Chapter 1

PROGRAM ELEMENTS

1.1. Scope. This instruction provides guidance for all personnel that procure, sell, serve or consume alcoholic beverages on Dobbins Air Reserve Base. The Air Force Sexual Assault Prevention and Response (SAPR) office develops curriculum and facilitator's guide for Bystander Intervention Training (BIT) for alcohol servers.

1.2. Overall Intent and Guidance Concerning Consumption of Alcohol on AF Installations. The intent of this AFI is to empower commanders with the authority to permit the consumption of alcoholic beverages by Airmen and guests on a limited basis. In the process, leadership will deglamorize behavior associated with excessive drinking and avoid inappropriate and disorderly conduct. (T-1) It is also the intent of this instruction to ensure bystander Airmen are not negatively affected by this privilege or the unit does not become vulnerable to becoming an unprofessional or hostile work environment, avoiding scenarios where two disparate levels of professionalism (normal duties co-located with members consuming alcoholic beverages) are allowed to coexist and detract from the mission. Commanders will ensure their team possesses a culture of professionalism where people do not consume alcohol during professional time or while performing official duties. Commanders will develop compliance with the following mandatory guidelines:

1.2.1. All Airmen, including uniformed military members and civilians, at all times, adhere to AFI and appropriate wing supplements regarding alcohol consumption in government facilities. (T-1)

1.2.2. Alcohol may only be consumed in government facilities at commander-approved times and locations, ensuring mission and unit readiness are not negatively affected. (T-1) Alcohol may not be consumed by members while performing official duties. (T-1) This authority may be delegated to the deputy commander only in the absence of the commander.

1.2.3. Alcohol consumption within squadron or unit government facilities is permitted for Airmen and their guests during commander-approved sessions, celebrations or social events. (T-1)

1.2.4. Airmen and their guests maintain professional relationships and proper decorum at all times while consuming alcohol in government facilities. (T-1)

1.2.5. Consuming alcohol in government facilities under the aforementioned guidelines is a privilege and all personnel do so responsibly in every situation. Commanders always ensure a safe and professional environment for all Airmen. (T-1)

1.3. Roles and Responsibilities.

1.3.1. HQ USAF/A1S issues policy, guidance and instructions on controlling, selling, procuring, and using alcoholic beverages.

1.3.2. Personnel under the age of 21 shall not possess, purchase or consume alcoholic beverages in the State of Georgia, to include Dobbins Air Reserve Base.

1.3.3. The Air Force Sexual Assault Prevention and Response (SAPR) office develops curriculum and facilitator's guide for Bystander Intervention Training (BIT) for alcohol servers.

1.3.4. MAJCOM commanders, through their Force Support Squadron staffs, enforce this AFI.

1.3.5. The Army and Air Force Exchange Services (AAFES) oversees all Class Six packaged beverage operations on Air Force bases in accordance with AFI 34-203, *Board of Directors, Army and Air Force Exchange Service (AAFES).*

1.3.6. Installation commanders will oversee installation alcoholic beverage programs and enforce this AFI. (T-0) Furthermore, commanders at all levels, per AFI 1-2, *Commander's Responsibilities,* 08 May 2014, and this instruction, are responsible for ensuring healthy and professional work environments and to follow the spirit, intent and guidance of this instruction. Installation commanders are encouraged to work with community partners on responsible alcohol sales practices and BIT for alcohol servers at establishments frequented by Airmen. EXCEPTION: AAFES oversees alcohol distribution and sales for all AAFES Class Six operations.

1.3.7. Installation Sexual Assault Response Coordinators (SARCs) facilitate Bystander Intervention Training (BIT) and provide a list of attendees to the Force Support Squadron.

1.4. General Requirements of the Alcohol Beverage Program.

1.4.1. Commanders will ensure the minimum age for purchasing, serving, selling, possessing, or drinking alcoholic beverages on Air Force bases is consistent with the law of the state, territory, possession, or foreign country in which the installation is located. (T-0) Airmen under the proscribed legal age (by the law of the state, territory, possession, or foreign country) for consumption of alcoholic beverages are likewise prohibited from consumption (inhaling, ingesting or inoculation) of powdered alcohol, whether in liquid or powdered form. (T-0) Underage Airmen may not possess, sell, consume, or distribute powdered alcohol. Military members will obey the mandatory provisions in this paragraph or suffer a violation of Article 92 of the Uniform Code of Military Justice (UCMJ). (T-0)

1.4.2. Commanders will prohibit the sale of powdered alcohol on Air Force bases. (T-1)

1.4.3. Servers and sellers of alcoholic beverages must verify the purchaser's age with a photo identification card (e.g. active duty identification card, driver's license, passport, reserve identification card or family identification and privilege card). (T-0)

1.4.4. Adults will not provide alcoholic beverages to minors except in accordance with applicable state laws. (T-0) Military members will obey the mandatory provision in this paragraph or suffer a violation of Article 92 of the UCMJ. (T-0)

1.4.5. As states enact new drinking-age laws, installation commanders must make corresponding changes in base drinking-age guidance. (T-0)

1.4.6. The Air Force, consistent with mission needs, will cooperate with federal, state and local officials. (T- 0)

1.5. Dram Shop Liability. The "Dram Shop" theory is a legal theory of liability, created either by statute or court decision, which imposes upon the owner, operator and (or) employees of any

establishment service alcoholic beverages the duty to refuse to serve additional alcoholic beverages to a customer who reaches or appears to be reaching the point of intoxication. When an establishment continues to sell alcoholic beverages to such a customer and the customer subsequently departs and causes harm to himself or herself, or to others, the owner, operator and (or) employees of the establishment can be held liable for damages. To protect the assets and interests of Nonappropriated Fund Instrumentalities (NAFIs) and the Air Force, personnel must adhere to the following procedures.

