This instruction implements and outlines guidance's in Air Force Policy Directive (AFPD) 23-1, *Materiel Management*, AFI 23-111, *Management of Government Property in Possession of the Air Force, AFI 23-101, Air Force Materiel Management, AFMAN 23-122, Materiel Management Procedures* and DOD Manual 4160.21 *Defense Materiel Disposition: Reutilization, Transfer, and Sale of Property* and establishes the process and procedures for withdraws from Defense Logistics Agency Disposition Service (DLADS). This instruction is applicable to all Nellis Air Force Base and Creech Air Force Base organizations including tenants. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for change of* Publication; route AF Forms 847 from the field through the appropriate functional chain of command. Ensure that all records created as a result of processes prescribed in this instruction are maintained in accordance with Air Force Manual 33-363, *Management of Records*, and disposed of in accordance with Air Force Records Information Management System (AFRIMS), Records Disposition Schedule (RDS).

1. 99th Logistics Readiness Squadron Roles and Responsibilities.

1.1. The 99th Logistics Readiness Squadron (LRS) commander is the Accountable Officer (AO) for Department of Defense Activity Address Code (DODAAC) FB4852 and FB4817 in accordance with AFI 23-111.

1.2. The 99 LRS CC/AO will designate only personnel in Materiel Management Flight/Customer Support using the Defense Logistics Agency Disposition Service (DLADS) Letter of Authorization form to authorize withdraws from DLADS for reutilization.

1.3. The 99 LRS Customer Support will approve consumable items DLADS request for base customers and will validate requests for additional justification if applicable.

1.4. The 99 LRS Customer Support will not approve withdrawal of accountable equipment if the unit does not have a valid equipment authorization established.

1.5. The 99 LRS Customer Support will coordinate with 99 LRS Vehicle Management for all motorized conveyance requests to include Other Government Motor Vehicle Conveyances (OGMVC) and Low Speed Vehicles (LSV).

1.6. The 99 LRS Customer Support will not approve withdraw requests for munition related items. Customers will contact the Munition Accountable Supply Officer approval.

1.7. 99 LRS Customer Support will maintain a log of all withdrawals.

1.8. 99 LRS will not process non-stock listed items through the Installation Logistics Support – Supply (ILS-S) unless the item is deemed accountable equipment or required to fill a current back order in the supply system.

1.9. The LRS CC/AO or his/her designated representative will authorize all withdrawals to ensure that the requirement is valid.

