CAUTION

AUTHORIZED FOR REPRODUCTION OF

CLASSIFIED MATERIAL

UP TO _____

Classified reproduction rules are as follows:

☑ Approval for classified reproduction required per local operating instructions.

☑ Reproduce only the approved number of copies required for official purposes.

☑ Operator must remain at the machine.

☑ Retrieve all copies and original.

☑ Before leaving, double check the machine and surrounding area for classified material.

☑ Ensure image-carrying parts are cleared after reproduction;

- Run ___ blank sheets to determine the presence of latent images and destroy blank sheets as classified waste.
- Attach any additional clearing instructions to this document.