1.5.1. Force Support Squadron (FSS) Flight Chiefs write and publish operating instructions (OIs) that prohibit personnel from serving alcoholic beverages to individuals who appear intoxicated or close to being intoxicated. The Operating Instruction (OI) must emphasize: (T-1)

1.5.1.1. The importance of curtailing alcohol or drug influenced incidents. (T-1)

1.5.1.2. The principles of Bystander Intervention. (T-1)

1.5.1.3. The responsibilities of employees in carrying out the drunk and drugged driving program. (T-1)

1.5.1.4. The importance of encouraging patrons to use a "designated driver" or "buddy" system. (T-1)

1.5.2. Supervisors must ensure servers record their understanding of Dram Shop theory of liability in the employee's work folder, Supervisor's Employee Brief or by signing underneath this statement, "I understand my responsibility under the Dram Shop theory of liability not to sell or serve alcoholic beverages to persons who appear to be nearing intoxication and not in complete control of their faculties." Supervisor will place the signed statement in the comments section of the employee's work folder. (T-1)

1.5.3. AAFES prescribes the statement to be signed by all AAFES employees.

Chapter 2

(T-2) Powdered alcohol is not authorized to be sold on base in any facility. The Air Force Nonappropriated Fund Instrumentalities (NAFI) may contract with concessionaires to sell alcoholic beverages, but not powdered alcohol, at MWR events.

2.1.2.1. Prior to the approval and consumption of alcoholic beverages within other installation facilities or areas, the requestors (squadron or unit commander, civilian leader or equivalent authority) develops and submits a safe transportation plan for Airmen and their guests who may consume alcoholic beverages while attend the approved function. (T-2)

2.1.2.2. With installation commander facility designation for alcohol consumption, alcoholic beverage consumption within a squadron or unit may be considered for approval on a limited basis for Airmen and their guests during the following enumerated functions: hail/farewell recognition, promotion and retirement celebrations, fini-flight celebrations, squadron or unit heritage anniversary celebrations, family day celebrations, picnics and other functions/events uponrequest.

2.1.2.3. Alcoholic beverages are authorized to be consumed in government lodging facilities and at the Dobbins FamCamp area. Open containers are not authorized in common areas inside lodging facilities.

2.1.2.4. Alcoholic beverages are authorized to be consumed in unit or squadron or heritage rooms at commander-approved times, ensuring mission and unit readiness are not negatively affected.

2.1.2.4.1. The Group/Squadron commander is responsible for the implementation and enforcement of the rules governing the responsible consumption of alcoholic beverages in a designated heritage room, consistent with this regulation and the parent AFI.

2.1.2.4.2. Alcoholic beverages in these rooms must be self-serve. Units are not authorized to operate a resale activity, accept quid-pro-quo donations or charge any type of fee. In no instances shall any individual or organization engage in the sale of alcoholic beverages. “Tip Jars” are not permitted.

2.1.2.4.5. All self-serve users in squadrons or heritage rooms will have completed BIT.

2.1.2.5. Squadron or unit commanders and the appropriate leadership team concerned remain primarily responsible for the safety of all Airmen and their guests who attend squadron/unit events where alcoholic beverages are served. Airmen and guests are expected to conduct themselves in a professional manner and exercise proper decorum at all times during squadron/unit functions and especially while consuming alcoholic beverages on the installation. (T-2)

2.2. Request to Serve. A recommended alcohol serve request memorandum is provided at **Attachment 2**. Unit commanders must obtain prior authorization to serve alcohol at any event. Before alcohol may be consumed within a squadron or heritage room, a written request to serve alcohol must be submitted through the chain of command for installation commander approval. The request will detail how the unit will comply with AFI 34- 219, *Alcoholic Beverage Program*, **chapter 3**, before, during, and after the event.

2.3. Vending Machines. Units will not use vending machines to sell or dispense alcoholic beverages in the United States, its territories or possessions. (T-0)

2.4. Private Organizations and Unofficial Activities: Private Organizations and Unofficial Activities will not sell or serve alcoholic beverages on Air Force Installations. (T-1) EXCEPTION: At the discretion of the installation commander, NAFI operated MWR programs may secure the aid of volunteers or persons providing gratuitous services to assist in the sale of MWR-procured alcoholic beverages. NAFI operated MWR programs may also enter into contractual agreements with booster clubs associated with military units or other on- installation private organizations, under which the military unit booster club(s) or private organization(s) provides (provide) qualified personnel to assist the NAFI in selling alcoholic beverages at MWR events in exchange for a fee. Fees paid to military booster clubs or private organizations are deposited into the appropriate accounts; units will not require Airmen to participate in the event. (T-2) This may also apply to cosponsored events, such as air shows, open houses or other special installation events. All personnel assisting the NAFI's MWR program to sell alcoholic beverages at such events receive appropriate training as outlined within this supplement.
