This publication implements Mountain Home Air Force Base (MHAFBI) 33-105, *Public Address (PA) Support*. It provides procedures for PA support from the 366th Communications Squadron, RF Transmissions Systems (366 CS/SCOT). It applies to all Mountain Home AFB (MHAFB) agencies. This publication will serve as a guideline for 366 CS/SCOT in providing PA support. Ensure all records created as a result of processes prescribed in this publication are maintained in accordance with (IAW) Air Force Manual (AFMAN) 33-363, Management of Records, and disposed of IAW Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS). Contact supporting records managers as required. Refer recommended changes and questions regarding this publication to the office of primary responsibility (OPR) using AF Form 847, Recommendation for Change of Publication, route AF Forms 847 through the base publications and forms manager.

SUMMARY OF CHANGES

This document has been substantially revised and must be completely reviewed. Sections 1, 2, 3, 4, 5, 6, 7, 8, 9 have been changed. Sections 10, 11 have been removed.

1. Priority Mission Requirements.

1.1. The Primary mission of 366 CS/SCOT is to provide Communications-Electronics maintenance to emergency response, ground control, Land Mobile Radio, Mass Notification System, and command and control communications systems. These systems carry a high priority and have a critical impact on flight safety. All outages affecting, or potentially affecting, the flying and command and control missions will have priority over PA support.

2. Functions Authorized PA Support.

2.1. Equipment is installed and readily available at the Gunfighters Club and Base Theater. Hangar 1331 has permanent speakers installed but will still need formal PA system support (see para 6). In the event that these establishments are not desired or available, 366 CS/SCOT will provide PA support for official military functions as outlined below:

2.1.1. Changes/assumptions/relinquishments of command

2.1.2. Retirement ceremonies for E-9s, and all officers O-6 and above

2.1.3. Wing/group-level mandated events (i.e. Wing Runs)

2.1.4. VIP visits

3. PA Support Not Authorized.

3.1. The following functions are not provided PA support from 366 CS/SCOT; however, loaner systems and megaphones are available on a first- come, first-served basis:

3.1.1. Group/squadron picnics and parties

3.1.2. Committee picnics or parties

3.1.3. School/youth center/library functions

3.1.4. Group/squadron sport functions

3.1.5. Fundraisers or money-making functions

3.1.6. Squadron homecomings

3.1.7. Group/squadron training day functions

3.1.8. Wing/group/squadron dining-ins and dining-outs

3.1.9. Retirements ceremonies for E-8 and below as well as O-5 and below

3.1.10. Deployment briefings (Pre and Post)

3.1.11. Squadron Commander’s Calls

3.1.12. Any other function not outlined in Paragraph 2 of this document

4. Final Approval Authority.

4.1. 366 CS/CC (Commander) is the final approval authority on all PA requests.

5. Equipment.

5.1. Functions Authorized PA Support. 366 CS/SCOT will provide sound equipment necessary to support official PA requirements on MHAFB based on mission, manning, and

equipment availability. This equipment is not available for loan. (Note: Podiums or any other furniture, laptops, video screens, or projectors are not provided by 366 CS/SCOT.) Laptops, projectors, and video screens can be scheduled through 366 FW/PA (Public Affairs) at 828-6800. 366 CS/SCOT can provide audio for a slide show/laptop to the PA system if notified at time of request (see para 6). PA equipment for official functions is available up to 2 hours prior to the event for set up and practice, dependent upon mission, and manning. PA requestor must also be present during the scheduled practice and set up time. 366 CS/SCOT will NOT provide equipment and/or support for practices on days prior to the event, unless previously approved by 366 CS/CC. 366 CS/SCOT will provide only National Anthem, Air Force Song, and Ruffles and Flourishes for these functions. Official functions requiring music other than those listed above will be provided by the host of the event.

5.2. Functions Not Authorized PA Support. For unofficial functions, a loaner system consisting of two handheld microphones, two speakers, speaker cable, and CD/MP3 player is available, as well as megaphones. These items are available from 366 CS/SCOT (Building 605). User is provided training on how to set up and operate the system once the items are picked up. The loaner system is available for sign-out the duty day prior to the event, and returned the duty day following the event. Users will not be in possession of the loaner system for more than 5 consecutive days. If a system is kept longer than 5 consecutive days, 366 CS/CC will send a letter to the user's squadron commander.

6. Procedures and Requests.

6.1. Direct PA support requests to 366 CS/SCOT no less than 7 work days prior to date of the event. This allows for sufficient time to schedule equipment and manning. Organizations or committees with large or special events should submit requirements as early as possible, to ensure special needs can be met. Short-notice requests (less than 7 work days) are for events that get scheduled at the last minute (e.g., Air Combat Command (ACC) commander's call, unscheduled very important person (VIP) visits, emergency squadron/group/wing commander's calls etc.). Requests received less than 7 work days from the day of the event are routed from 366 CS/SCOT to 366 CS/CC for approval. This does not guarantee PA support will be provided. PA support is on a first-come, first-served basis, and can be requested via e-mailing 366 CS Public Address Requests box. Request for PA support via e-mail will be confirmed by 366 CS/SCOT via phone or e-mail to the requestor's point of contact no later than 3 work days after receiving the request. If confirmation is not received within 3 days, please contact 366 CS/SCOT at 828-6055 to confirm receipt of support request.

7. The Gunfighters Club PA system.

7.1. The Gunfighters Club has a permanent system installed in the three main ballrooms. 366 CS/SCOT is not responsible for the operation or maintenance of these systems. Use of this system should be coordinated through the Gunfighters Club manager at 828-2105. However, 366 CS/SCOT will provide support for official functions when determined necessary by 366 CS/SCO (Operations Flight Chief). 366 CS/SCOT will provide a loaner system if needed for the Bernie Fisher and Doom rooms once a PA request is submitted.

8. Theater PA Support.

8.1. The theater has a permanent system installed and 366 CS/SCOT is not responsible for the operation or maintenance of this system. Use of this system should be coordinated through the Community Skills Center at 828-6229. However, 366 CS/SCOT will provide support for official functions when determined necessary by 366 CS/SCO (e.g., group commander calls). Operating instructions are provided at the theater; however, 366 CS/SCOT is available to answer questions and/or provide training. Lapel microphones are not readily available for use in the theater but can be installed for special events as approved by 366 CS/CC. If problems or technical difficulties arise, 366 CS/SCOT can be reached at 828-6055.

9. Hangar 1331.

9.1. The hangar has permanent speakers installed and 366 CS/SCOT can provide the equipment needed to utilize these speakers. Use of the hanger should be coordinated through 366 FW/XPR at 828-1449. However, 366 CS/SCOT will provide support for official functions when determined necessary by 366 CS/SCO (e.g., group commander calls). If problems or technical difficulties arise, 366 CS/SCOT can be reached at 828-6055.

DAVID R. IVERSON, Col, USAF

Commander, 366th Fighter Wing
