **(T-1)**

13.2.1.2. AF/A1Z will implement a process to obtain first responder initial and refresher SAPR training completion statistics from Air and Space Staff functionals and AFPC/DPFZ will notify AF/A1Z of such completion statistics by 31 January of each calendar year (CY). **(T-1)**

13.2.2. SARCs will ensure SAPR Program, including military sexual harassment reporting and advocacy (restricted (confidential) and unrestricted reports), policy updates, and program changes are disseminated to first responders and commanders (or civilian equivalents). SAPR personnel may conduct training on an as-needed basis to ensure the functional community stays up to date. **(T-1)**

13.2.3. Before use, any installation or MAJCOM/FLDCOM-added ad hoc films, videos, or training materials will require prior approval from AF/A1Z director, with coordination to the training developers and relevant functional community. **(T-1)**

13.2.4. Under the direction of AF/A1Z, AFPC/DPFZ will develop minimum standards for SAPR TFAT reporting requirements to ensure consistency in reporting. Prior to any external communication, these standards must be submitted to AF/A1Z for review and must receive final approval from the AF/A1D director. Once approved, AFPC/DPFZ communicate the approved standards and applicable suspenses to MAJCOMs/FLDCOMs, which will be done concurrently with the dissemination of annual SAPR TFAT guidance and material.

13.2.4.1. Commanders (or civilian equivalents) will establish processes and procedures to document and track all initial and annual training requirements for personnel under their command and will review these procedures every two years to determine if they are IAW DoDI 6495.02V1, Enclosure 10; DoDI 6495.02V2; and this instruction to ensure compliance. **(T-0)**

13.2.4.2. Training completion data must be tracked in a way that enables commanders, SARW personnel, training managers, evaluators, inspectors, or other applicable oversight authorities to monitor for compliance over time.

13.2.5. SAPR training curriculum developers will collaborate with appropriate operational and strategic entities to develop and implement an evaluation plan for each SAPR training. **(T-1)** 13.2.5.1. Oversight and evaluation metrics will, at a minimum, include those developed by DoD SAPRO to measure compliance and effectiveness of SAPR training IAW DoDI 6495.02V1, Enclosure 3, paragraph 1.g. **(T-0)**

13.2.5.2. Evaluation plans will utilize multiple methods and measures to evaluate process metrics (i.e., implementation of training delivery and environment) and assess key outcomes. Training metrics will measure:

13.2.5.2.1. Change related to attitudes, knowledge, skills, and behaviors to track intended outcomes;

13.2.5.2.2. Evidence-building areas for targeted improvement if desired outcomes are not observed. Evaluation mapping for the experiences of the DAF's newest Service members as a priority; and

13.2.5.2.3. Beyond individual-level knowledge, to include unit and leader attitudes and behaviors. **(T-1)**

13.2.6. Military and DoD civilian supervisors will require their personnel to complete all applicable training requirements, and that responder training meets the SAPR responder training standards in DoDI 6495.02V1, Enclosure 10. Military and DoD civilian supervisors will provide SAPR training and education as required by DoDI 6495.02V2 and this chapter. **(T-0)**

**13.3. General Training Requirements.**

13.3.1. All DAF SAPR Program training will be periodically reviewed and approved by AF/A1Z director and incorporate DoD-established requirements, core competencies, and learning objectives to ensure consistency and effectiveness of training at all command levels IAW SAPR policy updates and training standards outlined in DoDI 6495.02V1, Enclosure 10, DoDI 6495.02V2, DoDI 6495.02V3, DoDI 6495.03, DoDI 6400.09, and DoDI 6400.11. All training and curricula, at a minimum, will emphasize sexual assault prevention and response is a mission imperative. **(T-0)**

13.3.2. All DAF SAPR training must include the following disclaimer: Training content may include material that is sensitive in nature, upsetting, or challenging to participate in due to past exposure or personal traumatic experience (including sexual assault), individuals with such experience may reach out to the SAPR office for support or the option to receive individual training. **(T-1)**

**13.4. Initial Entry Education and Training.** Initial SAPR training will be provided within 14 days of initial entrance into active duty or the Service member's initial entrance into a duty status with an ARC and will include topics as outlined in DoDI 6495.02V2, paragraph 3.3.a and 4.3.a. **(T-0)**

**13.5. Accessions and Delayed Entry Education and Training.** Service members in the accessions process will complete training to gain introductory, basic-level, SAPR knowledge tailored to their unique situations and that meet minimum requirements as outlined in DoDI 6495.02V2 paragraphs 3.3.b and 4.3.b. **(T-0)** AETC, along with the Air Force Recruiting Service and AFRC Developmental and Training Flight, must provide SAPR training to individuals under their purview who are entering into the delayed entry program IAW DoDI 6495.02V2, paragraphs 3.3.b and 4.3.b. **(T-0)** They are to complete such training before the date of commencement of basic training or initial active duty to begin training in the armed forces. **(T-0)**

**13.6. Total Force Annual (TFAT) Training Requirements.**

13.6.1. TFAT will, at a minimum, include required annual refresher training and education content as outlined in DoDI 6495.02V2, paragraphs 3.3.e and 4.3.e and the Defense Human Resources Activity Memorandum, *Common Military Training Consolidation Requirements*, dated 2 December 2025, outlining Office of Under Secretary of Defense for Personnel and Readiness approved training recommendations. **(T-0)**

13.6.1.1. SAPR training delivered during PME or to meet other requirements as listed in this chapter does not satisfy the TFAT requirement. **(T-0)**

13.6.1.2. Annual training will be completed by 31 December of each CY and will be facilitated by SAPR SMEs to ensure appropriate and accurate content delivery. **(T-0)**

13.6.2. Commanders (or civilian equivalents) will ensure all Military (RegAF, Reserve, ANG, and USSF) and DAF civilian personnel (appropriated and non-appropriated fund) receive SAPR TFAT at least once per CY and as required by DoDI 6495.02V2, paragraphs 1.2, 3.3.e, and 4.3.e and this instruction. Each installation commander will require all supervisors, down to the most junior supervisor, to complete TFAT training that is designed to also meet the specialized needs of supervisors IAW DoDI 6495.02V1, Enclosure 5, paragraph 2.b. **(T-0)** These TFAT requirements apply to all personnel, including those who hold additional annual training requirements in accordance with this chapter; TFAT does not satisfy other requirements outlined in this chapter.

13.6.2.1. Where an Air Reserve organization is host to a RegAF organization, those RegAF commanders will work directly with the host installation Reserve SARC for the scheduling and delivery of SAPR training for RegAF personnel. **(T-1)** Where a RegAF organization is host to tenant Reserve Wings or organizations, the Reserve leadership works directly with the RegAF installation SARC to schedule the delivery of SAPR training. The tenant Reserve Wing or organization will record training completion for all members and report any required metrics to the AFRC SAPR PA. **(T-1)**

13.6.2.2. Members projected to deploy during the CY will complete SAPR TFAT prior to deploying. If the current CY SAPR TFAT is not available before the member deploys, a SAPR SME will deliver the most current SAPR TFAT version approved by AF/A1Z director. **(T-0)**

13.6.2.3. DoD contractors may be required to attend SAPR training per the terms of their contract. Otherwise, DoD contractors are highly encouraged to attend the training.

13.6.3. MAJCOM/FLDCOM SAPR PAs will disseminate guidance, training materials, and suspenses for training completion to the installation level, as appropriate. **(T-1)**

13.6.4. In addition to oversight requirements as outlined in **paragraph 13.2.4.1**, documentation of TFAT completion must include electronic or hard-copy attendance rosters and entry in a DAF approved system of record, i.e., MyLearning. **(T-1)**

13.6.4.1. Commanders (or their designee) will track and document completion of SAPR TFAT. Documented completion of SAPR TFAT will be maintained for a period of two CYs following the year of completion (i.e., documentation for SAPR TFAT completed in CY2024 will be preserved until 1 Jan 2027). **(T-1)**

13.6.4.2. Commanders (or their designee) will provide SARCs SAPR TFAT completion updates for their assigned installation, as requested. **(T-1)**

13.6.5. In joint environments, the Service member's respective Military Service will provide annual training.

**13.7. Pre- and Post-Deployment Sexual Assault Prevention and Response (SAPR) Training.** In addition to annual TFAT, pre- and post-deployment training requirements provide critical information for accessing services in the deployed location and reintegrating post-deployment. **(T-0)** Refer to **Chapter 12** of this instruction for additional guidance on SAPR training and deployments.

13.7.1. Pre-deployment training is required for Service members mobilized on orders over 30 days pursuant to 10 USC and 32 USC, *National Guard*. SAPR pre-deployment training is conducted in AOR (see **paragraph 12.4.3**.). Commanders will ensure deploying personnel are informed of:

13.7.1.1. Available SARCs, SAPR VAs, VCs, and other sexual assault responders who are available during deployment;

13.7.1.2. Location-specific resources available during deployment;

13.7.1.3. Local laws and customs, if any, that might impact obtaining sexual assault assistance from foreign national resources; and

13.7.1.4. How to access anonymous DoD Safe Helpline services, which are available 24 hours a day/7 days a week and worldwide as outlined DoDI 6495.02V2, paragraphs 3.3.c and 4.3.c. **(T-0)**

13.7.2. Members returning from deployment will receive a reintegration post-deployment training conducted by SAPR personnel within 30 days of return. IAW DoDI 6495.02V2, paragraphs 3.3.d and 4.3.d. **(T-0)**

**13.8. Position- or Rank-Based Sexual Assault Prevention and Response Education and Training.**

13.8.1. Commanders at all levels will attend and complete AF/A1Z director-approved pre-command SAPR Training IAW DoDI 6495.02V1, Enclosure 2, 7.ba. and DoDI 6495.02V2, paragraphs 3.4.a and 4.4.a. Training will be facilitated by their respective MAJCOM/FLDCOM SARW. In addition to pre-command education and training requirements outlined in DoDI 6495.02V2, paragraphs 3.4.a and 4.4.a, pre-command SAPR training for group or wing commanders' course will:

13.8.1.1. Equip commanders at every level to explain to their subordinates:

13.8.1.1.1. When an alleged sexual assault is reported in a unit, what is the appropriate, professional response:

13.8.1.1.1.1. By the chain of command at every level (officer and enlisted);

13.8.1.1.1.2. By peers, to a victim and a suspect.

13.8.1.1.2. When an alleged sexual assault is reported in a unit, that incidents of retaliation, reprisal, ostracism, and maltreatment violate good order and discipline, erode unit cohesion, and deter reporting of alleged sexual assault incidents;

13.8.1.2. Include scenarios to facilitate discussion of appropriate behavior, to include mitigating potential resentment of peers towards victims, bystanders, or witnesses who report a sexual assault;

13.8.1.3. Equip commanders to explain to all personnel in their respective chain of command (officer and enlisted) that, when they become aware of allegations of retaliation, reprisal, ostracism, or maltreatment, they must take appropriate measures to protect the individual who reported the allegation(s);

13.8.1.4. Ensure commanders can explain how to prevent retaliation, reprisal, ostracism, and maltreatment in a unit after a report of an alleged sexual assault.

13.8.2. Within 30 days of taking command, each Commander shall:

13.8.2.1. Meet with the SARC for one-on-one SAPR training IAW 6495.02V1, Enclosure 5, paragraph 3.b. This does not replace TFAT or other required training. The training shall include, at a minimum:

13.8.2.1.1. A trends brief for unit and AOR;

13.8.2.1.2. The confidentiality and "official need to know" requirements for both restricted and unrestricted reporting;

13.8.2.1.3. The requirements of the "8-day SAIRO report" IAW PL 113-66 § 1743, *Eight-day Incident Reporting Requirement in Response Unrestricted Report of Sexual Assault in Which the Victim is a Member of the Armed Forces*.