2. Nellis and Creech AFB Units Responsibilities

2.1. Units assigned to Nellis and Creech are responsible for the following:

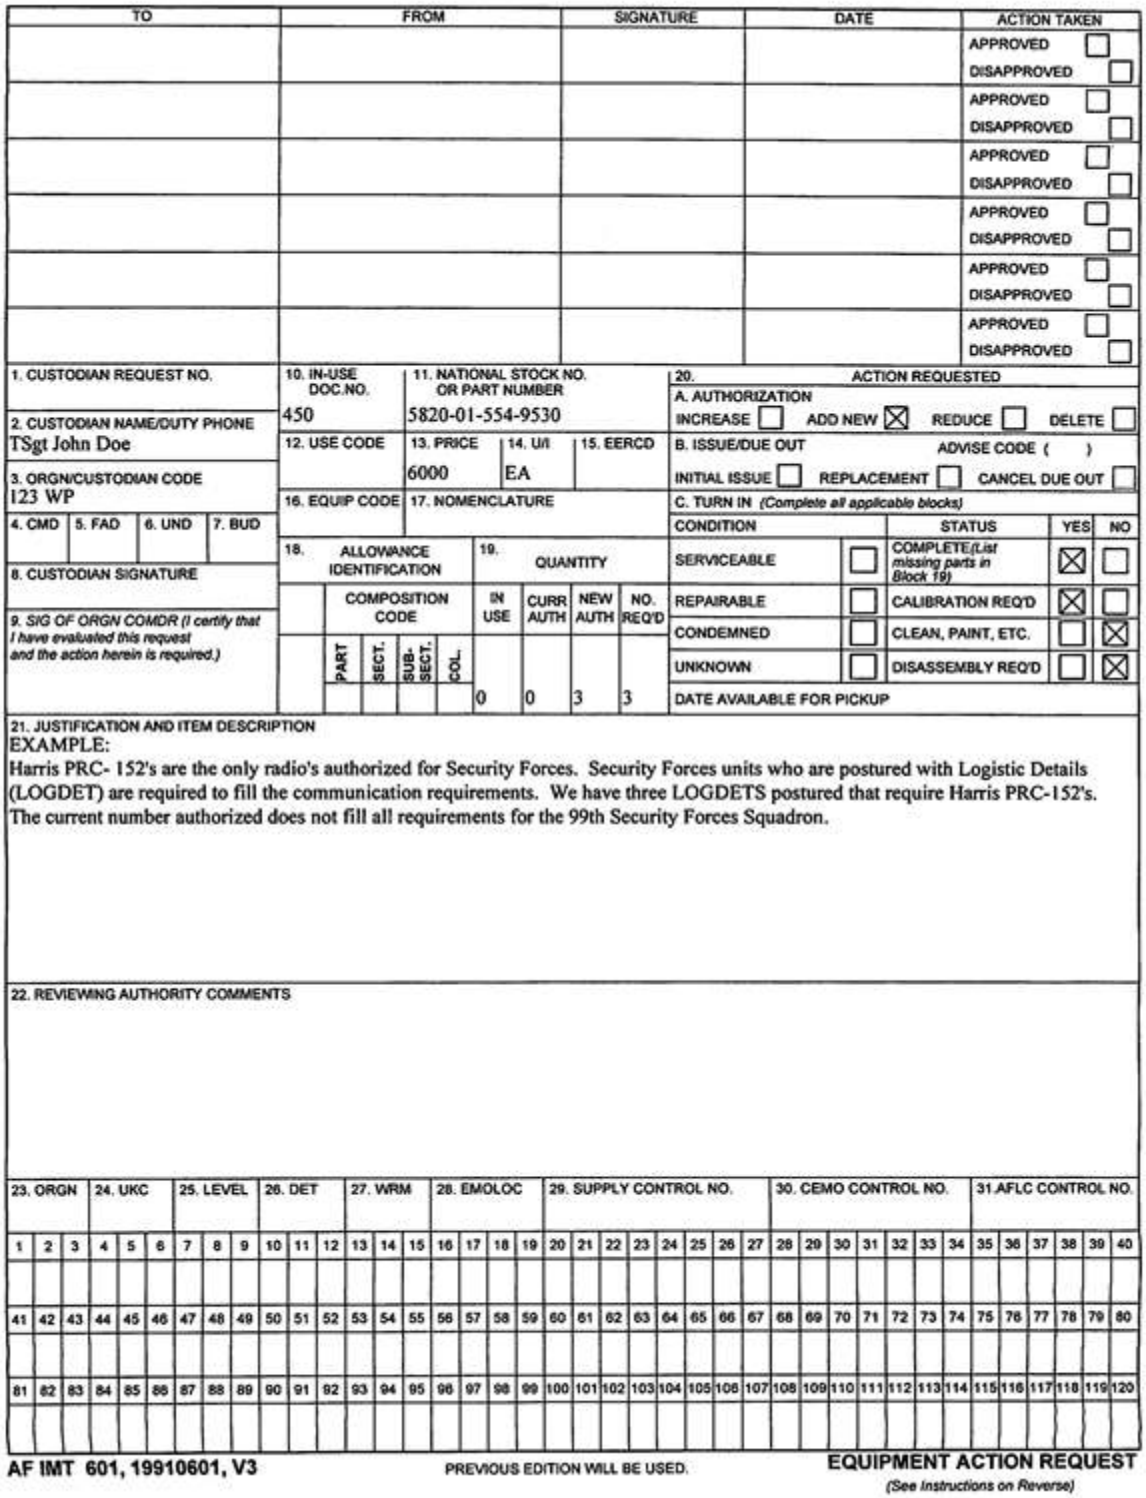

2.2. Customers will request access to the DLA Enterprise External Business Portal to screen for assets within DLADS. Customers will request DoD Screener role only for Nellis (FB4852) or Creech (FB4817).

2.3. DLADS withdrawal requests will be for unit requirements only. Units will not distribute assets to other base users. Units are required to validate unit of issue and quantity prior to submitting request through DLADS.

2.4. Units will track all property received from DLADS on a locally developed log and receiving documents.

2.5. Units can establish equipment authorization by having an equipment custodian submit an Air Force Form 601, Equipment Action Request to the 99 LRS Equipment Accountability Element. See attachment 4 for a guide on how to complete the AF IMT 601 and see Figure 1 for an example of AF IMT 601.

BLOCKS WITH ASTERISK (*) TO BE COMPLETED BY BASE SUPPLY OR REVIEWING

BLOCK — ENTER

ROUTING BLOCKS AT TOP

*TO Next office to review form. CUSTOMER LEAVE BLANK.
*FROM Office taking current action.
*SIGNATURE Signature of reviewing authority at office taking the current action.
*DATE Date of signature by reviewing authority.
*ACTION TAKEN A check in appropriate block. Check "Approved" when forwarding.