13.8.2.2. Meet with a judge advocate to complete training on the privilege related to MRE 514 MCM, 2024. **(T-0)**

13.8.3. GO and SES Personnel at all levels will complete sexual assault prevention and response education and training IAW DoDI 6495.02V2, paragraph 3.4.c and 4.4.c. GO and SES personnel education and training will occur at the initial executive-level program training (ex. Senior Leader Orientation Course) and be accomplished with tailored TFAT annually thereafter. Completion of the initial training satisfies the annual training requirement for that calendar year. GO and SES personnel SAPR curricula will provide role-specific, functionally-oriented learning that addresses the unique requirements of leadership positions in the support, execution, and institutionalization of comprehensive sexual assault prevention and response. **(T-0)**

13.8.4. All DAF civilian or military personnel holding a supervisory position will annually complete specialized supervisory training that is designed to meet additional supervisory training requirements IAW DoDI 6495.02V1, Enclosure 5, paragraph 2.b. **(T-0)**

**13.9. Professional Military Education (PME).** PME must include relevant SAPR training that meets the requirements of DoD 6495.02V2, paragraphs 3.4.b and 4.4.b, DoDI 6492.02V1, Enclosure 2, and DoDI 6495.02V3, paragraph 3.1. If an alleged sexual assault is reported in a unit, commanders will be able to explain the appropriate, professional response by the chain of command at every level (civilian, officer and enlisted), by peers to a victim and an alleged offender, and appropriately respond when incidents of retaliation and reprisal violate good order and discipline, erode unit cohesion, or deter reporting of alleged sexual assault incidents. **(T-0)** Content will be included in both in-residence and distance learning platforms to ensure widest dissemination of content. **(T-1)**

**13.10. USAFA Sexual Assault Prevention and Response (SAPR) Curriculum.** Per DoDI 6495.02V1, Enclosure 2, paragraph 7.at., USAFA will include in their curricula substantive course work that addresses honor, respect, character development, leadership, and accountability, as they pertain to the issue of preventing sexual assault in the Military Services and providing the appropriate response to sexual assault when it occurs. **(T-0)**

13.10.1. In addition to the substantive coursework in academy curricula, training will be provided within 14 days after the initial arrival of a new cadet and repeated annually thereafter. Training will be conducted in the manner described in Enclosure 10 of DoDI 6495.02V1, using adult learning methods. **(T-0)**

13.10.2. Such training will include, at a minimum, a brief history of the problem of sexual assault in the Military Services, a definition of sexual assault, information relating to reporting a sexual assault, victims' rights, and dismissal and dishonorable discharge for offenders convicted of rape or sexual assault by a court-martial. **(T-0)**

**13.11. Reserve Sexual Assault Prevention and Response (SAPR) Liaison (RSL) Training.** Newly appointed RSLs are required to complete initial training that is developed by AFPC/DPFZ, coordinated to functional SMEs as needed, and approved by AF/A1Z director, as well as local orientation to their respective SAPR Program. RSLs may be invited to subsequent installation SAPR training opportunities to effectively work with victims. RSLs are responsible for maintaining documentation of completed training. **(T-1)**

**13.12. Responder Training Requirements.**

13.12.1. Per DoDI 6495.02V1, Enclosure 10, paragraph 2.a., first responders are composed of personnel in the following disciplines or positions: SARCs of all levels; SAPR VAs, including VVAs; healthcare personnel; DoD LE; OSI; JA; chaplains; firefighters; and emergency medical technicians. Commanders and VWAP personnel can be first responders. Commanders will receive their SAPR training separately. **(T-0)**

13.12.2. The functional communities for first responders will provide initial and annual refresher training IAW DoDI 6495.02V1, Enclosure 10. **(T-0)** These requirements are in addition to TFAT.

13.12.3. All first responders' initial and annual training will meet the requirements set forth in DoDI 6495.02V1, Enclosure 10, paragraph 2.a-b.

13.12.4. Each functional community's initial and annual training will also include the requirements outlined for the respective community IAW DoDI 6495.02V1, Enclosure 10, paragraph 2.c-j.

13.12.5. OSI responder training will be updated and reviewed by DoD IG IAW DoDI 5505.18, paragraph 3.3, DoDI 6495.02V1, Enclosure 2, paragraph 6.a., and approved by AF/A1Z director. **(T-0)**

13.12.6. Contractors working as first responders are highly encouraged to receive functional first responder education and training but are not required.

13.12.7. Installation Commanders will facilitate the Department of Justice Office for Victims of Crime and DoD SAPRO's training program, "Strengthening Military-Civilian Community Partnerships to Respond to Sexual Assault," to increase access to and visibility of civilian community-based care and expand options and care for sexual assault victims IAW DoDI 6495.02V1, **paragraph 4**al. **(T-0)**

**13.13. Department of the Air Force (DAF) Sexual Assault Response Workforce (SARW) Training Requirements.**

13.13.1. Training and SEI codes. Training and SEI codes are established to identify and track the specialized training, experience, and certification required for SARCs, SAPR VAs, and VVAs and to match these uniquely qualified Airmen and Guardians to specific duties. **(T-1)**

13.13.1.1. All new uniformed SARCs and SAPR VAs will receive an SEI code after successful completion of the DAF SARC or SAPR VA initial training and D-SAACP certification. **(T-1)** Civilian VVAs will have an addendum added to their position descriptions to document their VVA duties. All VVAs will have their SEI code removed upon sunset of the VVA program, no later than 30 September 2027, unless they have been approved to be retained at SAPR remote and isolated locations after that date. **(T-1)**

13.13.1.2. The SARC will ensure the training is documented on DAF Form 2096, signed, and submitted to the military personnel section. **(T-1)**

13.13.1.2.1. Military personnel, DAF Reserve, ANG personnel, and DAF civilian SARCs and SAPR VAs will receive a training code QBX. **(T-1)**

13.13.1.2.2. Uniformed SARCs will have the record updated to reflect SEI code Y0Y. **(T-1)**

13.13.1.2.3. Uniformed Officer VVAs will have the record updated to reflect SEI code 0V. **(T-1)**

13.13.1.2.4. Uniformed Enlisted VVAs/SAPR VAs will have the record updated to reflect SEI code 003. **(T-1)**

13.13.1.3. Civilian and uniformed SARCs, SAPR VAs, and VVAs will retain the training or SEI code if they maintain D-SAACP certification and screening requirements IAW DoDI 6495.03 and **Chapter 4**. **(T-0)**

13.13.1.3.1. SEI codes will be removed for failure to maintain D-SAACP certification, meet screening requirements, expiration or revocation of D-SAACP certification.

13.13.1.3.2. All collateral duty VVAs will have their SEI code removed upon sunset of the VVA program, no later than 30 September 27. **(T-1)**

13.13.1.3.3. SARCs will remove the SEI code for SAPR personnel by submitting DAF Form 2096 to the military personnel section.

13.13.2. Training for SARW Personnel.

13.13.2.1. Initial training for DAF SARW will be provided at AU through official SAPR courses. The AU Course Director will ensure training is delivered by an established cadre of SARW instructors who have been recruited, screened, and selected based on criteria outlined by DoD SAPRO. (T-0) AU Course Director in coordination with AF/A1Z will formally review and renew instructor cadre every 2 years, at a minimum, to ensure that they remain knowledgeable, can competently engage course discussions, and provide effective mentorship. **(T-1)** If instructor cadre are suspended from SAPR duties, have their D-SAACP suspended revoked, or otherwise become ineligible to be cadre, they will cease all training delivery, and the AU Course director will work with AF/A1Z to identify and fill coverage gaps.

13.13.2.2. AF/A1Z in coordination with operational level SARW will provide professional development opportunities specific to supplement supervisory and PME courses. Education and training will focus on effective SAPR program execution and management. **(T-1)**

13.13.2.3. All SARW personnel applying for D-SAACP (initial and renewal) will follow DoDI 6495.03 guidelines. Applicants must complete the Safe Helpline 101 training. **(T-0)** The Safe Helpline 101 training may be completed in-person or online at the Joint Knowledge Online website. All SARW must complete initial and annual first responder training as outlined in **paragraph 13.12** and the remainder of this chapter. **(T-0)**

13.13.2.4. Initial and annual SARW training will also cover required content IAW DoDI 6495.02V1, Enclosure 10, paragraph 2.c for SARCs of all levels and DoDI 6495.02V1, Enclosure 10, paragraph 2.d for SAPR VA and VVAs. **(T-0)**

13.13.2.4.1. In order to meet the needs of Service member victims of sexual harassment, initial and annual SARW training will also include sexual harassment-related content, to include but not limited to:

13.13.2.4.2. Roles of MAJCOM/FLDCOM SARW, SARCs, and SAPR VAs in responding to military sexual harassment. **(T-1)** Although VVAs are not permitted to handle sexual harassment cases, it is possible that a victim may first approach a VVA with their disclosure. Therefore, training should equip VVAs to provide initial, person-centered response to victims disclosing sexual harassment and procedures for completing a warm hand-off to SARW personnel eligible to handle military sexual harassment restricted (confidential) and unrestricted reports.

13.13.2.4.2.1. Definition of sexual harassment, including how to identify sexual harassment and how sexual harassment fits into the continuum of harm. **(T-1)**

13.13.2.4.2.2. SAPR Program eligibility, services and resources for Service member victims of sexual harassment. **(T-1)**

13.13.2.4.2.3. Exceptions to confidentiality (e.g., clear and imminent risk to health or safety). **(T-1)**

13.13.2.4.2.4. Up-to-date referral resources for sexual harassment victims that are ineligible for SAPR, to support a no-wrong-door approach. **(T-1)**

13.13.2.4.2.5. Restricted (confidential) and unrestricted reports of military sexual harassment and advocacy via the SAPR Program do not replace the MEO complaint processes available to Service members or the 10 USC § 1561, *Complaints of Sexual Harassment: Independent Investigation,* and that SAPR personnel will regularly communicate with the installation EO office and other stakeholders (e.g., commanders, judge advocate, Security Forces, OSI, etc.), as appropriate, to ensure that guidance set forth in this instruction on sexual harassment procedure is streamlined, communicated, and implemented across their respective installations. **(T-1)**

13.13.2.5. Initial SARW training. All newly assigned SARW will attend the next available AU DAF SARC or SAPR VA Course, commensurate with their position, to satisfy initial SARW training requirements. (T-0) ANG SARW will receive training from NGB. **(T-1)** SARW personnel attending the DAF SARC or SAPR VA course will not be interrupted by regular duties. **(T-1)**

13.13.2.5.1. Strategic SARW personnel requiring D-SAACP will complete the DoD-approved advanced training required of an advanced certification level. Until DoD develops and approves advanced-level courses under the Encounter Skills framework and updates the D-SAACP certification framework, DAF personnel appointed to these positions will satisfy initial "SAPR program manager" D-SAACP training requirements with the AU DAF SARC Course. Strategic SARW personnel appointed to these positions while already holding a valid or renew-eligible SAPR VA D-SAACP certification must take the next available AU DAF SARC Course but can renew their certification prior to taking the AU SARC Course to avoid D-SAACP expiration if they have completed the AU DAF SAPR VA course. Past and current VVA courses and other-Service courses will not satisfy strategic SARW training requirements for D-SAACP. **(T-0)**

13.13.2.5.2. Operational SARW personnel will complete the DoD-approved advanced training required of an advanced certification level. Until DoD develops and approves advanced-level courses under the Encounter Skills framework and updates the D-SAACP certification framework, DAF personnel appointed to these positions will satisfy initial "SAPR program manager" D-SAACP training requirements with the AU DAF SARC Course. Operational SARW personnel appointed to these positions while already holding a valid or renew-eligible SAPR VA D-SAACP certification must take the next available AU DAF SARC Course but can renew their certification prior to taking the AU SARC Course to avoid D-SAACP expiration if they have taken the AU DAF SAPR VA course. Past and current VVA courses and other-Service courses will not satisfy operational SARW training requirements for D-SAACP. **(T-0)**

13.13.2.5.3. Depending on their position, SARCs will complete DoD-approved intermediate or basic level courses to satisfy initial SARW training requirements commensurate with their position. Until DoD develops and approves basic- and intermediate-level courses for SARCs under the Encounter Skills framework and updates the D-SAACP certification framework, DAF personnel appointed to these positions will satisfy initial SARC D-SAACP training requirements with the AU DAF SARC Course. **(T-0)**

13.13.2.5.3.1. Newly appointed SARCs who already hold a valid or renew-eligible SAPR VA D-SAACP certification must take the next available AU DAF SARC Course but can renew their certification prior to taking the AU SARC Course to avoid D-SAACP expiration if they have taken the AU DAF SAPR VA course.

13.13.2.5.3.2. Newly appointed SARCs who hold a valid D-SAACP certification and have completed the AU DAF SAPR VA course will not engage in SARC duties other than training, outreach, and leadership engagement while waiting for the next AU DAF SARC course. **(T-0)**

13.13.2.5.3.3. Deployed SARCs must complete the AU DAF SARC course and meet all other eligibility requirements prior to deploying. **(T-1)**

13.13.2.5.3.4. Past and current VVA courses and other-Service courses will not satisfy DAF SARC training requirements for D-SAACP. **(T-1)**

13.13.2.5.3.5. D-SAACP-certified SARCs having PCSed to a new installation must complete the 8-hour transfer training described in **paragraph 13.13.2.5.4.4** provided by another installation SARC or the SAPR PA before providing direct victim care. **(T-1)**

13.13.2.5.4. All full-time and collateral duty SAPR VAs will complete the DoD-approved basic level course to satisfy initial SARW training requirements. Until DoD develops and approves basic-level courses for SAPR VAs under the Encounter Skills framework and updates the D-SAACP certification framework, DAF personnel appointed to full time or collateral duty SAPR VA positions will satisfy initial D-SAACP training requirements with the AU DAF SAPR VA Course. **(T-0)**

13.13.2.5.4.1. Past and current VVA courses and other-Service courses will not satisfy full-time DAF SAPR VA training requirements. **(T-0)**

13.13.2.5.4.2. Initial VVA courses will no longer be recognized as satisfying initial training requirements for personnel wishing to obtain or renew D-SAACP certification and any personnel who obtained a valid certification using a VVA course must complete the appropriate DAF AU course prior to applying for D-SAACP renewal. **(T-1)**

13.13.2.5.4.3. Deployed VVAs must complete the AU DAF SAPR VA course and meet all other eligibility requirements prior to deploying. **(T-1)**

13.13.2.5.4.4. D-SAACP-certified VVAs and full-time SAPR VAs having PCSed to a new installation and approved by the gaining SARC to continue as an advocate must complete the 8-hour transfer training and orientation provided by the SARC before providing direct victim care. **(T-1)** Transfer training includes, but is not limited to:

13.13.2.5.4.4.1. Review of military sexual assault response policies, procedures, critical issues, and relevant stakeholders specific to that installation or location, as well as assessing individuals' competency to apply essential knowledge to evaluate their ability to perform necessary victim advocacy skills and respond effectively. **(T-1)**

13.13.2.5.4.4.2. Description of local civilian policies and procedures with regards to resources, referrals, and procedures for handling military and civilian sexual assaults as well as collaboration with and knowledge of resources that can be utilized at that specific geographic location. (T-1)

13.13.2.5.4.4.3. Discussions of procedures for CPOs. **(T-1)**

13.13.2.5.4.4.4. Review of installation policies and procedures for proper documentation of a report of sexual assault within the SAPR Office. **(T-1)**

13.13.2.5.4.4.5. Review of healthcare management of sexual assault and medical resources and treatment options to include medical examination, SAFE, mental health and counseling referrals, pregnancy, abortions, and Sexually Transmitted Diseases/Infections (STD/I) and Human Immunodeficiency Virus (HIV) for that specific installation location. **(T-1)**

13.13.2.5.4.4.6. Updates to policies, procedures, or forms in the SAPR Program. **(T-1)**

13.13.2.5.4.4.7. Discussion of how to obtain CEUs for D-SAACP compliance. **(T-0)**

13.13.2.5.4.4.8. Scenario-based role play to assess the current competencies and existing skill set of the VVA. (T-0) If areas of improvement are identified, SARCs are responsible for ensuring subsequent upskilling to enhance victim services. **(T-1)**

13.13.2.6. Annual SARW Training. SARW must attend and successfully complete annual DAF SAPR refresher training approved by AF/A1Z director. SARW personnel attending annual refresher training will not be interrupted by regular duties except to respond to victim needs when an alternative responder is unavailable.

13.13.2.6.1. SARW personnel are required to receive suicide prevention training annually, to facilitate their ability to assist a sexual assault victim who may communicate suicidal statements or behaviors. **(T-1)**

13.13.2.6.2. SARCs and SAPR VAs will receive annual training on Department of Veterans Affairs resources regarding military sexual trauma IAW DoDI 6495.02V1, paragraph 4. **(T-0)**

13.13.2.7. SAPR personnel are encouraged to attend additional training or workshops, at their installation's expense, to maintain proficiency and stay current in national- and local-level initiatives that address sexual assault, in compliance with D-SAACP CEU requirements.

**Table 13.1. SAPR Training and Requirements.**

| | If the individual is a: | Curriculum to use is: | Training is required to be accomplished face-to-face and: | Minimum required hours: |
|---|---|---|---|---|
| 1 | Military member or DAF civilian employee (Appropriated and Non-Appropriated Fund employees) **(T-0)** | TFAT | Annually **(T-0)** per calendar year | .75 hour |
| 2 | DAF member (military and civilians) on their first permanent duty assignment **(T-0)** | First Term Enlisted Course or Newcomer's Orientation - see note 2<br><br>AU New Employee Orientation Course. | Within 30 duty days of arrival | .75 hour |
| 3 | Military member or DAF civilian employee upon a second or subsequent PCS (CONUS or OCONUS) **(T-0)** | Newcomers Orientation - **see note 2** | Within 30 duty days of arrival | .5 hour |
| 4 | Military member scheduled to deploy **(T-0)** | Pre-deployment training, conducted in AOR | Required for every deployment when they arrive in AOR | .5 hour |
| 5 | Returning from a Deployment **(T-0)** | Installation developed reintegration/post-deployment training | Within 30 days of returning from deployment **(T-0)** | .5 hour |
| 6 | Commander's Key Support Program **(T-0)** | Commander's Key Support Program Training | During orientation course and annually | .5 hour |
| 7 | Responder(s) in the following disciplines or positions: healthcare personnel/providers, SF, OSI, JA, HC, EMT, firefighters **(T-0)** | Lesson plans are developed by the functional community IAW DoDI 6495.02V1, Enclosure 10. SARCs are only responsible for updating first responders on | Initial and annual Responder training may be accomplished by CBT developed by the functional community. Initial and annual Responder training is in addition to annual TFAT and CMG training, and | 1 hour |

| | | | | |
|---|---|---|---|---|
| | | changes in SAPR policies - **see note 4** | other training required IAW this chapter. | |
| 9 | New Installation or Host Wing or Delta commander and deputy commander **(T-0)** | Installation-specific Key Personnel Briefing **– see note 3** | One-on-one; within 30 days of taking command | 1 hour |
| 10 | New Installation/center commander(s) (or civilian equivalent in organizations with no military commander), group commander(s), squadron commander(s), detachment commander(s), section commander(s), command chief master sergeant(s), chief master sergeant(s) and first sergeant(s) **(T-0)** | Installation Key Personnel Briefing, locally at each installation or equivalents **– see note 3** | Within 30 duty days of appointment to position or arrival on station **(T-0)** | 1 hour |
| 11 | Newly Appointed RSL **(T-0)** | AFPC/DPFZ-developed; with installation-developed specific content | Within 30 days of appointment | 1 hour |
| 12 | CMG members | AFPC/DPFZ - developed curriculum – **see note 4**, but can be enhanced for local needs | Annually for regular CMG members and initially for commanders new to the CMG. New CMG members should also attend upon initially attending CMG as a core member. | .5 hour per training topic |
| 13 | Victim's Commander attending their first CMG meeting **(T-0)** | AFPC/DPFZ-developed curriculum | Prior to attending first CMG meeting | .5 hour |
| 14 | Basic Military Training (BMT) **(T-0)** | AETC- Accessions I – **see note 4** | Must receive within 14 days of arrival | 1 hour |
| 16 | Technical School **(T-1)** | AETC - Accessions II – **see note 4** | During course attendance | 1 hour |
| 17 | Officer Training School (OTS) Trainee | AETC - OTS – **see note 4** | Must receive within 14 days of arrival | 1 hour |

| | | | | |
|---|---|---|---|---|
| | **(T-0)** | | | |
| 18 | Reserve Officer Training Corps (ROTC) Attendee **(T-0)** | AETC - Accessions – **see note 4** | Must receive within 14 days of starting semester | 1 hour |
| 19 | USAFA Preparatory School **(T-0)** | USAFA Preparatory School curriculum – **see note 4** | Must receive at least 1 hour, within 14 days of arrival | 1 hour |
| 20 | USAFA Basic Cadet **(T-0)** | USAFA Basic curriculum – **see note 4** | Must receive within 14 days of arrival | 1 hour |
| 21 | USAFA Cadet 1-4 **(T-0)** | USAFA Cadet curriculum – **see note 5** | For each cadet year | 1 hour |
| 22 | Airman Leadership School **(T-0)** | Lesson Plan Elements from NCO PME Curriculum – **see note 4** | During ALS course attendance | 1 hour |
| 23 | Non-Commissioned Officer Academy (NCOA) student **(T-0)** | Lesson Plan elements from NCO PME Curriculum– **see note 4** | During NCOA course attendance | 1 hour |
| 24 | Senior Non-Commissioned Officer Academy (SNCOA) student **(T-0)** | Lesson Plan elements from NCO PME Curriculum– **see note 4** | During SNCOA course attendance | 1 hour |
| 25 | First Sergeant Academy **(T-0)** | Lesson Plan elements in basic course curricula – **see note 4** | During course attendance | 1 hour |
| 26 | New Command Chief **(T-0)** | DPFZ-developed curriculum for Command Chief Orientation **- see note 4** | AU Command Chief Course | 1 hour |

Notes:
(1) AFPC/DPFZ will provide the installations with a SAPR annual training curriculum that CANNOT be modified.
(2) SAPR is a highly recommended topic that, if already included in installation's Newcomer's Orientations, are not required to be repeated in in First Term Enlisted Course. SAPR programs will coordinate with Military and Family Readiness Center to avoid duplicate presentations
(3) Large installations, with frequent turnover of key personnel, may accomplish this training small groups not to exceed 15 or one-on-one with the SARC or SAPR VA. Any updates on unit-specific open unrestricted report cases are addressed one-on-one with the Commander.
(4) Organizations conducting SAPR training must have AFPC/DPFZ Training Branch review the content and receive AF/A1Z director approval. **(T-1)**

# Chapter 14

## CONFIDENTIAL REPORTING AND ADVOCACY OPTIONS FOR MILITARY SEXUAL HARASSMENT VICTIMS

**14.1. Military Sexual Harassment Overview.** To improve the care and expand support resources across the DAF, the SAPR Program will offer restricted (confidential) and unrestricted reporting options and victim advocacy to Service member sexual harassment victims. This expansion of victim advocacy services to Service members implements PL 116-283 § 532, *Confidential Reporting of Sexual Harassment,* which created 10 USC § 1561b, *Confidential Reporting of Sexual Harassment*, and the Independent Review Commission on Sexual Assault in the Military Cross Cutting Recommendation 1, *DoD should immediately make sexual harassment victims eligible for Sexual Assault Prevention and Response (SAPR) services and undertake a review of all policies and structures.* **(T-0)**

14.1.1. The installation SAPR Program will provide confidential access to Service members who experience incidents of sexual harassment with SAPR personnel and offer restricted and unrestricted reporting options for victim advocacy. Victim advocacy services via the SAPR Program do not replace the MEO complaint processes available to Service members, as described in DAFI 36-2710 and DoDI 1020.03, or the 10 USC § 1561. Service members electing an unrestricted report with the SAPR Program may receive sexual harassment victim advocacy and may also choose to file a separate MEO complaint alleging sexual harassment through the installation EO office or go directly to their commander to report the allegation. **(T-1)**

14.1.2. SAPR programs will ensure that commanders at all levels are:

14.1.2.1. Informed of the options for Service members to elect a restricted or unrestricted report for military sexual harassment and to receive victim advocacy services through the SAPR Program. **(T-1)** Victim advocacy services are outlined in **Table 14.1**.