1 A number made up of the 3-digit numered organization code, 2-digit alpha shop code, and 4-digit numeric Julian date, and next unused serial number from the custodian's control register (AF Form 126)
2,3 Self-explanatory.
4 Organization's Major Command or Separate Operating Agency, e.g., "ACC".
5 Force Activity Designator (FAD) applicable to this specific equipment support requirement, if different from organization's normal FAD. Computer will assign FAD if left blank.
6 Urgency of Need Designator (UND) Code (supply will assist). Codes most often applicable to equipment are:
A Combat Mission Essential, highest priority, justification required.
B Combat Mission Essential, next highest priority, justification required.
C Other - items not qualifying as A or B (routine).
7 Appropriate budget code (supply can assist).
8,9 Self-explanatory.
10 Last 4 digits of in-use detail number (use custodian receipt listing, R-14, CA/CRL.
11 National Stock Number, or Part Number.
12 Use code "A" for mobility, "B" for support, "C" for joint use, "D" for WRM (supply can assist).
13 Unit price of item. Supply can assist if price is not known.
14 Unit of issue, for example "EA" for each.
15 Correct Expendability, Recoverability, Repairability, Cost Designator (ERRCD). Base Supply can assist.
16 Correct code for exception-type equipment items (supply complete).
17 Nomenclature or brief item name.
18 Allowance Source Code (ASC), which is the table of Allowance (T/A) number or special ASC, if applicable; T/A part, section, subsection and column designations if given. Special rules apply to some items - check with base supply if in doubt.
19 Quantity in use today, current authorization today (both from custodian's receipt listing), new authorization requested (show the change being requested), and the quantity requested for issue/turn-in. Enter 0 if only an allowance change and no issue, due-out release or turn-in is requested.
20 Checkmarks in blocks indicating action to be taken to (a) change an authorization, (b) issue an item, or (c) turn in an item. Base Supply will enter the advise code for issue/due-out release action. Indicate date item will be ready for pick-up by supply.
21 Complete justification (and item description, if block 17 does not contain full description) for action requested. Use additional sheets of paper if necessary. If items are to be used for education, teaching or training only, clearly state this use and be prepared to defend it. Always enter workload indicators, such as frequency of use. When applicable, give end-item supported (i.e., specific aircraft or other system). Cite maintenance level. Specifically justify UND codes a or b, if used in block 6. Indicate PCSP-CEM programmer coordination for PCSP-CEM items.

REST OF FORM TO BE COMPLETED BY SUPPLY/REVIEWING ORGANIZATIONS

*22 Self-explanatory. CUSTOMER LEAVE BLANK. Use additional paper if necessary. Be specific!
*23 Unit/Organization Number, such as "001" for 1TFW. Do not enter the supply organization code in this block. Must agree with Reporting Organization File (ROF)
*24 Unit/Kind Code (UKC) for type of unit. Must agree with ROF.
*25 Numeric organization level indicator. Must agree with ROF.
*26 Detachment number, when applicable. Must agree with ROF.
*27 WRM using command code (must agree with ROF for WRM items).

GUIDE TO ESTABLISH A VALID EQUIPMENT AUTHORIZATION USING THE AF IMT 601 EQUIPMENT ACTION REQUEST

Figure A4.1. Guide To Establish a Valid Equipment Authorization Using the AF IMT 601 Equipment Action Request.

1. The purpose of an AF IMT 601/ Allowance Change Request is to officially request authorization changes to an equipment account.

2. The AF IMT 601 is reviewed by three organizations before Allowance Managers approve or disapprove the request. These organizations are:
   a. The Equipment Accountability Element (EAE)
   b. The MAJCOM Command Equipment Management Office (CEMO)
   c. MAJCOM Functional Managers

3. Units Equipment Custodian will submit the initial AF IMT 601 request to 99 LRS EAE. Below is pertinent information required on the AF IMT 601:

   a. Initiator's (Custodian's) Information:
      Rank/Name
      Phone Number
      Squadron
      Office Symbol

   b. Organization's Information:
      Organization/Shop Code
      Detail Number (If known or available)
      System Designator (Example: 01 (Nellis) A2 (Creech))
      SRAN (Example: Nellis AFB = FE4852, Creech AFB = FE4817)

   c. Item's Information:
      Stock Number
      ERRC (Code assigned to NSN)
      Prime Stock Number
      Part Number
      Nomenclature/Noun
      Excess Notification (Is 601 a result of excess notification letter?)
      Requested Quantity
      Use Code (A=Mobility; B=Base Use, C=WRM Joint Use, D=WRM)
      UTC (If for mobility, obtain from Unit Deployment Manager)
      Advice Code (6J = Initial requisition; 6S = Retain item until replacement received (NF*); 6R = Retain item until replacement received (ND*)
      Allowance Source Code (TA = Table of Allowance)
      PAS Code (Depot Supported Organizations)