14.1.2.2. Equipped to connect military sexual harassment victims to care and support services, with their consent. Referrals to supportive services can be accomplished in-person, virtually, or telephonically, based on the individual's preference. **(T-1)**

14.1.3. Installation EO offices will continue to process MEO sexual harassment complaints IAW DAFI 36-2710. **(T-0)**

14.1.3.1. While the DAF EO program does not have confidentiality with respect to allegations of prohibited discrimination, discriminatory harassment (including sexual harassment), and other forms of harassment (i.e. bullying and hazing), all information provided or gathered as part of an MEO complaint will be treated as CUI to ensure that the privacy of individuals is protected to the extent permitted by laws and policies. **(T-0)** While the DAF EO program does not provide victim advocacy services and cannot take restricted or unrestricted reports for sexual harassment, installation EO offices will provide referrals and warm hand-offs to Service members to connect them with the most appropriate DAF helping agency to support their needs. **(T-0)** Military sexual harassment victim advocacy services through the SAPR office do not replace the MEO complaint processes available to military members or the 10 USC § 1561. **(T-1)**

14.1.3.2. Service members can file informal complaints of sexual harassment with the installation EO office or report directly to a Service member's chain of command. **(T-0)** Informal complaints will not result in an investigation unless a commander determines, in extenuating circumstances, an investigation is necessary to further the readiness of the unit and will process the complaint as a formal complaint and refer it to Security Forces for independent investigations. Refer to DAFI 36- 2710, Chapter 4, for additional guidance. **(T-1)**

14.1.3.3. Formal complaints of sexual harassment will result in an independent investigation by Security Forces pursuant to procedures in 10 USC §1561. **(T-1)** The preferred DAF mechanism for filing a formal complaint for sexual harassment is through the installation EO office, but Service members may report a formal complaint of sexual harassment directly to a commander or Security forces for independent investigation. **(T-1)** DAF civilian employees may use the Equal Employment Opportunity complaint process pursuant to 29 CFR Part 1614, *Federal Sector Equal Employment Opportunity*, an independent investigation process pursuant to 10 USC §1561, or both. **(T-0)** Refer to DAFI 36-2710, Chapters 3 and 4, for additional guidance.

14.1.3.4. If a Service Member victim chooses to file an informal or formal complaint of sexual harassment with the installation EO office, the chain of command, Security Forces, or OSI, they will forego the option to file a restricted report of military sexual harassment with the SAPR office. However, they can still elect an unrestricted report to seek victim advocacy services with the SAPR office following a complaint or a report of sexual harassment with the installation EO office, the chain of command, Security Forces, or OSI.

14.1.4. The SAPR Program will regularly communicate with the installation EO office and other stakeholders (e.g., commanders, judge advocate, Security Forces, OSI, etc.), as appropriate, to ensure that guidance set forth in this issuance on sexual harassment procedure is streamlined, communicated, and implemented across their respective installations. **(T-1)** Great care will be taken to ensure that the victim's privacy is maintained.

**14.2. Military Sexual Harassment Unrestricted and Restricted Reporting Eligibility.** Victim advocacy reporting options for military sexual harassment with the SAPR Program are available to:

14.2.1. Active-Duty Airmen, Guardians, Guard, and Reserve. These Service members will be able to elect either a restricted or unrestricted report. **(T-0)** ANG and Reserve members are eligible to elect a restricted or unrestricted report with the SAPR Program if the sexual harassment allegation occurred while in any federalized or active-duty military status or if there is a military nexus (i.e., alleged subject is military, occurred at military function, etc.). NG and Reserve members do not need to be in a military status to report an incident of military sexual harassment with the SAPR Program. If the victim is an ANG member in a non-federalized status (Title 32 or State Active-Duty status under the Governor's control), ANG members may be subject to an equivalent article under the state code of military justice or state, county, or local laws or statutes. **(T-0)**

14.2.2. Service members who have not filed an informal or formal complaint or report of sexual harassment with the installation EO office, commander, Security Forces, or OSI. These individuals retain the option to file a restricted report for sexual harassment with the SAPR Program. **(T-1)**

14.2.3. Service members with pre-existing MEO sexual harassment complaints. These individuals are eligible to elect an unrestricted report of sexual harassment and can request victim advocacy services with the SAPR Program. **(T-1)**

14.2.4. DAF civilians. These individuals are not eligible for restricted or unrestricted reporting or victim advocacy services through the SAPR Program.

14.2.4.1. DAF civilians may be eligible to use EO complaint processes for allegations of sexual harassment. DAF civilians should refer to DAFI 36-2710, Chapter 3 for additional information on eligibility may be eligible to use EO complaint processes for allegations of sexual harassment.

14.2.4.2. Appropriate local or online resources or referrals will be provided.

14.2.4.3. Non-DAF Service members are not eligible for DAF SAPR restricted (confidential) or unrestricted reporting options for military sexual harassment and will be connected to care and referred to their respective SAPR or installation EO offices, with the Service Member's consent. **(T-1)**

**14.3. Military Sexual Harassment Reporting Procedures.** The SAPR Program will offer restricted and unrestricted reporting options and victim advocacy services to Service members who have experienced sexual harassment. **(T-0)** Eligible members will elect a reporting option and request victim advocacy services through the SAPR Program by completing and signing the DAF Form 599, *Military Sexual Harassment Victim Reporting Preference*, with a SARC or SAPR VA. VVAs are not authorized to provide military sexual harassment victim advocacy services. **(T-0)**

14.3.1. Restricted report (confidential) of sexual harassment. Pursuant to 10 USC §1561b, this reporting option allows a Service member to confidentially report military sexual harassment to a SARC or SAPR VA and receive victim advocacy services from the SAPR Program. This reporting option does not initiate an inquiry, investigation, or notification to the Service member's commander or installation EO office, unless there is written consent from the Service member or if there is a clear and present risk to health and safety of the Service member or another person, as determined in consultation with the servicing legal office. **(T-0)**

14.3.1.1. SARCs will provide a notification to the installation or host wing commander within 24 hours of a restricted report IAW **paragraph 14.5**. This notification is for awareness purposes only and will not provide any PII that could reasonably identify the victim or alleged offender. **(T-1)** Written or email notifications for restricted reports are authorized using the AF/A1Z-approved template for installation or host Wing or Delta commander 24-hr Notifications.

14.3.1.2. SARCs and SAPR VAs will inform victims of sexual harassment that sharing information about the sexual harassment incident with individuals other than those covered by a legal privilege (e.g., chaplains, VC) may initiate an official inquiry or investigation and subsequently impact the victim's eligibility to make a restricted report for the same military sexual harassment allegation. **(T-1)**

14.3.1.3. When a Service member sexual harassment victim requests to convert a restricted report to an unrestricted report, the SARC and SAPR VA will notify and conduct an in-person, virtual, or telephonic referral with the installation EO office and the Service member's commander IAW unrestricted reporting procedures for military sexual harassment outlined in this chapter. **(T-1)**

14.3.2. Unrestricted report of sexual harassment. This reporting option allows a Service member to report military sexual harassment to a SARC or SAPR VA and receive victim advocacy services from the SAPR Program.

14.3.2.1. This reporting option will result in a notification from the SARC IAW **paragraph 14.5**, first to the installation EO office and then to the Service members' commander. SAPR military sexual harassment reporting and advocacy services do not replace MEO complaint processes available to Airmen and Guardians. As such, military members electing an unrestricted report with the SAPR office to receive sexual harassment victim advocacy may also choose to file a separate MEO complaint alleging sexual harassment through the installation EO office or can go directly to their commander to report the allegation. **(T-0)** Service members, while not required, are encouraged to file an MEO complaint alleging sexual harassment.

14.3.2.2. SARCs will provide a notification to the installation or host wing commander within 24 hours of an unrestricted report IAW **paragraph 14.5**. **(T-1)** This notification is for awareness purposes only and will not provide any PII that could reasonably identify the victim or alleged subject.

14.3.3. If the SARC or SAPR VA has determined there is a safety concern, they will immediately refer the Service member to the appropriate entity (e.g., mental health, emergency room, etc.) to manage the safety of the individual. If the SARC or SAPR VA determines, during their safety assessment, that the victim is at a high-risk of harm from the alleged subject, harm from people associated with the alleged subject, or harm to self, personnel will follow the procedures outlined in **paragraph 14.8.2**. **(T-1)**

14.3.4. Victims may change their mind, choose not to sign the DAF Form 599, and decline sexual harassment advocacy services. **(T-1)** The SARC will not make any notifications, maintain any records, or disclose communications without the member's consent or as otherwise required by law. **(T-0)** This interaction will not be documented in the SRI module of DSAID, but the interaction will be documented as an inquiry in MSHAD. **(T-1)**

14.3.5. When a Service member elects to make either a restricted or unrestricted report of sexual harassment, the SARC or SAPR VA will complete a DAF Form 598, *Request for Victim Advocacy for Sexual Harassment*, and the DAF Form 599. The SARC will ensure entry into MSHAD. SAPR VAs are not authorized to have access to MSHAD. **(T-1)**

14.3.6. All documents will be secured electronically IAW DAF guidelines for CUI. **(T-1)** See more information for documentation and information collection policy in **Chapter 15**. The victim will be provided a hard copy of the DAF Form 599 signed by the victim and the SARC or SAPR VA. The SARC or SAPR VA will advise the victim that the signed reporting preference statement may be used by the victim to document the reported sexual harassment with other agencies (e.g., Department of Veterans Affairs) or for any other lawful purpose(s). **(T-1)**

**14.4. Confidentiality of Military Sexual Harassment Reports, Exceptions, and Confidential Disclosures of Restricted Reports.** SARCs and SAPR VAs will maintain the confidentiality of sexual harassment information, regardless of whether the victim elects a restricted or unrestricted report. **(T-0)**

14.4.1. Per DoDI 6495.03, paragraph 3.6.e.(8); DoDI 6495.02V1, Enclosure 4, paragraph 8.e and 7.b.(3)(c); and DD Form 2950 and DD Form 2950-1, communications between a victim of sexual harassment and SARCs and/or SAPR VAs will remain confidential except for the purpose of making command and EO notifications consistent with an unrestricted report unless disclosure is authorized by law, regulation, consent of the victim, or when required by other competent authority. **(T-0)** Failure to obey this paragraph constitutes a violation of Article 92(1) of the UCMJ. Article 92(1) of the UCMJ does not apply to members of the ANG while in Title 32 status (that is, activated for state duty under state command), but ANG members may be subject to an equivalent article under a state military justice code.

14.4.2. A SARC, SAPR VA, or healthcare personnel may only disclose otherwise protected confidential information after consultation with the servicing legal office. **(T-1)**

14.4.3. Exceptions to restricted reporting of military sexual harassment. Disclosure of a sexual harassment restricted report is authorized only after consultation with the servicing SJA and if one or more of the following conditions apply:

14.4.3.1. Authorized by the victim in writing. **(T-0)**

14.4.3.2. Necessary to prevent or mitigate a serious and imminent threat to the health or safety of the victim or another person; for example, multiple reports involving the same alleged offender (repeat offender) could meet this criterion. **(T-0)**

14.4.3.3. Required for fitness for duty or disability determinations. This disclosure is limited to only the information necessary to process duty or disability determinations for Service members. Disclosure of a restricted report under these circumstances does not change the nature of the victim's restricted report, nor does it create an obligation for reporting to law enforcement or command for investigation. **(T-0)**

14.4.3.4. Required for the supervision or coordination of direct victim healthcare or services. The SARC, SAPR VA, or healthcare personnel can disclose specifically requested information to those individuals with an official need to know, or as required by law or regulation. **(T-0**)

14.4.3.5. Ordered by a military official (e.g., a duly authorized subpoena in a UCMJ case), Federal or State judge, or as required by a Federal or State statute or applicable U.S. international agreement. The SARC, SAPR VA, and/or healthcare personnel will consult with the servicing SJA prior to release of information, to determine if the exception criteria apply and whether a duty to disclose the otherwise protected information is present. **(T-0)**

14.4.4. The SARC or SAPR VA shall inform the victim when an exception to confidentiality is made. Whenever possible, the victim should be notified in advance of the disclosure. **(T-1)**

14.4.5. Unauthorized disclosure of a confidential communication, improper release of sexual harassment information, and other violations of DoDI 6495.02V1, Enclosure 4, paragraph 8.e.; DoDI 6495.03, paragraphs 2.5.g. and 3.6.e; the SAPR Code of Ethics set forth in DD Form 2950 and DD Form 2950-1; and this instruction may result in disciplinary action. **(T-0)**

14.4.6. If SARW at any level makes an inadvertent or unauthorized disclosure of a confidential communication, the supervisor will notify the MAJCOM/FLDCOM SAPR PA and AF/A1Z D-SAACP management and policy analyst immediately. **(T-1)**

14.4.6.1. Without revealing any detail which could reasonably be used to identify the victim, SARW supervisors will immediately notify the installation or host wing commander and the MAJCOM/FLDCOM SAPR PA of any unauthorized disclosure of a confidential communication by SARW personnel. **(T-1)**

14.4.6.2. The assigned SARC will notify the victim of the unauthorized disclosure and review the process or circumstances that led to the disclosure. **(T-1)**

14.4.7. Unauthorized disclosures do not automatically convert a restricted report to an unrestricted report and all restricted reporting information remains confidential and protected. The initiation of an MEO complaint process or investigation does not convert a restricted report to an unrestricted report.

**14.5. Initial Military Sexual Harassment Notifications.**

14.5.1. Installation EO office notification for unrestricted reports. To preserve the victim's ability to elect to file an informal or formal MEO complaint with the EO office, the SARC will first notify the installation EO office, either telephonically or in person, before notifying the victim's commander and the installation or host wing commander within the 24-hour notification period. The SARC will only convey the victim's name, preferred contact information, and commander's name to the installation EO office. **(T-1)** If the unrestricted report is made outside of the installation EO office's duty hours or the SARC does not make contact with the installation EO office, the SARC will still contact the installation EO office first and then the Service member's commander the next duty day following the notification to EO, unless a safety concern is present. Even with an unrestricted report notification to EO, a victim may decline to file an MEO complaint. If the Service member's sexual harassment allegation was previously addressed and closed via MEO complaint processes, notifications to the installation EO office are not required. However, a notification to the victim's commander is required for the unrestricted report to inform them the member is requesting SAPR services. **(T-1)**

14.5.1.1. The SARC or SAPR VA will inform the victim of the nature and extent of the sexual harassment advocacy notification to the installation EO office. The SARC will only convey the victim's name, preferred contact information, and commander's name to the installation EO office as described in DAF Form 599. **(T-1)** No additional incident information will be provided. (**T-1)** Notification via email is authorized using an AF/A1Z-approved template. The SARC will document the EO notification in MSHAD, including the name of the EO practitioner that received the notification. **(T-1)**

14.5.1.2. At the victim's request, the SARC or SAPR VA will ensure the Service member is connected with the installation EO office either in-person, virtually, or telephonically, based on their preference, to discuss MEO complaint options. The SARC will document this referral and enter the data collected on the DAF Form 598 in MSHAD. **(T-1)**

14.5.1.3. The notification timeframe may be extended to 48 hours in deployed locations, if necessary. The SAPR VA will provide the notification only if a SARC is unavailable. If the 24-hour notification suspense is not met, the SARC must document the notification and reason for delay in MSHAD. Notification via email is authorized using an AF/A1Z-approved template for installation EO office 24-hr Notifications. **(T-1)**

14.5.1.4. For Reserve and ANG Members, notifications may be extended to the next regularly scheduled drill or Unit Training Assembly. **(T-0)**

14.5.2. Installation or Host Wing Commander Notification for restricted and unrestricted reports. The SARC will notify the installation or host wing commander (may be delegated to the deputy but no further) within 24 hours of a signed DAF Form 599 for both restricted and unrestricted reports of military sexual harassment, but only after providing notification to the installation EO office. The MAJCOM/FDLCOM SAPR PA will be copied, and this notification will provide the commander an awareness of the number of Service member's reporting, the type of report, and confirmation that the victim received an overview of SAPR sexual harassment advocacy services. No additional information is authorized to be shared. This notification is for awareness purposes only and will not provide any PII that could reasonably identify the victim or alleged subject. The SARC will document this notification in MSHAD. **(T-1)** Notification via email is authorized using an AF/A1Z-approved template for installation or host Wing or Delta commander 24-hr Notifications.

14.5.3. Notification to Service member's Commander. Within 24hours of an unrestricted report of sexual harassment, but only after the installation EO office has been notified, the SARC will notify the victim's commander. Commander notification will only include the victim's name and confirmation that the victim received an overview of SAPR advocacy services. No additional incident information is authorized. **(T-1)** If the commander is off station, the notification will be provided to the acting commander. The SARC will document this notification in MSHAD. **(T-1)** Notification via email is authorized using an AF/A1Z-approved template for Service Member Commander 24-hr Notifications.

14.5.4. The SARC will not provide sexual harassment notifications to any other individual or office outside of this instruction. **(T-1)**

14.5.5. Commanders are encouraged to review DAFI 36-2710, **Chapters 2 and 4**, regarding their responsibilities if or when a Service member files an informal or formal complaint of sexual harassment.

**14.6. Advocacy Services.**

**Table 14.1. Advocacy Services.**

| **Advocacy Services**<br>(in this table, UR refers to unrestricted reports and RR refers to restricted reports) | | |
|---|---|---|
| Advocacy Services | Service Member Sexual Harassment | Sexual Assault |
| Advocacy Support Services | Yes | Yes |
| CATCH Program | No | Yes (RR, URs when the alleged subject was not disclosed or uncovered by law enforcement, Service members who are not ready to report via DD Form 2910-4, former Service members and DoD civilians with an alleged Service member suspect) |
| Chaplain Resources | Yes | Yes |
| CPO | Yes (UR Only) *see notes | Yes (UR Only) *see notes |
| *Convalescent Leave | No | Yes |
| Expedited Transfers | No | Yes (UR Only) |
| *LOD determination for Guard/Reserve members | Yes *see notes | Yes (RR and UR) *see notes |
| Medical Assistance | Yes | Yes |
| Mental Health Providers | Yes | Yes |
| *MPO | Yes (UR Only) | Yes (UR Only) |
| *Non-Rated Period | No | Yes |
| RR and UR Options | Yes | Yes |
| Retaliation Reporting | Yes (UR Only) | Yes (UR Only) |
| Safe to Report Policy | No | Yes (UR Only) |
| Safety Assessment | Yes | Yes |
| VC | Yes *see notes | Yes |
| Notes:<br>*CPO – This may be available but will depend on the facts and circumstances of an incident and applicable local law.<br>*Convalescent Leave see DAFI 36-3003, Table 4.2, Rule 10<br>*LOD – LOD cannot be processed for “military sexual trauma” because military sexual trauma is a term used by the Department of Veterans Affairs for an experience of sexual violence. Members may process LOD determinations for injuries and/or illness (e.g., medical condition) incurred as a result of sexual harassment or sexual assault when performing active service or inactive duty training to gain access to medical treatment and/or counseling through | | |

medical or mental health channels IAW DAFI 36-2910.
*MPO – MPOs will be considered and issued IAW DoDI 6495.02V1, DoDI 6495.02V3, and DAFI 51-201. MPOs may be available but will depend on the facts and circumstances of an incident and consultation with the SJA. When it is an available option, commanders must choose an MPO in lieu of a No-Contact Order for sexual assaults to ensure input in DSAID, CMG case management, and military and civilian law enforcement can appropriately track and take action to enforce the order in their jurisdiction. Although MPOs are generally used in all cases involving domestic violence or sexual assault, commanders may elect to use a verbal no-contact order if needed in a timely manner but must follow up with a MPO Contact the servicing legal office with additional questions or for assistance.
*Non-Rated Period – see AFI 36-2406, paragraph 1.4.11.2
*VC may offer limited scope, one-time consultation. Requests for broader-scope VC representation are considered on a case-by-case basis, as an extraordinary circumstances request (ECR). If an ECR is approved, VC representation is limited to advice and assistance through the military justice process. **(T-0)**

**14.7. SARCs will:**

14.7.1. Track the status of SAPR sexual harassment reports by utilizing MSHAD. **(T-1)**

14.7.2. Document, track, and maintain MSHAD, including the services requested by the victim and service referrals made to the victim from the time of the initial report and until the victim no longer desires services. When the victim indicates they no longer wish to receive SAPR advocacy services, the case will be closed in MSHAD. **(T-1)** If a victim returns to the SARC or SAPR VA after indicating services are no longer required and requesting additional services, the SAPR sexual harassment report will be reopened. **(T-1)**

14.7.3. Contact the MSHAD data management analyst if a SAPR sexual harassment report must be reopened. **(T-1)**

14.7.4. Comply with data calls and other requests to support congressional, DoD, and DAF reporting requirements or inquiries about sexual harassment restricted (confidential) and unrestricted reporting and victim advocacy services. **(T-0)**

**14.8. Sexual Harassment Advocacy Case Management and High-Risk Response.**

14.8.1. SARCs will not convene a sexual harassment CMG meeting and will not include individual sexual harassment report information during the monthly or quarterly sexual assault CMG meetings. **(T-0)** SARCs may present the total number of SAPR restricted and unrestricted sexual harassment reports and referrals at QCMG meetings and CAT/CAB meetings, as applicable. **(T-1)**

14.8.2. Sexual harassment high-risk response team (SH-HRRT). The SH-HRRT will address safety issues that may arise related to an unrestricted report of sexual harassment. An SH-HRRT will be convened if the victim is assessed to be at high-risk of harm from the alleged subject, harm from people associated with the alleged subject, or harm to self. **(T-1)**

14.8.2.1. If a victim is assessed to be at high-risk of harm as described in **paragraph 14.8.2**, the victim's commander will immediately stand up and chair a multi-disciplinary SH-HRRT to address and continually monitor the victim's safety. The SH-HRRT will assess the risk or threat to safety, develop a plan to manage the situation, and implement the plan. **(T-1)**

14.8.2.1.1. SH-HRRT membership will include the SARC, victim's assigned SAPR VA, victim's immediate commander, the SJA, VC (if applicable), healthcare or mental health care provider (if applicable), OSI agent, and law enforcement (Security Forces) lead (if applicable). **(T-1)** The subject's commander will be included only if the safety concern involves the subject or the subject's family or friends.

14.8.2.1.2. SH-HRRT members may not delegate their obligation to attend and will actively participate in SH-HRRT meetings. **(T-1)**

14.8.2.2. The SH-HRRT will provide the installation or host wing commander (may be delegated to the deputy) and the principal SARC a report within 24 hours of being activated and provide updates at least once a week while the victim is on high-risk status. The SH-HRRT will use an AF/A1Z-approved template to make this report. The principal SARC will document the report(s) utilizing MSHAD, to include the date and time the SH-HRRT was activated, if the initial report was provided within 24 hours, if the issue is resolved, and the date and time the SH-HRRT is de-activated. SARCs are not authorized to retain additional documents. (**T-1)**

14.8.2.3. For any Unrestricted SH-HRRT where a victim has an MEO complaint with the installation EO office, the SARC will notify the installation EO office of any safety issues to ensure the safety of all parties involved. **(T-1)**

14.8.3. Should a victim who elects a restricted report be deemed high risk, the SARC will consult with the servicing legal office to determine if an exception to restricted reporting applies. **(T-0)** If an exception exists, the SARC will follow the notification procedures outlined in the DAF Form 599 and in **paragraph 14.4** of this instruction. **(T-0)**

## 14.9. Retaliation Allegations Related to Unrestricted Reports of Sexual Harassment.

14.9.1. Retaliation may consist of the following acts: reprisal, ostracism, maltreatment, cruelty, criminal acts (stalking and harassment), and restriction for a retaliatory purpose in connection with an alleged sex-related offense, sexual harassment, or performance of duties (i.e., victim advocacy service provision) related to an alleged sex-related offense or sexual harassment. **(T-0)**

14.9.2. If the victim's commander is aware of retaliation related to an unrestricted report of sexual harassment, the commander will take appropriate action IAW AFI 36-2909 and notify the installation EO office if the victim wants to initiate an MEO complaint or has a current MEO complaint. **(T-0)** If the Service member has an ongoing formal MEO complaint of sexual harassment being investigated pursuant to the procedures in 10 USC §1561, the commander, in consultation with the servicing SJA, will notify the independent investigator of the retaliation allegations. **(T-1)** If the victim's commander is aware of reprisal and/or restriction related to an unrestricted report of sexual harassment, the commander will refer the allegations to the IG office for processing IAW DAFI 90-301, and notify the installation EO office if the victim wants to initiate an MEO complaint or has a current MEO complaint. **(T-1)** If the Service member has an ongoing formal MEO complaint of sexual harassment being investigated pursuant to the procedures in 10 USC §1561, the commander, in consultation with the serving SJA, will notify the independent investigator of such retaliation allegations. **(T-1)**

14.9.3. The SARC will not make any notifications if the retaliation victim is pursuing action related to allegations of retaliation with the IG (installation or DoD), MCIO, or command, especially if the commander is the subject in the retaliation report. **(T-0)**

14.9.4. Retaliation Procedures for unrestricted reports of sexual harassment.

14.9.4.1. When brought to the attention of command, all allegations of retaliation related to unrestricted reports of sexual harassment must be referred to the military member's commander to take appropriate action IAW AFI 36-2909. Command will notify the installation EO office if the victim wants to initiate an MEO complaint or has a current MEO complaint. **(T-1)** All allegations of reprisal and/or restriction related to an unrestricted report of sexual harassment must be referred to the IG office for processing IAW DAFI 90-301 and notify the installation EO office if the victim wants to initiate an MEO complaint or has a current MEO complaint with a warm hand-off to the installation EO office. **(T-1)**

14.9.4.2. If the SARC is notified (e.g., by the retaliation reporter or the MCIO) that the retaliation reporter is pursuing action relating to allegations with the DoD IG or MCIO, the SARC will not make any notification to command, especially if the commander is the subject in the retaliation report. SARCs will:

14.9.4.2.1. Explain that the individual can go to an IG at any time during the process. Visits to the IG may range from consultation to filing a complaint. **(T-0)** SARCs or SAPR VAs will also inform Service members alleging retaliation related to sexual harassment that they have the option to consult with a legal assistance attorney concerning their allegations as described in the *DoD Retaliation Prevention and Response Strategy Implementation Plan*. **(T-0)**

14.9.4.2.2. Offer assistance throughout the process, to include providing in-person, telephonic, or virtual referrals (e.g., VC or legal assistance) and SAPR victim advocacy, if requested. **(T-0)**

# Chapter 15

# INFORMATION COLLECTION

## 15.1. Defense Sexual Assault Incident Database (DSAID) Procedures.

15.1.1. DSAID is accessible only by authorized users and includes strict user access controls to ensure maximum protection allowed under the law. For the SAPR Program, only designated principal SARCs, SARCs, MAJCOM/FLDCOM supervisory SAPR PA and SAPR PS, and AF/A1Z DSAID data management analyst with a current D-SAACP certification and who have completed DoD- and DAF-specified DSAID training, are permitted access to DSAID. **(T-0)**

15.1.2. Authorization for SAPR VA DSAID access will be considered by SAPR PA in coordination with the AF/A1Z DSAID data management analyst, on an as needed basis. **(T-1)**

15.1.3. Under no circumstances will VVAs be given access to DSAID. **(T-1)**

15.1.4. In instances where the SARC does not have access to DSAID and an incident occurs, the MAJCOM/FLDCOM SAPR PA or SAPR PS will enter the incident data into DSAID within 48 hours of the DD Form 2910 being signed by the victim. **(T-0)**

15.1.5. The principal SARC or SARC will enter all restricted reports and unrestricted reports of sexual assault, independent investigations by OSI as "open with limited," and retaliation reports related to unrestricted reports covered in this instruction. **(T-0)**

15.1.6. The DD Form 2910 file name format is: (UU, RU, or RR), Service Name, location code, year, sequential number, form name (e.g., UUMC-00004609-2019-01086-DD2910). **(T-0)**

15.1.7. In cases of sexual assault involving a military alleged offender and a civilian victim not affiliated with the military or a foreign national, the SARC will request OSI or appropriate MCIO provide the victim's name, supporting PII, and the MCIO case file number, to include the unique identifier for foreign nationals, for DSAID entry. The SARC will enter the case into DSAID as an "Open with Limited Information" (OWL) case. **(T-0)**

15.1.7.1. When there is no signed DD Form 2910 (e.g., an independent investigation or investigation initiated by a third-party disclosure, civilian victim, and/or Service member subject), the case is entered into DSAID as an OWL. The SARC will request the investigative case number from OSI Investigations. **(T-0)**

15.1.7.2. The DD Form 2910 is not required and will not be uploaded for these incidents.

15.1.8. The SARC will not enter the following incidents into DSAID **(T-0)**:

15.1.8.1. U.S. citizens employed as DoD contractors and their dependents, 18 years of age and older, in the CONUS who are victims of sexual assault perpetrated by someone other than a military member. **(T-0)** In these instances, the SARC will provide the victim information on local resources and provide referral to local rape crisis resources. **(T-0)**

15.1.8.2. Child sexual abuse. **(T-0)**

15.1.8.3. Intimate partner sexual assault reports handled by FAP. **(T-0)**

15.1.8.4. Incidents where the victim declines to sign the DD Form 2910 or DD Form 2910-8 and no independent investigation is initiated by OSI. **(T-0)**

15.1.9. Any requests for system changes to DSAID will be routed via the MAJCOM/FLDCOM SAPR PA to the AF/A1Z DSAID data management analyst for consideration at the DoD DSAID Change Control Board. **(T-1)**

**15.2. Defense Sexual Assault Incident Database (DSAID) Notification and Record Access Procedures.** The authorized SARW personnel will upload the DD Forms 2910 referenced in **Chapter 6 and Chapter 10** into the DSAID File Locker within 48 hours of the report being signed. In deployed locations, such as areas of combat that have internet connectivity issues, the timeframe is extended to 96 hours. **(T-0)**

15.2.1. The SARC will upload all DD Forms 2910 (with exception to DD Form 2910-8 with no military subject) into the DSAID file locker. DD Form 2910 for restricted reports will be uploaded into DSAID, and hard copies will be kept under double lock, to assist with encryption keys and notification to the victim at the one-year mark.

15.2.2. Legacy restricted report and unrestricted report preference forms utilized before official versions of DD Form 2910s will not be uploaded into DSAID and hard copies will be kept under double lock. Any other official DD Form 2910s will be uploaded into the DSAID file locker. The SARC will ensure accurate retention of DD Form 2910s and legacy forms IAW all Federal laws and DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)**

15.2.3. Requests for information (i.e., Congressional, senior leaders, media, etc.) contained in DSAID are answered by AF/A1Z.

15.2.4. Current Airmen or Guardians who previously made a sexual assault report may request a copy of the DD Form 2910 from the local SAPR office, or by contacting AF/A1Z. If the victim was not previously gained to the local installation SAPR office, then the SARC should work with the losing SAPR office to transfer the case, with victim consent. IAW DHRA 06, individuals seeking access to their records should follow the procedures in 32 CFR part 310 and should address written inquiries to AF/A1Z. In addition, the requester must provide either a notarized statement or an unsworn declaration made in the appropriate format, as indicated in the DSAID record access procedures of DHRA 06. **(T-0)**

15.2.5. If a victim returns to request a copy of their DD Form 2910 and it cannot be located, SARCs are authorized to have the victim complete DD Form 2910-1 IAW DoDI 6495.02V1 and DoDI 6495.02V3. **(T-0)**

15.2.6. For SAPR VAs, VVAs, victims, and alleged offenders who are at a data masked location, the SARC will use “data masked” as the assigned unit identification code and assigned unit name fields in DSAID. **(T-1)**

**15.3. Retaliation Reports Related to Unrestricted Reports of Sexual Assault.** Authorized SAPR personnel will utilize the DD Form 2910-2 to complete and upload into the DSAID File Locker within 48 hours of the signed report (may be extended to 96 hours in deployed locations). **(T-0)**

**15.4. Defense Sexual Assault Incident Database (DSAID) Case Dispositions.** When unrestricted reports of sexual assault receive a final disposition, the SARC will obtain disposition details from the servicing legal office utilizing the DD Form 3114 or authorized DAF alternative **(T-1)** Once the SARC and servicing legal office complete the DD Form 3114, the report will be sent to the DAF DSAID Legal Officer who is responsible for ensuring the disposition is entered into DSAID. When the final disposition is loaded, the SARC will close the case in DSAID. **(T-0)** SARCs will not retain copies of disposition forms. **(T-0)**

**15.5. Defense Sexual Assault Incident Database (DSAID) Procedures for SAPR Personnel.** Principal SARCs/SARCs will maintain respective SARW profiles IAW DoDI 6495.02V1 and this instruction. **(T-0)** SARCs may delegate this responsibility to authorized SAPR VAs with an approved waiver from AFPC/DPFZ to access DSAID. **(T-1)**

**15.6. Military Sexual Harassment Advocacy Database (MSHAD) Oversight and Military Sexual Harassment Documentation Procedures.**

15.6.1. MSHAD is the system of record for DAF SAPR military sexual harassment advocacy and all related records will be safeguarded IAW AFI 33-332, Chapter 7.

15.6.1.1. SARCs and SAPR VAs will use the DAF Form 599 to document the service member's election of a restricted (confidential) or unrestricted report of sexual harassment, which they will upload to MSHAD. The DAF Form 599 is only valid if signed by the victim and SARC or SAPR VA. If the victim chooses not to sign the DAF Form 599, the form will be destroyed.

15.6.1.2. SARCs and SAPR VAs will use the DAF Form 598 to facilitate advocacy case management and to collect required data. The DAF Form 598 will not be uploaded to MSHAD and will be destroyed as soon as data entry is complete.

15.6.2. MSHAD Roles and Access. Only D-SAACP certified personnel with a need to know will have access to MSHAD. If a SARW member is not yet D-SAACP certified, they will not have access until the D-SAACP certification is valid. Access will be further limited depending on an individual's SARW role.

15.6.2.1. AF/A1Z will be responsible for oversight of MSHAD to track military sexual harassment victim advocacy case management information. AF/A1Z will work with MSHAD data management analyst and relevant stakeholders to designate an MSHAD information system owner (ISO), an MSHAD program manager, and an MSHAD information system security manager (ISSM), who will fulfill database management and oversight responsibilities for MSHAD IAW AFI 33-332 and this publication.

15.6.2.2. The MSHAD data management analyst will establish and maintain SAPR military sexual harassment data quality standards across the DAF, identify and address data discrepancies, and recommends solutions to DAF SAPR leaders to address data quality issues. The MSHAD data management analyst will work with relevant stakeholders to: .

15.6.2.2.1. Add and remove individuals' access to MSHAD IAW AF/A1Z-approved access control procedures and will establish a needs-based request process for Exception to Policy (ETP) requests for system access.

15.6.2.2.2. Ensure that MSHAD remains functional to collect and maintain military sexual harassment reports and advocacy services. **(T-1)**

15.6.2.2.3. Conduct audits of access and data integrity at least monthly and report results to AF/A1Z.

15.6.2.2.4. Immediately notify AF/A1Z of any changes to SARW personnel, to include transfers, separations, promotions, change in D-SAACP certification status, or any other change that may impact access to MSHAD.

15.6.2.3. MAJCOM/FLDCOM PAs or delegated MAJCOM/FLDCOM SARW will ensure all data is entered correctly and is complete for their AOR and will work with installation SARW for corrective action as needed. MAJCOM/FLDCOM PAs and those with a documented need to know among MAJCOM/FLDCOM SARW will have access to MSHAD cases assigned to their AOR. MAJCOM/FLDCOM PAs, or other MAJCOM/FLDCOM SARW staff as delegated, will immediately notify AF/A1Z and MSHAD data management analyst of any SARW personnel changes within the AOR, to include transfers, separations, promotions, change in D-SAACP certification status, or any other change that may impact access to MSHAD.

15.6.2.4. Principal SARCs will ensure all data is entered correctly and is complete for their AOR and will work with installation SARW for corrective action as needed. Principal SARCs will be responsible for securing DAF Form 599 and DAF Form 598 until the documents can be destroyed. Principal SARCs will have access to MSHAD cases assigned to their AOR. Principal SARCs will immediately notify their MAJCOM/FLDCOM SAPR PA, AF/A1Z, and MSHAD data management analyst of any SARW personnel changes within the AOR, to include transfers, separations, promotions, change in D-SAACP certification status, or any other change that may impact access to MSHAD.

15.6.2.5. SARCs of all levels will be responsible for entering data and uploading documents into MSHAD and for completing DAF Form 599 and DAF Form 598 for assigned cases. SARCs will have access to MSHAD cases assigned to their AOR. In the absence of a principal SARC, SARCs will immediately notify their MAJCOM/FLDCOM SAPR PA, AF/A1Z, and MSHAD data management analyst of any SARW personnel changes within the AOR, to include transfers, separations, promotions, change in D-SAACP certification status, or any other change that may impact access to MSHAD.

15.6.2.6. SAPR VAs are responsible for completing DAF Form 599 and DAF Form 598 for assigned cases and providing the completed forms to the principal SARC or SARC for entry into MSHAD. SAPR VAs will not have access to MSHAD unless they have been granted an exception to policy by AF/A1Z. In the absence of a principal SARC or other SARC assigned to the installation, the SAPR VA will immediately notify their MAJCOM/FLDCOM SAPR PA, AF/A1Z, and MSHAD data management analyst of any SARW personnel changes within the AOR, to include transfers, separations, promotions, change in D-SAACP certification status, or any other change that may impact access to MSHAD.

15.6.2.7. The DAF EO Office will retain responsibility for tracking and processing MEO complaints, which is separate from military sexual harassment advocacy reports. EO offices will not have access to MSHAD.

15.6.3. Military sexual harassment documentation.

15.6.3.1. Storage of all DAF Form 599 and data from DAF Form 598 will be maintained electronically IAW Air Force Records Disposition Schedule (RDS). **(T-1)** Per the Air Force RDS, SARCs and SAPR VAs will destroy the DAF Form 598, after the information has been captured in MSHAD. The form shall NOT be maintained longer than required to input all information required into MSHAD. Until such time as the form is destroyed, the form should be covered with a SF 901, *Controlled Unclassified Information (CUI) Cover Sheet*, and maintained under double lock-and-key when not under the direct control of an individual with a need to know. **(T-0)**

15.6.3.2. The SARC or SAPR VA will assign a Sexual Harassment Report Number (SHRN) to each SAPR sexual harassment report. The SARC or SAPR VA will develop the SHRN by documenting the restricted report of sexual harassment (RRSH) number or unrestricted report of Sexual Harassment (URSH) number, the fiscal year in which the incident was reported, the first four letters of the installation name, and a four-digit numerical sequence. **(T-1)**

15.6.3.2.1. For example, "RRSH22RAND0001" represents a restricted report of sexual harassment, reported in fiscal year 2022, at Joint Base San Antonio Randolph, and is the first report made that fiscal year.

15.6.3.2.2. Numerical sequence will reset to 0001 at the beginning of each fiscal year.

15.6.3.3. Initial SHRN will be annotated on the DAF Form 599,

15.6.3.4. Restricted reports of sexual harassment which are converted to unrestricted reports of sexual harassment will be designated by adding a "C" to the beginning of the SHRN. Example: CRRSH22RAND0001. The conversion will be documented by signature on the original DAF Form 599 and the SARC will update MSHAD with the new SHRN.

15.6.3.5. Transferred reports from other installations, due to the member PCSing and requesting continued advocacy at the gaining installation, will be designated by adding a "T" to the beginning of the SHRN. SARCs will ensure transferred reports are not counted as new reports. Example: TRRSH22RAND0001 or TURSH22RAND0001 or TCRRSH22RAND0001. **(T-1)** The transfer will be documented on the DAF Form 599, and the SARC will update MSHAD with the new SHRN.

15.6.3.6. To transfer a report, the losing SARC will send the SHRN to the gaining SARC. Once the gaining SARC has confirmed the message has been received (i.e., read receipt), the gaining SARC will contact the MSHAD data management analyst to gain access to the transfer report in the database. **(T-1)**

**SAF/MRR**—Deputy Assistant Secretary of the Air Force for Manpower and Reserve Affairs, Office of Health Affairs and Force Resilience

**SAF/MRQ**—Department of the Air Force Equal Opportunity Program

**SF/S1**—Deputy Chief of Space Operations for Personnel

**SF/S1Q**—Quality of Life and Resilience Directorate

***Terms***

**Administrative Control (ADCON)**—For the purposes of SARW, ADCON refers to the supervisory relationship where the supervisor is the employee's rater

**Advocacy**—Active support that provides information and education to victims and facilitate access to resources and systems following a crime or traumatic event.

**Airmen and Guardians**—For the purpose of this instruction, this includes Department of the Air Force uniformed members to include the Space Force.

**Air Reserve Component (ARC)**—Together, the Air Force Reserve and the ANG constitute the Air Reserve components of the United States Armed Forces.

**Assessment**—A process to evaluate or measure using interviews and case information to establish a victim's needs. In victim assistance, "assessment" does not refer to clinical assessment (e.g., diagnosing clinical disorders).

**Case Management Group (CMG)**—A multi-disciplinary group that meets monthly to review individual unrestricted reports of sexual assault and independent investigations, chaired by the

installation or host Wing or Delta commander, this may be delegated to the Wing or Delta deputy commander but no further. This group facilitates monthly victim updates and directs system coordination, accountability, and victim access to quality services.

**Catch a Serial Offender (CATCH) Program**—Provides adult sexual assault victims who file a restricted report with a mechanism to provide information related to the incident confidentially. The CATCH program maintains information made available by restricted reports for the purpose of identifying commonalities across particular cases that lead to the identification of serial offenders. No victim PII will be included to safeguard victim's identity. Participation is voluntary and information provided to CATCH will not be acted upon unless the victim of the reported sexual assault changes their reporting option to an unrestricted report and agrees to participate in the investigation. Victims may opt out of CATCH at any time. The Department of Navy Naval Criminal Investigative Services has been named the Executive Agency of CATCH and will maintain oversight.

**Certification**—Refers to the process by which the DoD certifies SARCs, SAPR VAs, and VVAs, assesses the effectiveness of sexual assault advocacy capabilities using a competencies framework, and evaluates and performs oversight over SARW and VVA training. The certification criteria are established by DoDI 6495.03. SARW will also obtain a prevention certification.

**Collateral Misconduct**—Victim misconduct that might be in time, place, or circumstance associated with the victim's sexual assault incident. Collateral misconduct by the victim of a sexual assault is one of the most significant barriers to reporting assault because of the victim's fear of punishment. Some reported sexual assaults involve circumstances where the victim may have engaged in some form of misconduct (e.g., underage drinking or other related alcohol offenses, adultery, fraternization, or other violations of certain regulations or orders).

**Co-Location**—A DAF-wide framework and effort to integrate and physically co-locate installation Response and, where feasible, IPPW professionals to improve ease of access for victims to support services; increase coordination and collaboration among co-located personnel, enhance awareness of services provided to increase targeted, and effective prevention activities. Because IPPW do not have privileged communication or confidentiality, these facilities must create a clear appearance of separate and distinct prevention and response offices.

**Community Action Board (CAB)**—Senior leader-led decision forums (At the HAF, MAJCOM/FLDCOM, and installation level) that facilitate resilience and violence prevention (primary prevention) policy, practices, and programs.

**Community Action Team (CAT)**—Functions as the action arm of the CAB to develop and implement resilience and violence prevention (primary prevention) policy, practices and programs approved by the CAB and that meet each community's unique needs.

**Complaint (IG)**—A formal assertion concerning a wrong; or violation of law, regulation, instruction, policy, procedure, or rule; or report of conditions detrimental to the operation, mission, or reputation of the DAF.

**Connect to Care (CTC)**—DAF's implementation of DoD's "No Wrong Door" approach. The CTC approach is used by all responders so that a person seeking services from an organization will be assisted either by direct support or a warm handoff, with the goal of obtaining timely care or advocacy.

**Consent**—A freely given agreement to the conduct at issue by a competent person. An expression of lack of consent through words or conduct means there is no consent. Lack of verbal or physical resistance or submission resulting from the use of force, threat of force, or placing another person in fear does not constitute consent. A current or previous dating or social or sexual relationship by itself or the manner of dress of the person involved with the accused in the conduct at issue shall not constitute consent. A sleeping, unconscious, or incompetent person cannot consent.

**Covered Communication**—Verbal, written, or electronic communications of information concerning a sexual assault victim or alleged offender provided by the victim to the SARCs, SAPR VAs, and VVAs or healthcare personnel related to his or her sexual assault.

**Credible Information**—Information that, considering the source and nature of the information and the totality of the circumstances, is sufficiently believable to presume that the fact or facts in question are true.

**Credible Report**—Either a written or verbal report made in support of an expedited transfer that is determined to have credible information.

**D-SAACP Administrator**—The contractor that manages D-SAACP operations, as identified by DoD SAPRO.

**Defense Sexual Assault Incident Database (DSAID)**—A centralized, case-level incident database for the collection and maintenance of information regarding sexual assaults. DSAID is further defined in **Chapter 9** of this instruction.

**Family Advocacy Program (FAP)**—A DoD program designated to address child abuse and domestic abuse in military families and child maltreatment in DoD-sanctioned activities in cooperation with civilian social service agencies and military and civilian law enforcement agencies. Prevention, advocacy, and intervention services are provided to individuals who are eligible for treatment in military medical treatment facilities.

**Final Disposition**—The conclusion of any command action, including judicial, nonjudicial, and administrative action, to include separation action taken in response to the offense, whichever is later in time, or a no action determination.

**Functional Community Manager**—For purposes of the SARW, the designated senior-executive level OSD Functional Community Manager represents the interests of the SARW community at meetings within the Department related to that functional community to engage workforce planning to ensure mission accomplishment and changing work requirements, to develop competency models, assess workforce competencies, and identify mission-critical workforce gaps. The OSD Functional Community Manager is established IAW DoDI 1400.25, Volume 250, *DoD Civilian Personnel Management System: Civilian Strategic Human Capital Planning (SHCP)*

**Healthcare Personnel**—Includes those individuals who are employed or assigned as healthcare professionals, or are credentialed to provide healthcare services, at a medical or dental treatment facility or who are providing such care elsewhere at a deployed location or otherwise in an official capacity. The term also includes individuals assigned to the MTF who are directed by or assigned to assist or otherwise support healthcare professionals in providing healthcare services. Personnel who otherwise fall under this definition may perform duties that are not healthcare related such as command or supervisory duties. When doing so, they are not "healthcare personnel" for the purposes of receiving a restricted report unless a victim notifies them that he or she intends to make a restricted report to them as a provider not a member of their chain of command. Healthcare providers may include, but are not limited to a SAMFE, psychologist, social worker or psychotherapist licensed and privileged to provide mental health care or other counseling services in a DoD or DoD-sponsored facility.

**Independent Investigation (Sexual Assault)**—An official law enforcement investigation not initiated by a victim. An independent investigation may be initiated based on independently acquired information, such as when a commander immediately notifies OSTC, OSI, or the appropriate MCIO with information about a sexual assault from a source other than the victim (victim may have filed a restricted report or where no report has been made by the victim), or from other sources to law enforcement (e.g., friend of the victim or witness to the crime).

**Integrated Primary Prevention Workforce (IPPW)**—IPPW focuses on the primary prevention of interpersonal and self-directed violence—stopping it before it occurs. The workforce implements the primary prevention program collaboratively identifies, implements, and assesses public health-informed and evidence-based primary prevention policy, practices, and programs to eliminate interpersonal and self-directed violence, optimize Airmen and Guardians well-being and performance, and sustain and enhance a ready Total Force.

**Intimate Partner**—A current or former spouse. A person with whom the alleged abuser shares a child in common. A current or former intimate partner with whom the alleged abuser shares or has shared a common domicile. A person who is or has been in a romantic, intimate, or sexual relationship with the alleged abuser as agreed upon by the victim and with the consideration of the length and recency of the relationship, frequency of the interaction, the victim's previous acknowledgment of the relationship, and the exclusive nature of the relationship.

**Limited SAPR services**—The assistance of a SARC and SAPR VA while undergoing emergency medical care and referral to available resources.

**Need to Know**—Require access to information in the performance of official duties.

**Non-Clinical**—Generally means not diagnosing, prescribing, counseling, treating, providing direct patient care of any type, or using clinical tools and practices to assess a person's mental or physical health that is otherwise reserved for licensed or certified medical personnel.

**Non-Clinical Safety Assessment**—A assessment performed by a SARCs,

SAPR VAs and VVAs to determine if the sexual assault victim is in immediate danger. The nonclinical safety assessment evaluates the following areas from the perspective of the victim, including, but not limited to concerns for the victim's safety; the alleged offender's access to the victim and any concern of stalking; previous or existing relationship or friendship between the alleged offender and the victim, the victim's spouse, or victim's children; a threat, attempt, or plan by the victim or subject to die by suicide; the use, threat, or access of an alleged subject to a weapon; serious injury sustained by the victim; the alleged offender's history of law enforcement involvement regarding domestic abuse, assault, or other criminal behavior; the possible need for a CPO or MPO against the alleged offender, or violation of such an order; history of drug or alcohol misuse by either the alleged offender or victim; the demonstration by the alleged offender of erratic or obsessive behavior, rage, agitation, or instability; and flight risk of the alleged offender.

**Non-Federalized National Guard**—National Guard Service members while in a Title 32 duty status, State Active-Duty Status, or non-duty status.

**Non-Personally Identifying Information (Non-PII)**—Includes those facts and circumstances surrounding the sexual assault incident or information about the individual, regardless of status, that enables the identity of the victim or alleged offender to remain anonymous.

**Operational Control (OPCON)**—For the purposes of SARW, OPCON refers to the non-supervisory role and provides an oversight and management relationship to successfully execute the SAPR mission regarding commander and SAPR personnel's respective roles and responsibilities

**Personally Identifiable Information (PII)**—This term applies to the victim or alleged offender in a sexual assault and is that information which would disclose or have a potential to disclose the person's identity. Identifying personal information includes the person's name or a particularly identifying description (e.g., physical characteristics or identity by position, rank, or organization), or other information about the person or the facts and circumstances involved that could reasonably be understood to identify the person (e.g., a female in a particular squadron or barracks when there is only one female assigned) IAW AFI 33-332 and **paragraph 1.3** of this instruction.

**Prevention**—Any action, strategy, or policy aimed at stopping violence before it happens, enhancing personal resilience, and building communities where people thrive. Response communities generally engage in primary, secondary, and tertiary prevention efforts and activities.

1. Primary Prevention aims to prevent violence before it ever occurs. Primary prevention efforts focus on reducing risk factors and strengthening protective factors.
2. Secondary Prevention provides early detection and prompt intervention to provide short-term solutions for survivors and consequences for abusers. The goal is to minimize the short-term consequences of violence and prevent further occurrences.
3. Tertiary Prevention aims to reduce further complications of an existing problem by providing on-going support to victims and on-going accountability to abusers. The goal is to provide treatment, support, and rehabilitation to address the long-term consequences of violence.

**Protective Factor**—Conditions or attributes (e.g., skills, resources, support systems, or coping strategies) that allow individuals, families, and/or communities deal more effectively with and/or reduce the likelihood of personal violence. Protective factors enhance resilience and may serve to counterbalance or mitigate risk factors. Protective factors may be personal (e.g., attitudes, values, and norms prohibiting suicide) or external or environmental (e.g., strong relationships, particularly with family members).

**Qualifying Conviction**—For the purposes of this instruction, a State or Federal conviction for a felony crime of sexual assault or any general or special court-martial conviction for a UCMJ offense which otherwise meets the elements of a crime of sexual assault, even though not classified as a felony or misdemeanor.

**Remote and Isolated**—For the purposes of SAPR programs and personnel, remote and isolated location designations must meet specific criteria: No authorized full-time DAF SARC or SAPR VA billets; more than 50 Airmen or Guardians at the location; SAPR support from Sister Service and/or community advocacy support is more than 75 miles one-way or over two hours driving time in normal traffic and fair-weather conditions.

**Report (Sexual Assault)**—While a sexual assault victim can disclose information to any personnel, an official report is made only when a DD Form 2910 is filed with a SARCs or SAPR VA, or when an MCIO begins an independent investigation.

**Reprisal**—Taking or threatening to take an unfavorable personnel action, or withholding or threatening to withhold a favorable personnel action, for making, preparing to make, or being perceived as making or preparing to make a protected communication.

**Respond, Response, or Response Capability**—All locations, including deployed areas, have a 24 hour, 7 days per week sexual assault response capability. The SARC shall be notified, respond, or direct a SAPR VA to respond, assign a SAPR VA, and offer the victim healthcare treatment and a SAFE. In geographic locations where there is no SARC onsite, the on-call SAPR VA shall respond, offer the victim healthcare treatment and a SAFE, and immediately notify the SARC of the sexual assault. The initial response is generally composed of personnel in the following disciplines or positions: SARCs, SAPR VAs, healthcare personnel, law enforcement, and MCIOs. Other responders are judge advocates, chaplains, and commanders. When victims are geographically detached from a military installation, the SARC or SAPR VA will refer to local civilian providers or the DoD Safe Helpline for resources.

**Responders**—Includes first responders, who are generally composed of personnel in the following disciplines or positions: SARCs, SAPR VAs, VVAs, healthcare personnel, law enforcement, Fire Fighters, and MCIOs. Other responders are judge advocates, chaplains, and commanders, but they are usually not first responders.

**Retaliation**—1. The taking or threatening to take an adverse personnel action, or withholding or threatening to withhold a favorable personnel action, with respect to a military member because the member reported a criminal offense or; 2. Ostracizing a military member, to include excluding from social acceptance, privilege or friendship with the intent to discourage reporting of a criminal offense or otherwise discourage the due administration of justice or; 3. Maltreating a military member, to include treatment by peers or by other persons, that, when viewed objectively under all the circumstances, is abusive or otherwise unnecessary for any unlawful purpose, that is done with the intent to discourage reporting of a criminal offense or otherwise discourage the due administration of justice, and that results in physical or mental harm or suffering, or reasonably could have caused physical or mental harm or suffering.

**Restricted Report (Sexual Assault)**—Reporting option that allows sexual assault victims to confidentially disclose the assault to specified individuals (e.g., SARC, SAPR VA, or healthcare personnel) and receive medical treatment, including emergency care, counseling, and assignment of a SARC and SAPR VA, without triggering an official investigation unless the victim consents or an established exception is exercised under DoDD 6495.01. SAPR restricted reports require a signed DD Form 2910.

**Restricted Report (Sexual Harassment)**—This reporting option allows a Service member to confidentially report sexual harassment to a SARC or SAPR VA and receive victim advocacy services from that office. This reporting option does not trigger an investigation or notification to the Service member's command or installation EO office, unless there is written consent from the Service member or, if there is a clear and present risk to health and safety to the Service member or another person, as determined in consultation with the servicing legal office.

**Re-Victimization**—A pattern wherein the victim of abuse or crime has a statistically higher tendency to be victimized again, either shortly thereafter or much later in adulthood in the case of abuse as a child. This latter pattern is particularly notable in cases of sexual abuse.

**Risk Factor**—Conditions or attributes (e.g., relationship difficulties, substance abuse, legal, financial, medical, mental health, and occupational problems) that make it more likely individuals will develop a disorder or pre-dispose one to high-risk personal violence. Risk factors may encompass biological, psychological, or social factors in the individual, family, and environment.

**Sexual Assault**—Intentional sexual contact characterized by use of force, threats, intimidation, or abuse of authority, or when the victim does not or cannot consent. The term includes a broad category of sexual offenses consisting of the following specific UCMJ offenses: rape, sexual assault, aggravated sexual contact, abusive sexual contact, forcible sodomy (forced oral or anal sex), or attempts to commit any of these acts.

**Sexual Harassment (Military)**—As described in DoDI 1020.03 and for the purpose of this publication on matters related to independent investigations of formal complaints of sexual harassment pursuant to 10 USC 1561, policy, training, victim advocacy, and awareness, sexual harassment is a category of harassment that is sexual in nature, including but not limited to, unwelcome sexual advances, requests for sexual favors, and repeated deliberate offensive comments or gestures of a sexual nature. Conduct that constitutes an offense at Paragraph 107a of Part IV of the Manual for Courts-Martial is punishable under Article 134 of the UCMJ.

**Sexual Assault Prevention and Response Victim Advocate (SAPR VA)**—A trained, certified individual that provides non-clinical crisis intervention, referral, and ongoing non-clinical support to adult sexual assault victims. The SAPR VA, on behalf of the sexual assault victim, provides liaison assistance with other organizations and agencies on victim care matters and reports directly to the SARCs when performing victim advocacy duties.

**Sexual Assault Response Coordinator (SARC)**—The single POC at an installation or within a geographic area who oversees sexual assault awareness, prevention, and response training; coordinates medical treatment, including emergency care for eligible sexual assault victims identified in this instruction; and tracks the services provided, from the initial report through final disposition and resolution.

**Staff Assistance Visit (SAV)**—Any inspection, assessment, evaluation, review (etc.) of any program(s) or unit(s) by a non-IG pertinent oversight authority or functional SME, that is not already codified in DAFI 90-302.

**Trauma-Informed Care**—An approach to engage people with histories of trauma that recognizes the presence of trauma symptoms and acknowledges the role that trauma has played in their lives. Trauma-informed services are based on an understanding of the vulnerabilities or triggers of trauma survivors that traditional service delivery approaches may exacerbate, so that these services and programs can be more supportive and avoid re-traumatization.

**Total Force**—DAF uniformed members (RegAF, Space Force, Reserve, ANG, other Military Services) and their families, and DAF civilian personnel (appropriated and non-appropriated funded).

**Unrestricted Report (Sexual Assault)**—A process by which an individual covered by this instruction uses to disclose, without requesting confidentiality or restricted reporting, that he or she is the victim of a sexual assault. The victim's report is reported to law enforcement and may be used to initiate the official investigation process. SAPR unrestricted report requires a signed DD Form 2910.

**Unrestricted Report (Sexual Harassment)**—This reporting option allows a Service member to report military sexual harassment to a SARC or SAPR VA and receive victim advocacy services from the SAPR Program. This reporting option will result in a notification from the SARC, first, to the installation EO office and then to the Service member's commander. SAPR military sexual harassment reporting and advocacy services do not replace MEO complaint processes available to Airmen and Guardians. As such, military members electing an unrestricted report with the SAPR office to receive sexual harassment victim advocacy may also choose to file a separate MEO complaint alleging sexual harassment through the installation EO office or can go directly to their commander to report the allegation.

**Victim**—For the purpose of this instruction, an adult individual who asserts direct physical, emotional, or pecuniary harm as a result of the commission of a sexual assault or sexual harassment and who has a connection with the Air Force as outlined in DoDI 6495.02V1 and this instruction. Victims are eligible for and provided services by the DAF consistent with their legal status and DoDD 6495.01, DoDI 6495.02V1, and this instruction. Nothing in this instruction shall be construed to authorize or require the provision of specific services (such as medical care or therapeutic counseling) unless the victim has an independent entitlement to such services under relevant statutes or DoD directives.

**Victim Assistance**—Includes services such as crisis intervention, risk screening, safety assessment and planning, assessment of basic victim needs, assistance with accessing victim's compensation and restitution applications, provision of information about victims' rights and the criminal justice process, court accompaniment, advocacy with human services agencies, information and referral, access to support services, case planning, case management, staff supervision, consultation with other professionals, education and risk reduction, and administration of victim service policies, programs, and activities.

**Victims' Counsel (VC)**—Attorneys who are assigned to provide legal assistance to sexual assault victims through independent representation; builds and sustains victim resiliency; empowers victims; increases the level of legal assistance provided to victims.

**Victims' Counsel Division (JAJS)**—The headquarters element of the VC Division. Includes Division Chief, Deputy Chief, Manager, Chief of Training and Outreach, and Chief of Appellate and Outreach and is located at Joint Base Andrews, Maryland.

**Victim-Centered**—Response and advocacy approach that prioritizes an individual victim's perception of safety, security, and well-being; this approach upholds both the knowledge of best practices and the skill of customizing those practices to respond to the unique needs and circumstances of a specific victim or case.

**Volunteer Victim Advocate (VVA)**—Military and DoD civilian employees who are selected, trained, and certified to provide non-clinical crisis intervention, referral, and ongoing non-clinical support to adult sexual assault victims. Support will include providing information on available options and resources to victims. The VVA, on behalf of the sexual assault victim, provides liaison assistance with other organizations and agencies on victim care matters and reports directly to the SARC when performing victim advocacy duties.

**Victim and Witness Assistance Program (VWAP)**—The program mitigates the physical, psychological, and financial hardships suffered by victims and witnesses of offenses investigated by DAF authorities; fosters cooperation between victims, witnesses, and the military justice system; and ensures best efforts are extended to protect the rights of victims and witnesses.

**Warm Hand-Off**—A handoff that is conducted between two responders or providers, while making every effort to protect the victim's privacy. The responder, who was initially approached by the victim, will conduct a warm handoff by accompanying the victim to the correct location in person or, through an approved virtual platform, or through a conference call to introduce them to the appropriate resource, service provider, or POC.
